The Almighty Dragon General Chapter 5535-With great difficulty, Quattro climbed out of the ruin. He raised his hand to wipe away the blood at the edges of his mouth.

'You're still alive after taking a hit. You're quite strong. If you're given time to grow, you may do great things in the Dark World. Sadly, you won't have the chance to do that,' said Trevelyan indifferently.

Quattro was indeed strong. He managed to take Trevelyan's attack.

However, Trevelyan did not attack Quattro with full power. He did not think Quattro would still be alive after taking another hit.

James stood in the same spot. He did not move.

At this time, a shadow appeared behind Trevelyan. Once the shadow appeared, he activated the Elemental Curses. After the five elements fused, a terrifying power was born.

Trevelyan was focusing on Quattro. The moment he realized someone was behind him, it was already too late. Qairo's power had landed fiercely on his back.

The void instantly cracked open, causing a Spatial Black Hole to emerge.

Trevelyan fell into the Spatial Black Hole.

At this moment, Qairo attacked again. Quattro's injuries had also healed. His aura grew to the extreme. He activated the Elemental Curses and Elemental Inversion.

Quattro and Qairo launched attacks toward the Spatial Black Hole.

After a while, they stopped.

Meanwhile, Qairo entered the Spatial Black Hole and dragged out the injured and dying Trevelyan. Then, he sealed the latter.

Disdainfully, Quattro said, "You're weaker than I expected even though you're in the Quasi Bliss Rank."

Then, he smiled smugly at James and said, "Dragon General, what do you think of my acting? If it weren't for my acting that distracted him, Qairo wouldn't have the chance to defeat him so easily."

"Y-You..." Trevelyan's power was sealed. He lay on the ground weakly. When he heard Quattro's words, he spat out blood due to anger.

"You have a strong physical body," Quattro praised. "My attack is terrifying, yet you did not die."

"Who on earth are you guys? Do you guys know who I am? I'm Trevelyan of the Yeftero Race," Trevelyan said coldly. "Let me go. Otherwise, the Yeftero Race will flatten Elysium Hall."

"Didn't I tell you who I am just now? I'm James."

James smiled. Then, he looked at Qairo and asked, "Is the seal secure? He's in the Quasi Bliss Rank. If he breaks the seal, it'll be troublesome."

Qairo smiled and said, "Don't worry. The seal is strengthened by the Elemental Curses. Besides, he's severely injured. He can't break open the seal."

"Lock him up," instructed James.

Qairo waved his hand, and a strong power emerged. The space that collapsed was restored, along with Elysium Hall.

On the other hand, Quattro dragged Trevelyan as if the latter were a dead dog toward the prison of Elysium Hall.

In the main hall of Elysium Hall, James, Qairo, and Quattro gathered. Jada was there as well.

Quattro asked, "Dragon General, do you want to take action against the Yeftero Race now? I promised Jada to go to the Yeftero Race and rescue her sister."

James waved and said, "There's no need to rush. Let's spread the news first."

Qairo smiled and said, "Soon, the seal in Trevelyan's body will loosen. Once he's able to control the Telepathic Inscription, he will inform the Yeftero Race about what happened here."

‘Yeah.’

James gave Qairo a thumbs up and praised, ‘You’re a quick learner.’

On the other hand, Quattro frowned and said, “What if the Yeftero Army doesn’t come?”

James answered, “They will come. A powerhouse in the Quasi Bliss Rank is enough to lead the Yeftero Army here to his rescue. It’s just that I don’t know how many powerhouses the Yeftero Race will deploy. I don’t know if they’ll ask the other four races and primitive races to come along to the Central Plane.”

The Almighty Dragon General Chapter 5536-Now, James’ only concern was that the powerhouses of the Yeftero Race would not show up. Instead, the three ancient races and primitive races of the Dark World would come to the Central Plane.

Since a powerhouse of the Yeftero Race in the Quasi Bliss Rank was trapped here, the Yeftero Race would definitely come and rescue him. However, it was possible that the Yeftero Race would not come and rescue him in person.

“Let’s wait and see,” said James softly.

There was no way he could back down now.

At the same time, he contacted Qiyana of Supremuseum.

Straightforwardly, James instructed, “We can take action against a few forces in the Central Plane. Let’s see how the Tenebrae Race will react.”

“Sure,” answered Qiyana. Then, she and the powerhouses of Supremuseum prepared for battle.

The first station was Immortal Mountain.

James trusted Qiyana. With her ability, she would not have a problem dealing with these forces of the Central Plane.

When Qiyana took action, the seal in Trevelyan’s body began to loosen. Even though he could not use his power, he could use the Telepathic Inscription.

Immediately, he contacted the Yeftero Race.

The elder responsible for receiving messages in the Yeftero Race received news from Trevelyan. After learning about the news, the elder panicked. He rushed to the main hall of the Yeftero Race.

“Sir Hacathra, something happened.”

The elder barged into the main hall.

Many powerhouses of the Yeftero Race gathered in the main hall.

Furious, Hacathra, sitting in the main seat, said, “Why are you behaving so hastily? Where are your manners?”

“I received news from Trevelyan. He was attacked in Elysium Hall of the Central Plane. He’s now trapped there.”

The elder was drenched in sweat.

He knew how strong Trevelyan was.

Trevelyan was a prodigy in the early years of the Yeftero Race. Ever since he entered the Quasi Bliss Rank, he had been meditating in seclusion. He did not travel to the outside world.

“What?” Upon hearing that, Hacathra got up and shouted.

“Where’s the rune? Give it to me. I want to ask Sir Trevelyan personally.”

Hacathra stretched out his hand.

The elder took out the Telepathic Inscription.

Hacathra tried to communicate with Trevelyan, but the rune did not react. He could not help but frown.

He sat back down. With a heavy expression, he said, ‘Tell me everything Sir Trevelyan said.’”

“Yes.” The elder did not waste any time.

“I met the people who killed Saint Yui in Elysium Hall of the Central Plane. One is a pig. His cultivation is in the initial stage of the Holy Celestial Rank. One is James. His cultivation is in the Consummation Great Celestial Rank.

When I was about to kill the pig and bring James back to the Yeftero Race, I was attacked. I suffered from injuries. Due to my carelessness, my cultivation has been sealed...”

The elder said everything Trevelyan told him.

After hearing that, Hacathra fell into deep thought.

Many elders of the Yeftero Race gathered in the main hall. All of them were relieved that they did not go to the Central Plane. Even Trevelyan, a powerhouse in the Quasi Bliss Rank, was injured and apprehended. If they headed to Elysium Hall, they would die.

“Contact the other three ancient races. Tell them to come here as soon as possible,” instructed Hacathra.

“Yes.”

Immediately, a disciple went to contact the other three ancient races.

When the Yeftero Race contacted the Suunteli, Zoltrumm, and Mevryee Races, the news of Trevelyan of the Yeftero Race being trapped in Elysium Hall spread.

“Have you heard? Trevelyan of the Yeftero Race has come out of seclusion.”

“Is he Trevelyan, the prodigy who used to suppress an era?”

The Almighty Dragon General Chapter 5537-“That’s right. It’s him. I heard he went to Elysium Hall of the Central Plane to investigate Saint Yui’s death. Then, he was trapped in Elysium Hall.” “Really?”

“Is Elysium Hall that terrifying?”

“Rumors have it that Trevelyan already entered the Quasi Bliss Rank. Even a powerhouse in the Quasi Bliss Rank was trapped in Elysium Hall. Elysium Hall is more terrifying than I thought.”

Under James’ control, the news was spread throughout the Dark World.

Soon, the Primevals of the Dark World heard about it. These Primevals found out that a powerhouse of the Yeftero Race in the Quasi Bliss Rank, Trevelyan, had been trapped in Elysium Hall.

James asked Heavenly Secrets Pavilion to spread the news because he wanted to scare the Primevals. He did not want them to join the battle.

Soon, the Suunteli, Zoltrumm, and Mevryee Races appeared in the Yeftero Race.

The leaders of the Suunteli and Zoltrumm Races came.

As for the Mevryee Race, Yuvin went as a representative.

“Where’s the leader of the Mevryee Race? Why isn’t he here?” In the main hall of the Yeftero Race, Hacathran questioned.

Upon facing his question, Yuvin stood forward and said, “My leader is severely injured due to the disorder in the race. He’s currently meditating in seclusion and hasn’t come out. Now, I’m in charge of handling the affairs of the Mevryee Race.” “Is that so?”

A potent aura exploded from Hacathra’s body.

The aura forcefully pulled Yuvin up to the sky.

Even though Yuvin had already reached the Holy Celestial Rank, he was powerless against Hacathra, the leader of the Yeftero Race.

“I know about your race’s relationship with James. I’ll give you a chance to tell me the truth. Don’t blame me for being heartless.”

Upon seeing this scene, the leaders of the Suunteli and Zoltrumm Races stayed silent.

“Wh-What? What relationship does my race share with James?” With great difficulty, Yuvin said, “I have no idea what you’re talking about.” “Hmph.”

In a cold voice, Hacathra said, “The Mevryee Race has a princess named Thea Mabins. She used to go by the name Thea Callahan. She’s James’ partner.

When Thea was taken away previously, you’re the one who reported it. Was this matter planned by the Mevryee Race and James to kill Saint Yui?”

“1-1 don’t know what you’re saying.” Yuvin was placed in a difficult position.

“Ah...”

All of a sudden, Yuvin cried out.

Cracks appeared on his body.

“Are you still trying to deny it?” Hacathra said coldly, “My race knows everything.”

“I don’t know what you’re talking about. If you don’t believe me, you can kill me.”

Yuvin continued to deny it.

“Hmph.”

Forcefully, Hacathra used the Soul Search Art on Yuvin.

When a powerful Zen entered Yuvin’s soul, a terrible pain came from his soul.

However, after using the Soul Search Art on Yuvin, Hacathra found nothing related to James in Yuvin’s soul.

Actually, while Yuvin was on his way to the Yeftero Race, he already knew the situation the Mevryee Race would face. Before coming, he took out every memory related to James from his soul and sealed the memory in the sanctuary of the Mevryee Race.

Now, even Yuvin did not know about all this. So, how could Hacathra find anything in his soul?

Yuvin would only remember all this when he returned to the Mevryee Race and put back the soul sigils he sealed in his soul.

Hacathra put Yuvin down and frowned. He said, “Did the Mevryee Race really not participate in this matter?”

Yuvin fell to the ground. Weakly, he said, “My race truly has nothing to do with this. Now, my race is looking for our princess’ whereabouts. If the Yeftero Race knows where she is, please tell us.”

The Almighty Dragon General Chapter 5538-Hacathra used the Soul Search Art on Yuvin forcefully, but he could not find anything.

For now, he believed the Mevryee Race was not involved in this matter. Even if the Mevryee Race was involved in this matter, Yuvin did not participate in it.

Sitting in the main seat, Hacathra said, "All of you must have heard about the recent news. Saint Yui of my race died in Elysium Hall of the Central Plane. I sent an elder to Elysium Hall to investigate this matter. However, he was attacked. Now, he's trapped in Elysium Hall. I've called all of you to gather here because I want all three of your races to deploy powerhouses to the Central Plane to rescue the elder of my sect."

When the leaders of the Suunteli and Zoltrumm Races heard that, their expressions became serious.

The leader of the Suunteli Race stood forward and said, "This isn't child's play.

We need to plan for the long term. Besides, my race doesn't have any powerhouses in the Quasi Bliss Rank. The living beings who attack Trevelyan must be in the Quasi Bliss Rank. If we don't send out powerhouses in the Quasi Bliss Rank, we can't rescue Trevelyan."

The leader of the Zoltrumm also said, "That's true. After the previous battle, a powerhouse of the Yeftero Race was left behind. I think that powerhouse should settle this matter."

The Suunteli and Zoltrumm Races were a part of the Ancient Four. Although they could not be compared to the Yeftero Race, they were powerful.

All of them lived long lives. Thus, they knew that Theognostos, who backed James, was targeting the Yeftero Race.

They did not want to be involved in this matter. It was just that the Yeftero Race was too powerful. Hence, they had to send a few powerhouses to Elysium Hall of the Central Plane.

"I have my arrangements. I will ask my race's Grand Patriarch to come out of the mountain. We will also deploy an army to flatten Elysium Hall. Hmph..." Hacathra snorted.

"I want to see just what Theognostos has. How dare they repeatedly provoke my race. Spread the news right away. All of your races will send a

powerhouse to participate in the battle along with my race. We'll flatten the Central Plane and Elysium Hall," ordered Hacathra.

The Yeftero Race had not stirred up any troubles in the Dark World for a while.

Hence, the living beings of the Dark World believed that the Yeftero Race had weakened.

Hacathra wanted the races of the Dark World to know that the Yeftero Race was still the ruler of the Dark World. No one could challenge the authority of the Yeftero Race.

Hacathra issued an order. He required each Primeval from the Dark World to send out a powerhouse to participate in the battle.

A mere order represented the Yeftero Race's authority and the current status of the Yeftero Race in the Dark World.

The other three races could not reject Hacathra's order.

Hacathra left the main hall.

Too many things were involved in this matter. He could not rescue Trevelyan alone. He knew the living beings who could injure and seal Trevelyan were in the Quasi Bliss Rank.

Thus, he had to ask for the help of the Grand Patriarch, who stayed behind in the Yeftero Race.

In the era of the Dark Strife, the Yeftero Race's Grand Patriarch was already in the Quasi Bliss Rank. For the future generations of the Yeftero Race, he did not go to the Halcyon Road. Instead, he stayed behind in the Yeftero Race and helped the Yeftero Race become the leader of the Ancient Four. He helped the Yeftero Race rule the Dark World.

As long as he was still alive, the races of the Dark World had to listen to the Yeftero Race.

The name of this powerhouse was Naveen Yeftero.

Naveen had been meditating in seclusion in the Yeftero Race's sanctuary.

Hacathra appeared outside the Yeftero Race's sanctuary. While bowing, he said, "I'm the current leader of the Yeftero Race. I wish to see you."

His voice sounded throughout the area.

The top of the spiritual mountain in the Yeftero Race's sanctuary was vast. In the center, a man was sitting with his legs crossed. The man did not move. It was as if he were a statue.

Following Hacathra's voice, the man opened his eyes.

The dust on his body was shaken off.

He stood up and stretched his back.

The man did not look old. He appeared to be around the age of thirty. He wore a blue robe. He looked elegant.

"Come."

The Almighty Dragon General Chapter 5539-He said.

Following his voice, Hacathra appeared.

Respectfully, Hacathra greeted, "Greetings, Sir Naveen."

"Mm-hmm."

Naveen nodded. Looking at Hacathra, he asked, "Did something happen?"

"Yes."

With a heavy expression, Hacathra told Naveen everything that happened.

"Theognostos?"

Upon hearing all that, Naveen frowned.

"Yeah. Theognostos sent a human named James to go against our race.

They've apprehended Sir Trevelyan. So, I mustered the courage to ask you to go out of the mountain and lead our race's army to Elysium Hall of the Central Plane. Please defeat Elysium Hall and rescue Sir Trevelyan."

Naveen said, "The Yeftero Race had many enemies back then. I wonder which powerhouse created Theognostos. I want to see who's causing trouble."

Naveen went out of the mountain.

The news was spread throughout the Dark World in the shortest time possible.

The news was spread by the Yeftero Race.

Currently, the Yeftero Race's prestige was declining. Hence, the Yeftero Race spread the news to let the races from the Dark World know that a powerhouse was still taking charge of the Yeftero Race.

James heard about the news of the Dark World immediately.

In the main hall of Elysium Hall, several living beings gathered.

James said, "Qiyana and the living beings of Supremuseum wiped up many forces in the Central Plane, but the Tenebrae Race supporting these forces did not show up. According to the information the Heavenly Secrets Pavilion gave me, a Grand Patriarch of the Yeftero Race has come out of the mountain.

Besides, the Yeftero Race issued an order, asking all races to send out one powerhouse. They plan to take down Elysium Hall."

Happily, Quattro said, "That's great. When they arrive, we'll already be gone." With a smile, Qairo said, "Everything is going according to James' plan. Once the Yeftero Race's Grand Patriarch brings the powerhouses of the Yeftero Race and other races out of the Dark World, we will invade Yeftero Race's headquarters."

Jada, who was standing at the side, also grew excited.

Ever since her sister had been taken away by the Yeftero Race, she had always wanted to rescue her. However, she was too weak. She could not go against the Yeftero Race. Finally, she had the chance to rescue her sister.

Quattro asked, "How should we deal with Trevelyan in prison?"

Dully, James said, "We can't kill him right now. Let's bring him along. When we head to the Yeftero World and fight the Yeftero Race, we'll kill him."

Then, James and the others left Elysium Hall quietly. They rushed to the Yeftero World in the Dark World.

Now, they were waiting for the Yeftero Race to appear on the Central Plane.

Once the Yeftero Army reached the Central Plane, James would invade the Yeftero Race's headquarters and annihilate them. Then, the Dark World would be thrown into chaos. The structure of the Dark World would also change.

By then, James would rectify and merge the planes.

As for the Dark World, if the Yeftero Race were annihilated, the other races would not get involved in the Central Plane's affairs.

James, along with Qairo, Quattro, Jada, and Qiyana, hurried into the Dark World and used the Boundarybreaker Rune. They tried to reach the Yeftero World in the shortest time possible.

Soon, James appeared in the Yeftero World.

When he reached the Yeftero World, the Yeftero Army had not set off. The powerhouses of the races were still appearing and gathering in the Yeftero World, planning to take down Elysium Hall of the Central Plane

The Almighty Dragon General Chapter 5540-In the Yeftero World was a formation around a spiritual mountain. Even a powerhouse's Zen could not penetrate it.

Before entering the Yeftero World, James and the others changed their auras and appearances.

They looked for a spiritual mountain to stay temporarily.

Upon arriving at this spiritual mountain, they changed back to their original appearances.

"Where are your helpers?" Quattro glanced at James.

He knew that James found helpers, but he did not know who they were.

“They blended into the Yeftero World long ago. I will contact them now.”

After saying that, James contacted the powerhouses who had infiltrated the Yeftero Race.

Not long after, a man appeared outside the spiritual mountain.

He was Yered.

James opened the formation and let Yered enter the spiritual mountain. Before Yered approached James and the others, he said, “James, I’ve waited for you for a long time.”

“Sit.” James looked at Yered, who was walking over. He waved his hand, and a chair appeared.

Yered sat down.

Then, Lemuel showed up.

After Lemuel appeared, the leader of the Mevryee Race also showed up.

Soon, Jurryt Haebriil, Saeylla Haebriil, and five powerhouses at the peak of the Holy Celestial Rank arrived.

“Everyone’s here.” James scanned the people present and instructed, “I’ve been preparing for this operation for a long time. This has to succeed. It can’t fail. I hope all of you will use all your strength to fight.”

Yered looked at the powerhouses present and gave James a thumbs up. He praised, “You’re amazing. How did you find so many powerhouses to help you?”

“Aren’t you going to introduce them?”

James nodded. Pointing at Qairo, he said, “This is Qairo. He’s at the peak of the Quasi Bliss Rank.”

“This is Lemuel. He’s in the middle stage of the Holy Celestial Rank, but he’s powerful. He’s on par with a powerhouse in the Consummation Holy Celestial Rank.”

“This is Quattro. He’s in the initial stage of the Holy Celestial Rank, but he could kill Saint Yui of the Yeftero Race in an instant.

‘This is Talvelai, the leader of the Mevryee Race. He’s between the Quasi Bliss Rank and the Transcendental Bliss Rank. It’s a mysterious and special rank.

‘This is the leader of the Shadowers. They’re all powerhouses of the Shadowers.

‘This is Yered. He’s in the Quasi Bliss Rank.”

James introduced them one by one.

Upon learning about the strength of these powerhouses, the powerhouses present were stunned. None of them expected James to find so many helpers.

With so many powerhouses gathered here, the Yeftero Race would be doomed this time.

James looked at Talvelai and asked, “How have you been doing recently?”

Talvelai knew what James was asking. He answered, “I have mastered some of the algorithms. There shouldn’t be a problem during this time.”

Upon hearing that, James did not ask further questions.

Since many powerhouses were gathered in one place, discussions would, of course, be carried out.

They discussed paths while James observed the Yeftero Race’s situation.

Following the order of the Yeftero Race, more races sent out powerhouses to the Yeftero World.

In the main hall of the Yeftero Race, Naveen, the Yeftero Race’s Grand Patriarch, sat in the main seat with Hacathra beside him.
