

The Almighty Dragon General

The Almighty Dragon General Chapter 5751—"He's out of seclusion!" "His aura is so potent!"

The Anceralos World's living beings saw a glimpse of hope after Stephen had appeared.

Xayvion was surprised after seeing someone from the Anceralos World block his sword. He examined Stephen for a while and remembered he was the guy who had broken his Obsidian Body with James' sword.

After Stephen left seclusion, he immediately grasped the situation and learned that Wyot had sacrificed himself to take down thirty or so otherworldly powerhouses. He also found out that Hershya and Xzavion had sacrificed themselves in battle.

"I'm sorry for arriving late, Sir Xzavion."

Stephen wore a guilty and sorrowful expression. However, it was quickly replaced with determination. He said decisively, 'Til protect the Anceralos World.

Unless I die in battle, I won't let anyone destroy the Anceralos World."

His voice echoed throughout the Dark World and was transmitted into the Anceralos World behind him. After hearing his declaration, everyone in the Anceralos World was hopeful again and believed in Stephen.

Quattro, who watched from the Anceralos World's border universe, stared at Stephen with a frown. Then, he murmured, "How did he become so strong."

Although he was puzzled, he found his questions no longer important. The current priority was to protect the Anceralos World.

Xayvion smiled faintly, then said, "I never expected a human of the Anceralos World to be able to reach such high cultivation rank. I'm really surprised.

Regardless, the Anceralos World will have to be destroyed. Even if you've entered the Yuraecheon Fifth Rank, you can't change the Anceralos World's fate."

Stephen looked at him and said coldly, "You're from the Dark World, Xayvion.

Yet, you've sided with an outside world. Even if you survive this battle, will you not have a guilty conscience?"

"Haha." Xayvion chuckled and said, "Why would I?" As soon as he finished speaking, he took action. He appeared directly in front of Stephen and slashed out his sword. Before his sword landed the attack, a powerful Sword Energy was released and attacked Stephen.

The Sword Energy was terrifyingly powerful. Even though Stephen had reached the Yuraecheon Fifth Rank, he was afraid to be careless.

He quickly summoned a long sword, mobilized all his strength, and called upon the strength of the Anceralos World.

The Anceralos World's powers gathered inside his body and flowed into his sword.

The Sword Energies clashed and intertwined. Following up, their swords locked, and the time around them seemed to have frozen upon impact.

They remained in the same position for what seemingly felt like an eternity.

Suddenly, an explosion occurred, and they were knocked away.

After the two were blasted into the distance, the dark voice they had confronted each other began to collapse.

The shock wave caused by the impact permeated the void.

Meanwhile, the other race's survivors who had fled to the Anceralos World quickly entered after the formation was destroyed, trying to avoid the shock wave.

While Stephen was kept occupied by Xayvion, Seneca quickly ordered, "Send out all troops to the Anceralos World and kill everyone."

Following his command, the flying battleships began to move forward and approach the Anceralos World.

The border universe of the Anceralos World became the gathering point of the powerhouses that could contribute to the battle. Although they were not at the

Yuraecheon Rank, quite a few were at the Transcendental Bliss Rank's eighth to ninth stage.

Seeing the flying battleship approaching, everyone summoned their weapons and mobilized all their strengths.

The aura of the living beings gathered together to form a powerful force.

"Fight!"

Everyone shouted, and their voices echoed throughout the Anceralos World.

Despite knowing it was most likely the end of them and that they stood no chance, they were fearless and braced themselves.

The Almighty Dragon General Chapter 5752-Seneca, a powerhouse at the Yuraecheon Third Rank, led a large group of otherworldly powerhouses, mostly at the Yuraecheon Rank.

However, Wyoy had wiped them out. Those who survived were mere soldiers.

The flying battleship moved rapidly and soon reached the border of the Anceralos World. The powerhouses in the Anceralos World also prepared to fight.

The Dark World's other races also joined in the fight.

After Seneca gave the order, he disappeared into the darkness.

He did not join the battle. Instead, he went to the deepest part of the Dark World because he had received an order to accomplish something else.

Meanwhile, he left Xayvion in charge of dealing with the Anceralos World.

Xayvion wanted to destroy the Anceralos World. However, Stephen was getting in his way. The two engaged in an intense battle outside of the Anceralos World.

The Otherworldly Army, on the other hand, attacked the remaining living beings of the Dark World.

The battle was fierce.

All of the humans of the Anceralos World participated in the battle. Since they were bound to die, they might as well burn themselves to gain strength. At least, it would be better than dying without a fight.

Concurrently, the strange star was devouring bits and parts of the Dark World.

At that moment, it was close to the Dark Forbidden Zone, where James was in seclusion.

The star opened its mouth and was about to devour the Dark Forbidden Zone.

However, it suddenly sensed a magical power from within it, protecting the area.

Xayal knew he could not kill James yet.

James was a very special existence. He had a past and future form, and it was impossible to kill him.

Xayal avoided James and moved onto a different area. He continued devouring the dark space and grew stronger with each bite. With each bite he took, he would recover a little of his powers.

James, on the other hand, was still in seclusion. He focused on trying to understand his past and present forms, as well as Xayal.

The fierce battles outside the Dark World continued.

"Watch out!" An anxious voice resounded in the dark void.

Jacopo, who was injured, was besieged by a few otherworldly powerhouses. At a critical moment, Hetsema appeared and expelled the otherworldly powerhouses with his sword.

“Thank you.” Jacopo looked at him gratefully.

“Hmph,” Hetsema snorted and said, “Who told you not to cultivate hard in the past? Be more careful. I can’t keep helping you.” After speaking, Hetsema gripped his sword and charged at the Otherworldy Army. He waved his sword, and explosive powers erupted. His attacks killed off several of their opponents.

The living beings in the Anceralos World fought bravely, but they were outnumbered. The otherworldly beings kept charging forward.

Their opponents were powerful. Even the weakest was at the Holy Celestial Rank.

Although the Dark World had many different races, their overall power was weak because of their multiple strifes in the past. In comparison, their strongest powerhouses were considered weak.

The Dark World’s powerhouses were forced to gradually retreat into the Anceralos World.

However, a loud shout came from the bordering universe.

“Stop them! We can’t let them invade the Anceralos World! Once they get past us, it’ll be the end for the Anceralos World!”

After hearing the reminder, the powerhouses from different races immediately burned their blood and souls for greater strength.

They quickly gathered and formed a wall at the bordering universe to block the Otherworldy Army.

Unfortunately, there were too many otherworldly powerhouses.

The Dark World’s powerhouses, including Xeraiah, Talvelai, and Qairo, were attacked by several otherworldly powerhouses.

All of them were at the Transcendental Bliss Rank, but their opponents were much stronger and had greater numbers. At that moment, they were already injured all over.

The Almighty Dragon General Chapter 5753-At the bordering universe of the Anceralos World, a frail woman sat on the ground in ruin. Her bloody wounds stained her white dress.

Her aura constantly weakened, and her vitality was seeping away.

Swoosh!

Just when it felt like it was the end for her, a woman suddenly appeared before her.

Quincy had a smile on her face upon seeing the woman. She called out, "Maxine."

"You're not even at the Holy Celestial Rank. What gave you the courage to participate in the battle?" Maxine walked over, waved her hand, and summoned powerful life force from her palm.

The life force submerged into Quincy's body, and her condition temporarily stabilized.

Quincy stood up, grabbed her long sword, and was prepared to rejoin the battle.

Maxine advised her, "You should stay back. Your cultivation base is too weak. If you fight, you'll die." Quincy said indifferently, "If I stay back, I'll just be waiting for death. I'd rather die on the battlefield." Maxine fell silent at her response.

Quincy was right. Staying back would be equivalent to waiting for death.

Maxine scanned the battles in the distance. The living beings of the Dark World were perishing one after another.

Maxine had received several blessings in the past and even entered the Human Race's holy site. In the holy site, she had a breakthrough and entered

the Transcendental Bliss Rank. Moreover, she had severed her emotions and entered the eighth stage. At that moment, she was incredibly powerful. Yet, she was powerless against the overwhelming Otherworldy Army.

After briefly hesitating for a while, she rushed back onto the battlefield.

The living beings outside the Anceralos World's bordering universe stayed tenacious and desperately fought to keep the Otherworldy Army from advancing.

On the battlefield, Xezal found herself besieged by several otherworldly powerhouses. Her hair was messy, and her body was covered in injuries. Her back was bruised and bloody from all the ambushes.

When she was at her limit, Yemima suddenly appeared and fought off her opponents.

Xezal was temporarily safe. She looked at Yemima and said gratefully, "Thank you."

Yemima, however, did not reply. At that moment, she was livid. Although she had ethereal beauty, she emitted a very hostile and murderous aura, causing the surrounding space to distort.

On the battlefield, the scene of living beings in despair after partings with loved ones continued to play out.

One after another, living beings could be seen collapsing into pools of blood.

The battle in the dark void some distance from the Anceralos World was even more intense.

Xayvion and Stephen were both powerhouses at the Yuraecheon Fifth Rank. As they fought, their potent powers spread out and caused damage to the surrounding void.

Stephen had just entered the Yuraecheon Fifth Rank, and his cultivation base was still unstable. He had yet to completely gain control over his powers. He was at a disadvantage while fighting against Xayvion. He kept sustaining injuries, and his strength was slowly drained. He was almost unable to hold on much longer. However, he refused to fall. He was determined to die on the battlefield.

The Anceralos World would be doomed if he were to fall too soon.

The Dark World would cease to exist if even the last world standing was destroyed.

Stephen was severely injured, and he was slowly losing consciousness. His vitality was slowly seeping away, and his soul was about to perish.

“Ahh!!!” Stephen roared, and his voice resounded throughout the Dark World.

Immediately afterward, flames burst out from his body. He had set his soul and blood on fire.

His body was covered with flames, but he gained great power in return.

Xayvion cursed, “You’re crazy. Is the Anceralos World really worth fighting for?”

The Almighty Dragon General Chapter 5754-Stephen was struggling against Xayvion and was about to be defeated. He had to burn himself and gain power beyond the Yuraecheon Fifth Rank.

Xayvion secretly cursed out and was afraid of fighting a madman like Stephen.

He had returned to the Dark World with a goal, not to fight to his death.

For now, he had to buy as much time as possible. Once Stephen had exhausted his strength, it would be time for him to act.

Xayvion quickly dodged into the distance.

Stephen, however, chased after him relentlessly. He planned to quickly eliminate Xayvion while in his strongest state.

Meanwhile, the fight to protect the otherworldly powerhouses from invading continued.

The Dark World's side was losing numbers quickly, and those still standing were already heavily injured. They gradually retreated into the Anceralos world and lost the bordering universe.

Just when the Otherworldy Army was about to win the battle, a mysterious existence appeared in the dark void.

Suddenly, a potent Dark Power fell like rain onto the battlefield.

The humans rained upon by the power immediately recovered from their injuries, and their cultivation ranks improved rapidly.

Those at the Martial Celestial Rank entered the Holy Celestial Rank, and the other ranks also improved by a rank.

At that moment, the humans had their power enhanced.

"What's this?" The humans were dumbfounded.

They were unsure of what had happened. However, they did not show any hesitation to fight. As soon as they recovered, they immediately returned to the battlefield and led the other races to fight.

In the Anceralos World, a badly injured middle-aged man sat on a rock in ruins.

Saeylla looked at Jurryt and suggested, "Let's withdraw, father."

Jurryt used to be the leader of the Shadowers. He was also a member of the Dragon Race and the current leader.

After sensing the human race's increase in strength, he took a deep breath and said surprisedly, "What's going on with the Dark Heavenly Path? Why is it taking care of the Human Race? Why did it help them recover and obtain greater strength?"

Jurryt had tried cultivating the Dark Heavenly Path before. Thus, he had mastered some of the Dark Heavenly Path's strength. He could sense that it was trying to help the humans.

He was capable of controlling a portion of the Dark Heavenly Path. Hence, he knew it was just a bunch of rules and order. It was ruthless and would never favor one race over the other.

Saeylla said, "I heard Thea is the Dark Heavenly Path's reincarnation. She's also a member of the Human Race and James' wife. Perhaps it's the reason the Dark Heavenly Path had shown itself to help the humans."

Jurryt slowly got his feet. However, he immediately collapsed back to the rock after feeling the sharp pain from his injuries.

"Father!" Saeylla quickly reached out to help him.

Jurryt waved his hand and said, "My body is already drained. It's time I contribute to this world."

After Jurryt finished speaking, he leaped into the sky and forcefully activated a portion of the Dark Heavenly Path's power.

At that moment, he gained control over a small amount of the Dark Heavenly Path. However, he had paid a heavy price for it. The Dark Heavenly Path's powers flowed into his body, but he could not withstand it.

His body was instantly riddled with injuries.

"Haha! Otherworldly powerhouses..."

He burst out laughing, then returned to his true form—a golden dragon. He soared into the sky and flew toward the battlefield. His body emitted a golden glow, illuminating the dark void. Those who came in contact with the golden light were instantly killed.

With whatever little life force Jurryt had, he used it to kill a bunch of otherworldly powerhouses.

After flying over to the battlefield, his body began to disintegrate rapidly, and the golden glow disappeared. Shortly after, he completely vanished from sight.

The Almighty Dragon General Chapter 5755-Meanwhile, Maxine sat in a lotus position in a ruin. She was receiving the power of the Dark Heavenly Path, and her cultivation rank was improving.

She advanced from the Transcendental Bliss Rank's eighth rank to the ninth stage. At that moment, she was trying to break into the Yuraecheon Rank.

Her cultivation improved rapidly.

Swoosh!

The aura within her body rushed into the sky like a dragon after she successfully entered the Yuraecheon Rank.

Her aura transformed into a giant sword and slashed at the battlefield.

As the sword fell, countless troops of the Otherworldly Army were wiped out.

The Otherworldly Army no longer had any powerhouses at the Yuraecheon Rank on the battlefield.

Seneca, who was at the Yuraecheon Third Rank, had already evacuated.

After Maxine entered the Yuraecheon Rank, she immediately wiped out a bunch of their opponents with just one strike.

In the Anceralos World, many powerhouses reached the Yuraecheon Rank. At that moment, the tides had turned.

Under Maxine and the Human Race's leadership, the Dark World's forces began to counterattack. Eventually, they forced the otherworldly powerhouses to withdraw from the Anceralos World.

The living beings of the Anceralos World finally had the chance to breathe. All of them took out healing elixirs and began to heal their injuries.

Meanwhile, Stephen was still chasing after Xayvion. He had the upper hand now, but Xayvion refused to fight him head-on. At that moment, Stephen's powers had already weakened slightly, and he was almost out of fuel.

After sensing Stephen's strength weakening, Xayvion turned around and chuckled, "Hehe."

"Is that all you have?"

Xayvion approached step by step.

Stephen, on the other hand, backed away. He knew he could no longer fight Xayvion or even inflict any injuries. His consciousness started to fade, and his vision blurred.

"I'll send you off."

Xayvion flashed in front of Stephen and thrust his hand forward.

Stephen's body immediately exploded after the first attack.

When the second attack landed, his soul was scattered.

On the final blow, he was completely obliterated.

After getting rid of Stephen, Xayvion approached the Anceralos World again. Soon, he arrived outside and found that his troops had decreased significantly.

He looked at the survivors and cursed at them, "Rubbish."

After speaking, he waved his hand, and a huge mouth appeared in the void. Its large jaw gobbled up the otherworldly powerhouses that had survived.

Those in the Anceralos World immediately knew Stephen had been defeated after seeing Xayvion return.

"Is it an unavoidable fate?"

"Is the Anceralos World bound to be destroyed?"

The Dark World's fighters had solemn expressions.

Xayvion alone was enough to make them feel despair. Then, how terrifying was the real mastermind, Xayal? He had not even made a move yet and was focused on devouring the Dark World.

The Dark World had shrunk greatly in size.

The Almighty Dragon General Chapter 5756-After Stephen's death, Xayvion returned to the Anceralos World. Then, he summoned a strange jaw to devour his troops.

Immediately afterward, his aura became stronger.

Seeing that Xayvion had returned, the Anceralos World's living beings felt their only hope was gone.

Xayvion smiled after seeing that the Anceralos World's edges were destroyed.

Then, he walked over slowly, deliberately taunting them.

Meanwhile, James was still in seclusion within the Dark Forbidden Zone.

He was cultivating within a time formation. Although not much time had passed in the outside world, it felt like an eternity for him.

He silently studied his past form, which contained information about Xayal.

James studied Xayal's Supernatural Powers, as well as his skills and strength.

He had already had a rough understanding of Xayal but needed to figure out one important detail.

At the same time, he was paying attention to the fierce battles happening outside the Anceralos World.

Unfortunately, he could not leave seclusion yet. He was in a race against time to cultivate.

James released his Zen and watched everything happening. When he met with Zella, he learned that Xayal had already begun devouring the Dark World.

However, Xayal had not fully recovered and was forcefully devouring the Dark World. Doing so brought about a serious consequence for him.

Meanwhile, Seneca appeared in the depths of the Dark World and assisted Xayal in refining the Dark Genesis. They aimed to swallow up as much of the Dark World as possible before James left seclusion. The more Xayal consumed, the stronger he would be.

Seneca's help temporarily eliminated the negative consequences on Xayal from absorbing the Dark World. Thus, he quickly sped up devouring the Dark World.

James sensed that the Anceralos World was at its limits and Xayvion would destroy it if he did not leave seclusion.

Anceralos' destruction would mark the end of the Dark World. His efforts would be meaningless if he were to leave seclusion after the Dark World was already obliterated.

The Dark World's other worlds could be destroyed, but not Anceralos.

Anceralos was the origin of all the different races.

James retracted his Divine Soul from his past and future forms. Then, he stood atop the apex of a mountain within the Dark Forbidden Zone. He looked toward the Ancrealos World and murmured, "Although I still don't fully understand the powers of my past form, at least Xayal is not at his peak either. I should be able to fight him."

After speaking, James left the Dark Forbidden Zone.

Meanwhile, Xayvion was making his way toward the Anceralos World. Each step he took would cause the void below his feet to collapse.

Soon, he was right outside a universe of the Anceralos World where many of the remaining survivors had gathered.

Everyone stared at Xayal furiously.

"You bastard!

"You were born in the Dark World but turned to outsiders!"

“You will face karma!” They cursed at Xayvion, venting their anger.

“Haha,” Xayvion chuckled, then said, “Karma? That’s ridiculous. My master has already taken control of the Dark Heavenly Path. What kind of karma will I face?”

“Who’ll be the first one?”

Xayvion stood in the void and stared at the powerhouses grouped up. He scanned them one by one.

His question made everyone terrified.

Nobody wanted to rush to their deaths or sacrifice for no reason.

“Damn it. I’ll fight you!”

The Grand Patriarch of a certain race was furious. He quickly burned himself and charged at Xayvion.

Even though he had gained greater strength, it was not enough to take on Xayvion. His attack could not even break Xayvion’s defensive aura.

“Haha!” Xayvion’s mocking laughter echoed throughout the area.

The Almighty Dragon General Chapter 5757-Everyone on the planet stared at each other, completely at a loss. If their opponents were troops of the Otherworldly Army, they could contribute if they fought to their deaths.

However, they would not be able to cause any substantial harm to Xayvion even if they desperately fought to their last breaths.

Their strongest fighter was Maxine, who had just made a breakthrough into the Yuraecheon Rank. Under everyone’s gazes, she slowly stepped forward with her long sword and stopped before Xayvion.

“The Yuraecheon Rank?” Xayvion sneered after sensing Maxine’s cultivation rank.

“Everyone says that Heavenly Paths are ruthless and do not favor any race or beings over the others. What a joke.” Xayvion raised his hand and gathered a potent force within his palm. Gradually, it transformed into a long sword.

Then, he slashed at Maxine’s head.

Maxine raised her sword and urged all her strength in preparation to resist the attack.

Suddenly, a blurry figure appeared before her and became substantial.

It was a man dressed in a white robe, and before him was a dazzling light blocking off Xayvion’s sword.

Maxine had raised her sword, ready to face her fate.

However, Xayvion’s attack never landed. She stared at the man before her, and the overwhelming emotions within her erupted.

The countless living beings in the Anceralos World were immediately relieved to see the person who had appeared.

“It’s James!”

“James finally showed up!”

“Wah!”

A few survivors were so relieved that they began to wail. It was out of joy, knowing they had a chance of survival.

James appeared at a critical moment and blocked Xayvion’s attack with his aura, saving Maxine from death.

“James...” Xayvion was surprised to see him. However, he calmed down almost immediately and smiled.

“You finally showed up. The Dark World was about to be swallowed up by Xayal.”

Before Xayvion could finish speaking, he disappeared. However, his voice rang in the space.

James did not chase after him. Instead, he turned around and looked at Maxine and the others behind.

His gaze fixated on Maxine. Then, he said, "Go back. I'll deal with Xayal."

After leaving a word, James vanished from the area.

The Anceralos World began to repair itself, and a powerful formation had been set up around it.

James knew his battle against Xayal would cause large destruction, and the Dark World would be shattered.

The Dark World could collapse, but not Anceralos.

Anceralos was the Dark World's last hope. As long as it survived, the Dark World could be rebuilt.

James entered the darkness and appeared in front of a bizarre star.

The star devoured the dark space, whereas Seneca worked hard to assist him in refining the energy.

As soon as James appeared, the star stopped its actions and a ferocious face appeared on it.

"James..." The star opened its jaw and uttered in a deep voice.

"Xayal..." James looked at the star and said calmly, "Now that I've understood my past and future form, I've learned everything about you and the Dark Heavenly Path.

"It's time we end this."

The Almighty Dragon General Chapter 5758-James had left seclusion. Otherwise, the Dark World would be devoured by Xayal.

He stood in front of the strange star with his hands behind his back and was calm.

"Impossible. Even if you know how to kill me, you can't have mastered the power of your past and future forms in such a short time."

The strange star suddenly disappeared, and a middle-aged man wearing a black robe appeared. Like the planet, his face was pitted, and he had a hideous appearance.

Seneca stood behind Xayal.

"Nothing is impossible," James said calmly.

James summoned his signature formation with both his past and future forms.

From the Yuraecheon First Rank, he improved to the Yuraecheon Ninth Rank after casting the Tressencia Completare Art and merging with his past and future form. His aura rose significantly and showed no signs of stopping yet.

Eventually, his aura stopped improving at the Yuraecheon Xaelm Rank.

James stretched his muscles and felt the power flowing through his body. Then, he said, 'The Yuraecheon Xaelm Rank has always been your dream, right, Xayal? Unfortunately, you'll never reach it.'

Xayal's expression changed ever so slightly. Sometimes, he had a human face.

Other times, it would be a clump of black mist.

'Even so, you won't be able to defeat me,' Xayal sneered coldly, then raised his aura.

He had already devoured so much of the Dark World and absorbed plenty of Dark Genesis. At that moment, his strength had already returned to the Yuraecheon Ninth Rank.

Even though Xayal had not entered the Yuraecheon Xaelm Rank, he had the confidence to fight James. After all, James had used external forces to ascend to the Yuraecheon Xaelm Rank.

Seneca reminded, “You haven’t fully recovered yet, Master. If you use too much strength to fight now, it will be very hard to recover in the future.”

Seneca simply expressed his concern but was devoured.

James’ brows furrowed at the sight. He was disgusted that Xayal had even consumed his disciple.

Xayal looked at James and said coldly, “I wanted to wait until my injuries recovered and my cultivation rank recovered to its peak before I start devouring the Dark World. However, your appearance caused me to move my plans forward.

“Now that I’ve swallowed most of the Dark World, I can’t be bothered anymore. After I kill you, the Dark World will probably collapse, and I can absorb everything at once.”

Some time ago, Xayal was slightly wary of fighting James. It was not because he was not confident about winning but because he could not kill James yet.

James’ future form consisted of the Dark Heavenly Path and Thea’s powers. If James were killed, the Dark World would be destroyed, and Xayal’s efforts would be in vain.

However, that was no longer a problem for him. After all, he was close to complete recovery and could finally use the Yuraecheon Ninth Rank’s strength.

A powerful aura burst out from Xayal’s body, causing the surrounding space to collapse.

On the other hand, James maximized the strength of his Tressencia Completare Art and fused his three forms.

James had already understood his past and future forms.

His past and future forms were at the Yuraecheon Ninth Rank. After combining them with his present form, he successfully entered the Yuraecheon Xaelm Rank.

After Xayal entered the Dark World, the Dark Heavenly Path acquired consciousness. Then, she began laying out a plan. Everything was part of Thea's plan.

The only miscalculation the Dark Heavenly Path made was the possibility of her falling in love.

The Almighty Dragon General Chapter 5759-The Tressencia Completare Art was specially tailored to counter Xayal. The purpose of its existence was to kill Xayal and protect the Dark World. James would lose his past and future forms after Xayal was dead.

James closed his eyes and focused on the power flowing in his body. At that moment, a beautiful woman appeared in his thoughts.

Immediately afterward, James opened his eyes.

Xayal had already attacked and swung his rock-like fists at James' head.

James raised his hand and blocked the attack.

Their fists collided, and a terrifying shock wave swept the Dark World.

Except for the Anceralos World, protected by a formation, the Dark World's other spaces immediately cracked and showed signs of collapsing.

After the confrontation, Xayal was blasted away into the distance.

His fist was injured, and the pain snaked up his arm into his body.

There was a large disparity between their strengths. After all, James was at the Yuraecean Xaelm Rank, whereas Xayal was only at the Yuraecean Ninth Rank.

Even though they were only a rank apart, the difference in strength was wide.

Xayal spat out blood after suffering from an injury.

Blood dripped from his lips and destroyed the dark space.

He wore a terrifying expression and suddenly transformed into his true form—a star.

A vortex appeared on the star's surface and had a bizarre suction power.

Xayal wanted to swallow James. If he succeeded, he would have devoured the entire Dark World and could finally enter the Yuraecheon Xaelm Rank.

James stood in the dark void calmly. His mysterious formation appeared again and transformed into a sharp sword.

Then, he drove the long sword into the vortex. The sword penetrated through the vortex and into the star.

James disappeared from the spot. He transformed into three beams of light and submerged into the long sword.

The light beams represented the strongest powers of the Dark World belonging to Xayal, the Dark Heavenly Path, and James.

The moment the sword pierced through the star, it emitted dazzling light rays and exploded.

The star was riddled with holes as the Sword Energies burst out from it.

Boom!

The star exploded instantly, and James returned to the dark void. He stood in the fragmented space. His face was pale, and his body was drained of energy.

He had exhausted the power of his past, present, and future forms to kill Xayal.

After Xayal was destroyed, a woman in a black dress appeared from the darkness. She gracefully walked through the void and restored the surroundings.

The woman's face was blurry at first but gradually became visible.

Zella had claimed Thea would return after Xayal was defeated.

Now that Xayal was gone, Thea came back.

James looked at the woman with a bright smile.

The Almighty Dragon General Chapter 5760-Thea made a reappearance. She approached from the distance, and her spectral body slowly became more substantial.

The Dark World was riddled with holes after Xayal had devoured some parts of it. However, Thea restored it with every step she took in the void.

Many living beings have died tragically in battle. Yet, they came back to life as soon as Thea passed by.

Thea was the Dark Heavenly Path's consciousness, which operated the Dark World. She could change anything in the Dark World.

James stood in the void and watched as Thea slowly approached.

Meanwhile, Xayvion had infiltrated into the depths of the Dark World. Even the Dark Heavenly Path could not sense his presence.

Xayvion was waiting for his opportunity. His goal was to devour Xayal and replace him.

If Xayal were to successfully recover, then Xayvion intended to continue following him. However, he had plans to replace Xayal if things did not work out.

After witnessing Xayal's body blasted into pieces, Xayvion could not contain his excitement. His heart pounded rapidly at the rare opportunity.

After Xayal's body exploded and vanished into the darkness, Xayvion immediately took action. He used his strange powers to collect the shattered pieces and forcefully collected their energy.

Although he could not collect everything, he secured about eight pieces.

Xayvion quickly left through the Halcyon Road after achieving his goal. His next plan was to find a safe place to cultivate and absorb the Xayal's energy.

His cultivation base would improve by leaps and bounds after refining them. He might even reach the Yuraeceon Xaelm Rank he had always dreamed of.

Meanwhile, James had no idea what Xayvion had done.

After killing Xayal, he lost the powers of his past and future forms. Moreover, he had completely exhausted his current body's powers.

He was still standing firmly, completely relying on his strong will.

Thea slowly approached him, then came to a stop right before him.

James looked at the familiar face with a bright smile, then opened his arms.

Thea immediately leaped into his arms.

James tightened his arms around her. However, he suddenly sensed that Thea's body was fading away.

Startled, he asked, "What's happening?"

Thea broke away from his arms and looked at him with a faint smile.

"I've restored the Dark World and resurrected the deceased. My actions have violated the Dark Heavenly Path's rules.

"I'm a consciousness of the Dark Heavenly Path, born to deal with Xayal. Now that he is eliminated, my mission has been completed, and I shall return to the darkness."

"Huh?" James panicked, grabbed Thea's hand, and said, "I don't want you to go."

"I can't bear to part with you either." Thea looked at James tenderly as her face slowly became translucent.

"What can I do? Is there no other way? Do you have to return to the darkness?"

asked James.

"Well, there is a way." Thea smiled and said, "Now that Xayal is gone, I'm supposed to return to the darkness. The Dark Heavenly Path isn't supposed to have a consciousness or feelings. My only option will be to give up everything and separate myself from the Dark Heavenly Path
