Chapter 6251

The woman's aura was too powerful.

After she appeared, the entire scene was engulfed by an invisible pressure, making everyone fear.

She was Lady Herodias.

Lady Herodias ignored the others and looked at Truett.

"Truett, your wife has quite the temper.

Was our hospitality not good or was the wedding not grand enough?" Truett responded, "Mom..." Yegor snorted.

He couldn't help but shout, "How dare you say she has a temper? If you hadn't intervened, such a thing wouldn't have happened!" Upon hearing that, Lady Herodias glared at Yegor.

At only one glance, Yegor shifted his gaze guiltily and stopped speaking.

'Today is my son's wedding.

| don't want to argue with you." Coldly, Lady Herodias said, "Truett, ask lustus Sect's saintess what she wants US to do to get down the sedan.

"We can give her anything she wants.

It doesn't matter if it's in the sky or the ground, whether it's a treasure deep in the sea.

She doesn't need to go against US in this manner." Upon hearing that, Truett leaned closer to Lady Herodias. "Mom, it isn't what you think it is.

James hasn't arrived.

| won't even continue with the wedding, let alone her." "James?" Lady Herodias frowned.

"Is he the person you have always mentioned? Is he the one who saved your life many times and brought you to Forladtt Land?" "Yeah." Truett felt bitter.

"How rude!" All of a sudden, Lady Herodias became furious.

"Didn't you guys give him an invitation?" At her roar, all the powerhouses inside and outside the hall knelt on the ground out of fear, including the Celestial Sages.

Right then, Frances ran into the hall. Sensing the tense atmosphere, she knelt on the ground even though she didn't know what was happening.

"Frances?" Lady Herodias asked, "Why aren't you welcoming the guests at the entrance? Why are you here?" Frances hesitated to answer.

Awkwardly, she looked at the living beings around her.

Lady Herodias ordered, "Answer me." Frances shuddered.

Then, she told her everything about James at the entrance.

After hearing that, Truett felt uneasy.

"Where's James now?" Frances was taken aback, and her heart skipped a beat. She felt as if she had fallen into an abyss.

She didn't expect that living being to be James.

Did that mean everything the living being said was true? "Great.

You're awesome." Yegor had his hands behind his back.

He was so angry that he laughed.

"James saved my son's life many times and helped him in Forladtt Land.

'This marriage happened because James played Cupid.

He helped US with the bride price by providing US with countless supreme treasures. He did all of that for my son and the pride of Skynet.

"Great work. You're so careless that you bullied my son and daughter-in-law's matchmaker, benefactor, and sworn friend.

Not only is Skynet going to have a reputation for being snobbish, but we'll also be considered ungrateful because of you," said Yegor sarcastically.

When Frances heard that, her face turned ghastly. At once, she bowed in fear. At this time, Lady Herodias could no longer hold back her anger.

She turned to Yegor and shouted furiously, "Since you know he has done US a huge favor, why didn't you send him an invitation

of the highest order?" "How do you know | didn't send him an invitation?"

Yegor shouted back, "Because you said you would only acknowledge invitations and not the people, the Three Thousand Great Genesis Worlds and countless Micro Genesis Worlds fell into chaos.

They rampantly snatched invitations." Upon hearing that, Lady Herodias frowned.

"Truett, didn't you say James barely has any opponents at the peak of Yuraeceon Daelm Rank's Ninth Tribulation? Who can snatch his invitation?"

"Xachary," answered Truett.

Once Lady Herodias heard that name, her face darkened.

"How dare Xachary attack my guest.

He must be tired of living." Then, she shook her sleeves and turned around.

"Let's go to Grand Patriarch Pavilion." "What are you doing?" Yegor shouted.

Lady Herodias answered, "I'm going to look for Xachary." Seeing that Lady Herodias was about to walk out of the hall, Yegor blocked her path.

"Move aside." Lady Herodias was furious. "| know you're close to Xachary, but he disrespected my sect by harming my distinguished guest.

| won't respect him today either." "Can you calm down?" Helplessly, Yegor said, "Isn't finding James more important now? Shouldn't we let our daughter-in-law get down the sedan and let the wedding carry on smoothly?" Upon hearing that, Lady Herodias was taken aback.

"Yegor, Lady Herodias." At this time, Celestial Sage said, "According to Frances, James should be at the entrance.

Since it's our fault, we will welcome him in person." "That's right." Earthly Sage sighed and said, "Even though James' invitation was snatched, he still came to attend the wedding.

Although such a huge incident happened at the entrance, he still wanted to attend.

One can tell how important Truett, Skynet and this wedding are to him.

He finds friendships important and is generous." After hearing the Celestial Sages' words, Lady Herodias took a deep breath. "That's right.

We should welcome James in person.

As for Xachary, he can't escape the Tirta Grand Formation." Then, she slapped Yegor's arm away and walked out of the hall. Visit to read the latest chapter of this novel

Yegor, Truett and the Celestial Sages exchanged glances before following Lady Herodias.

At this moment, Frances, who was on the ground, seemed to have seen a catastrophe coming. She wouldn't even expect this situation in her dream.

Due to her nosiness, she caused a huge trouble.

Now, Lady Herodias, Yegor, Celestial Sages and Truett were going to welcome James.

It was a treatment the Grand Patriarchs of Genesis Worlds couldn't enjoy.

"Oh, right." Hurriedly, Frances looked up.

Chapter 6253

At the entrance of Skynet's headquarter, the initial silence was replaced by a tense atmosphere and Murderous Energy.

James had put his children and Maxine into the soul space, standing at the center among the powerhouses at the peak of Yuraeceon Daelm Rank's Ninth Tribulation, he could be attacked at any time.

All of this was because Dark Thea didn't find the place fun.

So, she headed toward the next Heaven.

She didn't even bid farewell to James and the others.

After she left, the powerhouses who were suppressed were awakened.

They were afraid of Dark Thea, but now, they had the chance to regain their pride.

Since Dark Thea and James were at the same table moments ago and James had a good attitude, he was slandered as an ally of Dark Thea.

He must be annihilated to prevent future troubles. At this moment, James and the others were sipping on tea calmly while Finley blocked the powerhouses from approaching. "You must give US an explanation.

What's your relationship with Dark Thea?" An elder with white hair shouted, "If you don't tell US, we'll annihilate you today." The powerhouses around him agreed with him.

All of them began to denounce James.

Facing so many angry powerhouses, Finley found it difficult to resist them.

Thankfully, the group of powerhouses only attacked verbally.

So, the situation wasn't extremely bad.

James put down his teacup after the powerhouses quieted down.

"Are you guys done cursing?" The powerhouses around him were taken aback and fell silent. "What's the matter?" James snorted and said, "You guys can't offend her and thus lose your dignity. Now, you're bullying me because I'm easy?" The powerhouses were at a loss for words.

James said, "Are you guys upset because our cultivation ranks are low, but we are sitting at the main table? Or is it because she sat at the same table as us, causing you guys to lose your dignity?" Then, he raised his head.

"To be honest, I'm here to celebrate my friend's wedding and give him my blessing. I have promised my friend this.

There's nothing more to it.

"I don't want to ruin my friend's wedding.

That's why I have been holding back.

But it doesn't mean I will let anyone bully me.

"As for why I can sit here, it's because Finley arranged for me to sit here.

I didn't request for it.

I didn't invite Dark Thea to sit with US.

She chose to sit with us.

"If you guys are angry at US because of all that, we can go to another table.

"And if you still aren't satisfied, after the wedding, we can look for a place to carry out a duel. It doesn't matter if it's a one-to-one or group fight.

You guys can call the shots.

We, Jademora Empire, will accept the challenge. We won't refuse it." James' words made sense. He was humble yet domineering.

Hearing his words, the powerhouses frowned. Then, a beautiful female powerhouse snorted.

"How dare a mere powerhouse at the peak of Yuraeceon Daelm Rank's Eighth Tribulation be so bold?" "That's right." A middle-aged powerhouse ridiculed, "I have never heard of Jademora Empire. Visit to read the latest chapter of this novel

The middle-aged powerhouse widened his eyes in disbelief.

Instantly, he spat out blood and fell to the ground, severely injured.

At once, the powerhouses became furious.

When they were about to take action, they saw Truett in a groom's robe.

There was suddenly an uproar.

"H-He's the Young Master of Skynet." "The Young Master of Skynet is also a part of the Jademora Empire?" "What's the Jademora Empire? I've never heard of it." While the powerhouses were in an uproar, Truett knelt on one knee and said, "James, I deserve to die.

I'm sorry for what had happened to you!" This scene caused another uproar.

The Young Master of Skynet knelt for a living being at the peak of Yuraeceon Daelm Rank's Eighth Tribulation on his turf. What was going on? James was taken aback by Truett's actions.

In a hurry, he helped Truett up.

"What are you doing? Today is your big day." "I feel sorry for you."

Embarrassed, Truett said, "I didn't plan this out properly..." "Alright." With a smile, James hugged Truett.

"It's my fault for losing your invitation.

Initially, | only wanted to attend your wedding banquet.

| didn't expect such a commotion to happen.

| have caused trouble for you." "James!" With a trembling voice, Truett said, "The wedding isn't important. | can't stand by and watch you get treated this way.

"I can't let them humiliate the Jademora Empire either." Then, he let go of James and glanced at the powerhouses around him. "I will fight on behalf of the Jademora Empire."

"Who dares to fight me?" His voice was loud, making the powerhouses present tremble.

Those who understood the situation also stepped backward.

Truett was the Young Master of Skynet.

On his turf, who dared to fight against him? That person would just be seeking death.

"I, Celestial Sage, accept your challenge." "I, Earthly Sage, accept your challenge." At this time, a man's and a woman's loud voice sounded.

Then, the Celestial Sages turned into two rays of light and appeared next to Truett. Following their appearance, the atmosphere became tense.

The powerhouses' faces became pale.

They couldn't breathe due to the Celestial Sages' powerful auras.

The powerhouses in lower cultivation ranks were even forced to kneel on the ground. The Celestial Sages were in the Quasi Daelcon Rank.

They were a part of the top powerhouses.

The powerhouses at the peak of Yuraeceon Daelm Rank's Ninth Tribulation were not their match.

Nonetheless, the situation hadn't ended.

A ball of golden righteous aura showed up.

It turned into Yegor.

"I, Yegor, accept your challenge." At that moment, the powerhouses seemed to have been struck by lightning. Everyone knelt on the ground and couldn't even lift their heads.

Chapter 6255

Under powerful pressure, dozens of powerhouses at the peak of Yuraeceon Daelm Rank's Ninth Tribulation were forced to die. James couldn't help but take a deep breath.

The Celestial Sages and Yegor were at the peak of Consummation Yuraeceon Daelm Rank's Ninth Tribulation.

They were powerful together.

Their strength was enough to sweep across most of the Genesis Worlds.

Based on their auras, if they annihilated all the powerhouses at the peak of Yuraeceon Daelm Rank's Ninth Tribulation here for James' sake, it would be bad.

Although James wasn't a kind man, he knew the big picture.

Even though this group of powerhouses deserved death and was evil, James contributed to this wedding. It was the wedding of his sworn friend, and it was held in the headquarters of Skynet.

If bloodshed happened because of his pride, everyone's dignity would be affected.

Besides, this group of powerhouses had invitations from Skynet.

They were all guests.

If they were wiped out, Skynet's reputation and status would be severely affected.

The new force consisting of Skynet and the lustus Sect that James had put in so much effort to create and was independent of Righteous Alliance and the new alliance might fall apart.

At that thought, James shot up to the sky.

He activated the Ultimate Golden Body.

Upon seeing James stepping on the Tai Chi, Yegor frowned. Respectfully, James said, "Mr.

Yegor! Please have mercy." Yegor was stunned to hear that.

The powerhouses that had their heads lowered were in disbelief too.

They didn't expect the person who asked for mercy on their behalf at this critical moment to be the living being at the peak of Yuraeceon Daelm Rank's Eighth Tribulation they ridiculed moments ago.

Yegor also frowned. "Did you forget how they treated you? How can I forgive them so easily for offending my distinguished guest?" "Mr. Yegor, please let them go on my behalf.

I will handle the consequences if something happens." James sighed, saying, 'They deserve to die, but they shouldn't die now.' Yegor was taken aback.

In a low voice, James said, 'Today is my friend's wedding.

It's a celebration.

They are guests who were invited to come.

Even if there are great grudges, we should wait until the wedding is over.

Why else would I hold myself back?" When Yegor heard that, he felt pleased.

At this time, a woman's voice sounded from the void.

"You're knowledgeable and wise.

As expected from my son's friend." Then, a ray of Quasar Light flashed in the void. Instantly, it turned into Lady Herodias' figure.

Upon seeing the female powerhouse with a magnificent aura, James bowed at her. "Greetings, Ms.

Herodias." "Greetings." Admirably, Lady Herodias looked at James.

"I can see the passion in your eyes.

You're a noble and the Path's Chosen One.

"But you shouldn't let yourself get bullied.

I can't let this group of unknowledgeable living beings off the hook.

They have committed a grave sin.

Then, she raised her hand.

The Quasar Divine Light filled the entire sky.

At once, it engulfed the powerhouses at the scene.

Following the muffled sounds, the powerhouses present cried out in pain.

Chapter 6256

Looking at the severely injured powerhouses, Lady Herodias shouted, "Apologize to my distinguished guest right now and get out of here.

We don't welcome you." The powerhouses were shocked.

After Yegor and the Celestial Sages withdrew their auras, the powerhouses got up slowly with pale faces. One by one, they went to James and apologized to him before running away.

At this moment, James understood what it meant to be respected in terms of strength.

Who cared if one had an invitation? The host had to acknowledge one to be a guest.

If the host didn't acknowledge, one would be nothing.

After all the powerhouses left, Truett and the Celestial Sages appeared before James.

"James, I heard you brought a few living beings with you.

Are they alright?" Truett asked with concern.

With a smile, James waved his hand.

Several children and Maxine appeared.

James pointed at Maxine and smiled at Truett.

"Let me introduce you to her.

She's also a sworn friend of mine.

Her name is Maxine." "Greetings, Mr.

Truett." Hurriedly, Maxine bowed at Truett before bowing at Yegor, the Celestial Sages and Lady Herodias. Truett smiled at Maxine.

'There's no need to be so polite.

Since you're James' friend, you're my friend as well.

Just call me by my name." Maxine was shocked.

She stood next to James and looked like his shy wife.

At this moment, when Lady Herodias looked at Maxine, her eyes glinted strangely.

Pointing at his children, James said, 'These are my sons, Jacopo and Noel. The other two are my daughters, Winnie and Xainte." Upon hearing that, Truett was astonished.

"James, are these all your children?" With a smile, James nodded.

"I think I've mentioned them to you before." "Yeah." Truett laughed and said, 'They look like you and Thea. This is great." Then, he patted his body excitedly before saying awkwardly, "I didn't bring anything with me. I should give them gifts..." "What gifts can you give them?" Yegor smiled and said, "Come here, kids.

I have gifts for you." Jacopo, Noel, Winnie and Xainte walked over to Yegor under James' motion.

Then, they bowed at Yegor.

Then, James had an astonished expression.

"What? What are Lyla and the others doing? Let's go and have a look." Right away, Truett pulled James and disappeared. Visit to read the latest chapter of this novel

Chapter 6257

In the headquarters of Skynet, the guests discussed among themselves in front of Telhervo Hall.

Most of them were gloating.

In their opinion, Skynet held the wedding in a high-profile manner to make it an event known to all the worlds. Since the bride didn't want to get out of the sedan, the wedding had become a great joke.

Now, it depended on how Yegor and Lady Herodias would get out of the situation.

After all, all the famous living beings in the Genesis Worlds had come.

They couldn't just leave without seeing the wedding.

At this moment, among the powerhouses at the front, Gladwin snorted and said to an elder in green clothes, "Our friend might be humiliated this time.

He prioritizes his dignity. This situation will make him more upset than killing him." The elder in green clothes sighed. "Yegor lives freely, is indifferent to fame and fortune, and is indifferent.

Why would he be so careless this time?" "Don't we understand Yegor enough?" An elder with white hair snorted and said, "It must be because of his wife, Lady Herodias.

She's domineering. Because she's Tirta's daughter, everyone has to respect her.

Thus, she became more fearless." Upon hearing that, Gladwin snorted and said, "No matter how it is, if lustus Sect's saintess doesn't get out of the sedan, Skynet and Yegor's pride and reputation will be affected.

What a pity." Although it sounded like he was sympathizing with Yegor, his words were sarcastic. At this time, Yaquis Holiness spoke up in the distance.

"Skynet gained its prestige from its strength.

Yegor also gained his reputation from his terrifying righteous aura.

Both can't be slandered by some shameless people." Then, he looked at the living beings around him and mocked, "The living beings with evil intentions are definitely anticipating something to happen to Yegor.

Such living beings are so shameless for standing before the prestigious Telhervo Hall." Many powerhouses present agreed with Yaquis Holiness' words as they nodded.

"Yegor's righteous aura is famous in the Three Thousand Great Genesis Worlds and countless Micro Genesis Worlds. It isn't something that anyone can slander." "That's right.

Only the evil and despicable living beings will slander such a thing." "How shameless must one be to slander Yegor?" "Do you guys not know about this?" Yaquis Holiness laughed and said, "The person is trying to seize the position of the Sect Leader and is addicted to being a rebel.

Who will take him seriously?" At that, the powerhouses around Yaquis Holiness turned to look at Gladwin strangely. Gladwin's face was pale from being ridiculed.

Clenching his fists, he said, "Yaquis, what the heck do you mean by that?" "Did my words hurt you? Are you angry?" Yaquis Holiness mocked, "Everyone here is a famous living being in the Ancient Genesis World.

Everyone has heard and seen your actions and words just now.

When Lady Herodias and Yegor come later, everyone can act as a witness." Noticing the strange gazes of the powerhouses around him, Gladwin was furious.

What a perfect match." When Gladwin and Yaquis Holiness heard that, their expression darkened. Array of purple light flashed across the void.

Dark Thea appeared enchantingly.

Chapter 6258

At that instant, the atmosphere fell silent.

Even though the living beings here were in charge of the Superorthodoxes in Ancient Genesis World, they seemed to be facing a great enemy.

After all, ever since Dark Thea got out of Demon Region, she had caused chaos in the Three Thousand Great Genesis Worlds and countless Micro Genesis Worlds.

She didn't care which sect one was from or how great one's force was.

If she targeted someone, it didn't matter if it was a living being or an item, she would take it away. She would do whatever it took to take it.

Thus, she didn't have any friends.

She only had enemies.

When enemies met each other, they would be even more infuriated.

It was the current situation.

Being in the center of attention, Dark Thea had her arms behind her back as she walked over. She appeared before the powerhouses and stood there.

"I like this feeling.

You guys despise me, but you can't kill me.

This feels awesome." The powerhouses were at a loss for words.

'The bride should stay in the sedan longer.

She represents the entire Skynet now." Dark Thea said, "In this way, she can take a look at all of you. After marrying into Skynet, she will know how to kill all of you." Her words were a huge blow to the powerhouses. She had cursed everyone present.

So, the powerhouses before Telhervo Hall were furious.

As they were in Skynet's most sacred place, they were afraid of taking action.

If gazes could kill, Dark Thea would have been killed by them countless times.

While they were considering taking action, a powerful voice sounded.

"Everyone, please stop.

If Skynet and my friend become a joke today, Skynet and the lustus Sect don't need to deal with the people who ruined the wedding.

|, on behalf of the Jademora Empire, swear that the sect and orthodoxes supporting the people who ruined the wedding will have rivers of blood and mountains full of corpses." Everyone present could hear the domineering voice.

In the next second, Truett and James arrived before the Xitlal/s sedan.

At this moment, James turned around and looked at the powerhouses before Telhervo Hall with one arm behind his back. In the end, his gaze landed on Gladwin.

"Mr.

Gladwin, do you think | can do it?" Not expecting James to call him, Gladwin touched the tip of his nose awkwardly.

With a smile, he said, "James, we were only joking." "It's a joke? Great." James turned to look at Yaquis Holiness. "Mr.

Yaquis, were you joking too?"

It was only then James turned around.

He waved his hand, and hundreds of Divine Tools that exuded all kinds of light appeared.

The powerhouses before Telhervo Hall widened their eyes. All of them were shocked. "T-Those are the three lost Divine Tools of Tempestara.

The Seven Star Kingsfall Dagger, Boundless Crossfire and Astrological Ring." "The Yin and Yang Double-Edged Sword, Lunar Eclipse Killer Hook and Soul-Severing Blade.

Aren't those the lost Divine Tools of Sword Sect?" "The Holy Pestle, Violet Bowl and Zaton Cauldron, the lost Divine Tools of Landom Palace are also among the Divine Tools listed." "Several lost Divine Tools of Yaquis Sect are also in there." Following the exclamations of countless powerhouses, James put out both hands.

The hundreds of Divine Tools were cast into a dazzling Divine Tools Road.

One end of the Divine Tools Road was connected to Xitlaly's sedan, while the other end headed straight to Telhervo Hall with majestic violet-gold light.

Everywhere it passed, the powerhouses in front of Telhervo Hall would make way for it.

They were all stunned.

Even the living beings before the sedan were stunned by this scene.

Lyla, Rebella, Xatia and Adair looked at James as if he were a God.

"How majestic!" Dark Thea exclaimed, "You used the lost Divine Tools of the sects to make a road.

Not only are you slapping these powerhouses in their faces, but you're also throwing their dignity on the floor and stepping on it." When the powerhouses heard her words, their expressions became ghastly.

Asect's Divine Tool represented the inheritance of a sect and the foundation of an Orthodox.

It represented the expectation and strength of the sect's founder.

It included the entire sect's dignity.

The appearance of the lost Divine Weapons was a huge shock to the powerhouses.

When they saw James use tools to make a road, they felt humiliated.

James' actions shamed the sects and Orthodoxes supporting the powerhouses present.

His actions also humiliated their ancestors.

Looking at the Divine Tools engulfed by violet-gold light, the powerhouses before Telhervo Hall felt upset.

They thought of stealing the tools back, but if they did do that, then the sects and Orthodoxes behind them would be destroyed too.

After all, Skynet was the strongest existence in this world.

James ignored the powerhouses' anger.

He shouted, "Truett, go and welcome your bride." Excitedly, Truett looked at James. He was proud.

Instantly, the light exuded by countless Divine Tools engulfed Xitlaly.

At that moment, she became the most dazzling existence.

The scene not only made the living beings present in awe but also Truett.

Chapter 6260

With a smile, James said, "Why are you still standing here? Hurry up and go over to her." Truett hesitated for a moment, then hurried forward.

When he was about to carry Xitlaly, she refused.

"Since James contributed so much to our wedding, we can't let him down." Excitedly, Xitlaly said, "Let's hold hands and walk down this Divine Tools Road." Upon hearing that, Truett laughed.

"Alright.

Let's walk on this Divine Tools Road together." Then, the newlyweds passed the red ribbon to James.

James led them to Telhervo Hall, stepping on the road made out of hundreds of Divine Weapons.

Right then, the powerhouses before Telhervo Hall felt their hearts tremble each time James and the newlyweds took a step. They were stepping on the lost Divine Tools of the powerhouses' sects.

It meant that they were stepping on the dignity of the powerhouses' sects.

Aside from anger, the powerhouses felt helpless.

After all, this kind of lost spirit Energy hid the secrets of the sects and ancient Orthodoxes.

If the powerhouses could get back one item, it might change the fate of the entire sect.

However, the items the powerhouses treasured were stepped on by a few living beings as if they were stepping on a road. The powerhouses' feelings were obvious.

At the same time, in the void, Yegor, the Celestial Sages and James' children saw this scene.

Proudly, James said, 'The dignity of Skynet, my pride, and the honor of my son's wedding have reached the pinnacle. With a good friend like James, one can die without regrets.' Standing to the side, Lady Herodias said in a shaky voice, 'This kid... I didn't expect him to do this.

He's given US a lot of dignity." Then, she looked at Yegor.

'This group of living beings wants Skynet to become a joke.

How dare they? James can make them lose their dignity easily." Yegor laughed.

Then, he turned to look at James' children.

"Kids, you guys have a great father.

He's your greatest wealth." Jacopo, Noel, Xainte and Winnie nodded simultaneously.

At this moment, they felt proud.

With a father like James, they could brag everywhere they go.

"Maxine." Lady Herodias looked at Maxine.

"Do you understand the situation?" "A bit." Maxine sighed and said, "By using hundreds of Divine Tools to make a road and letting the newlyweds step on it, not only will the wedding look holy and grand, but it's also a great blow to the powerhouses with evil intentions." "You're smart." Lady Herodias smiled and nodded.

"It's no wonder James is the Chosen One.

He has so many surprises." Then, she looked at Yegor again. "Yegor, you have finally done something right.

I'm pleased." Yegor rolled his eyes at her.

"This favor is too great.

I can't repay it all.

You should help with it." Lady Herodias was taken aback.

She laughed and nodded.

"Of course, I will help repay this favor." "Mr. Yegor and Ms. Herodias, who is that group of people?" Suddenly, Jacopo exclaimed. Visit to read the latest chapter of this novel
