

THE ALMIGHTY DRAGON GENERAL

Chapter 6281

Truett exclaimed, "You're right! It's James! He's fighting so many peerless powerhouses and grand patriarchs alone?" Xitlaly said tearfully, "He attracted a Destruction Heavenly Tribulation.

He was prepared to fight to the death.

That's why he didn't want us to intervene.

Truett clenched his fists and said, "James...

No, I must save him somehow." After speaking, Truett leaped into the air.

However, two golden light rays quickly suppressed him back to the ground.

Truett furiously lifted his head and saw the two Celestial Sages hovering in the void.

Surprised, he asked, "Why are you two stopping me?" The Earthly Sage replied, "It's a request by James.

He asked us to prevent you from leaving this place no matter what happens."

The Celestial Sage sighed, saying, "You two shouldn't let his good intentions and effort go to waste." Truett roared, "Never! We've agreed to share our fates! I can't just watch him risk his life alone!" Xitlaly looked at the two sages and said, "We won't hold back if you continue to block us! You will never understand how much he means to us!" As soon as the couple finished

speaking, the sages raised their hands, and two golden light rays emerged to form a massive shield to trap them.

Truett growled, "You! If anything happens to him, I'll never forgive you two!" Xitlaly also shouted furiously, "How stubborn!" The two sages looked at each other helplessly.

The Celestial Sage asked, "Are we the stubborn ones?" The Earthly Sage said, "I understand their feelings. Right now, we should fight on their behalf." The Celestial Sage took a deep breath and nodded.

Then, he said, "Please just stay here, Truett.

We'll take care of it." After speaking, the two sages immediately disappeared from the spot.

Truett and Xitlaly, on the other hand, were trapped with the light shield and unable to escape.

Meanwhile, James was outside the Telhervo Hall, shattering the 3600 black Tai Chi diagrams.

Immediately afterward, he quickly swallowed their Historial Power.

He felt his whole body suddenly filled with energy.

Then, he rushed into the formation.

Lesia floated behind him, radiating with a fiery red light. Her body quickly grew, and she became a beautiful woman taller than James.

At that moment, James activated his potential power from the Daelcon Mentality.

Chapter 6282

“you've withstood the Destruction Heavenly Tribulation and awakened twenty percent of the Ultimate Golden Body's power.

You can completely devour these old men's powers to resist the Bone-crushing Heavenly Tribulation now.” James raised his head, revealing his blood-red eyes.

His hair was disheveled, and his handsome face was full of hostility.

Although the Destruction Heavenly Tribulation severely injured him, he knew it was a blessing in disguise.

After all, his strength had skyrocketed, and he had the strength to defeat his opponents, who also had severe injuries. "It's time we show them what we're made of."

The worst case scenario is that we die together." James slowly raised and spread his arms, which were made from the Judgment Scythe and Nether Demonic Sword.

Countless golden and black Sword Lights containing Historial Curse Magic permeated the formation.

Xaiden shouted, "Not good! He's coming at us full force! Let's work together to shatter the formation!" After speaking, Xaiden's whole body emitted a terrifying Genesis and Historial Power.

The other powerhouses trapped with him also urged their Supernatural Powers and destroyed the formation together. Immediately afterward, they leaped into the air and launched fierce attacks against James.

Various types of attacks darted toward James.

The powerhouses summoned their Genesis and Historial Powers, then cast their Supernatural Powers.

However, James swiftly dodged their attacks.

Even though he was besieged, James calmly soared into the void.

He waved his hand, and numerous golden and black giant swords emerged.

Then, they manifested into a vast Tai Chi Formation, instantly trapping the group of powerhouses.

As the Tai Chi Formation rotated, countless Sword Energies swarmed at the powerhouses.

The surviving powerhouses and grand patriarchs hurriedly used their Supernatural Powers to block the attacks.

They were top powerhouses in the Genesis Worlds but could not help but feel helpless.

James would be unable to take on any of his opponents even if he had ten thousand times his current cultivation rank. He used the strength of his Ultimate Golden Body and suppressed them.

The powerhouses were severely injured, and their strength decreased significantly after being attacked by the Heavenly Tribulation.

It was already impressive enough for them to have survived the Destruction Heavenly Tribulation. They were anxious, knowing they had to face James' second attack.

James became braver as he fought.

His Marcialis Power repulsed two of the grand patriarchs.

Suddenly, he stretched out his hand to grab a wounded female grand patriarch.

He grabbed her head and then began absorbing her energy.

Historical Curse Magic and Quasar Lightning enveloped the female grand patriarch. She screamed miserably but was unable to break free.

"Quinstella!" A white-haired elderly man quickly leaped into the air and charged at James. Visit to read the latest chapter of this novel

Lesia, who was behind James, immediately took action.

Her body merged with the sword, then charged at the white-haired elderly man.

Boom! A gushing Galeat Wind pierced through the void.

In the next second, four more fists flew into Lesia, forcing her on the defense.

Seeing another huge fist aimed at Lesia, James, who was absorbing power, quickly waved his hand.

A trace of Historial Power emerged from his palm and struck the white-haired elderly man.

Boom! The white-haired elderly man spat out a mouthful of blood.

Looking at James in shock, he gasped, "You can control Historial Power?"

"Genesis is nothing special anymore. Now, die!" James raised his hand and struck the female grand patriarch with his palm.

A Historial energy orb popped out of her head, and James quickly swallowed it.

James' power had increased once again.

Afterward, he raised his hand to grab the white-haired elderly man.

“Presumptuous! You demon!” The white-haired elderly man was furious.

The next second, a golden light emerged from his body.

“It's futile to keep resisting,” James replied, and then he appeared in front of the elderly man in a flash.

The elderly man shouted, “You...” Before he could finish speaking, James grabbed his neck and lifted him from the ground.

“with such serious injury, your strength is worse than someone at the peak of the Yuraeceon Daelm Rank’s Ninth Tribulation even though you’re at the Quasi Daelcon.

Why are you acting tough?” Afterward, James activated his power and started absorbing energy. “Sir Yobert!” Xaiden rushed over and furiously struck at James.

However, black and golden Sword Lights darted at him.

Xaiden’s body was pierced all over.

He trembled, but it did not stop him from approaching James.

Countless spectral palm prints permeated the sky.

James was forced to knock the white-haired elderly man.

Then, his black and white light burst out from his body.

The two of them fought, causing the surroundings to tremble.

The power of their Historial Power and Genesis permeated the area.

Powerhouses at the Yuraeceon Daelm Rank’s Ninth Tribulation’s peak spat out blood.

Even the grand patriarchs at the Quasi Daelcon were forced to back away because of the vast power.

James and Xaiden swung at each other, exchanging hundreds of thousands of moves in the blink of an eye.

Xaiden stabilized his body, and a golden light burst out to resist the countless golden and black Sword Energies. At that moment, he stood firmly in the void like a war god.

At that moment, James was shrouded by black and white light.

He stood above a Tai Chi diagram, radiating with a mighty fighting spirit.

Xaiden shouted tremblingly, "We've no grievances, James.

That demon you're siding with has already escaped, so why do you insist on getting rid of us?" James squinted and asked, "Are you begging me? Why are you spouting nonsense." A charming voice suddenly came from the void.

Dark Thea, who had left earlier, returned at the speed of light.

Chapter 6284

As soon as James saw Dark Thea, Xaiden's expression immediately changed.

James asked surprisedly, "Why did you come back?" Dark Thea appeared beside him in a flash and asked, "How's your injury? Did the bite hurt any of your vitals? It won't affect our wedding night's activities, right?" James was speechless.

Dark Thea stared at James and said, "I'm asking questions." He took a deep breath and said helplessly, "You shouldn't have returned." Dark Thea said arrogantly, "We agreed to fight them together.

How could I just escape? Moreover, where will I find another man clumsy and adorable like you to have my wedding night with if you die? James was rendered speechless.

Dark Thea was rumored to be ruthless. Even though she had not recovered her memories, she did not attack indiscriminately. Even though she was a demon trying to destroy everything, James was willing to fight for her.

Fortunately, these peerless powerhouses were already severely injured by the Destruction Heavenly Tribulation, and their strength was reduced significantly.

With Dark Thea's strength, she should be able to put up a fight. James whispered, "The second tribulation is about to strike.

It's the Bone-crushing Heavenly Tribulation that is stronger than the Destruction Heavenly Tribulation..." Dark Thea said softly, "It was risky but wise of you to use the Destruction Heavenly Tribulation to injure them.

However, you seemed to have forgotten that Heavenly Tribulations do not affect me.

If you want to kill them, you would need my support." James was taken aback by her words.

He suddenly remembered Dark Thea was the Dark Heavenly Path and the reincarnation of the Yin governor. Hence, she was not affected by Heavenly Tribulations.

In other words, the Bone-crushing Heavenly Tribulation would help relieve her crisis and make her even more powerful, giving her the strength to eliminate the group of powerhouses.

Thinking of this, James' heart was full of fighting spirit.

"In that case, let's join forces." As soon as he finished speaking, he stretched out his hands.

A trace of Historical Power and Marcia's Power emerged, and then he charged toward Xainde.

Dark Thea's purple-pink light bloomed instantly, then manifested into tens of thousands of illusory palms. Xainde was horrified after seeing the two of them working together.

He hurriedly used his Supernatural Powers to resist the attack but was forced to retreat step by step.

At that moment, an old man with flowing white hair and an ethereal aura approached from behind Xainde. He zoomed toward them at rapid speeds.

Then, his body suddenly duplicated into ten thousand clones to surround James and Dark Thea.

Immediately afterward, he thrust his palm forward, and countless Historical palm attacks permeated the void, causing the surrounding space to crack.

James was immediately faced with the fierce attacks.

His Ultimate Golden Body erupted with a terrifying black-and-white light, but he was injured all over.

With a muffled groan, James spat out a few mouthfuls of blood. Then, he staggered and plummeted from the air.

Dark Thea, who was busy resisting the countless palm attacks, quickly summoned an illusory hand and caught James. Visit to read the latest chapter of this novel

Then, she soared into the air and trampled on the thousands of palm attacks.

James asked weakly, "That was so powerful. Who is that old guy?" "Xolani Leander.

Chapter 6285

James frowned and asked, "Is Xolani stronger than Xainder?" Dark Thea said solemnly, "There are ten very powerful cultivators in the Genesis Worlds.

Franciscus ranked second among them.

Herodias, Xolani and Yzert Sanlord are in third, fourth and fifth place, respectively.

James inquired, ““Who’s number one then?” Dark Thea shook her head and replied, “I don’t know. Whoever it is, he has always been very mysterious and hardly appeared in public.

Nobody knows which sect or force that powerhouse is from.” A figure immediately popped into James’ mind, and a sly smile flashed across his face.

Dark Thea asked, “What's with that expression? What are you scheming?” James smiled faintly and answered, “No matter how strong he is, he’ll be helping me resist the Bone-crushing Heavenly Tribulation.” Dark Thea chuckled, nodded, and said, “That’s indeed our greatest weapon.

Even though I’m not confident in killing him, I should be able to injure Xolani with the tribulation's help severely.” Meanwhile, Xolani hovered in the void.

He raised his hand, and a powerful force wrapped around Xaiden, instantly healing most of his injuries.

Xaiden looked at Xolani, saying, “You're finally here, old man.” Xolani said coldly, “You bunch have experienced the vicissitudes of life but are being played by a youngster? Are you all so stupid?” Xaiden lowered his head in shame.

A middle-aged man in gray slowly approached and stopped beside Xolani. “They're not stupid.

They underestimated their opponents, thinking a little creature at the Yuraeceon Daelm Rank’s Eighth Tribulation’s peak and the Dark Heavenly Path couldn’t take them down.

They never expected their opponents to be so powerful and sly enough to use the Tai Chi Tribulation to injure them.” Xaiden glared at the middle-aged man

and said, “The Heavenly Tribulation covered the entire formation, and we had nowhere to escape.

Do you have a way to suppress them in a situation like that, Yzert?” Yzert smiled calmly and raised his hand to summon two fishes, one black and one white.

Xaiden exclaimed, “Oh, right! The Yin- Yang Fish.

How could I have forgotten you've also mastered the Tai Chi Formation, which can resist tribulations.” Yzert tossed the two fish into the air, and they quickly transformed into a black and white Tai Chi Formation around them.

The surviving powerhouses and grand patriarchs quickly gathered near them. “Let us in as well, Sir Yzert .” “Please, Sir Yzert. We're also members of the new alliance.

You can't just watch us die.” “We won't be able to resist the new tribulation. We'll die.

Please let us in, Sir Yzert .” “The Tirta Grand Formation imprisoned us, and the Heavenly Tribulation will cover the entire sky. Visit to read the latest chapter of this novel

Chapter 6286

Yzert said coldly, "It's time for you to contribute to the Genesis Worlds. Eradicating these two demons will be considered a great contribution.

I will lead the Timaeus Sect to the forces of those who dare to flee and make sure your disciples' souls are obliterated." Xolani said coldly, "If you're defeated, we'll make up for your sacrifices.

Today, we must kill those two demons and prevent harm to our Genesis Worlds." He sounded sonorous and made it seem like a righteous act.

However, the sanctimony and despicableness in his words could not be hidden. To put it bluntly, they were sacrificing those who were not their confidants or subordinates to exhaust James and Dark Thea.

Meanwhile, the others allowed into the formation could heal while waiting for the tribulation to end and reap the benefits of their sacrifices.

It would be advantageous for them if James died during the tribulation.

After all, he had an Ultimate Golden Body and hundreds of artifacts that could improve their strengths.

Even if James survived the tribulation, their collective strength would be enough to take James and Dark Thea down. The powerhouses left outside of the formation were naturally aware of the situation.

However, there was no point in them getting angry over it.

After all, the strong ruled the Genesis World.

Since Xolani and Yzert have already threatened them, their sects and trillions of disciples would be wiped out if they were to escape the battle.

A beautiful grand patriarch raised her head and shouted, "Is this what the so-called Righteous League is? Is this what the new alliance that wants to rewrite the world's rules achieve their goals? Bluntly speaking, you want us to sacrifice.

"Whatever.

Death is nothing to me anyway.

I hope you keep your promise and not torture our sect's disciples if we die."

After speaking, she summoned a fluorescent scepter. Then, she furiously charged at James and Dark Thea, attempting to take their lives.

The other powerhouse who were denied entry into the formation also dragged their injured bodies and swarmed toward James and Dark Thea.

James removed the gray clouds blocking the 1600 white Tai Chi diagrams. Flashes of white lightning struck down from the sky and transformed into flameballs, containing destructive power.

The Bone-crushing Heavenly Tribulation was activated, and half of the powerhouses charging at James were enveloped by blazing white flames, causing them to scream in agony.

James summoned the Yuraeceon Genesis Bell, trying to shield Dark Thea within it. However, she excitedly rushed out to face her opponents.

Meanwhile, the cracked Yuraeceon Genesis Bell unleashed a dazzling gray right after being impacted by the silver-white flame balls.

Lesia hovered above the Yuraeceon Genesis Bell and rotated rapidly to devour the flame balls. Gradually, a hint of white began showing with her fiery red light.

James suddenly asked, “Are you okay, Lesia?” Lesia replied, “I’m barely holding on.

The Earthly Sage said solemnly, “If you’re planning to just resist the tribulation, you’ll die. You must use offense as defense.” James immediately retracted the

You two don't have to get involved." The Celestial Sage said smilingly, "You're facing the Bone- crushing Heavenly Tribulation, James.

Without our power of heaven and earth, you won't survive the tribulation."

After speaking, the Celestial Sage turned into a cyan light and darted toward the 1600 white Tai Chi diagrams in the sky.

The Earthly Sage smiled calmly and said, "Keep up with us, child.

It'll be an intense fight." Then, she turned into a turbid light of Terra Power and shot up into the sky. Seeing this, James was highly excited.

He immediately merged with Lesia, transforming into a giant word emitting amethyst- gold light. Then, he followed them, rushing toward the 1600 white Tai Chi diagrams in the sky.

James and the two sages joined forces and smashed one of the white Tai Chi diagrams.

Then, they rushed to the second target at incredible speeds.

The three were powerful together but were constantly injured by blazing flames after destroying one of the Tai Chi diagrams. Even so, the sages tried their best to assist.

They persisted and finally destroyed half of the white Tai Chi diagrams.

At that moment, a burly figure fell from the sky and coincidentally bumped into James.

"Mr.

Yegor?" James was surprised.

Yegor spurted a mouthful of blood.

Then, he smiled and said, “Oh, it’s you? Not bad.

You have already got through the Destruction Heavenly Tribulation.” When James was about to speak, Yegor suddenly covered his mouth and said, “Listen to me.

Herodias and I will keep Tai Chi busy, so don't worry.

“As long as he can’t pour more energy into the tribulations, your chances of surviving will increase. You must seize the opportunity well.

We won't be able to buy too much time.

After all, the Law of Paths will notice very soon and will come to intervene.” After speaking, Yegor raised his hand, wrapping his righteous aura around James and the Celestial Sages.

Then, he quickly flew into the sky again.

James realized he safely survived the Destruction Heavenly Tribulation because Yegor and Herodias distracted Tai Chi. If not for them, he would have been obliterated.

After learning of their kind acts, James vowed to repay them.

Then, he quickly focused on working with the Celestial Sages to resist the countless white flame balls thrown by the remaining white Tai Chi diagrams.

With Yegor’s righteous aura, their injuries recovered rapidly. James suddenly took out two Calidum Spiritual Fruits, turned to the Celestial Sages, and said, “Eat this.

The powerhouses fighting Dark Thea were injured after the shock wave spread to them.

Dark Thea took advantage of the situation and quickly devoured them, again improving her strength.

Chapter 6288

Yzert, Xolani and Xaiden, who were protected by the Tai Chi Formation, had terrifyingly grim expressions.

Gladwin clenched his fist and asked tremblingly, "What the heck is with him? How is he not even afraid of the Bone-crushing Heavenly Tribulation?" Xaiden said coldly, "Both the Celestial and Earthly Sage have joined him.

I never expected Skynet to go to the dark side." Yzert said solemnly, "Skynet is using all their strength to protect him." Gladwin frowned and said, "What I want to know the most is where Yegor and Herodias are.

Don't tell me they're waiting to appear during the finale?" Xolani smiled and calmly pointed toward the sky.

Gladwin exclaimed, "Are you saying the couple is already in a higher tribulation?" Yaquis frowned and asked, "Even grand patriarchs can't reach the Ninth-Rank Heavenly Tribulation.

How is it possible for them to have succeeded? That's impossible! Absolutely impossible!" Yzert said calmly, "Nothing is impossible.

They are disciples of Tirta, after all, so they have Tirta Power. They have the privilege of reaching a higher tribulation.

The powerhouses within the formation gasped in shock From the start, they knew it was not just a battle against James and Dark Thea.

The entire Skynet was their opponent as well.

No matter what the cost, Skynet was determined to protect the two of them.

Yegor and Herodias even reached a higher tribulation to fight Tai Chi.

Suddenly, it made sense why James could safely survive the Destruction Heavenly Tribulation.

At that moment, Dark Thea was slaughtering the powerhouses around her.

Most of the powerhouses rejected by Xolani and Yzert had sacrificed and were absorbed by Dark Thea.

Dark Thea's body emitted a purple- pink light, and her strength was close to reaching the Daelcon Rank.

After Dark Thea absorbed the last powerhouse, she waved her hand.

The Divine Tool in her hand immediately darted at the Tai Chi Formation.

Aloud explosion erupted, then a black-and-white light spread out.

The powerhouses within the formation were startled.

Yaquis shouted, "This demon! She has not mastered the Dark Heavenly Path but is already so powerful.

Once she does, she'll be invincible!" Xolani turned to the powerhouses behind him and said, "It's your turn.

We must hold her back and prevent her from understanding the Dark Heavenly Path.

Otherwise, our Genesis Worlds will be doomed." The powerhouses looked at each other with terrified expressions. Although they were allowed into the Tai Chi Formation, they were still unable to escape the fate of being sacrificed.

Seeing Xolani, Xaider and Yzert's threatening gazes, the powerhouses immediately flew out of the Tai Chi Formation to face Dark Thea.

They understood the situation very well and sensibly made their choice.

The consequences of refusing to leave the formation would be grave.

Unfortunately, their strengths were almost equivalent to those of the previous group that fought before them. After they left the formation, they did not choose to fight Dark Thea head-on.

Instead, they worked together to create a formation to trap her.

Dark Thea had suddenly felt a pressure on her body.

She slashed her Divine Tool and broke through the formation.

The next moment, she soared into the sky.

Meanwhile, James was working with the Celestial Sages to shatter the last white Tai Chi diagram, breaking the myth that the Bone-crushing Heavenly Tribulation was not survivable.

James and the Celestial Sages appeared before Dark Thea, joining the fight against the remaining powerhouses. As their battle intensified, Yegor and Herodias also had a fierce fight with Tai Chi. It was a duel between top-tier powerhouses.

Just when Yegor and Herodias rushed toward Tai Chi, a dazzling golden light fell from above them.

With a loud bang, Yegor and Herodias' Tirta Power was immediately deflected.

The couple was sent flying tens of thousands of light years away and were severely injured. Tai Chi finally breathed a sigh of relief.

Yegor and Harodias coughed up a few mouthfuls of blood, then stabilized themselves.

They looked ahead and saw a vast golden shield emitting potent power in the void.

A few words could be seen hovering on the shield, reading —Law of Paths.

Herodias held her hand over her chest and said weakly, "The Law of Paths finally intervened. James is on his own now." Yegor sighed, "We have to believe him.

The next moment, violent gray lightning fell into the calamity clouds, causing loud rumbles.

Chapter 6289

At that moment, James fought fiercely with the group of powerhouses.

Suddenly, he heard the loud rumbles from the sky.

James knew the real fatal blow was about to strike.

It was the most terrifying and strongest tribulation—the Annihilation Heavenly Tribulation.

Tai Chi was determined to kill James and win the bet.

“Deal with your tribulation first.” Dark Thea unleashed a purple- pink light and neutralized the Genesis attacking James. With Dark Thea and the Celestial Sages covering him, James swiftly pulled out of the battlefield.

He stepped on the Tai Chi diagram and leaped directly into the thick gray clouds.

Just when he was about to be struck, a magical force wrapped around him and pulled him upward.

James opened his eyes and saw a figure standing in the black-and- white mist before him.

It was not the first time he had seen Tai Chi.

“| never thought so many powerhouses would help you.

What kind of charms do you have to make them fight for you?” Tai Chi’s furious voice came from all directions.

James sneered, “Are you jealous?” Tai Chi shook her head and said, “No.

| feel sorry for them.

| think they’ re pitiful.

They violated the Law of Paths for a mere creature like you.

They’ll eventually pay the price for helping you.” James frowned, knowing Tai Chi was referring to Yegor and Herodias.

Tai Chi said coldly, “Do you know what will become of them, James? Look to your left.” James immediately turned around in shock and saw a colorful golden shield radiating with divine lights.

“The Law of Paths?” James’ expression changed. Tai Chi nodded and said smilingly, “That’s right.

Once the Law of Paths emerges, there will be punishment.

James shouted anxiously, "Mr. Yegor, Lady Herodias! It's my fault! I'm sorry for getting you two into this mess!" Herodias smiled bitterly and said, "It's not your fault.

We don't regret our decision." Yegor shouted, "You'll have to get through the last tribulation yourself, James! Don't worry about us! They won't dare to touch us!" James slowly clenched his fist and asked, "Will you two be imprisoned for twenty thousand epochs? Is that true?" Yegor snorted, "Nonsense! Tai Chi is trying to scare you and make you worried so that you won't survive the final tribulation." Herodias said smilingly, "That's right.

You do what you need to.

My father, Tirta, has a much higher status than her.

Even if we stepped on the Law of Paths, we'd be forgiven." James felt guilty after hearing their words.

They avoided directly answering his question, but it was clear the punishment was real.

He turned around and glared at Tai Chi, saying coldly, "What do you want?" Tai Chi replied indifferently, "It's simple.

I want you to survive the tribulation with your own strength.

If you have someone else help you, the results wouldn't be good." James said firmly, "Of course, I'll survive the tribulation. Did you drag me here just for this?" Tai Chi shook her head, saying, "No, of course not.
