

The Almighty Dragon General

The Almighty Dragon General Chapter 6446-Having considered this point, James looked at Yianni. “Mr. Yianni, does this merged power of mine also belong to self-creation and may be suitable for everyone to cultivate?”

“Of course.” Yianni nodded. “It’s just that your kind of power has a higher threshold compared to the Historial Power and the Marciais Power. To fully develop it, they’ll likely have a long way to go.

“At the very least, they can’t just cultivate the Marciais Power to the utmost. They must also cultivate the Historial Power to the utmost to truly unleash the full power of your merged power.”

Upon hearing this, James took a deep breath. “So, there’re also hidden Xaeclon Rank powerhouses in the Yang World?”

“Of course,” Yianni said emphatically. “The Yang World was able to expel the Ying World precisely because their strength exceeded that of the Ying World.”

“Don’t we need the Ultimate Golden Body to achieve the Daeclon Rank?” James frowned. “Isn’t it said that only the Marciais Combat Form can forge the Ultimate Golden Body? How could they...”

“Explaining the Daeclon Rank is quite a challenge for anyone.” Yianni interrupted James with a smile and a casual wave of his hand. “You brought up the necessity of cultivating the Historical Power before attaining it, but didn’t Hador also ascend to the Third Xaeclon Rank?”

Upon hearing this, James nodded meaningfully.

In other words, even if he cultivated the Marciais Combat Form to the utmost in the Ying World, he would not be completely without opponents in the Genesis World.

“We don’t really care about cultivation bases.” Yianni looked at James. “Considering that your greatest opponent right now is Tai Chi, I think you should fully unleash your merged power. Otherwise, you won’t be able to compete with her.”

James took a deep breath and sighed lightly, "Let's not delay any further, Mr. Yianni. Please teach me the Fourth Marciais Combat Form."

"You won't grasp it if you rush," Yianni said word by word. "When I devised the Marciais Combat Form, it took me ten entrapochs to progress from the first form to the second.

"It took me thirty-seven entrapochs to advance from the second form to the third, and in total, five hundred and eighty-six entrapochs to ascend from the third rank to the fourth."

"Isn't that too long?" James widened his eyes.

"The first three Marciais Combat Forms are relatively straightforward to master." Yianni smiled as he explained, "It's a gradual refinement of the body, muscles, courage, fighting spirit, and soul. The pinnacle of the Third Marciais Combat Form is the attainment of the Golden Body.

"However, the fourth form has four thresholds, commonly known as the four extremes, which require the comprehensive use of speed, strength, soul, mind, and Golden Body, and each threshold is more difficult than the last."

Staring at Yianni, James hurriedly asked, "Can you be more specific?"

"The first extreme is Break, with over eighteen thousand variations," Yianni said solemnly. "Including breaking the aura, curses, bodies, formations, weapons, treasures, Supernatural Powers of myriad realms, and so on.

"The second extreme is Create, focusing on intelligence, forgetting all Supernatural Powers, having no moves to defeat moves, creating one's own fighting style, and being able to fight as one sees fit.

"The third extreme is Attack, with no room for retreat, no pause until death, and no mercy shown.

"The fourth extreme is Path, marked by fluidity and adaptability, concealing all, flowing like clouds and water, aligning with nature, overseeing myriad realms, and prevailing over all adversaries."

James was deeply shaken after listening to Yianni's explanation of the Fourth Marciais Combat Form.

The Almighty Dragon General Chapter 6447-In the blink of an eye, they found themselves on a vast plain. The air here was thick with various gases, each possessing its own level of power, creating a dazzling spectacle.

Not far away, two graceful figures were busy setting up various formations. They were thoroughly engrossed in their work. Yianni effortlessly manipulated the space around him, living upto his reputation as the strongest powerhouse in the Marciais Combat Form.

As James marveled at the scene, he suddenly furrowed his brow. "Is that Lesia and Yukha?" "They're doing fine," Yianni chuckled with his hands behind his back. " They've done their duty to you well, but you'll have to rely on yourself for cultivation.

"Don't underestimate these gases. They're not just for show. One misstep, and it could spell disaster. You must be vigilant."

Before James could respond, he was sent flying by a powerful force shot out from Yianni. With a blink of his eyes, Yianni pulled Lesia and Yukha, who were arranging formations, to his side.

James was blasted away before he could utter a word, engulfed by countless streams of various colored gases, followed by the sound of agonizing screams.

"Will he be okay?" Yukha asked.

"Don't you hate him?" Yianni smirked. "His fortune now depends solely on his own choices during this closed-door meditation." "I'm his second body," Lesia suddenly spoke up. "Naturally, I must help him." "He'll never achieve the Fourth Marciais Combat Form if you go," Yianni warned.

With anger boiling inside her, Lesia clenched her fists.

Just then, James emerged from the sea of gases, his body entwined with various gases, causing him unbearable pain and distorting even his Ultimate Golden Body.

Seeing this, Lesia panicked. "What's happening to him?" "His comprehension is sufficient," Yianni interrupted her.

As his words faded, James erupted with a terrifying mix of gray, black, and white energy.

Boom!

Thunderous explosions echoed as the gases surrounding him were violently dispersed in all directions.

“Enter the Third Marcial Combat Form, Master!” Lesia shouted.

In the next moment, James was engulfed in a terrifying gray energy, his hair turning gray in an instant. With newfound determination, he plunged into the swirling gases.

“You!” Yianni pointed at Lesia. “Looks like I can’t leave you here anymore.” With a wave of his hand, Yianni vanished along with Lesia and Yukha.
