The Almighty Dragon General Chapter 5691-James was unsure of whether he could kill Xayvion right now. Regardless, he had to try.

After waiting in the time formation for a while, his condition gradually improved.

Soon enough, he had reached his greatest strength.

The Ritual Rank was special. One would go from strong to weak and vice versa.

James knew he would have the strength at the Holy Celestial Rank when he was weakest, but he had yet to find out how strong he was at his best state.

His current strength was definitely above the Quasi Bliss Rank. As for whether he could unleash powers at the Transcendental Bliss Rank, he was uncertain.

James dispersed the time formation and looked in the direction where Hershya was cultivating. Then, he asked, "How is it going?"

Hershya immediately appeared and answered, "I've already comprehended the inscriptions to counter the Obsidian Body, sir."

James thought for a while, then took out the Supremusse Sword.

He carved some inscriptions onto the sword, then handed it over to Hershya and said, "If I die in this battle, please bury me. If not even my bones remain, bury this sword instead."

Hershya's expression became solemn after sensing how serious James was.

She asked, "Xayvion isn't invincible. Master. I should be able to take him down with my current cultivation rank. Moreover, the Hagios Sect's Leader is at the Transcendental Bliss Rank's sixth stage. He's stronger than Xayvion."

James replied calmly, "I'll handle Xayvion."

Hearing this, Hershya fell silent.

“Let’s go check out what’s happening in the main hall.” James stepped forward and immediately arrived inside the Hagios Sect’s main hall.

When he arrived, the hall was empty.

Hershya entered the main hall shortly after him and exclaimed, “What’s going on? Where’s everyone?” At that moment, a disciple appeared and knelt on the ground. He reported, “Sir Landry has already departed with our powerhouses to the Seraphic Sect.”

James turned to Hershya and said, “Let’s go to the Seraphic Sect.”

After speaking, James disappeared from the Hagios Sect.

Xayvion sat in the highest seat of the Seraphic Sect’s main hall, and many mysterious creatures with black robes and masks gathered below him.

“The powerhouses from various sects and races have already besieged the Seraphic Sect.”

“Good.” Xayvion smiled and ordered, “Inform our members that have infiltrated the various sects and forces to take action.”

“Yes, sir.”

The powerhouses of the Morro Sect received the order and immediately launched attacks.

Meanwhile, the powerhouses led by Landry had arrived outside the Seraphic Sect’s mountain gate and surrounded the area.

The space had been sealed, and the group carefully observed the Seraphic Sect.

Swoosh!

Countless mysterious living beings dressed in black suddenly leaped up from the Seraphic Sect. They were powerhouses at the Transcendental Bliss Rank and had potent auras.

A battle was about to break out any time soon.

At that moment, countless inscriptions suddenly appeared in the distant sky.

Then, they formed into a staircase, i A man slowly walked down the stairs, step by step.

The Almighty Dragon General Chapter 5692-The Hagios Sect had gathered powerhouses from all over the Anceralos and Dark World, hoping to wipe out the Morro Sect. Meanwhile, their headquarters were invaded and attacked while they were completely unaware.

A battle was close to breaking out at the Seraphic Sect.

A man slowly descended the staircase made out of inscriptions.

Soon, he arrived outside the Seraphic Sect's mountain gate.

"It's James!"

"He came!"

The powerhouses sighed in relief after James made an entrance to the battlefield. Even though James' cultivation rank was nothing impressive, they had a lot of trust in him.

Hershya also arrived alongside James. She followed James down the stairs and could sense the hostility from his body. The outcome of the battle was clear to her.

After James arrived outside the Seraphic Sect's mountain gate, he looked at the spiritual mountain ahead and shouted, "I know you're here, Xayvion."

"Come out! Let's fight!"

James' voice resounded throughout the area like rumbling thunder.

Swoosh!

A light shot up from the Seraphic Sect, and a man wearing a black robe emerged.

"You've finally shown up, James."

Xavyion hovered in the sky above the Seraphic Sect and stared at James with a playful smile.

He quickly analyzed James' cultivation rank and exclaimed, "The Ritual Rank? I didn't expect you to have entered the Ritual Rank. You're bound for death.

Nobody can save you."

James stood in the void and beckoned Xayvion, "Make your move."

Xayvion smirked, "What? Do you think you can win? I'll spare you, seeing that we're from the same era. Leave this era immediately."

James was offered a chance to live.

After Xayvion became a disciple of Xayal, he learned about the Ritual Rank.

Eventually, Xayal would absorb those who had reached the Ritual Rank.

James could avoid his doom if he were to leave the era. To Xayvion, it no longer mattered whether he killed James or not. In his opinion, James no longer posed a threat to him.

Even if they were to return to the future, James was no match against him.

Xayvion looked at the powerhouses gathered in the distance and said smilingly, "Very good. Everyone is gathered here. After I kill you guys, my mission will be completed."

Immediately afterward, his face darkened.

"Kill them all! Spare nobody!"

The group of powerhouses was trapped inside a powerful formation.

Suddenly, powerful energies began to pour into the Anceralos World and were quickly absorbed by the formation.

The group of powerhouses was startled.

“Haha!!!” Xayvion burst out laughing. The group of powerhouses were as good as dead to him. Their hard work to improve their cultivation would be absorbed by the formation.

The Morro Sect’s powerhouses launched into action.

The group led by Landry quickly counter-attacked.

James floated in the void with his hands behind his back. The battles around him did not cause him to avert his eyes from Xayvion.

He activated the Tressencia Completare Art. His future form appeared and merged with his current form.

After arriving in the Anceralos, James could not summon his past form, and the Tressencia Completare Art was incomplete.

His future form was also at the Transcendental Bliss Rank.

After the two forms merged, his cultivation rank remained unchanged. However, his aura was on a constant rise.

Xayvion looked at James and said mockingly, “Do you insist on fighting me, James? Don’t you know the disparity between our strengths? I’ve already entered the Transcendental Bliss Rank’s sixth stage. After I sever the seventh emotion, I’ll have the strength to leave the Dark World.:

James was at the bizarre Ritual Rank. When in his best state, he could unleash unlimited potential.

The Almighty Dragon General Chapter 5693-Both Xayvion and James broke through each other’s Obsidian Body.

Xayvion quickly retreated and examined his wound. A bloody wound had formed in his chest, and the inscriptions on his body’s surface were disappearing. His Obsidian Body was neutralized.

He floated in the distance with a grim expression. He had always been proud of his Obsidian Body. With it, he was capable of ignoring all kinds of powers. Now that it had been countered, he felt threatened.

Xayvion and James' Obsidian Bodies had differences.

James' Obsidian Body was created with inscriptions.

Meanwhile, Xayvion was born with his. Once it was broken, it would take time to recover.

James, on the other hand, could cast the Supernatural Power repeatedly.

Xayvion said grimly, "You've already mastered inscriptions that can neutralize my Obsidian Body. I can't let you live anymore."

Initially, he planned to give James a chance to live.

However, he had changed his mind.

Xayvion's aura changed rapidly. He cast the Tethralis Art, and some strange vines emerged from his back, permeating the surrounding void.

At that moment, Dark Power began pouring into his body.

Xayvion's aura grew stronger and soon reached the Transcendental Bliss Rank's seventh stage.

"Die." After casting the Tethralis Art, Xayvion became incredibly powerful. He gripped tightly onto his sword and slashed at James.

Xayvion's attack caused the void to split open.

James knew how strong the attack was and chose to dodge it. He quickly teleported away to another area. However, the Sword Energy was right on his tail.

James realized the Sword Energy was locked onto him. No matter where he went, it would chase after him. Thus, he decided to block it.

He summoned a long sword and unleashed a powerful attack containing the primitive inscriptions of the different races. He also integrated the Anceralos World's powers into it.

Boom!

The two swords clashed.

At that moment, the void split apart, and many of the Anceralos World's areas were destroyed.

James had already used all his strength, but there was still a gap between their strengths. His Sword Energy was devoured, and Xayvion immediately followed up with another attack.

Xayvion's sword pierced through James' body.

Immediately afterward, a terrifying force burst within his body.

James was covered with injuries. He quickly retreated to the distance and wiped the blood seeping from his mouth.

However, Xayvion was after him.

James quickly released the Karma Power he had sealed away in his body, allowing it to permeate the area.

"Hmph!" Xayvion snorted. Then, he slashed out his word to split apart the Karma Power. "Karma Power can't harm me."

His cold voice resounded throughout the area.

Meanwhile, James absorbed the Anceralos World's Genesis Powers to heal his injuries.

His injuries gradually recovered.

"If I sever the Anceralos World's Gensis Paths, you'll lose your greatest weapon," Xayvion said indifferently.

Xayvion raised his sword and absorbed the Dark Power. "Destruct!" Xayvion slashed at the Anceralos World

The Almighty Dragon General Chapter 5695-Although the Anceralos World was strong, it was nothing compared to the world beyond the Halcyon Road.

The Dark Power spread, and the Anceralos World was riddled with holes. The void began to collapse.

The Anceralos World’s Genesis Powers began to seep away.

James no longer had access to the Anceralos World’s Gensis Powers and gradually became weaker.

However, James was not afraid since he had already predicted it would happen.

Even though he knew the outcome of the battle, he still came. After all, it was the only way he could avoid the fate of entering the Ritual Rank.

“I didn’t want to kill you, but you insisted on seeking death.”

Xayvion’s voice echoed throughout the area.

The Anceralos World was slowly collapsing, and its Genesis Path had already disappeared into the darkness.

Soon, the Anceralos World would be destroyed.

James’ body slowly faded into inscriptions and became a formation.

Then, his future form appeared below the formation.

James performed the Supernatural Power many times. However, he had never integrated his Divine Soul into it.

At that moment, he had completely integrated into the formation.

His formation was complete.

It was a formation composed of the primitive inscriptions of the humans and other races of the Dark World.

The formation was vast, mysterious, and contained magical power.

“What can you formation do?”

Xayvion gripped onto his sword and slashed out. A potent Sword Energy slashed at the formation.

The formation was shattered into countless inscriptions.

The inscriptions disappeared and suddenly surrounded Xayvion, trapping him within a formation.

The formation kept shrinking and tightening around Xayvion’s body.

Xayvion could not escape and could sense the potent powers of the formation.

Under the destructive power, his vitality was slowly seeping away.

“Damn it!”

Xayvion felt like his death was near.

Boom!

The surrounding area suddenly exploded. The already fragmented Anceralos World could no longer sustain the destructive force.

The inscriptions disappeared along with the destroyed Anceralos, and Xayvion died during the formation’s explosion.

The battle ended with both of them dead.

The Anceralos World was also destroyed.

Xayvion was dead, but the battle was still ongoing. Under Landry's leadership, the powerhouses suppressed the Morro Sect's powerhouses.

Although the Morro Sect's powerhouses were quite bizarre, they were ultimately wiped out.

The Dark World had suffered a great loss, and many were sacrificed.

Xayvion's mission was still accomplished. His actions caused many tragic deaths, and Xayal absorbed their energies.

The hidden powerhouses of the Anceralos, such as Xzavion, never showed up.

They were aware the battle was necessary. After Xayal recovers and leaves the Dark World, peace will be restored. For the Dark World's peace, these sacrifices were worth it.
