

The Almighty Dragon General

The Almighty Dragon General Chapter 5951-Soon, following the fluctuations of the space, James appeared.

“James, where are Xzavion and the others?” Truett asked anxiously.

“They have begun recuperating.” James glanced at Perthacus. “Did you call me here to meet Mr. Wulte?”

Truett shook his head. Then, he and Perthacus explained everything to James.

After listening to everything, James smiled. “I knew long ago that the Timaeus Sect would be like this.”

While speaking, he looked at Truett. “It isn’t a big deal. They’re giving out one hundred Yuraeceon Daelm Rank’s Fifth Tribulation elixirs. We’d have to be idiots to refuse them.”

“If we want them, you should be the one to accept them.” Determined, Truett said, “You’re our backbone.”

James grunted in response. Then, he withdrew the energy ball floating in the sky. “Alright. Is there anything else?”

Truett did not expect James to agree so easily. Hurriedly, he asked, “James, do you not have other opinions about this matter?”

“This is only the beginning.” With a smile, James continued, “It’s nothing new.

There will be more schemes later. As long as we’re in this together, they can’t break US apart.”

At the mention of that, he glanced at Perthacus. “Mr. Wulte, what do you think?”

Awkwardly, Perthacus nodded. “My mistake. I should’ve taken it out when everyone was around just now.”

He reflected on his mistakes.

Even though Mount Martialis had risen, Perthacus could not change his careful and cowardly personality.

“Let’s head back!” James reminded Truett, “The time formation has been set up.”

Hurry up and restore your physical body. You still need to participate in the third round.”

“He doesn’t need to participate in the third round.” Suddenly, Perthacus said, “The Sect Leader has put him on the list of the twenty people who will participate in the Forladtt Trial.”

Upon hearing that, James and Truett turned back to look at Perthacus strangely.

“This is the Sect Leader’s decision.” Perthacus felt awkward.

“How magnanimous!” Truett snorted and said, “I will participate in the third round.”

Then, his body flashed and disappeared.

Perthacus took two steps forward. “Hey, wait.”

“Is there anything else?” James asked.

“It’s not that I don’t trust you guys.” Perthacus explained, “I’m afraid that Truett would be placed in a difficult position, so I...”

“You did well.” James nodded at him. “However, to avoid putting him in a difficult position, you made him feel worse and even more shameful.”

Leaving those words behind, James made a move to leave. However, in the process of doing so, he was engulfed by a magnificent energy from the void. It took him away.

When he opened his eyes, he realized he was in an unfamiliar area.

Turning around, he saw a familiar figure. The latter had his hands behind his back, his back facing James.

“Yegor?”

The Almighty Dragon General Chapter 5952-“You’re quick. I almost couldn’t catch you.” Yegor felt blue.

James smiled. Slowly, he walked toward Yegor and stood beside him. “Do all of you at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation like to capture people like this?”

“That depends on our relationship with the person.” Yegor extended his hand. “If we don’t have a good relationship, I might catch the person like a fish and crush him.”

At once, James laughed. “Thank you for having mercy on me then, since I’m still alive.”

Yegor turned around and looked at James. “Living in another person’s fish pond is different from living in your own fish pond.”

“I’m sure you have heard everything.” James took a deep breath.

Yegor raised his head and said, “Xachary may seem kind, but he is actually vicious. He’s an extremely difficult opponent.”

In between words, he glanced at James. “Since you have chosen to walk this path, you will face such opponents and situations.”

“I’m prepared.” James nodded. “But I’m quite interested in one person.”

“Be interested in these first!” Then, Yegor summoned two energy balls before James.

“Are these also Yuraeceon Daelm Rank Genesis Elixirs?” James was surprised.

“Yeah!” Yegor nodded. “Since Xachary wants to kill two birds with one stone, I will put up an act for him and pretend I don’t know anything. I got these two hundred Yuraeceon Daelm Rank Genesis Elixirs from Xachary. I got them for your two friends whose physical bodies have been damaged.”

Upon hearing that, James stared at Yegor as if staring at a monster.

“Everyone’s doing this for the sake of their sons, but Zared is in real trouble.”

“Don’t bring him up.” Yegor squinted his eyes. “Skynet has issued a death order.

If Zared is alive, they want to see him. If he’s dead, they want to see his corpse.”

“Did he run away out of fear?” James was surprised.

“He didn’t run away!” Yegor said, “He was sent away by Xachary timely!

“But, Xachary didn’t expect the assessment and the planned Forladtt Trial to target his confidant first.

This is all thanks to you.”

Hearing that, James widened his eyes. “Has this always been a scheme?”

“You will find out when the time comes.” Yegor glanced at James. “By the way, who are you interested in?”

James hesitated before asking, “Do you know Lucille?”

Then, Yegor looked at James strangely. “What’s the matter? Do you fancy her?”

“How’s that possible?” James hurriedly shook his head. “I’m curious about her.

Especially her identity.”

After the battle between Beauregard and Zared, Lyla appeared. She sealed the cultivation of thirty-six powerhouses in the Yuraeceon Daelm Rank’s Ninth Tribulation who were responsible for supervision.

On the other hand, Lucille, the Grand Priestess of Mount Martialis who was only in the Yuraeceon Daelm Rank’s Third Tribulation, publicly cursed Lyla and the Timaeus Sect.

In James’ opinion, Lucille knew what she was doing. She was brave. There must have been a secret behind this.

It was proven when Lyla wanted to kill James repeatedly to protect Zared, the Peak Master of Mount Elixir. She did not even care that she might offend Thea, the Grand Priestess of the Timaeus Sect.

However, after getting cursed by Lucille, she changed her mind and forced Zared to apologize and compensate them.

Hence, James was curious about Lucille's identity.

Why would Lyla fear her?

The Almighty Dragon General Chapter 5953-After being silent for a while, Yegor suddenly took a deep breath. "Everyone who tried to find out her secret ended up dead. Are you sure you want to know about it?"

Upon hearing that, James was surprised. "Is Lucille that mysterious?"

"Lucille?" Yegor glanced at James before shaking his head. "No, her name isn't Lucille. She used to be Yarn! Thornton."

"Yarni Thornton?" James frowned. "Is she related to Xachary of the Timaeus Sect?"

"Yeah." Yegor frowned. "She's Xachary's humiliation, the product of an ill-fated relationship."

"What do you mean?" James asked.

Yegor closed his eyes before saying, "Yanni's mother is one of Franciscus' four disciples. She's a powerhouse at the peak of the Yuraeceon Daelm Rank's Ninth Tribulation and has reached the Second Marcials Combat Form.

"After the battle between the Dark World and Righteous Alliance, Yami's mother was captured. The Righteous Alliance let Xachary keep watch over her."

"Then, as Xachary kept watch over her, they fell in love, and she gave birth to Yarn!?" James made a guess.

Yegor glanced at him and laughed. "Your imagination is wild. What are you even thinking?"

“Yami’s mother is known as the most beautiful woman in the Dark World. Her cultivation and combat power are more powerful than Xachary’s. So, why would she like him?”

“At that time, Xachary had yet to become the Timaeus Sect’s Leader.”

Deep in ponder, James said, “Does that mean Xachary either drugged Yami’s mother or created an illusion? Then, Yarn! was born?”

“Why are your thoughts filled with these perverted things?” Speechless, Yegor stared at James. “Tell me honestly. How many female living beings have you tortured with such lowly methods?”

James hurriedly shook his head. “I don’t do such despicable deeds.”

Yegor laughed and pointed at him before saying, “You’ve guessed correctly.

Xachary used despicable tactics to do dirty things when Yami’s mother was severely injured. Subsequently, Yami was born in Daemon Prison.

“This matter affected Xachary a lot. When he was running for the Righteous Alliance’s Leader, someone used this incident to bring him down.

“In such a critical situation, Xachary tried to get rid of his daughter.”

At the mention of that, Yegor glanced at James. “It was at that pivotal moment that Yami’s mother chose to expose herself. She activated the Blood Curse Franciscus taught her and cursed both Xachary and Yami. Both of their destinies are symbiotic. The curse can never be lifted.” “Blood Curse? Symbiotic destinies?” James was shocked. “Does that mean that if Yarn! is safe, Xachary will be safe, but if Yarn! is injured, Xachary will be injured?”

“As expected of Franciscus’ disciple. You have a high comprehension of Curse Magic!” Yegor nodded.

“That’s what I meant, but it’s more powerful than that.

“At the very least, the both times that I saw Xachary coughing up blood were because of the Blood Curse’s symbiotic destinies.”

“Does Yarn! know about this?” James questioned.

“Since their destinies are symbiotic, of course, they know about it.” Yegor took a deep breath. “So, the Grand Priestess of Mount Martialis is extremely mysterious and Xachary’s taboo.

“If she weren’t persistent on being the Grand Priestess of Mount Martialis, the Peak Master of Mount Martialis would have changed Masters.”

After hearing Yegor’s words, James nodded thoughtfully.

Finally, he understood why Lyla, a powerhouse at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation, also had to bow down to Lucille. It turned out there was such a past.

Thinking of that, James snorted. “Isn’t Xachary afraid that someone will kill Yami? Since he will die too?

The Almighty Dragon General Chapter 5955-Truett could survive until now while being true to himself because he had a father at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation and the mysterious Skynet.

After a while of silence, James reminded, “Let’s visit your son then. He’s currently cultivating.”

“I wanted to visit him.” Yegor smiled. “But, after seeing his actions just now, I don’t think I should.

“I don’t need to worry if he’s under you.”

Then, Yegor patted James on the shoulder, sternly, he said, “You two are friends and have experienced life and death. Your friendship is strong.

“However, I hope you can train him more. You don’t need to keep protecting him. He needs to be crushed to rise again. If he dies one day, I won’t blame you for his death. That’s his fate!”

After that, Yegor’s body flashed and disappeared as the void fluctuated.

James stood in the same spot in silence.

He could feel Yegor’s effort as a father and his concerns.

Yegor got rid of his son's glory and advantages, then let a person with an uncertain fate take care of him. His actions required extraordinary courage.

Yegor and Zared were doing everything for their sons, yet Zared was not as wise as Yegor. He could not be compared to Yegor.

After listening to Yegor's words, James felt his burden grow heavier. He felt more pressured.

"I need to work hard!" James motivated himself. Then, with a flash, he returned to the main hall of Mount No. 3 of Mount Martialis.

At this time, in the time formation, Stephen, Xzavion, and Truett were restoring their physical bodies. They successfully recovered with the help of sufficient cultivation resources.

Meanwhile, Quattro was sitting next to Lucille. He had his eyes closed and seemed to be enjoying the moment.

Lucille seemed to have entered her cultivation state. Otherwise, she would have kicked the perverted Quattro away.

Seeing that everyone was meditating in seclusion, James entered the time formation and consumed a Yuraeceon Daelm Rank Genesis Elixir without hesitation. He wanted to start a new round of meditation in seclusion.

However, just as his Zen entered the Golden Body, he felt something odd.

He was pregnant with a baby, and it was a beautiful baby girl.

"What the heck?" James could not help but curse. "Please don't play such pranks on me."

The baby seemed to have heard James' words. Sitting in a lotus position, she opened her beautiful eyes. "Calm down. I'm your second body."

"My second body?" James was shocked. "I'm a man. Why would I have a female second body?"

"Idiot!" The baby snorted and said, "I don't have a gender, and I'm not a living being. I can take any form."

Then, as if to validate her words, she began to change.

She changed from a baby girl to a baby boy. Then, she turned into various animals and objects. She could change into anything.

James was speechless when she changed into a lace panty.

“Alright, alright.” Irritatedly, James said, “Change back into a baby girl.”

With a snort, the baby changed back into her first form. “If you doubt me again, I will turn into poop and disgust you.”

The Almighty Dragon General Chapter 5956-James was bewildered.

He found the situation strange. Where did this second body come from?

As if the baby could read his mind, she suddenly said, “I’m Lesia of the Yuraeceon Genesis Bell. After acknowledging you as my master, I have become your second body.”

“The Yuraeceon Genesis Bell?” James was surprised again. “You’re from the bell?”

“Why are you so talkative?” Irritated, the girl said, “Didn’t I just say that? Why do you need me to repeat it?”

Hesitating for a while, James asked again, “What benefits can you bring me?”

“You’re heartless.” Angrily, Lesia snorted and said, “Without me, can you go up against that trash in the Yuraeceon Daelm Rank’s Ninth Tribulation?”

Upon hearing Lesia’s words, James was speechless.

She was right. Without the Yuraeceon Genesis Bell, James could not go up against Zared.

Nonetheless, Lesia called Zared a piece of trash in the Yuraeceon Daelm Rank’s Ninth Tribulation. Was she not thinking too highly of herself?

“Do you not agree with me?” Lesia sensed James being upset. “You guys’ cultivation ranks are too low. There are only a few living beings at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation who are above average. The rest are trash.”

James laughed. "That includes me, right? What's your cultivation rank, then?"

"It's useless to tell you now." Lesia said, "I'm only a spirit and have just acknowledged you as my master. I'm still young. Based on your world's cultivation ranks, I'm currently in the Yuraeceon Daelm Rank's Fifth Tribulation.

"I don't get it. Why do I have such a weak master? You even give cultivation resources to other people. Do you think you're God?"

Hearing Lesia's diss, James was stunned.

His second body, the mere Lesia, was already in the Yuraeceon Daelm Rank's Fifth Tribulation. Her cultivation rank was higher than his. It did not make sense.

"Master." Lesia said, "You need to find more cultivation resources and raise me.

That way, you won't have to stay with those trash anymore.

"Although I'm currently only in the Yuraeceon Daelm Rank's Fifth Tribulation, you can use ten percent of my power. With your golden body, you will be invincible in the Yuraeceon Xaelm Rank."

Upon hearing that, James was shocked. "I'll be invincible in the Yuraeceon Xaelm Rank? I can ignore the Genesis Divine Light?"

"The Genesis Divine Light is nothing." Disdainfully, Lesia said, "It's just a shield.

Besides, you have me, the Golden Body, and the Third Marciais Combat Form.

You won't have a problem defeating anyone.

"It's just that you don't know how to use them to your advantage. You also don't know how to fight. You wasted the Third Marciais Combat Form. How sad..."

James was speechless.

Lesia looked down on him. She thoroughly disliked him.

“Forget it.” Lesia said, “You don’t need to increase your cultivation rank. Give me the cultivation resources. I’ll teach you how to maximize your combat power.”

James stayed silent, his silence conveying agreement.

He felt embarrassed because of Lesia’s words. Nevertheless, he was curious about Lesia.

The Almighty Dragon General Chapter 5954-“That’s almost impossible.” Yegor shook his head. “Unless another powerhouse like Franciscus, who can defeat eight powerhouses at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation appears.”

When James heard that, his expression changed. “There are eight powerhouses at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation hidden in the Timaeus Sect?”

“It seems so.” Yegor snorted and said, “I don’t know how many more are hiding in the dark.”

Right away, James took a deep breath.

The Timaeus Sect was the biggest force in the Ancient Genesis World. It had a solid foundation.

No one could imagine eight powerhouses at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation taking action together.

After a while of silence, Yegor said, “This is a huge secret. Once it’s let out of the bag, it will shock the world. Only less than six people know about this secret in the Ancient Genesis World. The rest have been killed.”

Then, he glanced at James. “You’re curious and want to find out about it. I have told you that seeking the truth is seeking death.”

“What kind of place is Daemon Prison?” James frowned. “How many secrets of the Timaeus Sect are hidden there? Even the guardians are powerhouses, independent from the Seven Mounts, at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation.”

“Are you talking about Lyla?” Yegor said, “She’s a cultivation prodigy and Xachary’s confidant. Don’t provoke her.”

“Why would I?” Fearfully, James said, “Who would provoke her when she can seal thirty-six powerhouses in the Yuraeceon Daelm Rank’s Ninth Tribulation in one move?”

Yegor laughed. “This means you don’t know the gap between the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation and the Ninth Tribulation.”

“Huh?” James looked at Yegor. “Is the gap huge?”

Yegor chuckled before saying, “One is the peak of the Ninth Tribulation, and the other is the Ninth Tribulation. Although it’s only a two-word difference, there exists a fundamental gap in talent and cultivation.

“To the powerhouses at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation, those in the lower ranks are nothing. No matter how great the latter’s talent is, they can’t surpass them.”

Speaking of that, Yegor looked at James again. “Of course, if they go up against you, the outcome will be unpredictable.”

Upon hearing that, James took a deep breath.

He thought the only difference between the peak of the Ninth Tribulation and the Ninth Tribulation was the cultivation rank. He did not expect it to be so crazy.

“Alright. I have answered all your questions.” Yegor glanced at James. “Let’s talk about my son. How’s he doing?”

“How’s he doing?” When James heard that, he laughed. “Why does this feel like a conversation between a preschool teacher and a parent?”

“You can think of it that way.” Yegor pointed at James. “So, how is he?”

“Not bad.” James nodded. “Although he still panics during critical moments, he’s doing much better than before.”

Yegor sighed. “He’s passionate and courageous, so I’m not worried about that.

I'm just worried about his restless personality..."

All of a sudden, James interrupted him. "Don't you think this is the real him?"

"Who wouldn't want to live as their true self?" Yegor snorted. "But, does this world allow you to be your true self?"

James sighed. He had no choice but to agree with Yegor's words and nod.

Everyone wanted to be pure and live as their true selves, but this world would push them to follow the crowd.

If one did not change and get accustomed to this world, one would be the first to be eliminated. There would be no chance of fighting back.

The Almighty Dragon General Chapter 5957-In the main hall of Mount One, Xachary sat before a checkerboard with a ghastly expression.

Sitting opposite him, Lyla raised her head. "Are you worried again?"

"Why did she stand forward?" Xachary squinted his eyes.

Lyla knew who Xachary was talking about. She sighed and said, "You're too lenient on her. You should have put her on Mount One, yet you let her be the Grand Priestess of Mount Martialis. If..."

"That isn't important." Xachary raised his head to look at Lyla. "If she falls in love with the son of darkness, it will be a big deal."

Upon hearing that, Lyla took a deep breath.

She knew about the past. She was one of the few people who knew about Xachary's secret.

She knew that Lucille was the daughter of the prettiest woman in the Dark World and had the evil bloodline of the Dark World. She also had the Blood Curse and was an alluring woman.

She could get any man she wanted.

At the thought of that, Lyla had the urge to kill. "We have to separate them.

Lucille can return to Mount One, or I will take her to Daemon Prison.”

“Can you suppress her?” Helplessly, Xachary sighed and said, “Besides, even though we don’t like her, others do. Will the Grand Patriarchs agree?”

“Don’t forget. It was stated in the agreement back then clearly. If she doesn’t leave the Timaeus Sect, we can’t hurt her. otherwise, the Grand Patriarchs will take action.”

“Is there any other way?” Lyla asked.

Squinting his eyes, Xachary answered, “It isn’t hard to separate them. As long as we put the Forladtt Trial to good use, things will be easier for US.”

Then, he pointed at Lyla. “So, you have to control the Forladtt Passage strictly.

It’s a rare opportunity. If we wait until the son of darkness becomes stronger, it will be harder for us to deal with him.”

Lyla stayed silent for a while before nodding.

“You need to make the preparations in Daemon Prison too.” Xachary took a deep breath. “There’s only one bottom line. She and the son of darkness can’t enter.”

Lyla nodded in response.

As if he had solved his concerns, Xachary’s expression relaxed. Looking at the checkerboard, he said, “Lyla, the ways of checkers and cultivation are the same.

If you can’t reach the end of the checkerboard, you lose.”

Glancing at the checkerboard, Lyla sighed. “I don’t care about the outcome of this game of checkers. I care about the outcome outside of this game.

“Actually, the son of darkness is nothing right now. The real deal is the new alliance of the Yaquis Sect. They’re targeting our sect.”

Xachary smiled. Picking up a piece and putting it down, he asked, “What’s your plan?”

“What happened in Zephyria World can be used as the reason.” staring at Xachary, Lyla continued, “You issued an order forbidding the Three Thousand Great Genesis Worlds and countless Micro Genesis Worlds to participate, yet they still sent people over. They’re challenging our authority and rules.

“This time, I want to kill as a warning to others. After the son of darkness enters Forladtt Land, we will start a battle of prestige against the Three Thousand Genesis Worlds and countless Micro Genesis Worlds. Our first target is the Divine Genesis World.”

Upon hearing that, Xachary smiled. “You’re courageous and smart. You’re the Elder of the Timaeus Sect and law enforcer of the Three Thousand Great Genesis Worlds and countless Micro Genesis Worlds. You can arrange all this.”

Lyla stood up and nodded. Then, she turned around to leave

The Almighty Dragon General Chapter 5958-In the blink of an eye, ten epochs had passed.

After sending away Xzavion, Stephen, and Truett, who were participating in the third round of the trial, James set up a time formation, accepting Lesia’s guidance.

After integrating the longsword formed by the star pillar into the Golden Body and achieving the unity of man and sword, the power exuded was much stronger than when one was holding the sword.

Initially, according to what Lesia meant, it would be better if James integrated the Judgment Scythe with his body. That way, he could exude a stronger Marciasis Combat Form power. However, the proposal was rejected by James.

If James used the Judgment Scythe, he would summon the most primitive Dark Power. Then, his identity would be exposed.

Now, although James had various providences, he could not order the Timaeus Sect. After meeting Yegor for the second time, he knew more about the Timaeus Sect’s ability.

“Let’s try to break the Genesis Divine Light.”

In James’ soul space, Lesia, in the form of a baby girl, waved her hand. Then, a Genesis Divine Light with magnificent power appeared in the void.

According to Lesia’s method, James needed to shrink the Yuraeceon Genesis Bell using his Zen, then punch continuously.

In an instant, Quasar Genesis Power flew out from the mini version of the bell. It contained countless Sword Lights and headed directly to the Genesis Divine Light.

All of a sudden, the Genesis Divine Light flashed and appeared before James, threatening him.

At the same time, the Quasar Genesis Power missed the Genesis Divine Light.

Upon seeing this scene, James felt numb.

“Idiot.” Hovering in the void, Lesia scolded, “I told you to use the power of the Marcials Combat Form to combine your Golden Body with the sword. Who told you to use the Genesis Powers?”

“You aren’t even in the Yuraeceon Daelm Rank. How could you merge the Genesis Powers and the power of the Marcials Combat Form?”

“Your speed of summoning the Genesis Powers is too slow. Before you even attack, the living beings in the Yuraeceon Daelm Rank will already be in front of you. With one attack of the Genesis Divine Light, you will cry for help.

“With your attack speed, you will never become a true powerhouse.”

James thought, ‘Here she goes again.’ For the past several years, Lesia had been guiding James as if she was training her grandson. James no longer wanted to be around her.

Nevertheless, Lesia was knowledgeable and experienced in combat. Her combat methods were effective. She blew James’ mind.

Taking a deep breath, James clenched his fists. “Again!”

“Remember, you have to combine the Yuraeceon Genesis Bell, Marciais Power, and the combination of your Golden Body and your sword all together. You must be quick and accurate.”

Then, she waved her hand, sending the Genesis Divine Light away from James.

This time, James did not hesitate. He used all his power and speed to attack.

Unfortunately, he still failed.

He almost succeeded, but the Genesis Divine Light controlled by Lesia approached him again.

Before Lesia could reprimand James, he spoke up first. “Go back into the bell.”

Lesia could not refute when James put her back into the Yuraeceon Genesis Bell.

This time, he did not shrink the Yuraeceon Genesis Bell. Holding it in his hands, he turned it into a pair of black gloves using his Zen and wore them on his hands.

As he raised his hands, a terrifying power of the Marcials Combat Form exuded from the black gloves. It contained countless Sword Lights in golden color.

Instantly, it crushed the Genesis Divine Light ahead that was on the verge of dispersing.

The Almighty Dragon General Chapter 5959-James' speed was quicker than before. The power was also stronger.

“What do you think? Is it alright?” James suddenly asked.

Lesia, who had become a pair of black gloves, smiled and said, “Yeah. No wonder you're my master. You're quite capable. This method is a smart choice.

“Alright. With such speed and power, you can easily defeat the trash below the Yuraeceon Daelm Rank.”

“So, am I invincible in the Yuraeceon Xaelm Rank now?” James asked.

“Be humble.” Lesia dragged her words. “You will only have a few opponents in the Yuraeceon Xaelm Rank.”

“Give me an overall rating!” James frowned. “What’s the level of my overall strength? Which Tribulation Rank’s powerhouses can I go up against?”

“Have you misunderstood powerhouses?” Lesia mocked, “You’re too weak.

Even if you used all your combat power, you can only go up against the trash in the Yuraeceon Daelm Rank’s Second Tribulation. You should run away if there’s anyone above that.”

Upon hearing that, James slowly raised the black gloves. “To validate your words, I should look for some opponents and have a match.”

“I know what you’re thinking.” Proudly, Lesia said, “Beg me and I’ll help you leave secretly. The trash in the Timaeus Sect won’t find out.”

“Can I scold you?” James felt angry. “I’m not only doing this for me. I’m also doing this to raise you.”

“Oh?” Lesia said, “Do you plan on snatching cultivation resources while fighting? It will work.”

Then, under her guidance, James cloned himself. The clone would act as a cover that would appear to be cultivating.

Using Genesis Power and a large number of cores, James set up a Teleportation Formation. With the Yuraeceon Genesis Bell, he left the main hall of Mount No. 3 quickly.

In the blink of an eye, James appeared in an unfamiliar area.

Using his Zen, he realized he had left the formation of the Timaeus Sect. It was only then that he relaxed.

Lesia’s method was effective.

Then, James waved his hand, and the Grimlore Map Yegor gave him appeared in the void. The Genesis Regions were marked with the information of various forces and the powerhouses with the highest cultivation rank guarding the region.

James wanted to take advantage of the opportunity when Xzavion and the others went to Daemon Prison for the third round of the trial. He wanted to replicate the method they used to rob families and homes.

Before they entered the Timaeus Sect, they robbed one of the Yaquis Sect's bases. They gained a lot of stuff.

Back then, he was only in the Yuraeceon First Rank. He could only run away upon meeting powerhouses in the Yuraeceon Xaelm Rank.

Now, he had reached the peak of the Yuraeceon Xaelm Rank's Fifth Tribulation.

He was invincible among the powerhouses below the Yuraeceon Daelm Rank.

"The Yaquis Sect." James looked at the Grimlore Map in the void. "Let's start taking revenge."

Then, he made the bases and branches of the Yaquis Sect appear in the Grimlore Map.

In the end, he chose a path most suitable for him to rob and train.

Yegor's gift was great. It knew all the forces' branches and the cultivation ranks of the powerhouses guarding them in the Three Thousand Great Genesis Worlds and countless Micro Genesis Worlds.

It was great for James to rob and practice.

"Are you done?" All of a sudden, Lesia urged James. "I'm hungry. Hurry up."

James was speechless, but since he had confirmed the plan, he needed to carry it out.

Then, with a flash, he disappeared.
