The Almighty Dragon General Chapter 5405-After informing Thea, Yuvin returned to his residence and set up a formation. He sat down in a lotus position and activated the communication inscription.

His Zen teleported to the Heavenly Secrets Pavilion in the Flame City, and an illusory body of his appeared in front of James. Gradually, the illusory body became opaque.

James was not surprised to see Yuvin. He immediately inquired, "Do you have a way to kill Yui?"

Yuvin scanned the room, checking who was present.

James reassured him, "Don't worry. They are trustworthy."

Yuvin sighed and said, "It will not be easy to kill Yui, and I won't be able to provide much help. I can only send our race's secret guard to assist you."

"Is he strong?" asked James.

Yuvin nodded and said, "Yeah, he's pretty strong. He's at the Holy Celestial Rank's middle stage. He's our secret weapon and was trained to resolve problems we can't deal with publicly. Basically, he's our clan's assassin."

"Alright. Send him to me. I'll wait for him here," said James.

Yukin looked at James and asked, "Have you devised a plan?"

James shook his head and said lightly, "Not yet."

Yuvin said, "Alright. I'll send him to you. He is absolutely loyal to our race, so you can tell him what you need."

After speaking, Yuvin's Zen dispersed, and he left their sight.

In the Mevryees' headquarters, Yuvin slowly opened his eyes. Then, he stood up and headed to Talvelai's seclusion sanctuary.

"Sir," Yuvin called out respectfully.

"You don't need to report to me. Whatever happens, I've already given full authority to make the decision." Talvelai sat in a lotus position and emitted a powerful aura."

"I've already contacted the Yefteros and requested the wedding to be carried out soon. I managed to get James to take action in advance. He has already contacted me, and I plan to send our secret guard to assist him," Yuvin reported the details.

Yuvin was the reason the wedding preparations were hastened. He knew James had already allied with the Glacies' princess. Moreover, James' current strength had improved significantly. Therefore, he wanted to push James to take action against the Yefteros so the Mevryees would have a chance to achieve their goal.

"Are you confident?" Talvelai opened his eyes and asked solemnly.

Yuvin thought for a while and said, "Not really. James is only accompanied by the Glacies' princess and Latrusse. Even if he has the big fool from the Glacies, they're no match for Yui. Still, I'm placing my bets on James. I want to force him to come up with a way, hoping he'll create a miracle and kill Yuvin."

Talvelai nodded lightly and said, "Alright, go ahead. Just be careful not to let the Yefteros or other races find out you played a part in it. If you're caught, I must sacrifice you to save our race."

'Til be careful." Yuvin clasped his hands and disappeared from the area.

Meanwhile, James was racking his brains for a solution in the Heavenly Secrets Pavilion.

"Should I get Yered to help?" James frowned.

Yered had not fully recovered and would most likely be unable to go all out yet

The Almighty Dragon General Chapter 5406-James' only option was to ask Yered for help. However, Yered might be unable to use his full strength since he was injured and infected by the Flammae poison.

Other than Yered, James had no other choice. He stood up and said, "Wait for me here. I'll go to the Flammae."

After speaking, James stood up and disappeared from the room. The next moment, he was already outside the Flammae's gate.

"It's Forty-nine." James' voice resounded in the area.

Soon, the Flammae's leader, Halter, appeared. He asked smilingly, "Didn't you already leave? Why are you back here?"

James replied honestly, "I've got an important matter to discuss with Yered." "I see. Come with me."

James had comprehended the Flammae's primitive inscriptions and Flammae Curse in a very short period. After witnessing James' strong comprehension abilities, Halter planned to maintain a friendly relationship with him. Thus, Halter did not turn James away and brought him to see Yered.

Upon noticing James, Yered asked, "What brings you here?"

James said honestly, "I need to ask for a favor now."

"Oh?" Intrigued, Yered asked, "When and where?" "Nothing is confirmed yet. However, it should be very soon."

"Who's the target?" asked Yered.

"The Yefteros' Saint, Yui."

Yered instantly fell silent, and his face became solemn.

"No!" Halter walked over and said, "What kind of joke is that? Yui is the Yefteros' Saint. If Yered kills him, our race will be doomed. Although we're quite strong, we can't possibly stand against the Yefteros."

Yered waved his hand and interrupted Halter, saying, "It's alright. Since I promised to help him, I must keep my word. However, I can only take action in secret and can't let anyone notice I was involved in his death."

James was relieved after Yered agreed to his request.

"Please rethink this, Yered. It's the Yefteros' Saint we're talking about," Halter reminded him.

“Pfft,” Yered sneered, “So what is he’s the Yefteros’ Saint? He’s nothing in my eyes. If it wasn’t for my condition, the Yefteros wouldn’t have a chance to act so arrogantly. If our race rises, conflict with the Four Ancient Races will be inevitable. Since we have the chance to get rid of the Yefteros’ Saint, how can we miss out on it?” James asked, “What are your chances against Yui?” Yered smiled and said confidently, “You’re underestimating me. Even though I’m infected with Flammae poison, I can still kill someone who has only just entered the Holy Celestial Rank.”

“Good,” James stood up and said, “I’ll make arrangements. I’ll try to devise a plan to lure Yui out and set up a trap for you to kill him.”

“Alright. Let me know when it’s action time.” After Yered finished speaking, he closed his eyes.

Halter silently sent James out of the Flammae’s spiritual mountain. Then, he returned to Yered.

The Almighty Dragon General Chapter 5407-Halter asked, “Are you sure about this?”

Yered nodded lightly and said, “I’ve already obtained the Glacies’ primitive inscriptions. After studying for some time, I’m confident in mastering the Ice Curse. It’s only a matter of time before I fully recover. I might even be able to enter the Quasi Bliss Rank. After my recovery, I’ll make a high- profile appearance. Soon, we won’t have to fear the Four Ancient Races anymore.

Even if the Yefteros find out I killed Yui, they won’t be able to do anything to me.”

Although Yered was arrogantly confident, he had the strength to back him up.

He was at the Holy Celestial Rank’s Consummation. In the past, he failed to enter the Quais Bliss Rank. Now that he had another chance, he was determined to succeed.

Halter stopped trying to persuade him.

After leaving the Flammae’s spiritual mountain, James returned to the Heavenly Secrets Pavilion.

“How did it go?” Latrusse immediately inquired.

James said, "It's almost settled. I've already asked the Flammae's Yered for help. Yui will die."

Lea was shocked by his words. She asked, "Y-You managed to get Yered to help? How?"

As the Flammae's Saintess, she knew Yered's arrogant character very well. He was someone who looked down on everyone in the Flammae. Yet, James managed to get his help.

James did not answer her question. He gently massaged his forehead and said, "I need to think of a way to lure Yui out. He must be alone. Otherwise, it'll be hard to kill him if other powerhouses accompany him."

Qiyana asked, "Do you already have a plan?"

James thought awhile and said, "I have a rough idea. I want to find a remote multiple Killing Formations. We'll have to get rid of him quietly so the Yefteros won't be able to sense anything in advance. I want him dead before they even notice something is wrong."

Latrusse frowned and said, "But how will you lure him out?"

James shook his head lightly and replied, "I haven't devised a good plan yet.

There's no need to rush. I still have time and can slowly think about it."

'This is a huge deal, Forty-nine. I won't be able to get involved in it. I'm the Taeytons' Leader and can't risk so many lives for you," Latrusse said troubledly.

"Yeah. I understand." James did not force him, knowing Yered was sufficient for the job.

Moreover, Yuvin would be sending their secret guard to assist him. On top of that, Qiyana and Qairo were with him. With several powerhouses and multiple formations, it should be enough to kill Yui.

"By the way, what's Yered's cultivation rank?" Latrusse asked out of curiosity.

Although he was the Taeyton's Leader, he had never heard the Flammae had any impressive powerhouses. Yered was also an unfamiliar name to him.

Before James could answer, Lea explained, “Yered is a once- in-a-eon super genius of our race. He hardly moved around in public and had mostly stayed in seclusion within our spiritual mountain. Even in our race, only a handful of people know about him.

“From what I know, he had been in seclusion to recuperate after he failed to enter the Quasi Bliss Rank. It’s been a very long time since he last showed up.”

Latrusse took a deep breath and said, “Even though he failed to enter the Quasi Bliss Rank, he’s still a powerhouse at the Holy Celestial Rank’s Consummation.

He’s definitely strong enough to kill Yui.”

James did comment too much on the matter. Next, he waited patiently in the Heavenly Secrets Pavilion for the Mevryees’ secret guard to appear so they could start implementing their plan to kill Yui.

Their mission could only succeed as there was no room for failure. Otherwise, Thea and everyone related to him in the Endlos Plane would also be dragged into the situation.

While James waited, the various branches of the Heavenly Secrets Pavilion published a brand new ranking. Countless years ago, the Heavenly Secrets Pavilion had also issued a ranking of the powerhouses in the Dark World. It had been quite some time since the last ranking was published. This time, they announced a ranking of Supernatural Powers.
