The Almighty Dragon General Chapter 5476-James looked at Quattro strangely.

“Are you really from Earth?” Confused, James said, “You were born in Prison World. You’re the founder of a race. The race has never appeared in the thousands of worlds. How are you related to Earth?”

“I don’t know either.”

Quattro answered, “I’m an earthling. I coveted a high-salary job and was tricked into going overseas. I had to scam people. When I no longer had value, my organs were sold. I was left dead on the streets.” “Which year were you born?” James asked.

“I was born in the nineties.” Sorrowfully, Quattro said, “I lived an unhappy life in my previous life. After I died and awakened, my consciousness was surrounded by inscriptions. I slowly sensed the world and started my journey on the cultivation path.”

“You’re around the same age as me. Which country are you from?” James asked.

“I’m from Sol.”

“Which city?” “Cansington.”

“It’s getting closer.” Zeno glanced at the two and asked,

“Could you be classmates?”

“Have you heard of the Dragon General of Sol?” James looked at Quattro before him.

“Dragon General, the genius doctor of Sol? The son-in-law who married into the Callahans and quelled chaos at the border after getting a divorce?” Stunned, Quattro looked at James.

“That’s me.” James nodded.

“Haha.” Quattro could not help but laugh out loud. Then, he raised his leg and kicked James.

His kick was powerful.

Even though James’ physical body was invincible, he got blasted away. His body landed on the ground harshly in the distance and crushed one part of the mountain range.

“You...”

In dire straits, James climbed out of the ruin.

“It’s nothing.” Quattro said, “In my previous life, I admired you. You’re someone I envied. Now that I’m stronger than you, I want to bully you. Hehe. This feels great.”

James’ face was pale.

Although he was in dire straits, his body was unscathed.

“Seeing that we’re from the same place, I will save your wife. When you showed the scene just now, I felt she looked familiar. Unfortunately, she wore a traditional costume. So, I didn’t recognize her. I dared not recognize her either.”

Quattro continued, “Back then, Thea was known as the ugliest woman in Cansington. After you treated her, she became a beautiful lady. I even jacked off to her picture. Tsk, tsk. She has such a nice body.”

Quattro had no filter.

James looked off.

Timely, Zeno said, “Piggy, you shouldn’t say that. You shouldn’t do or say anything about your friend’s wife. In this cultivation world, thousands of planes, and the vast Dark World are countless races and living beings. There are many beautiful women.”

“I know. I was just reminiscing. I won’t do anything to my friend’s wife,” said Quattro carelessly.

On the other hand, James remained silent.

“Let’s go,” said Quattro.

They moved forward quickly. Their bodies disappeared from this area. When they appeared again, they were already outside Mount Grinch.

Ahead of them was a spiritual mountain.

The spiritual mountain had a powerful protective formation. Even though the spiritual mountain and the three were separated by the formation, they sensed a powerful Sword Intent.

“Dragon King, how do we save her?” Quattro glanced at James and said, “Do we kill all of them?”

‘There’s no need to rush.’ James waved his hand and said loudly, “I’m James. I have come to visit Mount Grinch.”

James’ voice rang throughout the area.

Following James’ voice, the formation of the spiritual mountain opened. A wretched elder appeared. He stood in the void with his hands behind his back.

He looked at the young man, the monk, and the black piggy

The Almighty Dragon General Chapter 5477-“What are you doing here on Mount Grinch?” The Blademaster of Mount Grinch asked.

“You took away my wife, yet you’re asking what I’m doing here?” James’ expression was heavy as he said, “I’ll give you a chance. Let my wife go right now. Otherwise, there’ll be a bloodbath on Mount Grinch.”

Upon hearing that, Grinch realized that James was Thea’s husband.

He glanced at James and sensed the latter’s cultivation rank. Disdainfully, he said, “You’re only in the Great Celestial Rank. What makes you think you can fight against me?”

Forget it. I won’t make things hard for you. I promised her to recruit you as my Inner Disciple if you came. Hurry up and acknowledge me as your teacher.

Don't worry. There are many beautiful women on Mount Grinch. After you acknowledge me as your teacher, you can choose from any female disciple on Mount Grinch."

"You talk too much."

Right then, a Sword Light appeared.

The Sword Light was uncanny. It appeared out of nowhere and entered Grinch's body. His waist was instantly shattered.

In an instant, the Blademaster of Mount Grinch was injured. He felt fear.

Pointing at Quattro standing in the void, he stammered, "Y-You..."

"Shut up." Quattro snorted and said, "How dare you take away my friend's wife. You're seeking death. Take this..."

Rage exploded from Quattro. Instantly, the size of its body increased. It became as big as a mountain. The fur on its body glowed. Then, several terrifying auras emerged from its fur.

The auras sliced through the sky like swords.

Upon sensing the dangerous auras, the Blademaster of Mount Grinch wanted to escape. Unfortunately, the area had been locked up.

Before he could react, countless swords formed from the energies from Quattro's fur filled the sky. These swords headed straight for Grinch and attacked him.

The Blademaster of Mount Grinch resisted the swords. A longsword appeared in his hand. He began to use his Sword Path to resist the attacks.

Although his Sword Path Energy was strong, he could not resist Quattro's attacks.

At once, his Sword Path broke.

Grinch was pierced by thousands of swords.

His body was covered in injuries, and his soul was annihilated.

When James and Zeno saw this scene, they were dumbfounded.

“It’s even more terrifying than Yui, the rare prodigy of the Yeftero Race,” said James with a frown.

Quattro’s attacks stunned James.

Quattro’s cultivation rank was only in the initial stage of the Holy Celestial Rank, but the power it exuded was terrifying. It was scarier than Yui of the Yeftero Race.

Yui had to use the Forbidden Tethralis Art to fight against Yered, who was at the peak of the Holy Celestial Stage’s late stage. In James’ opinion, Quattro could take on Yered.

“He’s nothing. I can suppress him with a raise of my hand.” Quattro’s body shrunk. Standing in the void, its body seemed invincible.

Zeno gave Quattro a thumbs up and said, “Black piggy, you’re too strong. You’re only in the initial stage of the Holy Celestial Rank, yet you’re stronger than me in my previous life’s peak. You could suppress me even if I were to recover my peak strength.”

In Zeno’s previous life, he was in the late stage of the Holy Celestial Rank.

However, he believed he would still not be Quattro’s match.

Quattro appeared before James. With its hands behind its back, it said, “Dragon King, how did I do?”

“You’re strong,” said James from the bottom of his heart.

“Since I got praised by the Dragon King, this was worth it. Remember. You owe me a favor. I don’t care how you do it, but you have to bring me out of here. I don’t want to stay in Prison World. I want to go to the thousands of planes and the Dark World you mentioned. I want to return to Earth.”

“I can’t bring you out of here.”

James felt helpless. Then, he said, “Help me break the Sword Formation here first.”

There was a Mountain Formation here. With James' comprehension, he could break the formation sooner or later. Nevertheless, it was too troublesome. It would be easier if Quattro broke it.

“Break.”

Quattro raised its hands, and an energy emerged. The energy attacked the formation.

Instantly, the Mountain Formation of Mount Grinch shattered.

The Almighty Dragon General Chapter 5478-Mount Grinch was a powerful Orthodox. It had countless disciples.

When the disciples of Mount Grinch saw that the Blademaster of Mount Grinch was killed, they shivered in fear. They dared not even breathe.

Thea also saw Grinch get killed.

Once Grinch was killed, the Mountain Formation shattered. Thea took the opportunity to walk out of the time formation.

“Honey.” Thea walked over to James hurriedly. She appeared before him and hugged him.

“You're safe now.”

James embraced Thea and caressed her black hair. He said, “I'm sorry for my carelessness. If I knew such a thing would happen, I would have brought you with me.”

“Hey, don't act lovey-dovey in front of me.” Quattro could not take it.

It was only then that Thea let James go. She looked at Quattro before her and asked, “Who is this?”

Before James could speak, Quattro jumped to Thea's eye level. Reaching out its hand, it smiled and said, “Ms. Thea, I'm Quattro, the Primogenitor of the Aveswine.”

When Thea heard how Quattro addressed her, she was confused.

James explained, "It's from Cansington of Earth. It lived in the same era as when I was the Dragon General of Sol. Due to unknown reasons, its soul appeared in Prison World. It appeared in a group of mysterious energies. It bred in the group of energies for thousands of years before becoming this powerful."

"I see." Magnanimously, Thea reached out her hand and shook Quattro's hand.

She greeted, "Nice to meet you, Quattro."

After touching Quattro's hand lightly, she retracted her hand.

On the other hand, Quattro rolled on the ground.

"Ahaha. My goddess shook hands with me. Happiness comes unexpectedly. I'm not dreaming. This isn't a dream. I have actually become powerful." James and Zeno exchanged glances. Both of them frowned.

Meanwhile, Thea was confused.

After rolling on the ground for a while, Quattro got up. Its fur was covered in dust. It shook its body, and the dust on its fur came off.

"How was the trip?" Thea asked.

"Not bad. We gained quite a lot." James nodded and told Thea about everything that happened during their trip to Dunhamvale World.

After hearing about the situation, Thea learned that Quattro was an ancient beast of Dunhamvale World.

It could kill the Blademaster of Mount Grinch in one move.

That was how terrifying Quattro was. Its ability was definitely one of the strongest in the Dark World.

Unfortunately, it was born in Prison World. It was destined to be unable to leave.

Otherwise, it would be of great help to James.

“Where are we going next?” Zeno asked.

James answered, “We’ll look for the Metallum, Silva, and Tellus Races. We’ll get their inscriptions as soon as possible and leave Prison World.”

“No.”

Instantly, Quattro said, “You can’t leave. If you want to leave, you have to bring me with you. I don’t want to stay in Prison World. Although this world is huge, I feel upset knowing that it’s a prison. I’m Quattro. How could I stay in Prison World?”

James felt helpless as he said, “I can’t take you with me unless I comprehend the inscriptions of all races of the Dark World.”

“I don’t care. If I can’t leave, you guys can’t leave either.” Quattro began to act shamelessly.

James did not bother with Quattro. He needed to find the three races as soon as possible and get their primitive inscriptions.

The Almighty Dragon General Chapter 5479-“You, get over here.”

Zeno pointed at a disciple of Mount Grinch who was trembling in fear in the distance.

When the disciple saw Zeno pointing at him, he went weak at the knees.

“Did you not hear what he said? He asked you to come over here,” shouted Quattro.

Quattro’s loud voice shocked the disciple of Mount Grinch. The disciple hurried over. With a terrified expression, he said, “I-Is there anything I can help with?”

Zeno asked, “Do you know about the Metallum, Silva, and Tellus Races? Where are they?”

The disciple of Mount Grinch did not waste anytime. Immediately, he stated the information he knew about the three races.

Among the Elemental Primevals, the Metallum, Silva, and Tellus Races were on Sinclair’s side. In their races were living beings in the Quasi Bliss Rank.

However, these living beings in the Quasi Bliss Rank were sealed and imprisoned.

The three races were powerful in Prison World.

After learning about this information, James and the others left.

Luminara City was a prosperous city in Prison World. It was considered to be the core area of Prison World.

There were many spiritual mountains near Luminara City. These spiritual mountains were occupied by a few powerful Primevals. The Metallum, Silva, and Tellus Races' spiritual mountains were near Luminara City.

Outside Luminara City, a couple, a monk, and a black pig showed up.

"No wonder it's the core area of Prison World. There are so many primitive inscription sigils here." After sensing the surrounding area, James could not help but be shocked.

"Yeah." Zeno said, "This is the core area of Prison World. Prison World used to be an Ancestral Site. All races were born in the Ancestral Site. Whenever a race is born, a primitive inscription will appear. Although these primitive inscriptions were taken by the races, a few fragmented inscription sigils will be left behind.

As time passes, the number of fragmented inscription sigils here will grow."

Quattro was not interested in all this.

It looked at the surrounding area. Upon seeing a few beautiful ladies, it whistled.

Seeing Quattro's creepy demeanor, Zeno could not help but remind it, "Black piggy, we're in Luminara City, the core area of Prison World. Many Primevals live nearby, so there are many powerhouses here. I know you're powerful, but you aren't invincible. Don't act recklessly. If you offend the younger generation of a powerhouse, it'll be troublesome."

"I don't need you to remind me. I know that. Also, I'm warning you one last time.

Please call me Quattro." Quattro felt unhappy.

After spending time with each other for a while, James got to understand Quattro's personality. Quattro was not a serious creature.

"Alright. Let's go into the city."

James marched forward and headed to Luminara City.

"I have the latest news."

Once they entered the city, they saw an elder sitting on the ground behind a stall. There were all kinds of items placed on the stall. Some exuded strange lights, while others exuded mysterious energies.

"I found a way to leave. There's a fight. Many powerhouses have begun fighting." The elder sat on the ground and shouted from time to time.

His words attracted Quattro's attention.

Instantly, Quattro appeared before the elder and pulled him up from the ground.

It asked, "What did you say? You have a way to leave? Leave from where?"

Leave Prison World?"

Seeing that it was a pig that pulled him up, the elder became furious. He exuded a potent aura. Nevertheless, his aura was suppressed by Quattro.

It was only then that the elder knew the pig was a powerhouse.

"S-Sir, please put me down. I will tell you about it," said the elder with a smile

The Almighty Dragon General Chapter 5480-Even though the elder was being dragged by Quattro, he still smiled.

When Quattro put the elder down, it placed its hands on its waist and looked at the latter. It questioned, "Are you saying you know how to leave Prison World?"

The elder touched his beard and said, "Yeah."

“Tell me.” Excitedly, Quattro asked, “How can I leave?”

Immediately, the elder said, “Give me three hundred primitive inscriptions, and I’ll tell you. Any race’s primitive inscriptions are fine.”

“You’re seeking death.”

At once, Quattro was filled with rage. It jumped up and tugged on the elder’s hair. Then, it clenched its fist and beat the elder up.

The elder wanted to fight back, but he could not.

Quattro knew how to control its power. It did not let any power seep out. The power directly attacked the elder’s head. The elder’s face became swollen, and blood dripped from his head.

“Do you still want the primitive inscriptions?” Quattro threw the elder onto the ground and questioned.

“No, I don’t want them anymore.” The elder was terrified as he said, “I’ll tell you.”

James and the others were also interested in this. Was it not a fact that the living beings of Prison World could not leave? How could there suddenly be a way to leave?

“Stop wasting my time. Hurry up and tell me.” Quattro grew impatient.

The elder said, “Seraphiel came up with the way to leave. Seraphiel was sealed, but he always wanted to help his younger generation leave. He spent many years coming up with it. He gathered all living beings of the Fatescribe Sect and spent countless treasures to create a Boundarybreaker Rune that ignored all formations. However, once the Boundarybreaker Rune was created, the news spread, and many forces and races found out about it. Now, they’re gathered in Eminence Academy to fight for the place of the strongest in the world. Whoever becomes the strongest will get the Boundarybreaker Rune that bypasses all formations. That way, they can leave Prison World.”

After hearing the elder say that, James realized there was a reason for the fight to become the strongest in the world. It was for the Boundarybreaker Rune that could bypass all formations.

“Let’s go to Eminence Academy.”

After learning that there was a way to leave, Quattro became excited. It went to James and the others and said, “ Let’s put aside finding the inscriptions of the Metallum, Silva, and Tellus Races. Let’s go and take a look at Eminence Academy. I want to fight for the strongest in the world. I want to leave Prison World.”

Zeno glanced at Quattro and said, “I’m not looking down on you, but although you’re strong, you aren’t strong enough to become the strongest in Prison World.”

Countless races were trapped in Prison World.

Even though the Five Great Commanders and the other powerhouses in the Quasi Bliss Rank had been sealed and imprisoned, there were still true powerhouses in the races.

These powerhouses had been cultivating in Prison World for a long time. They could definitely enter the Quasi Bliss Rank.

Besides, there were too many races imprisoned in Prison World. There were too many living beings. There had to be prodigies amongst these living beings.

These prodigies would grow up to be terrifying.

James also said, “Zeno is right. Although you’re strong, you aren’t strong enough to become the strongest in Prison World. Even with the powerhouses in the Quasi Bliss Rank imprisoned and sealed, you still aren’t the strongest.

However, we can take a trip to Eminence Academy.”

James was excited.

If there was a Boundarybreaker Rune that could bypass all formations and help a living being leave, he wanted to take a look at it in person. He would make friends with that living being. That way, after they left, James could form an alliance with them and deal with the Yeftero Race, the head of the Ancient Four.

On the other hand, Quattro casually said, "We will only find out if I can be the strongest in the world after I fight."

It was confident in its ability. In its opinion, as long as its opponents were not in the Quasi Bliss Rank, it had a chance.

"I'm invincible against all living beings below the Quasi Bliss Rank. I will be at a tie with a living being in the Quasi Bliss Rank," said Quattro shamelessly.

"Let's go to Eminence Academy then," said James.

He wanted to go against the Yeffero Race mainly because of Thea. Now that Thea was by his side, he was no longer in a hurry to leave. Since he was not in a hurry, he decided to take a look at Eminence Academy. Besides, he was in Prison World. There were countless inscription sigils here.
