

The Almighty Dragon General Chapter 6424

The Almighty Dragon General Chapter 6424-James and Thea appeared in a mysterious forbidden land of the Ying World. They immediately spotted a small round table that emitted a faint light. A sumptuous, luxurious delicacies and three jars of Chaos Absinthe were prepared. The host, Hador, however, was nowhere to be seen.

After being stunned momentarily, James smiled calmly, "What is Hador doing?" "What an exaggeration," Dark Thea sneered and pulled James to sit around the table.

James looked at the delicious food on the table and said, "Such mysterious power! What are they made of?"

Thea replied, "It's Supreme Thousand. He sure is being generous."

Confused by James' words, he asked, "What's that?"

Thea was speechless.

A chuckle came from behind James and said, "It's made of frost root, snow fox meat, purple mysticum, beast eyes..."

While walking over, various exceptional herbs were listed. James was stunned by the answer.

Hador said smilingly, "The Supreme Thousand is made by fusing and cooking these thousand kinds of herbs and mythical objects inside the Jaryin Cauldron. It contains mysterious essence and it can balance Marciais and Historial Powers. It will also cleanse your soul and eliminate karma. It could improve your cultivation rank and combat power.

Hador looked at James with a mysterious smile and said, if you consume a meal of Supreme Thousand, your strength will increase as if you spent eighty-one entrapochs cultivating. It's a really rare blessing.

"Yrian, Taotie, and Yukha have always wanted to try it. However, they never had the chance."

James took a deep breath and said, 'Then if I consume this meal, will I immediately enter the Xaeclon Rank?'

Hador laughed, shook his head, and said, "No, but you'll be very close to the Xaeclon Rank."

James turned to Dark Thea and said excitedly, "What are you waiting for? Eat up!"

After speaking, James began to gobble down the food.

Dark Thea, however, sat opposite him and did not pick up her utensils. She simply watched James eating happily and was unusually quiet.

After a while, James raised his head. He realized Dark Thea and Hador had not eaten anything. Taken aback, he asked, "Why aren't you two eating? It's delicious."

Hador asked in surprise, "Did you finish everything?"

Dark Thea rolled her eyes at him.

James looked at the small round table and saw the empty dishes. His face instantly flashed with embarrassment.

Dark Thea said coldly, "It was prepared for you anyway. I'm afraid you'll need some time to refine the energy."

James was about to speak when a raging fire burst from his body and flowed through his meridians. Different powers spewed from the fire, instantly impacting his bones and organs.

He growled in pain and suddenly rose into the void.

Dark Thea immediately stood up and watched nervously.

Hador said in shock, "He is too bold. How many yin bodies must we prepare for him to prepare? He might be in danger."

Seeing James struggling in the void with a black-and-white force emitting from his body, Dark Thea became anxious.

“The power of the Supreme Thousand was too overwhelming. Even though James had an Ultimate Golden Body and Nirvana Golden Bones, it was still difficult for him to adapt to the power. Moreover, he had a Yang Body. If this continues..”

Hador looked at Dark Thea and said, “It’s your fault for being impatient. Do you have the strength to help him?”

James glared at him and said, “Why are you so annoying?”

Hador sighed. “Having your emotions and desires severed doesn’t necessarily make you ruthless. Since you can’t help him, I can only find a powerhouse from the Ying World to-“

The Almighty Dragon General Chapter 6425-Dark Thea immediately interrupted him, saying, “Don’t even think about it. I ...I’ll go.”

Hador stopped her and said playfully, “Wait a minute. He has a lot of Chaos Essence in his body. After he ate the Supreme Thousand, he’s basically a ball of fire. If you go now, you won’t be able to provide much help and might even get sucked dry instead.

“Give him some time. I help you two make the necessary preparations so nothing happens to him. It’s a crucial matter of life and death.” Dark Thea didn’t say anything.

Hador sat at the round table and said, “You should think about your problems instead.”

Dark Thea took a deep breath, looked at Hador, and asked, “Are you really going to help me cast an Ultimate Golden Body?”

Hador asked, “Is that why you stayed?”

Dark Thea fell silent.

Hador said solemnly, “You can be ruthless to anyone else but not to him. You’re afraid the Dark Heavenly Path Power will weaken, and your biggest trump card will be lost if you stay with him for too long.

Dark Thea clenched her fist after being exposed.

Hador said calmly, "Don't worry. I'll help you to cast an Ultimate Golden Body. However, I have a condition. I need the Chosen One and you to stay in the Ying World." She squinted and replied, "Tai Chi's injuries have almost healed. I must use this opportunity to kill her clone!"

Hador immediately objected, "You can't. Even though you've mastered the Dark Heavenly Path Power and can mobilize evil power, you'll still lose. You might even fall into her trap."

Dark Thea questioned, "Why?" Hador replied, "The Light Heavenly Path."

Dark Thea was stunned.

Hador said helplessly, "Do you think you can defeat her just with the Dark Heavenly Path Power? Tai Chi must have already predicted it and captured your biggest nemesis, the Light Heavenly Path.

"Without James' help, you won't be able to do anything. At most, you'll only be able to eliminate a few of her subordinates." Hador frowned, then continued, saying, "I also have an important piece of information for you. The Yang governor has already set up a Four Symbols Formation outside the Yin's Void. As soon as you two step outside, you'll die miserably."

Dark Thea snorted disdainfully, 'The Yang governor?'

Hador sighed, "He has returned with his peak strength. Moreover, he has been blessed by Tai Chi's powers. My prediction is he has reached the Sixth Xaeclon Rank. We won't stand a chance even if you and I team up." Dark Thea frowned and asked, 'The Sixth Xaeclon Rank? How would you know?'

Hador answered, "His Four Symbols have already reached the Second Xaeclon Rank. How strong do you think he is?"

Dark Thea fell silent.

Hador said, "If I didn't obtain this news, I wouldn't have given James the Supreme Thousand to improve his combat strength as much as possible."

She looked at James, who was screaming in pain, and slowly closed her beautiful eyes.

Hador said earnestly, "Alright. Go help him. After I cast an Ultimate Golden Body for you, it'll help you reach the Sixth Xaeclon Rank. Only then can you protect the Chosen One and lead him outside safely.

"Even though we can't kill Tai Chi right now, we can slowly cut off her right and left hands for some revenge."

Dark Thea did not say anything more. She immediately rushed over to James and summoned a purple-pink light to envelop them. Then, they slowly descended to the forbidden area.

Hador looked at them, stood up, and said, "I'll take my leave and won't disturb you two. Don't forget to explain the stakes to him. Meanwhile, I'll go find a solution."

After speaking, Hador disappeared in a flash.
