The Almighty Dragon General Chapter 5415-James began to explain how to set up the formation.

He was adept in inscriptions. It was easy for him to create a super killing formation.

Yered was in charge of setting up the formation. At the same time, Qiyana, Jada, and Maddox did not stay idle. They were helping out Yered in setting up the formation.

The only people idle were James and Thea.

They sat on a rock at the top of the mountain.

“Will this involve the Mevryee Race?” Thea was worried.

Although she had no emotional connection to the Mevryee Race, she was still a living being of the Mevryee Race. She did not want anything to happen to them.

“I heard many rumors in the outside world. Heavenly Secrets Pavilion made some of your information public. I’m worried that Heavenly Secrets Pavilion has found out some things. If they announce these things, the Endlos Plane may be in danger.”

James smiled and comforted her, “Heavenly Secrets Pavilion already knows my identity and that I’m from Endlos. However, they chose to hide this information.”

Upon hearing that, Thea felt reassured.

“As for whether or not killing Yui will implicate the Mevryee Race, I have no idea.

I don’t think it will involve the Mevryee Race because we are doing this secretly. After killing Yui, we’ll let you go back.

You can also choose not to return, and we’ll leave the Dark World together.

When we’re strong enough, we’ll come back and deal with everything.”

“Alright.”

Thea nodded.

She decided to leave with James this time.

The two sat together and talked about the past and future.

As James was preparing the traps, Yuvin fled back to the Yeftero Race with injuries.

Outside the spiritual mountain of the Yeftero Race, Yuvin showed up all of a sudden and collapsed onto the ground.

He attracted the attention of the guards of the Yeftero Race. Several guards of the Yeftero Race appeared.

“Quick. Take me to Sir Halianor.” Yuvin’s face was pale, and it could be seen that he was anxious.

Without wasting any time, the guards brought Yuvin into the spiritual mountain.

In the main hall of the Yeftero Race, Yuvin took a seat. Anxiously, he said, “I was ambushed when returning to the Mevryee Race. Thea has been taken away.

They let me come here and report to the Yeftero Race. For Thea to live, the Saint of the Yeftero Race must head to a ruin in the Dark World alone.”

Yuvin described everything that happened.

“They’re seeking death.”

After Yui heard that, his expression darkened.

“Saint Yui, the life of my race’s princess depends on you. The living beings who took the princess chose you to go to the ruin. You also can’t bring any powerhouses of the Yeftero Race with you. If they realize you’ve brought powerhouses of the Yeftero Race with you, my race’s princess will be killed.”

Yuvin appeared anxious.

The Great Elder of the Yefteros, Halianor, asked, "Who did it?"

"It's the princess of the Glaciem Race."

Yuin waved his hand, and the scenes of the battle and his being trapped were shown.

Upon seeing that, Halianor frowned and said, "Since this matter involves the princess of the Glaciem Race, Forty-nine must be involved too. Saint Yui, there must be more to this than meets the eye. You can't be reckless. We'll work with the Ancient Four and rescue the princess of the Mevryee Race. We'll kill the remnants of the Glaciem Race."

When Yuin heard that, he became anxious. He quickly said, "Sir Halianor, you can't do that. If you work with the Ancient Four, my race's princess will be killed."

Yui fell into deep ponder. Then, he said, "Sir Halianor, I'll head there in person. I failed to kill the remnants of the Glaciem Race last time. This time, I will crush them all."

"No."

Immediately, Halianor rejected Yui's proposal and said, "You're the Saint and future leader of my race. I can't put you in danger."

"Thea is my fiancée. How can I not do something when she's in danger? If this spreads, how will the living beings of this world think of me and my race?"

Yui was determined as he continued, "Although it's troublesome to deal with them, I can kill them."

He was confident in his ability.

"Besides, the Tressencia Completare Art created by Forty-nine was ranked first in the Supernatural Signature Skill Ranking announced by Heavenly Secrets Pavilion. I want to see the so-called Tressencia Completare Art in person. I want to see what kind of signature skill a living being in the Petit Celestial Rank can create."

Halianor said, "I know you're a responsible man. However, you fought against Forty-nine last time, and he received your attack with his physical body. He's strong. You can't be rash.

I won't stop you from going, but you must bring my race's powerhouses along."

The Almighty Dragon General Chapter 5416-Halianor did not find the princess of the Glaciem Race to be important.

However, this matter involved Theognostos.

The Yeftero Race had not found out whether or not Theognostos existed.

Nonetheless, Forty-nine showcased surprising potential when he was in the Yeftero Race previously. Although it was incredible, it was not shocking.

Then, Heavenly Secrets Pavilion published the Supernatural Signature Skill Ranking, and the Tressencia Completare Art Forty-nine created ranked first in the ranking.

All this made Halianor uneasy.

"This time, I will send Thirty-six Umbraguards to go with you," said Halianor.

Upon hearing that, Yuvín became anxious.

He knew that the Thirty-six Umbraguards were the strongest assassin force.

Among the Thirty-six Umbraguards, most of them were in the Holy Celestial Rank.

The Thirty-six Umbraguards rarely took action together.

If Yui brought the Thirty-six Umbraguards along, even if James was well prepared, he would be doomed.

"No need," said Yui confidently.

Halianor said, "I can let the Umbraguards follow you secretly to prevent accidents from happening."

“That’s right, Saint Yui. You should let the Umbraguards follow you. It will help to safeguard our race.”

“He’s right. Let the Thirty-six Umbraguards follow along.

With them around, even a powerhouse at the level of the leader of the Ancient Four can be suppressed.”

In the main hall, many powerhouses spoke up.

Yui nodded and said, “If so, let the Thirty-six Umbraguards follow in the dark.” When Yuvin heard that, his heart sank.

He was hoping for James to kill the Yeftero Race and let the Yeftero Race be in chaos. Now, it seemed that his hope would not be fulfilled.

Even though he felt sad, he appeared happy as he said,” With the help of Saint Yui and the Thirty-six Umbraguards of the Yeftero Race, the princess will be saved.”

“You should stay and recuperate in my race. I’ll bring Thea back,” said Yui.

Yuvin was brought out of the main hall and arranged to stay in a spiritual mountain.

When he settled down in the spiritual mountain, he began to activate the inscriptions and send messages to James in secret. He told James about the details of the Yeftero Race.

In a ruin in the Dark World, many powerhouses were setting up the formation with Yered in the lead.

James and Thea were together.

At this moment, James received the news from Yuvin.

Upon hearing the information, James frowned.

“What’s wrong?” Thea felt something off about James and asked.

James took a deep breath and said, ‘Yuvin said that Yui will bring the Thirty-nine Umbraguards of the Yeftero Race here.”

“What?”

When Thea heard that, she was shocked. She could not help but stand up.

As the princess of the Mevryee Race, she had been in the Mevryee Race for some time. So, she knew the strength of the Ancient Four, especially the Yeftero Race. She knew how terrifying the Thirty-six Umbraguards of the Yeftero Race were.

James frowned and said, ‘Yuvín said that the Thirty-six Umbraguards are terrifying. Even though they’re only in the initial stage of the Holy Celestial Rank, if they work together, even the leader of the Ancient Four will be suppressed.’

“What do we do?” Thea was anxious.

The Almighty Dragon General Chapter 5417-James waved his hand and calmed Thea down.

Immediately, he informed the powerhouses to set up the formation.

Yered, Qiyana, Jada, and Maddox showed up before James quickly.

“What happened?” Once Yered appeared, he asked.

“The situation isn’t in our favor.” With a serious expression, James said, “Yui isn’t coming alone. He’s bringing the Thirty- six Umbraguards along.”

When the powerhouses present heard that, their expressions changed.

It was obvious that they knew how strong the Thirty-six Umbraguards of the Yeftero Race were.

“What should we do?” James looked at the powerhouses present. He could not make a decision. He did not know whether he should retreat or continue.

If he chose to retreat, he would bring Thea with him and leave the Dark World.

Anyway, the outside world only knew that the people who took Thea away were the Glaciem race and Forty-nine from Theognostos and the Central Plane.

Although Dieux Academy might be implicated, it was only a possibility.

With the existence of the visionary Theognostos, the Yeftero Race might not take action against Dieux Academy.

Yered fell into deep thought. After a while, he said, "With my ability, I can hold back the Thirty-six Umbraguards of the Yeftero Race. However, Yui is powerful.

If I'm caught, with your ability, you can't kill Yui."

Qiyana, Jada, and Maddox stayed silent.

Qiyana was in the Quasi Holy Celestial Rank, Jada was in the initial stage of the Holy Celestial rank, and Maddox was in the late stage of the Holy Celestial Rank. Nonetheless, they did not know if they could kill Yui even if they worked together.

"Why don't I kill Yui? You guys will block the Thirty-six Umbraguards. If the Thirty-six Umbraguards attack when I'm fighting against Yui, I won't be able to handle it," said Yered with a heavy expression.

Even though he was at the peak of the Consummation Holy Celestial Rank, according to the reputation of the Thirty-six Umbraguards of the Yeftero race, if they worked together, they could cast terrifying formations.

James and the others kept quiet.

It was because none of them could handle the Thirty-six Umbraguards and Yui.

James fell into deep ponder.

After a while, he said, "Why don't we set up the formation here and leave some pieces of information here, saying that we have moved places? We'll trap the Thirty-six Umbraguards here and lure Yui to another place before killing him."

James thought of a compromising idea.

"That works."

Yered said, "Since I have come out of the mountain, I should see blood. I'll injure the Yeftero race severely. We will either kill the Thirty-six Umbraguards or Yui."

After he said that, his appearance changed. He became another person.

“From now on, I’m a disciple of Theognostos. I’m your bodyguard. After this matter is settled, even if this incident spreads, the Ancient Four won’t do anything to you.”

Yered smiled.

“You indeed have great ideas. I will repay you in the future.” James was satisfied.

“Alright. Let’s continue setting up the formation. You should think of the rest.

Where are we going to lure Yui to? After we finish setting up the formation, we should hurry to another place,” said Yered.

James pulled out the map of the Dark World Latrusse gave and took a look at it.

After checking it, he chose an area not far from this place.

It was a restricted area. It had been abandoned for a long time.

Besides, it was not far from where they were. They could reach there in two to three months if they rushed there as they were in the Holy Celestial Rank.

In the meantime, James started to create the formation.

Soon, Yered and the others finished setting up the formation.

“We’re done.”

Yered clapped his hands and smiled. He said, “The formation has been set up. I left a loophole. With the Thirty- six Umbraguards and Yui’s ability, they can force open a crack and let one living being leave. The rest will be trapped in the formation and can’t leave it for a short time. If Yui is sent out and rushes toward the other location, we will kill Yui first. Then, we’ll go back and kill the Thirty-six Umbraguards.”

“Great.” James gave Yered a thumbs up.

The Almighty Dragon General Chapter 5418-The formation had been set up.

James said, "Qiyana, wait here and secretly watch the situation from here.

Inform us if something happens. We'll head to the next location and set up the formation."

"Alright." Qiyana nodded.

James and the others did not hesitate. They left and rushed to the next destination. They began setting up the formation.

The formation they needed to set up this time was complex.

Before they were done setting up the formation, they received Qiyana's message. "Yui has appeared."

Upon hearing that, James summoned Yered and the others.

"What happened? Have Yui and the Thirty-six Umbraguards of the Yeftero Race shown up?" Yered asked.

James said, "Qiyana said that Yui has appeared, but she did not see the Thirty□six Umbraguards. I'll head back to earn us more time. You guys should stay here and set up the formation."

Worriedly, Thea said, "Be careful." James smiled brightly and responded, "Don't worry. Nothing will happen. Even though my cultivation rank is low, my physical body is invincible. Yui can't kill me."

After saying that, James went back to the initial place.

There, Qiyana was hiding in the dark. She did not expose herself.

With her cultivation rank, she would die once she showed herself.

Yui showed up outside the ruin.

He did not enter hastily. Instead, he stood in the dark, assessing the situation.

The formation had yet to be triggered. Hence, he could not see anything amiss with the area. He used his Zen to scan the area. Nonetheless, the area had long been abandoned. There were no living beings around.

"I'm Yui of the Yeftero Race. I'm here as appointed."

His voice was loud.

His voice sounded throughout the dark and the ruin.

However, there were no living beings in the area.

Yui frowned.

Yuvin gave him this exact location, so why were there not any living beings?

In the dark, Qiyana grew anxious.

She knew that James needed time to come here. He needed at least three months.

She did not show herself rashly.

She continued to hide in the dark.

After waiting a few days, Yui marched forward and entered the ruin.

He walked around the ruin, trying to find Qiyana and the others.

Unfortunately, he did not find any living beings.

“Are they not here?”

Yui frowned.

At this moment, the Thirty-six Umbraguards hiding in the dark appeared.

“Saint Yui, there is nothing here. Have we been toyed?” An Umbraguard spoke up.

Yui shook his head.

He had no idea what was going on.

“Since there isn’t anyone here, let’s go back,” said Yui.

As no living beings were around, Yui did not want to stay here any longer. If the Glaciem Race wanted to target the Yeftero Race or the Ancient Four, they would make another announcement.

Yui decided to return to the Yeftero Race and make arrangements.

Seeing that Yui was about to leave, Qiyana became anxious. She had to show herself now.

Just as Yui was about to leave the ruin with the Thirty-six Umbraguards, Qiyana appeared.

The Almighty Dragon General Chapter 5419-Yui sensed Qiyana's aura the moment she revealed herself.

Turning around, Yui looked at Qiyana who appeared in the ruin. His expression became heavy. "Princess, you've finally shown up. Where is Thea?"

Upon showing herself, Qiyana looked at Yui and the Thirty-six Umbraguards of the Yeftero Race standing in the dark. She smiled and said, "Yui, I asked you to come here alone. Yet, you came here with the Thirty-six Umbraguards of the Yeftero Race. It seems that you don't find Thea important. If so, I'll kill her."

"Don't you dare."

Yui's expression darkened. He shouted, "If you touch her, I'll kill your entire race."

In a cold voice, Qiyana said, "My race has been wiped out by the Ancient Four long ago. I'm the only one left."

Yui took a deep breath. He softened his voice and said, "What do you want?"

"I don't want anything," said Qiyana dully.

She only showed herself to gain more time.

"What do you want? Treasures? Supernatural signature skills? As long as you name it, I'll give it to you," said Yui.

Thea was the key to him conquering the Dark World. With Thea, he could rise in the shortest time possible and become a powerhouse at the peak of the Consummation Holy Celestial Rank.

Thea could not die. Nothing could happen to her.

“Thea is in this ruin right now. If you can find her, you can take her away.”

Qiyana continued, “However, you only have three months. If you fail to find her in three months, she will die.”

After saying that, Qiyana disappeared.

The Thirty-six Umbraguards wanted to go after Qiyana, but Yui ordered, “Don’t go after her. Find Thea. Even if you have to dig the ground, Thea must be found.”

Under Yui’s order, the Thirty-six Umbraguards dispersed and began searching the area.

They actually searched the ruin and dug up the land. They did not miss a single spot. Unfortunately, they could not find Thea even after several months.

A few months later, James arrived.

Looking at the ruin that had become a mess, James could not help but be taken aback.

When James arrived, Qiyana let out a breath of relief.

She showed up in front of James.

“What happened?” James asked.

Qiyana explained what happened to James.

“Haha. How silly.” James laughed and said, “It seems that he has gone out of proportion because he’s worried about Thea. You should leave. I’ll go and meet Yui. I’ll lure him there.”

“Alright.”

Qiyana nodded before turning to leave.

Meanwhile, James walked toward the ruin. Before he reached it, his voice sounded loudly.

“Yui, long time no see.”

James' voice was bright and loud, attracting Yui's attention. Yui stopped what he was doing and stared at James coldly. With a heavy expression, he said, "Forty-nine, you've finally shown up. I've been waiting for you."

"Waiting for me? What for?" James smiled brightly.

"The Tressencia Completare Art you created ranked first in the Supernatural Signature Skill Ranking. I want to see how powerful your Tressencia Completare Art is today." Yui exuded a powerful aura.

James waved his hand and interrupted Yui. He said, "Do you not care about Thea's life?"

Yui suppressed his aura and stared at James. Enunciating each word, he asked, "You injured Yuvin and took Thea away. You lured me here. What do you want?"

"Don't you know what I want?" James smiled.

"You don't have the qualifications to kill me." Yui appeared disdainful.

It was not that he looked down on James and Qiyana, but he was confident in his ability.

"You brought the Thirty-six Umbraguards with you. The Yeftero Race really went all out this time. Since you all are here, don't leave. Leave your bones here."

James seemed casual.

"Just you?" Disdainfully, Yui questioned.

James raised both his hands, and several mysterious inscriptions emerged from his palms. These inscriptions entered the void and disappeared.

"Haha. Yui, check out this formation we prepared specially for you."

James activated the formation and disappeared.

"Oh no."

When Yui sensed the power of the formation, his expression changed.

The Almighty Dragon General Chapter 5420-The formation of this place was created by James and set up by Yered and other powerhouses in the Holy Celestial Rank.

Not only did the formation have the power of runes, but it also had the power of many powerhouses in the Holy Celestial Rank. Even Yui could sense the terrifying power.

Once the formation was triggered, Yui's expression changed. He wanted to get out of the formation, but it was too late.

At once, he and the Thirty-six Umbraguards of the Yeftero Race were trapped in the formation.

The formation was created by James. He was adept in formations. He could walk in the formation freely.

Hiding in the dark, he observed Yui.

Yui withstood the pressure of the formation. The Thirty-six Umbraguards around him resisted the power of the formation temporarily.

Still, it was difficult for them to break the formation.

They could only focus on not getting hurt.

The situation was as James predicted.

"Forty-nine, show yourself if you dare. Fight against me. Don't hide in the dark like a coward."

Yui's voice was loud.

In the dark, James' voice sounded. "Yui, rumors say that you are a rare prodigy of the Yeftero Race. I wonder if you're adept in formations. This is only a formation I created casually."

After James said that, he stopped speaking.

Yui began to scan his surroundings. He wanted to break the formation.

Unfortunately, the formation contained too many formation inscriptions. He sensed that there were primitive inscriptions of several races. There were also inscriptions of the outside world. He could not break them in a short time.

Besides, the power of this formation was terrifying. It could not be broken forcefully.

James walked out of the formation and appeared outside it.

Now, he needed to gain some time for Yered and the others to set up the formation.

He waited outside the formation.

Days passed.

Soon, he received news from Yered.

After receiving the news, James knew it was time to take action.

He appeared before Yui and the other powerhouses in the formation.

“You’re seeking death.”

Once James appeared, Yui attacked him.

However, James did not fight against Yui head-on. Instead, he used the Blithe Omniscience to dodge the latter’s attack. Even though Yui was quick, he was restrained by the formation. His speed decreased, and James could dodge his attacks.

James appeared in the distance and smiled. He said, “Yui, it seems that you’re concerned about Thea. Without her, your cultivation speed will slow, making it hard for you to conquer the Dark World. Thus, you don’t want Thea to die.”

Yui glared at James.

Casually, James said, “I will no longer play games with you. If you can catch up to me, you will know where Thea is. By the way, here’s a tip. This formation has a flaw. If the Thirty- six Umbraguards take action, they can open a rift. With your ability, you can leave the formation after the rift is open.”

Once James was done talking, he disappeared.

After he left, he controlled the formation in the dark, letting the loophole of the formation show.

Yui was a powerhouse. Once the flaw appeared, he sensed it.

“Attack.”

Without hesitation, he issued an order.

Instantly, the Thirty-six Umbraguards began to attack the formation.

The moment they attacked, a strong confinement power emerged and confined them.

Even though the Thirty-six Umbraguards managed to open a rift, they were confined. They could not leave the formation. Only Yui was not confined.

Once a rift appeared in the formation, Yui rushed out of it.
