

The Almighty Dragon General Chapter 5741

The Almighty Dragon General Chapter 5741-After Seneca received the order from Xayal, he immediately departed with his men and began a massacre within the Dark World.

Boom!

A world belonging to one of the many Primevals was destroyed shortly after the battle started. The inhabitants within it were slaughtered, and their energies returned to the darkness.

A loud, rumbling sound spread throughout the darkness.

The Dark World's different Primevals immediately learned about the incident after hearing the deafening sound and were terrified.

Boom! Bang!

One after another, worlds were blasted into pieces and returned to the darkness as Genesis Energy.

After sensing that many worlds had been annihilated, the other Primevals frantically left their homes and fled to the Anceralos World.

Unfortunately, powerhouses from outside worlds had already conquered several of the Anceralos World's powerful sects and major families. Moreover, the members of these forces could not escape and had been imprisoned.

The Human Universe was the only safe haven.

However, Hershya had set up a formation around the Human Universe, which prevented outsiders from entering their territory.

The human powerhouses gathered within the Human Universe's Heavenly Court.

"The otherworldly powerhouses have already taken action. So far, more than a dozen Tenebrae Races have been obliterated. Their respective worlds have also been destroyed." In the main hall, Stephen explained everything he sensed happening to those present.

“What are they trying to do?”

“Everything was fine some time ago. All they did was occupy some of the Dark World’s various races. They had not taken any lives. Why are they doing this now?”

“What should we do?”

“Although the Human Universe is safe for now, we’ll be attacked after the otherworldly powerhouses are done with the Tenebrae Races.”

The human powerhouses discussed, but nobody was sure what to do.

Swoosh!

A ray of light landed within the Human Universe’s Cumulus Palace, and a white robed man with an elegant aura appeared.

Hershya exclaimed happily, “Sir Xzavion!” I’m great you’re here.”

Xzavion was one of the humans’ ancestors. Even in the Anceralos Era, he had already reached the Yuraeceon Rank. He was also part of the first group that fought and sealed Xayal away.

On the contrary, Xzavion had a solemn expression. He sighed and said helplessly, “I was severely injured in a past battle and have already reincarnated countless times. Yet, my Soul Genesis has not recovered. Now that Xayal is taking action and the Dark World is in danger of perishing, I had no choice but to show up.”

“You’re familiar with Xayal, so you should know how to defeat him.”

Hershya thought of Xzavion of their hope.

Xzavion said solemnly, “From my understanding, Xayal’s peak state is at the Yuraeceon Ninth Rank and was close to the Yuraeceon Xaelm Rank.

“The first time we fought against him, he had the combat strength of the Yuraeceon Rank’s early stage so that we could seal him away. The second time, he was on par with me.

“By the third time, he had already recovered to the Yuraeceon Fifth Rank. We had to join forces to gather the Dark Heavenly Path’s powers to injure him

severely. I'm afraid he might have already returned to the Yuraeceon Fifth Rank.

The powerhouses that fought alongside me were either dead or injured. None of them had a chance of reincarnation. Unfortunately, using the Dark Heavenly Path's powers might not be feasible now."

The Almighty Dragon General Chapter 5742-Xzavion guessed that Xayal had returned to the Yuraeceon Fifth Rank and could have even reached a higher rank.

In the past, they had to unite about a dozen powerhouses at the Yuraeceon Rank to mobilize the Dark Heavenly Path's powers. Unfortunately, many suffered serious consequences and did not even have the chance to reincarnate.

Out of them, Xzavion and Hershya were the only ones fortunate enough to reincarnate. The others eventually perished.

Even though being at the Yuraeceon Rank allowed them to mobilize the powers of the Dark Heavenly Path, the amount they could use was limited.

With only two powerhouses at the Yuraeceon Rank, the extent of the Dark Heavenly Path's powers they could summon was nowhere near enough to injure Xayal, let alone destroy him.

Now that Xayal was boldly attempting to destroy the Dark World, it must have meant he had reached an even higher cultivation rank.

"What can we do then?" Hershya became anxious.

Xzavion frowned and said, "We can only place our hopes on one person."

"James?" Hershya read his mind.

Xzavion nodded lightly and said, "Thea's birth was not an accident. It's possible the Dark Heavenly Path had some sort of arrangement. However, there's no news about James' whereabouts. With such a big commotion in

the Dark World, he must've already heard about it. Right now, we need to buy as much time as possible."

Hershya said, "Please tell me if there's anything I can do to help."

Xzavion scanned at the powerhouses in the Cumulus Palace. Everyone present had relatively low cultivation ranks and was of no help in the impending battle.

He looked back to Hershya and ordered, "We must protect the Anceralos World with everything we've got. The otherworldly powerhouses have spread out in the Dark World, destroying the various major races. We can't just watch them die.

You head over to the different races and eliminate the attacking otherworldly beings. Then, use the Anceralos World as a foundation to set up a formation.

We must guard the Anceralos World."

"Will it be able to stop them?" Hershey asked with a worried expression.

She knew the strength of Seneca. After all, Seneca was not Xayal. The Anceralos World's powerhouses would not be able to fight against Xayal.

Xzavion replied, "We'll have to try."

"Okay. I'll go right away."

Hershya quickly left the Heavenly Court without hesitation.

The humans gathered in the hall stared at Xzavion. They had never seen him before and were unaware of his identity.

Even so, they could tell he was someone powerful just by the way Hershya was being so respectful toward him.

Xzavion scanned everyone in the hall again, and his gaze finally fell on Stephen. He released his Zen and examined Stephen.

Stephen's soul was also searched, and he felt he could not hold any secrets before Xzavion.

“W-Why are you staring at me like that?” Stephen took a few steps backward and looked at Xzavion warily.

Xzavion replied, “Come with me.”

Although Stephen was unsure of Xzavion’s intentions, he could at least sense it was not malicious since it was a critical moment for their survival.

“Okay.” Xzavion nodded.

The Human Race’s holy site was where the first human was born.

Stephen ventured to the holy site some time ago searching for boons and treasures. However, the Human Race’s primitive inscriptions had long disappeared inside the holy site. Apart from magical Empyrean Spiritual Energy, there was nothing special about the place.

The Almighty Dragon General Chapter 5743-Xzavion and Stephen arrived at a spiritual mountain within the holy site.

Stephen looked at Xzavion, who was dressed in a white robe and exuding a powerful aura, then asked, “Why did you call me here, sir? Do you have an order for me?”

“Hmm.” Xzavion examined Stephen for a while, analyzing his cultivation rank.

Stephen was a genius and improved rapidly. He was even capable of mobilizing the Anceralos World’s powers. Moreover, he received a huge blessing after the Anceralos World was reformed.

After entering a prosperous era, his cultivation grew by leaps and bounds. At that moment, he had already reached the Transcendental Bliss Rank’s ninth stage. He was only one step away from the Yuraeceon Rank.

Xzavion sighed and said, 'The Anceralos World's power isn't enough to stop the attacks from the otherworldly powerhouses. However, you'll have to hold up until James appears.'

"Me?" Stephen was startled.

Xzavion nodded and said, "Yeah. You have an extraordinary origin, but I don't have much time to explain it to you."

After speaking, Xzavion waved his hand, and a storage treasure appeared before him.

Stephen asked, "What's this?" Xzavion explained, 'The powerhouses that fought alongside me perished. After their deaths, I collected their Genesis Energy in this storage treasure. You must refine the energy as soon as possible. It's pure energy, so it shouldn't take too long. After refining them, you should be able to reach the Yuraeceon Fifth Rank.

Stephen's brows furrowed. "Aren't you a powerhouse at the Yuraeceon Rank, sir? Wouldn't it be better for you to absorb it?" Xzavion replied, "I absorb them too slowly. Even if you give me eons, I won't be able to refine them. We don't have much time left. You must absorb the energy before the otherworldly powerhouses attack the Anceralos World."

Stephen asked puzzledly, 'Then why am I able to?' "Let's get over this catastrophe first. If we can't make it, there's no point for you to know." Xzavion sighed, then left the holy site.

Stephen stared at the storage treasure before him. He released his Zen and immediately found the small world containing abundant amounts of energy located within it.

The energy accumulated was left behind after the deaths of about a dozen powerhouses at the Yuraeceon Rank.

Xzavion knew Xayal would have tried to absorb the energy of his deceased comrades and treat his wounds. To prevent that, he cast a Supernatural Power to collect the energy.

After observing for a while, he sat in a lotus position. Then, he casually waved his hand, and countless inscriptions appeared from his palm to form a time formation.

While Stephen absorbed the energy, the otherworldly powerhouses were on the move. One by one, they destroyed the Tenebrae. The massacre caused a lot of energy to be released into the darkness.

Many races had already been wiped out. After the other Tenebrae learned about the news, they quickly fled to the Anceralos World.

On the other hand, Hershya was busy eliminating the otherworldly powerhouses stationed outside the Anceralos World.

After the otherworldly powerhouses outside the Anceralos World were cleared out, Xzavion and Hershya cast a powerful formation. They used the Anceralos World as the foundation and strengthened it with the primitive inscriptions of the Dark World's different races.

The formation enveloped the entire Anceralos World

The Almighty Dragon General Chapter 5744-Hershya and Xzavion worked together to set up a mighty formation capable of blocking out powerhouses at the early stages of the Yuraeceon Rank.

Even after setting up the formation, Xzavion was still worried. Their enemies were simply too powerful.

If Stephen could not finish absorbing the energy in time, the Anceralos World would be destroyed. It would be the doomsday for the Dark World's last world.

Boom!!!

The sound of huge explosions came from the depths of the Dark World, with each representing the destruction of a world and the death of countless lives.

Everyone in the Anceralos World began to panic and worry after hearing the dreadful sounds. Many people were gathered within the Human Race's Heavenly Court.

“Huff! It’s over! We’re done for.”

Quattro sat on the chair, discouraged. Even though he was surrounded by beautiful women, he could not spare them a glance.

“I thought I’d be able to have a good life after being reborn as the Primogenitor of the Aveswine in this era. I’ve only enjoyed it briefly, and it’s almost the end of our world.” Quattro’s voice echoed in the silent hall.

Xeraiah reprimanded, “Shut up, pig. You shouldn’t be saying such discouraging words right now.”

Quattro looked at him and said gloomily, “What else can we do in the current situation? Have you not heard? Xayal was at the Yuraeceon Ninth Rank during his peak. We don’t even have anyone at the Yuraeceon First Rank in the Dark World. How will we fight?”

Suddenly, the view of the Dark World’s depths projected in the hall. Everyone immediately stood up in shock.

A strange star with an ugly face appeared within the projection. Its mouth was wide open, devouring the darkness. It closed its jaws, and a large area of the Dark World was gone.

Quattro screamed, “Fuck! What kind of monster is that? It swallowed part of the Dark World. If things continue at this rate, it will eat up the Dark World!”

Everyone in the main hall was in a state of panic.

Elsewhere, the other inhabitants of Anceralos World also witness the same scene.

At that moment, all the living beings in the Anceralos World were in despair.

Xzavion and Hershya have returned to the Heavenly Court’s Cumulus Palace.

Seeing the two return, those in the hall had a glimmer of hope. Xzavion and Hershya were powerhouses at the Yuraeceon Rank. With them, there was at least some hope.

After watching the projection in the main hall, Xzavion cursed, “Damn it, Xayal!

He's trying to make everyone in the Dark World despair. Those who die with stronger negative emotions would produce greater energy. After these energy return to the Dark World, he will absorb them."

At that moment, Hershya sensed some creatures approaching the Anceralos World. They attempted to enter the Anceralos World but were blocked out by the formation.

"Many of the Dark World's races have appeared outside the formation. Should we open the formation and let them in?" asked Hershya.

Xzavion shook his head and said, 'The formation is one with the Anceralos World. People inside can leave, but those outside can't enter. Once we open the formation, we won't be able to cast a formation as strong as this again."

"But..." Hershya said solemnly, "There's too many of them out there seeking refuge."

"I know. However, we can't open the formation no matter what. Otherwise, our fates will be sealed. The Anceralos World will be destroyed, and all of us will perish," Xzavion answered with a firm expression.

The Tenebrae sensed the danger, so they left their worlds and fled to the Anceralos World for refuge.

Some had managed to enter the Anceralos in time, but those who were a step slower were blocked out by the formation.

The Almighty Dragon General Chapter 5745-The Anceralos World's only remaining powerhouses gathered in a bordering city and started into the dark space Countless flying battleships larger than stars gathered within the dark void, carrying many passengers.

"Open the formation."

“Please hurry! The otherworldly powerhouses will be arriving soon.”

A few voices came from the outside space.

After seeing the anxious refugees, the powerhouses in the Heavenly Court’s main hall had solemn expressions. Many of them had the urge to open the formation and allow them into the Anceralos World. However, it was not up to them.

Xzavion and Hershya were in charge, but they had yet to speak on the matter.

The scene of Xayal devouring the Dark World was still projected before Xzavion and the others. They watched as he took bites out of the dark space.

Seeing the Dark World shrinking, everyone had solemn expressions.

Boom!

A rumbling sound came from the dark space outside of the Anceralos World.

Following the sound was the sight of a strange battleship belonging to the otherworldly powerhouses.

Seneca and a group of otherworldly powerhouses were onboard the battleship.

“Hehe!” Seneca chuckled after seeing the different races blocked from the Anceralos World by the formation.

“They’re here.” Xavion took a deep breath. He clenched his fists and said, “We must buy time until Stephen is out of seclusion, no matter what it takes!”

After speaking, he leaped into the sky and flew toward the formation. Then, he passed through the formation.

It was only possible to leave the formation, whereas entering was impossible.

Xzavion stepped out of the formation, determined to sacrifice his life.

He rushed to the frontlines, fighting a battle for all of the Dark World’s living beings. He stood in the void and stared at the army ahead of him.

“Xzavion...” Seneca looked at him and said calmly, “I’ve heard of you. You’re a genius of the Dark World. It’s a pity you encountered my master and got injured.

You’ve been trying to heal for long years but never managed to come to a complete recovery. If you weren’t hurt, you would have already entered the Yuraeceon Xaelm Rank.

Seneca was at the Yuraeceon Third Rank and was incredibly powerful. Even Xzavion was no match against him.

Despite knowing his chances of victory were slim, Xzavion was ready to fight.

He had the entire Anceralos World behind him. Plus, there was still a formation to protect them if he went down.

Xzavion floated in the void, staring at Seneca. He smiled faintly and responded, ‘You’re flattering me. The battle today was bound to happen. Will you fight me individually or together as a team?’

The Dark World’s other races had been destroyed, and countless lives were lost.

The Anceralos World was the last place still standing. At that moment, the survivors from the different races had gathered outside the Anceralos World.

Moreover, Xayal was constantly devouring the Dark World. Therefore, Seneca was not in a rush, nor was he anxious.

To him, the Ancesralos World was nothing but energy. The living beings were also just energy destined to be devoured by his master.

‘You’re not a match for me, Xzavion.” Seneca looked nonchalant.

“You never know.” Xzavion put his hands behind his back and unleashed a powerful aura.

The Almighty Dragon General Chapter 5746-Living beings from all over the Dark World had gathered outside the Anceralos World in their massive flying battleships.

On every battleship, there were at least trillions of living beings aboard.

In the distance were several more battleships belonging to the otherworldly powerhouses. Seneca stood before them and stared at Xzavion with a smirk.

Xzavion, on the other hand, stood calmly in the distance after activating all his powers. He was the most talented human in all of their race's history.

Unfortunately, he had encountered the injured Xayal, who had come to the Dark World to heal, right after he entered the Yuraeceon Rank. He was severely injured when he fought against Xayal, but he still succeeded in sealing Xayal away.

After Xayal was sealed away, Xzavion locked himself away in a deserted place to recuperate.

However, Xayal was released before Xzavion could recover. He had no choice but to leave seclusion and try to defeat Xayal again.

He had been trying to recover ever since the battle. His injuries were too severe, and he had to go through multiple reincarnations to restore his Soul Genesis.

Even so, he still had not completely healed.

His current cultivation rank was at the Yuraeceon First Rank.

Even though he had mastered the human's primitive inscriptions, and many that belong to the Dark World's various races, his combat effectiveness was only at the Yuraeceon Second Rank at best.

However, he could probably unleash the strength of the Yuraeceon Third Rank with the Anceralos World behind him.

Faced with Seneca, a powerhouse at the Yuraeceon Third Rank, he stood a chance.

Xzavion stood in the void, and his white robe swayed. With one hand behind him, he made an inviting gesture to Seneca.

“So what will it be? Will you guys fight one by one or as a team?” Xzavion’s voice resounded.

“Hehe.” Seneca smiled faintly, then waved at one of his subordinates.

The subordinate immediately stepped forward and said respectfully, “What’s your order, sir?” Seneca ordered calmly, “Go and kill him.”

The subordinate immediately stepped forward.

Seeing that a battle was about to break out, the battleships outside the Anceralos World quickly retreated to a safe distance. A battle between powerhouses at the Yuraeceon was about to break out, and the aftermath of their confrontations would be enough to kill them. Thus, they hurriedly backed away, avoiding the battlefield.

Seneca noticed their movements and gave an order to his other subordinates.

“Get rid of those guys first.”

Following his order, countless otherworldly powerhouses alighted the battleship.

All of them were at very high cultivation ranks. Even the weakest was at the Holy Celestial Rank. The rest were mostly at the Quasi Bliss Rank. i With such a high cultivation rank, they would be considered peerless powerhouses in the Dark World. However, they were just ordinary soldiers from where they came from.

Swoosh!

At that moment, Xzavion made a move. A steady stream of energy came from the Anceralos World and gathered to form a giant sword.

The giant sword fell from the sky and blocked off the Otherworldly Army.

Xzavion calmly hovered in the dark void after stopping the army.

At that moment, Seneca's subordinate had already charged into action.

The subordinate was at the Yuraeceon First Rank. He had a bizarre spear-like weapon that had barbs all over it. He waved his spear and attacked Xzavion.

The Almighty Dragon General Chapter 5747-As Xzavion stood in the dark void, countless inscriptions emerged and surrounded him to form a protective shield.

The shield easily blocked the otherworldly powerhouse's attack.

Immediately afterward, Xzavion disappeared from the spot and appeared behind his opponent. Then, he quickly raised his hand and landed an attack.

Xzavion's opponent was at the Yuraeceon First Rank but could not even react to the attack. As soon as he was struck, the power of the Anceralos World and the formation penetrated his body. His body exploded instantly. His soul became energy and disappeared into the Dark World.

Those watching from the Anceralos World and nearby the universe cheered after Xzavion easily killed one of the otherworldly powerhouses.

Unlike the rest, Hershya had a solemn expression. She was the only one who knew Xzavion had utilized the power of the formation to mobilize the Anceralos World's powers. In other words, Xzavion had used all his strength to kill just one of the otherworldly powerhouses. The worst part about the situation was the person he had killed was not even the strongest.

The strongest of the current army would be Seneca. However, there was still Xayal to defeat.

While the battle outside the Anceralos World occurred, the bizarre star continued devouring the Dark World.

Everyone in the Dark World could watch the Dark World being consumed and were in constant panic.

Seneca did not show any grief for the death of his subordinate. To him, they were disposable resources. Naturally, he also knew Xayal thought the same of him.

“Impressive.” Seneca smiled faintly, then casually waved his hand. Right then, about thirty otherworldly powerhouses stood up behind him. Although most were only at the Yuraeceon First Rank, their numbers were overwhelming.

“Attack,” Senece ordered.

“Yes, sir.” The thirty or so otherworldly powerhouses immediately charged toward Xzavion.

Meanwhile, Senece summoned a chair and sat down to watch the show.

Xzavion no longer looked composed after realizing he was up against thirty or so opponents.

At that moment, a terrifying force appeared in the distance and immediately caught a lot of attention.

Everyone looked toward the force and saw a man approaching from afar.

Every time he took a step, his aura would grow stronger, and the power of the Greater Paths would gather toward him. When he arrived near the Anceralos World, he already had all the Dark World’s Path Powers behind him.

The different paths were like vines, and they took root within the Dark World.

“It’s Wyot!”

“He’s back!”

The living beings within the Anceralos World exclaimed in koy.

Meanwhile, the otherworldly powerhouses immediately sensed how powerful Wyot was.

“This guy...” Xzavion frowned.

At that moment, Wyot was burning himself to gain great strength.

His Thousand Paths Holy Body naturally allowed him to mobilize the strength of the Greater Paths. They existed within different planes, but the strength of urging them to their greatest potential was terrifying.

The Almighty Dragon General Chapter 5748-Wyot appeared outside the Anceralos World. Previously, he was severely injured by Seneca. During this period, he had been recuperating. Unfortunately, he had not fully recovered, but the otherworldly powerhouses had already taken action.

With the Dark World at stake, he had no choice but to come out of seclusion.

He stepped through the void, and his body was burning.

Strange flames emitted from his body, painting a terrifying scene.

After burning his soul and body, he gained power beyond his cultivation rank. At the same time, the strength of the Greater Paths had also improved.

Even though Wyot was only at the Yuraeceon First Rank, he had strength at the Yuraeceon Third Rank.

“Wyot...”

Yemima watched from a bordering universe of the Anceralos World with tears streaming down her face.

At first, Wyot was traveling slowly. However, he began to pick up speed after getting close to the Anceralos World.

The flames from Wyot’s body had illuminated the dark void. He stopped in front of Xzavion, and gradually, the space became too dim.

"I'm guilty." After Wyot appeared, he looked at the Anceralos World behind him and the many survivors of the different races stranded outside with an apologetic expression.

He said repentantly, "I made a mistake in judgment and thought that Thea was the reincarnation of Xayal. I killed her with the power of a Dark Heavenly Tribulation. As a result, the Dark World has to face this catastrophe.

"I'm willing to sacrifice my body to atone for my sins." Wyot's voice resounded in the Dark World.

Immediately afterward, the rules rooted in the darkness behind him suddenly moved and attacked the army of otherworldly beings.

The otherworldly powerhouses instantly found themselves entangled by the Greater Paths.

As soon as they were trapped, Wyot's body exploded. His body and soul were destroyed, but he brought thirty or so otherworldly powerhouses down with him.

Those watching from the Anceralos World shed tears after watching Wyot self destruct.

Wyot single-handedly wiped out about thirty opponents.

Although he died for it, his sacrifices would be remembered forever.

Seneca, on the other hand, was indifferent about his subordinates' deaths.

Wyot killed many otherworldly powerhouses, saving Xzavion and the Anceralos World's powers.

With his sacrifice, he bought a little bit more time.

"Who else?" Xzavion stood in the dark void, staring at the Otherworldly Army in the distance.

Seneca stood up and looked behind him, only to discover that almost all his stronger subordinates were wiped out.

The rest were ordinary soldiers who could not fight against a powerhouse at the Yuraeceon Rank.

Seneca stretched his muscles and murmured, "Shall I do it myself?"

He slowly stepped forward into the dark void. At that moment, a man appeared in his previous spot.

The man wore a black robe, and his handsome face had a playful smile.

"Xayvion?"

Those watching from the Anceralos World gasped in shock.

"How is this possible?"

"Why is he here?"

"Didn't James kill him a long time ago? How is he still alive?"

Xayvion's sudden appearance stirred up a wave of confusion.

The Almighty Dragon General Chapter 5749-Sensing Xayvion's arrival, Seneca turned around with a smile and said, "You've finally shown up. I might've been unable to do anything against them if you didn't come soon."

Xayvion looked at Seneca indifferently. Although they were both disciples of Xayal, he never took Seneca seriously. He slowly stepped forward and looked at the Anceralos World in the distance. After noticing the countless survivors outside, he revealed a smirk.

Even though he was working under Xayal, he secretly had his ambitions. He reappeared with a plan and goal in mind. If he succeeded, he would overthrow Xayal and become the lord of the Genesis World.

"It's Xayvion!"

The Yefteros rejoiced after seeing Xayvion.

“He’s still alive.”

“Hurray! We’re saved!”

The Yefteros cheered, but Xayvion completely ignored them. Even though he was from the Yefteros, they were nothing in his eyes now. They were nothing but a burden to him.

He gently tapped the void in front of him. Suddenly, a ferocious mouth appeared and swallowed up the Yefteros’ battleship.

The scene frightened the various other races.

After eliminating the Yefteros, Xayvion alighted from the battleship and stood in the dark void. He looked at Xzavion and said lightly, “Even if you have a formation and the power of the Anceralos World, I can obliterate you in one move.”

Xayvion raised his hand, and an illusionary palm print appeared in the void. It immediately swung at Xzavion and trapped him.

Xzavion felt a powerful force permeating his body but could not resist even with the powers of the formation and the Anceralos World.

Gradually, his body was covered in injuries, and he was soaked in blood.

Boom!

The void exploded, and Xzavion disappeared, along with the loud rumbling sound.

After witnessing Xzavion’s death, everyone fell into despair.

Hershya, on the other hand, immediately rushed out of the Anceralos World without hesitation.

“Another one here to die?”

Xzavion looked at Hershya disdainfully and then attacked again. However, a potent formation immediately surrounded and protected Hershya.

Hershya had used the Human Race's primitive inscriptions to form a protective shield on the surface of her body.

However, her cultivation rank was lacking after all. She was not a match against Xayvion, a powerhouse at the Yuraeceon Fifth Rank.

At that moment, a long black sword charged at her and pierced through her body.

Her body fell apart and then exploded into a mist of blood.

Wyot, Xzavion, and Hershya had already sacrificed in battle one after another.

The remaining survivors were just some living beings that had not entered the Yuraeceon Rank.

Xayvion looked at the Anceralos World before him. It was the last place still intact within the Dari World. He raised his hand and summoned a great force within his palm. Then, the energies gradually transformed into a massive sword.

Xayvion murmured, "Farewell, Anceralos World."

The giant sword slashed down at the Anceralos World as soon as he finished speaking.

The Almighty Dragon General Chapter 5750-The Almighty Dragon General Chapter 5749A massive sword appeared in the dark void and slowly fell toward the Anceralos World.

At that moment, the living beings watching from the borders of the Anceralos World were in despair. Although they wanted to fight and try to resist the attack, their cultivation ranks were too low to be of any use. Even powerhouses at the Yuraeceon Rank were obliterated. They would just hasten their deaths if they stepped foot outside of the Anceralos World.

The giant sword fell and shattered the Anceralos World's formation, which Hershya and Xzavion had set up. Soon, the border of the Anceralos World began to collapse and disintegrate.

Seeing the Anceralos World about to be destroyed, the races that had come for refuge had hopeless expressions.

"It's over." "The Dark World's final stronghold is about to collapse.

We're doomed."

As the giant sword slowly sliced at the Anceralos World, everyone within it began to panic.

"I don't want to die."

"Help me!"

Despairful cries resounded throughout the Anceralos World. However, there was nothing that could save them from the situation.

Meanwhile, in the deepest part of the Human Race's holy site, Stephan was in a lotus position, and a potent aura emitted from his body. Stephen went into seclusion after receiving the storage treasure containing the energy of Xzavion's past comrades.

Although not much time had passed in the outside world, he had spent a long time within the time information.

Fortunately, he did not have to work too hard to absorb the energy and easily refined it into his power.

Stephen's cultivation base improved rapidly, and he soon entered the Yuraeceon Rank. Shortly after, he went from the Yuraeceon First to the Yuraeceon Fifth Rank's early stage.

However, his cultivation base was unstable because he had borrowed external energy to improve his cultivation rank. Therefore, he could not fully control the power of the Yuraeceon Fifth Rank.

At that moment, he sensed the situation outside and found that the Anceralos World was about to be destroyed.

Stephen wanted to stabilize his cultivation base, but there was no time left. He quickly teleported to the edge of the Anceralos World.

The giant sword had not completely fallen, but a large part of the Anceralos World's border had already been destroyed. Everyone in the Anceralos World stood in place like statues. The fear had completely paralyzed them, and they could not react.

Suddenly, a figure flashed through the air and appeared at the Anceralos World's border. He released a potent aura, and his body enlarged.

He raised his hand, caught the sword, and shattered it into pieces.

"This?"

Everyone closed their eyes, awaiting death. They opened their eyes when they suddenly felt the giant sword being stopped by something.

"It's Stephen!"
