The Almighty Dragon General Chapter 5591-Now, James could not put his hope on Talvelai to injure Xayvion. He could only rely on himself.

When James sensed that Xayvion's aura was becoming more powerful and terrifying, his expression became heavy.

Right then, Qairo and Xeraiah's voices sounded in James' mind.

"Do you need our help?"

According to their previous plan, Qairo and Xeraiah were supposed to suppress Xayvion.

"Yeah."

James nodded and said, "You guys should fight. You don't need to kill him. You just need to suppress him. It's best to avoid this battle. If possible, scare the races from the Dark World so they'll retreat. If the battle can't be avoided, use all your strength to fight."

Then, Qairo and Xeraiah appeared.

They stood before James, one standing on the left, and another on the right.

Xayvion glanced at Qairo and Xeraiah. His expression darkened. He knew who Qairo was. He had fought against Qairo in the Yeftero Race before. He knew how powerful Qairo was.

Xeraiah also appeared in the Yeftero Race before. He rescued James. If Xeraiah had not rescued James, James would have died.

"Xayvion, I'm your opponent." Qairo looked at Xayvion. The former was filled with Murderous Energy. He said, "We did not fight until the end last time. I will fight against you properly today."

Then, Qairo moved.

At once, his body appeared before Xayvion. The moment he appeared, he pushed out his palm.

From his palm, several mysterious inscriptions emerged. These inscriptions turned into a potent energy and attacked Xayvion.

Xayvion stood still in the void.

Although Qairo was strong, he was not Xayvion's match.

A black halo appeared around Xayvion's body.

The black halo blocked Qairo's attacks. At that moment, the black halo around Xayvion's body cracked.

The powerful energy hit Xayvion.

He appeared to be shocked. As he stumbled backward, the void behind him continued to collapse.

When he regained stability, his expression darkened. Coldly, he said, "It's been some time since I last fought against you. You've improved."

"I'm alright."

Qairo was calm.

Now, Qairo was not weaker than Xayvion.

He believed that his ability was on par with Xayvion's. They could not do anything to each other. If they continued to fight a life-or-death battle, both would suffer severe injuries in the end.

Xeraiah did not make any moves as Qairo attacked Xayvion.

Xeraiah stood before James. With a smile, he said, "Qairo is strong. I exchanged a few moves with him in the past. I'm a bit weaker than him.

Nonetheless, the gap between our powers isn't wide. Even though he can defeat me, he can't kill me."

"I see."

James nodded.

Since Qairo was attacking Xayvion, James did not act recklessly. He stayed in the void and watched the fight.

In the distant void, Xayvion was stunned. He could not believe Qairo managed to improve so much in such a short time.

Qairo was now a threat to him. He made him fear.

Murderous intent surged in his heart.

Whatever was a threat to him was a threat to the Yeftero Race. He needed to get rid of all threats.

In his body, a potent and fierce energy surged. Blood vessels bulged on his face. He looked terrifying.

“Is this the Obsidian Body?” Upon seeing the scene, James asked.

“Yeah.” Xeraiah nodded.

He explained, “According to Heavenly Secrets Pavilion’s record, the Obsidian Body is one of the most terrifying bodies since ancient times. Once someone uses the power of the Obsidian Body, he can ignore all Supernatural Signature Skill attacks and inscription attacks. To injure the Obsidian Body, one needed to use the purest form of physical power.”

Upon hearing that, James was stunned. He said, “The Obsidian Body sure is terrifying. I wonder if Falcon Xoan, a TikTok Live creator and the writer of “Dragon Healer Consort” can kill Xayvion.”

“Falcon?” Xeraiah was taken aback.

With a smile, James said, “That’s right. If you pull up TikTok and search for Falcon, you can watch the creation of Dragon Healer Consort live.”

“When does he go live?” i “He usually goes live in the afternoon and at night. It may not be every afternoon, but he will definitely go live at night. Let’s put this topic aside. After Qairo and Xayvion’s battle ends, I will watch Falcon’s live. I want him to write my character as someone stronger.”

The Almighty Dragon General Chapter 5592-James knew very little about the Obsidian Body.

Since ancient times, the Obsidian Body rarely appeared. It was only recorded in ancient scrolls.

After listening to Xeraiah's explanation, James was stunned. He asked, "Is it true that only the purest form of physical strength can damage the Obsidian Body?" Xeraiah nodded and said, "Yeah. At least that's what I know. As for what's actually true, I have no clue."

James did not ask anything else. He stared into the distant dark void.

In the dark void, potent energy surged in Xayvion's body. His aura became stronger.

At this moment, his body became mystical.

Countless lines of inscriptions appeared on the surface of his body. The lines were like meridians and veins. They crossed over one another on his body's surface.

At this time, Xayvion smiled.

As he had a dark expression, he looked terrifying when he smiled. He made people shudder and feel creeped out.

Glancing at James in the distance, Xayvion laughed." James, I need to thank you. If you didn't inject the mysterious Karma Power into my body, my Obsidian Body wouldn't have been successful."

Previously, James acted as bait and lured Xayvion to him. Then, James forcefully transferred the Karma Power sealed in his body to Xayvion.

Injured, Xayvion ran away. He went into hiding to heal his injuries. He used the Karma Power to complete the Obsidian Body.

Before that, even though the Obsidian Body was strong, it could not ignore all Supernatural Signature Skills and the powers of inscriptions.

Now that the Obsidian Body was a success, all powers of Supernatural Signature Skills were useless to Xayvion.

Only the purest form of physical power could injure him.

However, since ancient times, there was not any physical body that could reach the Quasi Bliss Rank.

Thus, Xayvion was invincible.

At least, he was invincible in the Dark World of Endlos. No living being could defeat him.

Upon hearing that, Qairo frowned and said, "I want to see how magical the Obsidian Body is."

He raised his hand, and the inscriptions of the Elemental Primevals from the Dark World emerged from his palm. The five elements merged and formed the Elemental Curses.

A powerful and mysterious energy emerged.

Qairo's power was strong, and his aura was terrifying.

The mysterious energy attacked Xayvion.

Xayvion stood still in the same spot. He let Qairo attack him. The powerful energy landed on his body, but he was unscathed.

He only stumbled a few steps away from the powerful energy.

"Haha."

Xayvion, who stumbled back in the distance, laughed out loud.

"Now that my Obsidian Body is successful, who in the world can kill me?"

"James, in the past, you led many powerhouses to the Yeftero Race to kill my race's living beings and steal our treasures. Today will be the day you die. Today will be the day the New Endlos Plane is destroyed." Xayvion's laugh rang throughout the area.

His laugh contained confidence and arrogance. He disdained the spirits of all powerhouses in the world.

Standing in the void, he looked like an undefeatable war god.

When Qairo saw this scene, he was bewildered.

The Elemental Curses were his strongest signature skill. With his current ability, using the Elemental Curses was extremely terrifying. Nevertheless, he could not injure Xayvion.

“Is the Obsidian Body really that terrifying?” He frowned.

How could they fight against the Obsidian Body? Xayvion could kill them all by himself.

In the distance, on a flying battleship, Talvelai was fortunate that he did not make a move, if he launched a sneak attack, not only would he not injure Xayvion, but he would also expose himself. He would become the target of many Primevals from the Dark World.

When the powerhouses of other races saw this scene, they took a deep breath.

They were all stunned by the Obsidian Body.

The strength Xayvion showcased shocked the Primevals from the Dark World and the powerhouses in the cities at the border of the new world.

The Almighty Dragon General Chapter 5593-Especially the powerhouses who attacked Xayvion previously.

When they attacked Xayvion in the past, although the Obsidian Body was terrifying, it was not this freakish. It could not ignore all attacks from inscriptions.

“How can we fight against him?”

“Xayvion can kill us all alone.”

Yered, the leader of the Shadowers, had a heavy expression.

In the Dark World, Xayvion stood in the void with a dark expression. However, he was smiling. He appeared uncanny.

Stepping on the void, he walked toward Qairo.

“I will kill you first. Then, I’ll kill James. After that, the Dark Army will step into the new world and sweep across the new world.” He headed toward Qairo.

Beneath his feet, mysterious inscriptions appeared. The lines of inscriptions gathered and formed a solid ladder.

At this moment, Xeraiah stood forward and said, "I'll attack Xayvion. I'll work with Qairo. I don't believe we can't suppress Xayvion."

"Come back," ordered James timely.

Upon hearing that, Xeraiah stared at James.

Slowly, James walked forward and said, "Qairo, you should retreat too."

Qairo retreated quickly. He appeared at the border of the New Endlos Plane.

Under countless gazes, James walked toward the dark zone ahead.

"Initially, I planned to kill Qairo first before killing you. I didn't expect you to be in a hurry to die."

With a playful smile, Xayvion watched James walk over. In his opinion, James was already a dead person.

"The Obsidian Body is indeed terrifying. If one cultivates the Obsidian Body to the extreme, one will be invincible." James walked toward Xayvion and said, "Now, you are the strongest powerhouse in the Dark World and the New Endlos Plane. No matter how many powerhouses work together to attack you, you can't be defeated."

"What's the matter? Are you scared?"

Xayvion smiled evilly.

"It's too late. The grudge of my race's annihilation needs your spirit as a sacrifice."

"Scared?"

James smiled and said, "I never knew the feeling of being scared. You are indeed invincible. All secret Supernatural Arts and powers of inscriptions are useless to you.

Unfortunately, your opponent is me. You shouldn't have come to the New Endlos Plane."

Upon hearing that, Xayvion laughed out loud.

“Haha.”

“James, do you mean I will lose the battle because my opponent is you? Are you trying to say that you can defeat me?”

“Yeah.” James nodded and said, ‘That’s what I mean.’

“You’re arrogant and ignorant.”

Xayvion said, “You’re only in the Martial Celestial Rank. Even if I give you unlimited time, you can’t surpass me, let alone defeat me.”

“Do you want to give it a try?” James looked at Xayvion.

It was a simple yet heated conversation.

On the flying battleship in the distance, many powerhouses of the Dark World gathered. At this time, these powerhouses were confused.

“What’s James doing?”

“Does he want to fight against Xayvion?”

“How can he fight against Xayvion? He’s only in the Martial Celestial Rank.”

The powerhouses from different races began to discuss James.

Even Talvelai was frowning. He admitted that James was terrifying and had great comprehension. However, the latter’s cultivation rank was too low.

“I will send you to the afterworld.”

In the dark void, Xayvion’s heartless voice sounded.

The Almighty Dragon General Chapter 5594-Xayvion made a move.

His heartless voice sounded throughout the dark void.

Following his voice, his body appeared before James. He raised his hand to hit the latter.

Xayvion had mastered countless Supernatural Signature Skills and comprehended many races' primitive inscriptions. However, he did not use any inscription power.

He only used the power of the Obsidian Body, which was the purest form of physical power.

James stood still in the void, looking at the fist heading toward him.

Then, he moved.

He raised his hand. His clenched fist went up against Xayvion's attack.

Both fists collided.

Boom!

There was a terrifying fluctuation of power.

It made James stumble backward.

At the same time, a powerful energy flowed to his entire body from his fist.

At once, he was injured. The Blood Energy in his body surged, and he spat out blood.

Meanwhile, Xayvion also stepped backward. The potent energy messed up his hair. His hair became a mess. He was shocked.

'This is impossible.' Stunned, Xayvion shouted, "H-How is your physical body so strong? You're only in the Martial Celestial Rank. You did not even enter the Holy Celestial Rank.

How can you have such a terrifying body?"

Xayvion found it unbelievable.

This scene stunned the powerhouses of the Primevals from the Dark World who were on the flying battleship in the distance.

Xayvion's Obsidian Body was completed. Even the purest form of physical power had to reach the peak of the Quasi Bliss Rank.

Nonetheless, James received Xayvion's attack.

Aside from that, James only spat out blood. He had no other injuries.

In the city at the border of the New Endlos Plane, powerhouses gathered. The powerhouses had their jaws agape. They did not expect James to block Xayvion's attack.

In the dark zone, James regained stability. He wiped away the blood at the edges of his mouth and glanced at Xayvion, who was surprised in the distance, and said, "Your Obsidian Body truly is terrifying."

"You surprised me." Quickly, Xayvion recovered from the shock and stared at James.

"However, do you think you can defeat me just by relying on your physical power? It's impossible. The Obsidian Body is only a part of my ability."

James stood in the dark void and said, "Why don't we give it a try?"

Then, Xayvion moved.

On the other hand, James activated his physical power to the extreme.

Simultaneously, he activated the Martial Path and entered the Omniscience Path. His Spiritual Power merged instantly. His physical power grew stronger.

After that, he used the Feimsurge Art to improve his physical body, bloodline, and soul power.

His physical body was already terrifying. Using the Feimsurge Art would not do much. In fact, it could be said that there was no improvement.

At this moment, Xayvion arrived.

He was agile. His attack speed was fast. Only the shadows of his punches could be seen. They surrounded and engulfed James.

James' body was surrounded by the shadows of Xayvion's attacks.

Every shadow had the power to severely injure a powerhouse in the Quasi Bliss Rank.

“Break.”

James put all his power into his fist and punched Xayvion.

The attack cracked open the dark void. James disappeared instantly. At the next moment, he showed up behind Xayvion. He punched Xayvion.
