Chapter 6311

James shot out a ray of Xalitus Light. At once, the countless auras headed toward him shattered. Then, the light approached Sir Sterling again and attacked him fiercely.

James and Sir sterling cultivated the Martial Path. The two fought against each other in the void. At once, the Genesis Powers and Historial Power filled the sky uncontrollably.

Each time their fists collided against one another, Sir sterling felt fear. Not only did he need to be on guard against the attacks of James' Amethyst- Red Power, but he also needed to be on guard against

James' Historial Great Curse which was trying to control him.

Because he had to be on guard at all times, he couldn't use his full power to fight against James. Thus, after fighting for a while, he was struck by James' punches. At once, his physical body became bloody.

It was a horrifying scene.

Taking advantage of the opportunity, James activated the Historial Great Curse. Instantly, countless magnificent Curse Inscriptions entered Sir Sterling's body, causing the latter to scream and fall from the void.

Upon seeing that scene, Xolani, Yzert and Sir Xaiden widened their eyes. They were stunned. None of them expected Sir sterling, who was powerful, to be defeated so easily.

More importantly, James used the Historial Great Curse to control Sir Sterling. He had also instilled fear in the Grand Patriarchs behind.

"Not bad." Clayton was finally satisfied. "You defeated him in 925 moves, but you're still slow. Work harder." Then, he pointed in the direction of Xolani. "Two of you guys should come forward."

Two?

All the living beings present took a deep breath at the same time.

James stared at Clayton as if he was seeing a demon. "Mr. Clayton, you said I've reached the standard. Why are you increasing the number of people?"

"It's because you have become stronger." In a low voice, Clayton said, "| asked you to defeat your opponent in one thousand moves. | didn't say that the powerhouses you cursed can't help you fight.

"Back then, Franciscus also used this move to be invincible in this world. You're a lot weaker than him." When James heard that, his eyes lit up. He didn't know there was such a tactic. It was great.

Upon thinking of that, he waved in the direction of Xolani. "Two of you, come forward."

Looking at how smug James was, Xolani and the others were enraged. But they couldn't do anything. At this time, Sir Xaiden said with a dark expression, "Let me." Yzert stopped him immediately. "No, we shouldn't use our trump card now. Let him be arrogant for a while."

"Yeah." Gritting his teeth, Xolani said, "If a person is arrogant, disasters will happen. Path Pavilion's Grand Patriarchs, you two are Martial Path powerhouses. You guys should go." Visit to read the latest chapter of this novel

When Path Pavilion's powerhouses heard that, their expressions changed. They never expected Xolani to pick them.

Without much hesitation, they pulled out their sect's magic treasures and flew toward James. One appeared before James, while the other appeared behind him. Visit to read the latest chapter of this novel

"Huh?" James sized them up. "You guys are quite ethical. Are you guys here to show off?" "James." The beautiful Grand Patriarch with green hair said, "We don't have grudges against each other. Please show mercy." Upon hearing that, James frowned.

At this time, the Grand Patriarch with white hair behind James said, "We can have a duel with you. We will admit defeat once we're severely injured. Can you spare our lives and don't use Curse Magic? We will forever be grateful

toward you and repay you in the future." Visit to read the latest chapter of this novel

Chapter 6312

James didn't expect the two Grand Patriarchs to do such a thing. He smiled. "Sure. I'm not an aggressive person. Since we don't have a choice for ourselves, let's start."

The two Grand Patriarchs of Path Pavilion exchanged glances and attacked James. One of them attacked James from afar by using the Genesis Power and Historial Power, while the other used close combat skills to fight against James.

Although they were fighting intensely and used their ultimate moves, no one was injured after hundreds of moves. The powerhouses present were strong. It was impossible for them not to know something was wrong.

When James was about to reach the thousandth move, he flashed. As quick as lightning, he pushed out his palm and made the beautiful Grand Patriarch fall. Then, he turned around and pushed the other Grand Patriarch down from the void.

The battle was intense and exciting, but it ended that way.

Since the powerhouses present were among the greatest, they could tell the three were putting on a show. Xolani and the others were furious, but they stayed silent. They couldn't voice out their opinions.

The Grand Patriarchs behind them exchanged glances. They seemed to be having a discussion.

The next scene was even funnier.novelbin

The Grand Patriarchs who came forward to fight against James would have intense fights, but the fights would end with the Grand Patriarchs injuring themselves and falling from the void.

Seeing that the number of Grand Patriarchs behind was decreasing, Xolani, Yzert and Sir Xaiden felt anxious.

They knew that the Grand Patriarchs were using this method to break free from the situation. The Grand Patriarchs wanted to push them forward.

These Grand Patriarchs had a way out. They could just side with the strongest. On the other hand, Xolani, Yzert and Sir Xaiden couldn't do that.

Two of them were the Timaeus Sect's Grand Patriarchs and one was the Yaquis Sect's Grand Patriarch. Both were the top sects in the Genesis World. They had grudges against James and couldn't let the latter off the hook.

More importantly, if the three didn't use all their strength to fight against James, Clayton would fight against them himself. Not only would he kill them, but he would annihilate their sects. A bloodbath would happen.

Nevertheless, this scene was beneficial to James.

After all, his aim wasn't to kill the Grand Patriarchs here. Instead, he wanted to train his skills by fighting against the Grand Patriarchs. He wanted to merge his skills with Clayton's Supernatural Power.

After fighting against so many Grand Patriarchs, although most of them were acting, James had created his own style of the Marcials Combat Form. Visit to read the latest chapter of this novel

Now, his speed was almost at its peak. He was twice as quick as the Grand Patriarchs. Speed was important for the Marcials Combat Form. For all martial arts in this world, one needed to be fast to prevent defeat. Even though James hadn't comprehended these words entirely, he was able to achieve half of them.

Looking at James, Clayton smiled, feeling satisfied. "You're cunning. Although you aren't stronger than Franciscus, you're more intelligent than him. This is great." Visit to read the latest chapter of this novel

Then, he turned around and looked at Xolani and the others. "Xolani, Xaiden, Yaquis, have you guys been waiting for a long time?"

"Clayton." Gritting his teeth, Xolani said, "It has been a long time since you cared about the world. I didn't expect you to interfere with this battle. It really is unexpected. However, won't I become a bully if I fight against someone younger than me?" Visit to read the latest chapter of this novel

"Do you want to fight against me then?" At once, Clayton laughed. "You aren't worthy to fight against me."

Xolani's face twitched as he was furious. "Since I can't fight against you, I choose to back out from the fight. Is that alright?"

Chapter 6313

"Didn't you understand what I said?" Clayton glared at Xolani. "Everyone here is a practice resource for the descendant of Franciscus, including you."

"Mr. Clayton, you've gone overboard." Xolani roared angrily, "How can I fight against someone younger than me? Even if I win, it won't be good for my reputation."

"Your reputation won't be affected." Clayton nodded. "Besides, it isn't your first time fighting against him. Do you really think I don't know anything?"

Xolani's face twitched. He wanted to say something but was stopped by Yzert.

He knew the world was ruled by the strongest powerhouse, and Clayton was the strongest. Thus, he had the right to make rules. He could order anyone.

Truthfully, he could kill all the Grand Patriarchs here.

At that thought, Yzert raised his head and looked at Clayton. "Mr. Clayton, based on your words, if we can't injure or kill him, we have to die?"

"Yeah." Clayton nodded.

"It seems that we need to work together to bully him, then." Yzert looked at Xolani. "Since it's for Mr. Clayton, we have to obey it. Let's work together."

Xolani frowned. As if he had figured out what Yzert meant, he responded, "Alright. Let's work together. The winner will be decided soon."

"Mr. Clayton." Sir Xaiden looked at Clayton. "You mentioned that after the hundred-thousandth move, we can form a group and fight him. It has been more than one hundred thousand moves, right?" Clayton didn't answer. Instead, he turned to look at James.novelbin

"No." Immediately, James shook his head. "Twenty thousand moves are left."

"It's fine." Clayton waved his hand. "Use all your might. The three top powerhouses of the Genesis World are going to fight against you together."

He enunciated the word, 'powerhouses,' letting James realize the meaning behind it. If Clayton attached importance to the opponents, they would be different from the Grand Patriarchs moments ago.

Whether it was Xolani, Yzert or Sir Xaiden, James had fought against them in the Tirta Grand

Formation previously. Even if the Grand Patriarchs from moments ago were added up, their power was weaker than any of the three. James was about to face a real life-or-death battle.

At this time, Dark Thea protested, "Why? This is unfair." Then, Clayton raised his hand, and a ray of light restrained Dark Thea. He pulled her away. After that, Xolani, Sir Xaiden and Yzert flew toward James simultaneously. They surrounded James.

Suddenly, the three top powerhouses exuded their auras. At once, James felt extreme pressure. Even the Ultimate Golden Body had dazzling black- and-white light.

It was such a strong aura. James felt fear. He would fall here if the three top powerhouses used all their strength. He had no idea what the tombkeeper was thinking. They weren't of the same rank, so why must James fight against them?

Nevertheless, James couldn't bother to overthink about it. Since he needed to fight, he would fight. He had never feared any opponent. It was his belief and spirit.

Upon thinking of that, he put out his hands. His body exuded black-and-white light that spread to the surrounding areas. It suppressed the three top powerhouses' auras and opened a narrow space.

At this time, Xolani, in the east, made a move first. He pushed out his palm and struck James.

James didn't show his weakness. He raised his hand and countless amethyst-red flames shot out from his fist. He shattered the palm that was about to strike him. However, more palms landed on him, shocking him.

Helplessly, he raised both hands. Countless amethyst-red flames and the sword light in his right hand resisted the palms simultaneously. Instantly, the fight was neck and neck.

Upon seeing that, Dark Thea, who was restrained, shouted, "Hey, he can't be the three powerhouses' match. What are you trying to do?"

With his hands behind his back, Clayton watched the battle calmly. "Hold on. You haven't gotten the chance to go near him."

After he said that, James made dozens of evil spirits appear. At lightning speed, they headed toward Xolani, Xaiden and Yzert. The evil spirits stepped on the magnificent aura everywhere they passed without stopping.

At the same time, James stepped on the Tai Chi. With the Ultimate Golden Body, he broke through the auras of the three powerhouses and shot up to the sky. Visit to read the latest chapter of this novel

As he was quick, the palms in the sky shattered. As if he was a trapped dragon that ascended to the sky, his aura increased suddenly.

Then, from his Ultimate Golden Body, the terrifying Amethyst-Red Power erupted. At once, it engulfed the entire place. After that, the Galeat Wind blew.

"It's the Galeat Wind!" Sir Xaiden exclaimed before activating the Genesis Divine Light. At the same time, Yzert and Xolani used a ray of golden light to engulf themselves. The blow of the Galeat Wind made the three exude dazzling light.

In the next second, James waved his hand in the air. In that instant, thousands of golden longswords rotated and struck downward.

When countless Sword Lights landed, they shattered the light on the three powerhouses' bodies and injured one of them.

Upon seeing that, Clayton, who was watching the battle, let out a satisfactory smile. "He finally knows how to use all his strength. It seems that this method is effective." Visit to read the latest chapter of this novel

"Comrades, set up the Sigillare Formation." Then, Xolani raised his hand and shot out a ray of golden light toward James.

At the same time, Sir Xaiden and Yzert shot out two rays of golden light toward James. Instantly, the golden shield engulfed James and spun quickly.

Simultaneously, the golden shield made countless Sword Lights pour down like rainfall on James, breaking his Ultimate Golden Body and making him fall into a hopeless situation. Visit to read the latest chapter of this novel

Chapter 6314

When Clayton saw the scene, he shook his head helplessly. "What a shame. The three's Sigillare Formation trapped Franciscus for a long time. With his current ability, he will fall."

Upon hearing that, Dark Thea, who was restrained, was furious. "Hey, he invited you to solve the trouble, but you caused him to fall. Whose side are you on?"

Clayton raised his hand. At once, he removed the restraints on Dark Thea.

In the next second, Dark Thea rushed over and roared at him.

"He said you're a reinforcement, but I believe you're a traitor. Are you targeting his Ultimate Golden Body and Supernatural Power? Is that why you made him fall in this manner?"

"I realized that people like you are cunning. The titles of the strongest powerhouse of the Genesis World and Annihilation God are embarrassing and disgusting."

While Dark Thea cursed at Clayton, his face twitched. He closed his eyes and dodged Dark Thea, who was approaching him. He dared not talk back at her.

"I don't care whose side you're on. I'll only say one thing." In a cold voice, Dark Thea said, "If someone makes the man of my interest die, I will fight until I defeat him. It doesn't matter how many days it takes as I've gotten used to reincarnation."

"When I have enough providence, once I rise, I will kill all of you."

Looking at Dark Thea gritting her teeth, Clayton rolled his eyes. "Don't you want to consume him? Aren't you targeting his Ultimate Golden Body and Golden Bones too? You only need these two to reach the Daeclon Rank."

Upon hearing that, Dark Thea was stunned. Then, she said unconfidently, "I ... I've never thought about it."

"Only you know if you've thought about it before." Casually, Clayton said, " He put in so much effort for you that he can sacrifice his life. Yet, you want to consume him. You're the most ungrateful living being in this world."

"You're spouting nonsense." Dark Thea's objection was still unconfident. She seemed to have done something guilty and was afraid of someone finding out.

"If you really care about him, you should go up there and help him." Enunciating each word, Clayton said, "You shouldn't come to me and reprimand me, talking about loyalty."

When Dark Thea heard that, she frowned. "B-But I'm severely injured."

"You can fool that kid, but you can't fool me." Clayton looked at Dark Thea. "You've almost reached the Daeclon Rank. Such minor injuries don't affect you."

Suddenly, Dark Thea fell silent.

Clayton was too smart. He could see through her thoughts instantly.

He was right. She had been targeting James since the first time they met. Not only did she want his Ultimate Golden Body and Golden Bones, but she also wanted his unfathomable Yuraeceon Genesis Bell and countless Divine Tools, transcendent Divine Tools, Spiritual Tools and the Supernatural Supremusse Powers that he didn't really study.

To Dark Thea, she only needed the Ultimate Golden Body and Golden Bones to reach the Daeclon Rank. Once she consumed James, her cultivation would improve. Human beings weren't plants. They couldn't be heartless. Even though Thea was a devil who hadn't recovered her memories, she couldn't stay unmoved by James' actions.

The fight started at Skynet's headquarters, Telhervo Hall, because of her. So, she was already prepared to reincarnate.

However, because of James' sudden participation, Skynet, Yegor and Lady Herodias also participated in the fight because he was willing to become enemies with all the powerhouses from the entire Genesis World.

Now, even the most mysterious powerhouse in Genesis World had appeared. It made Dark Thea fall into a dilemma.

James was still trapped in the three powerhouses' Sigillare Formation. The more he endured, the more severe his injuries were. Countless cracks appeared on his Ultimate Golden Body again. He might fall at any time. At this moment, Thea closed her eyes.

She was a devil who could do anything to reach her aim. She could be heartless to everyone, but she was touched by this foolish man.

After struggling for a while, she gritted her teeth. A terrifying ray of violetpink light erupted from her body and gushed out.

Upon seeing that, Clayton smiled, pleased. "Kindness has defeated evil in the end. If she didn't take action, I wouldn't be rest assured to hand him over to you."

In the battle, following Dark Thea's sudden participation, the fight was no longer balanced. Xolani, Sir Xaiden and Yzert were focused on dealing with James when they were attacked by Dark Thea secretly.

When the amethyst-red light flashed by, the three powerhouses spat out blood and were severely injured. The golden light they activated was cut off too.

At the same time, James, who was enduring in the Sigillare Formation, suddenly roared furiously. He spat out a mouthful of blood. Then, the Sigillare Formation was shattered.

With a tremble, James knelt on the void. After he spat out blood, his eyes reddened. He was exhausted. To resist the attacks of the countless Sword Lights in the Sigillare Formation, he used the Marciais Combat Form Power to the extreme. Even the Yuraeceon Genesis Bell was shattered.

Nonetheless, he felt relaxed at this moment. At last, he could take a breath.

At this time, Dark Thea, who launched a sneak attack successfully, was attacked by the three powerhouses instantly. The magnificent Genesis Power and Historial Power headed toward her simultaneously. [novelbin](#)

Chapter 6316

In the next second, Dark Thea, who was furious, exuded violet-pink light. At once, the light engulfed the entire area. Even Xolani, SirXaiden and Yzert were engulfed too.

Sensing the terrifying aura under the amethyst-red light, the three Grand Patriarchs felt a chill run down their spines. They felt as if they had been restrained by a Supernatural.

"Oh no. She's going to activate the Heavenly Path Power forcefully." "That isn't the Heavenly Path Power. She's going to summon the deepest evil power in the Dark World forcefully."

"Is she really going to destroy the Three Thousand Great Genesis World and countless Micro Genesis Worlds? She will die with the entire Genesis World too."

Then, countless black and purple energy balls from all over the place were engulfed by Dark Thea. Instantly, Dark Thea's strength had reached the extreme. Her long hair turned fiery red.

After that, while the three Grand Patriarchs were terrified, Dark Thea shot up to the sky. A black lotus appeared. The moment it bloomed, it changed into violet-pink.

When Dark Thea landed on the violet-pink lotus, she exuded horrifying evil light.

The moment the evil light spread, the three Grand Patriarchs', who were restrained, exuded light. At once, they broke through the restraints and shot up to the sky.

"Comrades, it's time to use all our strength. She has forcefully summoned the evil power. She can't last that long. We must annihilate her this time," roared Xolani. When he shot up to the sky, he attacked Dark Thea countless times with his Supernatural Power. Golden light filled the sky with a magnificent aura.

At the same time, Sir Xaiden extended both arms and ascended to the sky. The countless golden inscriptions on his body turned into several golden Tai Chi patterns and rushed toward Dark Thea.

When Yzert flew to the sky, he created one hundred thousand clones. They headed toward Dark Thea and punched her.

Simultaneously, the three powerhouses took action. Countless Supernatural Powers headed toward Dark Thea, but they were all blocked by the divine light exuded from the violet-pink lotus.

It was three against one, but no one had the upper hand. At this time, Dark Thea seemed to be calm and unpressured. On the contrary, the three Grand Patriarchs were shocked.

They remembered fighting against Franciscus back then. They fought against him when he was at this peak. Nevertheless, they managed to defeat him in the end together.

Now, they felt as if the catastrophe previously was reenacting. They were terrified. They didn't know if they had a chance of winning.

"Give me back my man." Dark Thea's voice sounded from the void.

In the next second, countless illusionary hands made out of destructive evil power appeared behind Dark Thea. They broke through the divine light and headed over to the three Grand Patriarchs. Boom!

Chapter 6317

One of the places was Timaeus Sect's headquarters under the void. It was already a ruin, but it was swept by win again, causing countless Genesis Regions to be shattered. Thousands of universes were also destroyed.

At the same time, the illusionary hands that were spreading headed toward Timaeus Sect's Seven Mounts and the huge Ancient Genesis World. Everywhere it passed, sects that had just been restored would be destroyed again. The Genesis Regions owned by the Ancient Genesis World were also shattered.

Countless living beings, who were in hiding, exploded. It was a horrifying scene as if it was doomsday.

When Tai Chi saw the Ancient Genesis World being destroyed, he was furious. He wanted to take action but was stopped by Wesley.

"Wesley, are you just going to let her do anything she wants? She's annihilating the living beings. She has gone insane." Facing Tai Chi's furious roar, Wesley sighed and said, "The Tai Chi Tribulation has officially begun."

'That's impossible." Tai Chi roared, "Her comprehension isn't the Dark Heavenly Path. She summoned the evil power Franciscus stored. It isn't..."

"Tai Chi." Wesley said, "You should understand that I allowed you to go against the rules twice to prepare for unexpected situations, but you used both times to take revenge."

"Now, Yin governor's hatred is increasing and he doesn't mind sacrificing himself to summon the dark power to destroy Tai Chi World. You can't do anything."

When Tai Chi heard that, the black-and-white gas in his body surged. With a flash, he appeared below Wesley's shield. "Wesley, please give me one more chance. I need to suppress her. Otherwise, my Tai Chi World..."

"No way." Wesley rejected his request. "Everything has consequences. The calamity has been set. You can't do anything to reverse it. Besides, she only destroyed the Ancient Genesis World."

When she heard that, Tai Chi was furious.

The Ancient Genesis World could be compared to the Three Thousand Genesis Worlds and countless Micro Genesis Worlds. Ever since Franciscus destroyed Tai Chi World, the Ancient Genesis World had become the core of the

Three Thousand Genesis Worlds and countless Micro Genesis Worlds. Now that the core had been destroyed, what was left in the Genesis World?

At this moment, countless illusionary hands were still going through the Ancient Genesis World. Since the Grand Patriarchs of the sects weren't around, they couldn't defend themselves against the destructive evil power. They could only watch their foundations get destroyed. The ancient Orthodoxes were wiped out one after another.

When the powerful Destructive Power reached the sky above the lustus Sect, Sir Mattaniah took action.
