

The Almighty Dragon General Chapter 6363

The Almighty Dragon General Chapter 6363-Dark Thea cursed loudly, then began attacking rapidly with black- and-white forces.

Regardless of what Supernatural Powers she used, the barrier around her would not break.

Hador looked at the frustrated Dark Thea, nodded lightly, and said, “You’ve done a lot for the Ying World, Lady Waverly.

So, how can I watch you fall into a corrupted path and allow everyone to try to kill you? If I let you go, there will be no turning back.” Dark Thea crushed, “Nonsense! You’re trying to help your good friend, Tai Chi! You..” Hador said helplessly, “Do you know why I’m here?” Dark Thea roared, “I don’t want to know! Let me go! Otherwise, I’ll destroy the Ying World after mastering the Heavenly Path Power!” Hador smiled calmly and tapped the void.

Suddenly, dozens of golden talismans formed and surrounded the barrier.

Thea was instantly imprisoned and no longer had a chance to escape.

The next moment, Hador waved his hand, and 13 colored forces entered the barrier.

Then, they began to circle Dark Thea.

Hador said earnestly, “If you really want to forsake your emotions and desires, I can’t stop you.

If you want to go down this road, I won’t be able to hold you back for long, either.

However, I hope you can spare the Chosen One two entrapochs.

After all, he has a deep affection toward you.

“You single-handedly decided to end it to stop dragging him down.

However, your true intention is to help him reach the Daeclon Rank.

Have you ever thought about whether he will be happy with this? “Given how much he loves you, do you think he would still enter the Daeclon Rank if you follow this path? “I’m not just doing this because of our friendship.

The Chosen One has a great responsibility.

He has to integrate Maricias and Historial Power.

How can I let you ruin our plan?” Dark Thea was immobilized.

Forced to hear Hador's words, she could not refute them.

Hador waved his hand and dragged the force surrounding Thea away on his green bull.

Shortly after, they arrived in a towering palace.

Before Dark Thea could speak, Hador immediately summoned a massive energy ball.

After it glowed for a while, James, who was inside the secret room, appeared in the energy ball.

Dark Thea was surprised to see James.

After forsaking her emotions and desires, she thought she would no longer remember him.

However, her heart still throbbed after seeing him.

James was surrounded by countless inscriptions in mid-air, and he was like a war god with a mighty aura.

Hador said calmly, "His progress is much faster than I thought.

At this rate, he can reach the Fourth Marciais Combat Form in less than two entrapochs.

When that happens, he'll be able to help you.

Destroying Tai Chi would be a piece of cake.

She had already acquired the Dark Heavenly Path Powers but found them to have become weak.

Hador could shatter her cultivation base.

At that moment, James, whom she was watching from the energy ball, suddenly moved.

His attack landed, and the powerful spread out, destroying the nearby walls.

The inscriptions instantly fell off and exploded.

Yrian was unprepared but quickly got into combat mode.

Then, the two leaped into the air and fought intensely.

Sometime later, they broke through the secret roof and went higher into the void.

The Almighty Dragon General Chapter 6364

The Almighty Dragon General Chapter 6364-James finally had the room to display the Terrastride Step after entering the vast space.

He moved left and right in a flash.

Yrian had countless Supernatural Powers but did not know where to target.

Suddenly, James appeared before him in a flash.

He quickly raised his hand and thrust his palm forward.

Yrian groaned and was knocked away.

Unexpectedly, James hurriedly took two steps, intercepted his trajectory, and landed another attack, blasting him in the opposite direction.

James quickly took three steps and elbowed him.

Yrian's shield was instantly shattered, and he spat a mouthful of blood.

He took a few hundred steps before regaining his balance.

When he raised his head, he found James in front of him.

The next moment, he disappeared again.

Startled, Yrian shouted but was kicked from behind.

Yrian turned around and was about to speak, but he was met with James' rapid punches, and he had no time to react.

"I'm done for," Yrian shouted desperately and immediately closed his eyes.

Some time passed, but the fist did not land, and the pain never struck.

Yrian opened his eyes and saw James' fist a few inches away from his cheek.

James smiled playfully.

He withdrew his hand, bowed, and said, "Thank you for holding back, sir." Yrian was stunned momentarily.

He was not angry but instead laughed, "The Terrastride Step sure is exceptional.

I couldn't keep up with your speed.

Back then, Franciscus used two Supernatural Powers, his Curse Magic, to dominate the Tai Chi world.

"Now, you've already surpassed him.

Congratulations on mastering the Terrastride Step, Chosen One." James slightly bowed toward Yrian, clasped his hand, and said, "Thank you for allowing me to gain this boon! I can't thank you enough.

I'll repay your kindness in the future." Yrian smiled, "It's your fate.

I just happened to be the person who brought you here.

You're at the Seven-Star Power Ranking right now.

You're considered pretty strong in our world, but it's still not enough." "Taotie guards the next level.

He has a pretty strange temper, so you better not provoke him.

My job is to send you there." After speaking, he grabbed James' arm and disappeared in a flash.

So, did you underestimate him? Are you too eager?" Dark Thea fell silent again.

Hador took a deep breath and said, "You're used to being alone and shouldering the burden by yourself.

However, you don't have to anymore.

Whether you accept it or not, he's your biggest backbone.

The energy ball flashed, showing all of James' experiences in the past.

Dark Thea watched everything in shock.
