

The Almighty Dragon General Chapter 6171-6173

The Almighty Dragon General Chapter 6171-James pointed to the ground and said, "Go get ready. He'll be back to propose."

After briefly being shocked by the answer, Xitlaly recomposed and left. She ultimately paid no attention to Yegor and Mattaniah. She only followed James' words.

Yegor and Mattaniah looked at each other speechlessly.

James looked at Yegor and said, "How many years has it been since we last spoke? Care to find a place to catch up?"

"Sure." Yegor raised his hand, and his power wrapped around James. The next moment, the two of them had disappeared.

Mattaniah was left with billions of members from the lusus Sect in the area.

"So, who's the leader of the lusus Sect? I don't even know anymore."

After speaking, Mattaniah landed on the ground and immediately sealed Quartney's cultivation base.

Meanwhile, Yegor and James had appeared in an unknown space.

James scanned the landscape around him and said smilingly, "The scenery here isn't as good as the Forladtt Land."

Yegor asked smilingly, "Does the Forladtt Land belong to you now?"

James looked at him and said, "How did you know? Did you secretly spy into my soul again?"

Yegor chuckled and replied, "I didn't have to go through such a troublesome step. Have you forgotten my progression?"

James leaned over and said, "Well, there's one thing you don't know about yet. I saw the body of your past life." Surprised, Yegor asked, "Where?"

James recounted the events he went through in the Pyramid Battlefield of the Forladtt Land's fourth level.

Yegor gasped and said, "I never thought the past body would've survived."

James asked, "Can you not sense it from outside?"

Yegor replied, "After the reincarnation of a remnant soul, you start from zero.

Hence, there is no connection with your past. Naturally, some people will use the body of their previous life to quickly improve their cultivation rank after being reincarnated."

James frowned and said, "There's a mystery that I've been unable to solve."

He counted the battle scene against Xachary's main self in the Forladtt Land's fourth level and related the incident to Xachary's cultivation rank dropping from the Quasi Daeclon Rank.

Yegor laughed, pointed at James, and said, "It has to be related. Maybe Xachary dropped in cultivation rank because of your actions."

James' eyes widened in shock, and he said, "Really? In other words, he was affected because I absorbed the energy from his past life's body?"

Yegor said solemnly, "Xachary is incredibly greedy. After the Great Battle, many of the remnant souls that escaped had reincarnated. Most of them still had connections with their past lives.

"If you sever connection, you'll have to start from scratch. You can also keep the connection and use half of your past life's cultivation base as your foundation after reincarnation. It seems Xachary must've used the latter."

Yegor looked at James smilingly and said, "Never in his dreams would he have thought someone would find his past life's body. Hence, you caused his drop in cultivation rank."

James had a thoughtful expression.

'If I knew earlier, I wouldn't have rushed to absorb his energy. I should've beat him up first. Perhaps it would cause his cultivation rank to drop even more.

'It's a pity he already turned into a hyena and is no longer useful.' Afterward, James told Yegor about Gladwin trying to win him over. Then, he shared his speculation about Gladwin's plan.

Yegor said calmly, "He's an unpredictable guy. He's cruel but also quite reckless.

He's not as smart as Xachary. However, he's good at hiding his thoughts. I don't really understand him either. You must be careful when dealing with him."

"So it's still possible for him to seize the Timaeus Sect's Leader position?"

Yegor said smilingly, "Well, there is a premise. He'll have to win the battle against the new alliance. If he does, it's eighty percent sure that he can take over. However, his odds will drop significantly if he loses.

"Although Xachar/s cultivation rank has dropped, he's still a very powerful person. After all, he had led the Timaeus Sect for so many years. Even if he's not the most talented, nobody is dissatisfied with him now."

James nodded and said, "It seems the Genesis Worlds will be even more chaotic pretty soon. Will you be interested in living in the Forladtt Land?"

The Almighty Dragon General Chapter 6172-Yegor was stunned for a moment. He smiled and asked, "How many people know about you being in control of the Forladtt Land?"

James answered calmly, "Apart from my friends, you're the only one who knows.

Gladwin probably is suspicious about it. After all, he met US in the Hudde Passage last time."

Yegor nodded and suddenly fell into deep thought.

James looked at him, slightly hesitant to speak. Yegor remained ambiguous about the invitation to enter the Forladtt Land. With his character and wisdom, he had a concern.

'Is he afraid of being plotted against? Or is he trying to avoid being suspected of something?' thought James.

After a while, Yegor suddenly asked, "How big is the Forladdt Land?" James answered, "There are a total of five known layers. Each layer has a space of about ten Great Genesis Worlds. However, I've only reached the fourth level. Also, I haven't completely explored the pyramid Battlefield.

Yegor sighed, "Then you still don't have complete control over the Forladdt Land yet. I think the Forladdt Land will be the hope of the Genesis World's living beings."

Stunned, James asked, 'What do you mean? Will the Genesis Worlds collapse in the future?'

Yegor said solemnly, "They won't necessarily collapse, but a catastrophe will strike. In fact, it's already brewing. Nobody can avoid it, including the Genesis World's major forces."

James gasped and asked with a frown, "Don't tell me it's because of the war between the Righteous Alliance and the new alliance?"

Yegor looked at James and sneered, "Those two? They're just a bunch of ambitious cultivators competing over power. Their battle will cost many lives, but it's not the real catastrophe."

James asked, 'Then what is the real catastrophe?'

Yegor replied, 'The Dark Heavenly Path. Her existence is too powerful. She will be the Genesis World's greatest catastrophe.'

'Thea?' James frowned as he remembered Franciscus' words.

Once the Dark Heavenly Path gains strength, it will utilize the Dark Power sealed in the Dark Genesis World to destroy everything. The Light Heavenly Path is the only one that can stop the Dark Heavenly Path. Yegor's words had just confirmed it.

James asked, "Have you seen her before?"

Yegor nodded and said, "I did her a favor. Hopefully, it'll be Skynet's chance to survive. The other sects and forces within the Genesis Worlds may not be as lucky as US."

James said solemnly, "I heard from Franciscus that the Dark Heavenly Path will destroy everything. Why is that so?"

"Since you're the owner of the Forladdt Land now, you must've seen Tai Chi, right?"

James nodded and said, "Yeah, I met him. We even made a bet."

Yegor lost his composure and asked, "What kind of bet?"

James explained his bet with Tai Chi.

Yegor took a deep breath and said, "He's already trying to find a way out for himself."

The Almighty Dragon General Chapter 6173-James frowned and asked, "What do you mean?" Yegor replied, "If we can see it, Tai Chi must also be aware. The Dark Heavenly Path has reincarnated eighty-one times and become the Tai Chi Tribulation.

He's unable to stop it."

James shook his head and questioned, "The Tai Chi Tribulation?"

Yegor squinted and said, "The Dark Heavenly Path isn't only just the Dark Heavenly Path. She's also the Yin governor. However, she had been controllable and disobedient. Thus, Tai Chi punished and imprisoned her. After being reincarnated eighty-one times, she underwent multiple tribulations for a few entrapochs. She must have harbored deep hatred in her heart."

"Isn't the Yin governor Tai Chi's daughter? Why would he..." James' eyes widened in shock.

Yegor said excitedly, "Who told you that? Do you believe that Tai Chi gave birth to the two governors, and their union became a myriad of things?"

James was rendered speechless.

‘Tai Chi is a supreme position. Using layman’s terms, Tai Chi is like an emperor with imperial power. The Yin and Yang governors are his ministers.’

James asked surprisedly, “So you’re saying Tai Chi is just a normal living being?”

“He’s a being with an exceptional Supernatural Power and proficiency in Tai Chi Power. However, he was chosen by the Supreme Path. He is devoted to the Supreme Path.”

James finally understood Tai Chi was not his father-in-law or mother-in-law.

Instead, Tai Chi was a transcendent and powerful being that was given an important title.

As for the Yang governor, whom James had defeated in the Forladdt Land, he was indeed the son of Tai Chi and happened to be chosen to take on the position.

While in the Forladdt Land, Tai Chi did not kill James because he had to respect the Supreme Path’s laws. If he had taken action to kill another being, he would risk losing his position.

After gaining a clearer understanding of the situation, James asked, “In other words, the Yin governor wants to destroy everything to take revenge against the Tai Chi.”

Yegor said smilingly, ‘The hatred she harbors will subvert the Law of Tai Chi and stir up a huge storm in the Tai Chi World.’

James chuckled inside, amazed that he and Thea had the same idea. They were truly husband and wife who thought alike.

He thought for a bit and asked, “If she wanted to subvert the Law of Tai Chi, she would only need to kill Tai Chi. Why bother destroying all of the Genesis Worlds?”

Yegor looked at James and sneered, “What kind of existence do you think Tai Chi is? The Genesis Worlds were originally part of the Tai Chi World. They only separated after Franciscus shattered the Tai Chi World. It’s impossible to kill Tai Chi if the Tai Chi World still exists. “

James gasped, realizing how challenging his wife's task was. As her husband, he felt responsible for helping her. To stir up enough trouble to drive Tai Chi down from his position, the Light Heavenly Path would be really important. After all, the Light Heavenly Path was the only one able to restrain his wife.

James looked at Yegor and said, "Since Tai Chi is looking for a way out, why did he make a bet with me?" Yegor replied, "If you're still alive, how can he safely take refuge in the Forladdt Land? It's a different space independent from the Tai Chi World. He had already planned for it to be his escape route. He's surely furious that you got there before him."

James frowned and said, "Then I'm in trouble. I'm in his territory, so he could kill me anytime."

Yegor rolled his eyes and said, "If he could kill you, why would he wait until now? Not only can you control the Forladdt Land, but you've also successfully cultivated the Ultimate Golden Body. The Supreme Path has chosen you. If he kills you, he'll not have long to live either."

James said thoughtfully, "So he can't kill me himself and wants to use the Three Great Heavenly Tribulations to eliminate me? By doing so, he would not be considered violating the Law of Paths?"

Yegor replied smilingly, "Exactly. However, advancing your cultivation rank with Tai Chi standing in the way will be hard."
