

The Almighty Dragon General

The Almighty Dragon General Chapter 6421-Dark Thea said solemnly, "I'm running out of time. I've already severed my emotions and desires. However, trust me, we're still husband and wife in my heart. You're the most important person to me."

After speaking, Dark Thea's body unleashed a purple-pink light and wrapped around them. Then, she embraced James once again.

Immediately afterward, the light shone brighter, and the two of them finally shared a sentimental moment of reunion. Words could not express their feelings or actions. Dark Thea did not know how else to express her feelings toward him other than dedicating herself to him.

As the two combined their cultivation bases, the void lit up with purple-pink light rays, forming a pink mist and an indescribably beautiful scene.

Meanwhile, Hador met with Yrian in a mysterious realm within the Ying World and recounted everything James had said.

Yrian took a deep breath and said, "I didn't expect him to have such detailed consideration. It seems the Ying World has hope to return to the outside world again."

Hador nodded and sighed, "He is very thoughtful, courageous, and strategic. He is a special existence. However, we have an important problem to solve."

Yrian asked, "The Ying governor?"

Hador nodded, saying, "Yeah. Although the Ying governor has recovered her past memories, she has already severed her emotions and desires. It was inevitable she'd leave and return to the Yang World. Her desire for revenge has been suppressed for too long. Now that she has understood the Dark Heavenly Path Power, she won't let Tai Chi go."

Yrian frowned and said, "She's the Chosen One's weakness. Wherever she goes, he will go after her. If we let her go right now, then our past hard work will be in vain. He still hasn't passed the fourth trial or cultivated the Forth Marciais Combat Form."

Hador sighed, "So you're saying she shouldn't leave the Ying World? But if we force her to stay, we'll inevitably have a conflict. The Ying governor is not weaker than us now.

"If she fights back, our relationship with the Chosen One will definitely be affected."

Yrian said hurriedly, "There's a way to keep her here."

Hador asked, "The half of her Ultimate Golden Body?"

Yrian nodded and said, "Yeah. It's the only thing in the Ying World that can temporarily put a hold on her desire for revenge.

Hador shook his head and said, "We must help her cast a new Ultimate Golden Body. It'll be more attractive to her."

Yrian said surprisedly, "This..."

Before he could finish speaking, Hador interrupted him.

He had an idea about what to do with the Ying governor, but he was unsure. Hence, he came to inquire about Yrian's opinion.

Since Yrian's thoughts were consistent with his, he made up his mind.

At that moment, Taotie rushed over to them. He stopped in the sky above the area and repeatedly nodded at Yrian and Hador.

Yrian chuckled and said, "Look who's willing to lower his head now."

Hador snorted. "What's the use? It's your fault for wasting the chance."

Yrian laughed. "He was already tortured enough. Didn't you already build a relationship with the Chosen One? How about asking him to spare Taotie?"

The Almighty Dragon General Chapter 6422-Hador sighed softly and shook his head helplessly. Yrian most likely had a better relationship with James. For him to make the request now would be disrespectful and inappropriate.

"Sir Hador-" Yrian began.

Hador waved his hand and interrupted him, saying, "We'll help the Chosen One with all our resources, and we won't interfere with Taotie's punishment."

Yrian fell silent.

Taotie let out a despairful groan, then rushed over to the area where James and Dark Thea were. When he saw the purple-pink light in the air, he stopped in his tracks.

Suddenly, Lesia's voice resounded. "If you dare to go near them right now, I'll widen your mouth."

Taotie growled helplessly, "What do you want?" Lesia sneered, "Just wait. You're so lazy but arrogant. Who allowed your bad habits to form?"

Taotie was speechless.

Lesia shouted, "Hemera, Fennec! Can you two calm down a little? You're already so stuffed!"

At that moment, a beautiful red-haired woman flew out of the purple-pink light and appeared before Taotie.

Dark Thea said solemnly, "How dare you bully my man? In this life, you'll only be worthy of being a mount!" After speaking, she raised her hand, and a huge black lotus appeared behind her. Tens of thousands of little black lotuses emerged from it and quickly surrounded Taotie.

Then, a purple-pink light surrounded Taotie's massive body, causing him to let out a miserable roar.

"Woah! Master's wife is so cool!" Lesia swayed her feet inside the Yuraeceon Genesis Bell while admiring Dark Thea.

Meanwhile, Hemera muttered, "Does this mean we have one more companion?"

Fennec shook his head, saying, "I don't like this smelly guy."

Lesia immediately retorted, "Idiot. He is a mount and not even qualified to be a pet. He isn't on the same level as US."

Fennec giggled after hearing her reply.

The next moment, Taotie let out a muffled groan, and his body began to shrink.

Dark Thea gently tapped at the purple-pink mist, extracted a trace of James ' blood, and inserted it into Taotie's body.

The miniature Taotie was instantly enveloped with black-and-white light rays.

Afterward, Dark Thea turned to James with longing eyes.

She wanted to leave but was reluctant to leave him. After all, he had gone through a lot to help her regain her memories and reunite.

However, her hatred toward Tai Chi was irreconcilable. She could not bear the thought of James fighting for her sake again. However...

Just while she was contemplating, a black figure flashed over from the void.

Yrian immediately appeared before them.

Dark Thea asked murderously, "Are you going to stop me again?"

The Almighty Dragon General Chapter 6423-Yrian looked toward the purple-pink mist and sighed, "Are you really willing to leave him again?"

Thea said domineeringly, "That's none of your business."

Yrian suddenly asked, "Have you always been so selfish in the relationship?"

Thea was taken aback.

Yrian quickly persuaded, "It's a great blessing for him to have come to the Ying World. With his wisdom and talent, he would've never ended up in such a dire situation if he could cultivate without distractions.

"You've already caused him so much trouble. Can't you just suppress the revenge in your heart for a while and allow him to grow for once?"

Thea raised his head, took a deep breath, and remained silent.

Yrian said earnestly, "You didn't want him to get involved in the dispute between you and Tai Chi, but he is already part of it now. Tai Chi is very much aware of your relationship with him.

"You and I both know how insidious and ruthless she is. Moreover, you should know how much James values relationships and justice.

"If you leave now, he'll forsake the chance to obtain greater boons and will chase after you without hesitation. He won't be able to reach the Daeclon Rank with just the Ultimate Golden Body. I'm afraid he might end up just like you did."

Seeing that Thea remained indifferent, Yrian put his hand behind his back and sighed, "I know you've already forsaken your emotions. If you insist on being so ruthless, then nobody can stop you.

"He risked his life to restore your memories. Why don't you consider that before making a decision?" Faced with Yrian's lecturing, Dark Thea was unexpectedly calm and did not get mad.

She admitted Yrian was right, but still, she had her reasons. If she could not get rid of Tai Chi and the law of Tai Chi, as well as take revenge for being forced to reincarnate 81 times, then it would be impossible for her to focus on a relationship.

Yrian sighed, "Sir Hador asked you to stay. He has a gift for you. Even if you want revenge, the Dark Heavenly Path Power alone won't be enough. You'll have to at least enter the Xaeclon Rank, right?"

Dark Thea raised her head abruptly and asked, "Is he willing to help rebuild an Ultimate Golden Body for me?" Yrian said coldly, "It's not to help you but for the sake of the Chosen One."

Dark Thea slowly closed her beautiful eyes, still unwilling to stay.

Yrian was starting to get worried when James' shout suddenly came from the thick purple-pink mist. 'Thea? Where are you, Honey?'

Yrian was relieved to hear James' anxious voice. On the other hand, Dark Thea panicked.

She had used the Dark Heavenly Path Power's hypnotizing effect to put him in a dream-like state so that she could leave.

Unexpectedly, James woke up so quickly and was already looking for her.

'Thea?' James shouted again, then immediately cast the Dawnblaze Form and appeared before her. "You..." Before he finished his sentence, he turned to Yrian and said, "Oh? You're here too?" Yrian said, "Hurry and persuade her-" Dark Thea immediately struck Yrian with a purple-pink light and knocked him away.

James sighed, saying, "Honey, Mr. Yrian is a friend." "Let's go see Hador together." Thea seemed to have made a decision. She grabbed James' hand and disappeared.

At that moment, Taotie, who was holding the Yuraeceon Genesis Bell in his mouth, roared and growled. However, nobody paid him any attention, and he was unsure of what to do.
