

## The Almighty Dragon General

The Almighty Dragon General Chapter 6491-How could James think of drinking wine at this time? What was he thinking about? Was he going to fight while drunk? Hador wondered if he could survive with James' ability.

"Are there any bottles left?" James asked.

Hador felt uneasy. He waved his hand, and a bottle of Chaos Absinthe appeared before James.

James opened the bottle and drank half of it. His entire body was engulfed by Chaos Essence.

When he saw that, Hador panicked.

James was about to get furious. He was going to take action. A storm was coming.

Nonetheless, he paused for a while before finishing the Chaos Absinthe in the bottle.

He threw away the bottle, causing it to smash into a rock nearby. It shattered instantly. At that, Hador shuddered.

James said, "Give me one more bottle."

Hador's face twitched. He dared not breathe. He gave James another bottle. The latter drank it all again.

This scene was repeated several times. Hador was forced to take out eight bottles of Chaos Absinthe. They had all gone to waste because of James. Thus, Hador felt sad and in pain.

It convinced him that the Path's Chosen One was trying to get himself drunk to punish him. It was because James couldn't put down his pride when he was sober.

When James was about to ask Hador for the ninth bottle of Chaos Absinthe, the latter broke down. “James, just tell me how you want to punish me. You don’t need to do this...” “How many bottles of Chaos Absinthe do you have left?” James cut him off.

Thinking for a moment, Hador said nervously, “There are a few more!” “I want the total number.” James glanced at him. “I mean the number of bottles in the entire Ying World.”

Hador was shocked. He shrieked, “Do you plan to waste all of them? I think it’s better if you kill US all.” “Why are you so petty?” James snorted and said, “I only want to take a few hundred bottles. When I get out of here, I can pull some connection for Ying World too.”

Hador closed his eyes and screamed bitterly in his heart. He understood that the Path’s Chosen One used the fact that his wife was let go to blackmail him. If he refused to give James the Chaos Absinthe, their relationship would fall apart.

Hador thought, ‘Yin Governor, how could you look up to a disaster? Without you around, no one can suppress him.’ After weighing the pros and cons, Hador seemed to have made a decision. He gritted his teeth and waved his hand.

In an instant, a gust of black wind swept across the entire Ying World.

Dozens of bottles of Chaos Absinthe flew over to James.

“This is all we have.” Painfully, Hador said, “Please drink it slowly. This wine can’t be made. There will be one less bottle in Ying World if you drink finish one.”

Looking at the dozens of bottles of Chaos Absinthe, James took it all without hesitation. Then, he slowly stood up.

At once, Hador’s face turned pale. He backed away and stared at James warily. He was afraid that the latter would attack him.

Hador didn’t expect James to just stretch his back and leave.

“Uh... James...” Hador called out hurriedly.

James halted in his tracks but didn't turn his head. Instead, he put his hands behind his back and sighed. "I know my wife the best. No one can stop her from doing what she wants, including me. So, you guys don't need to feel guilty about this."

Then, James used the Terrastride Step and stepped into the void. After that, he activated the Dawnblaze Form and disappeared from the spot.

"T-That isn't what I mean..." Confused, Hador scratched his head. "Why do I feel like I've been scammed by him?"

The Almighty Dragon General Chapter 6492-In the blink of an eye, James appeared before the Yuraeceon Genesis Bell.

Hearing the Yin Tai Chi's wail in the bell, he couldn't help but ask, "Hasn't he shown his original form?" "It's a bit difficult." On the Yuraeceon Genesis Bell, Lesia held the wine glass and shook her legs. Her appearance made people's hearts flutter.

Sitting next to her, Lucille looked at James. She wanted to say something but decided not to.

James raised his hand. A Soundproof Barrier appeared. Then, he stared at Lucille.

In the past, she was the Grand Priestess of Mount Martialis, who was extremely stunning. Oftentimes, she was a pervert who wanted to sleep with other men. Now, she had changed. She became the daughter of Franciscus from the daughter of Xachary from the Symbiotic Blood Curse.

The fortunes on her were probably not enough to cover her bizarre and troubled life experience.

Now, she had awakened Gladwin's body. She had also inherited Celeste's memory. She was in pain.

Lucille had grudges with many people, but she couldn't kill anyone. James could relate to her.

However, while James stared at Lucille, Lucille stared at James too.

She knew that she had a history with James, but they were only friends who had gone through life and death. None of them could cross that line.

"I'm leaving." Suddenly, James said, "Do you want to come with me?" "Can I?" Lucille asked.

James was taken aback. Then, he sighed. "I can hand over your enemies to you, but..." "If it was in the past, I can't do it." Lucille interrupted James. "But I'm above seven stars now. With current my ability, it should be enough." "Alright." James nodded. "But you have to listen to my arrangements."

Lucille stayed silent.

At this time, Lesia wrapped her arm around her neck. "Think about your father. If you don't have a plan to take revenge, the end will be reduced to tragedy."

This made Lucille raise her head. "Alright. As long as I can take revenge, I'll listen to you."

James smiled, relieved. He raised his hand and put Lucille, Lesia and the Yuraeceon Genesis Bell into the soul space.

Then, Yin Tai Chi roared and shot up to the sky.

Nonetheless, the moment she flew, she cried out in pain because of James. She fell to the ground harshly.

"Don't even think of running away." With his hands behind his back, James sneered and said, "You have been cursed by the Historial Great Curse. Tai Chi doesn't want you back either. Just stay here and watch me rip your main self apart."

Then, James suddenly raised his hand. A terrifying mysterious power of gray, black, and white swept over Yin Tai Chi's body.

As the three colors rotated quickly, Yin Tai Chi realized that she was being petrified. Her body turned to stone from her feet to her waist. “James, h- how dare you seal me...”

Before she could finish her sentence, she turned into a statue under the power of the three colors.

After that, James waved his hand again. In the far distance, the Yang governor, who was beaten up by Clayton, appeared before him.

“You’re worthless now.” James stared at the Yang governor. “You should be my cultivation resources.” Then, he reached out again. At once, a ray of magnificent power of the three colors engulfed the Yang governor. His Historical Power was being absorbed quickly.

The Almighty Dragon General Chapter 6493-Following the painful cries of the Yang governor, his body and face became distorted. He was in a lot of pain.

His cultivation rank dropped from the Xaeclon Rank to the peak of Consummation Yuraeceon Daelm Rank’s Ninth Tribulation. It kept dropping until all of his power had been absorbed by James.

“You’re evil. I won’t let you reincarnate,” said James. Then, another ray of power of three colors appeared. It instantly sealed Yin Tai Chi, who had returned to her original form, and the Yang governor.

At this time, in Tai Chi Grand Temple of Thirty-Three Heavens, an illusionary black-and-white figure trembled. Instantly, he spat out a mouthful of blood.

Then, she raised her head. “James, we are irreconcilable.”

After that, she raised her hands. A ray of divine light struck the Thirty-Third Heaven. At once, it spread toward the Three Thousand Great Genesis Worlds and countless micro Genesis Worlds.

“Tai Chi decrees that all living beings in the world, whoever kills James and the Dark Demons, will be given the cultivation of the Xaeclon Rank and can travel in the Thirty-Third Heaven.

“Anyone who leads an army to conquer the Forladtt Land, Skynet and Yin’s Void will be rewarded with three Golden Bodies and will be given the cultivation of the Xaeclon Rank. All participants below the peak of Yuraeceon Daelm Rank’s Ninth Tribulation will immediately have their cultivation increased to the peak of Consummation Yuraeceon Daelm Rank’s Ninth Tribulation.”

These two decrees were sent to all worlds, causing an immediate sensation in the worlds. The major sects and Orthodox forces in Genesis World were ready to take action. They began to unite with each other to search for the whereabouts of James and Dark Thea.

At the same time, outside Skynet, the Forladtt Land, and the Yin’s Void, a stir had begun. The powerhouses gathered. An intense and unprecedented battle began in the worlds.

At this time, James was also in Yrian Hall gathering his past comrades.

Xzavion, Yemima, Wyot, Zavis, and the others gathered here.

Looking at their familiar faces, James smiled, feeling pleased.

They had gained quite a lot during their trip to Jaert Region. Everyone had reached the Four-Star Combat Power. It was similar to the Yuraeceon Daelm Rank’s Fifth Tribulation of Genesis World.

“Is everyone coming?” James smiled and asked.

Xzavion and the other exchanged glances before smiling and nodding.

“I don’t think you guys need to come with me now.” James sighed and said, “Cultivate until the Seven-Star Combat Power first in Ying World. When you guys go out of Ying World, you guys will become true powerhouses.” “At the same time, if you guys want to go out, you guys should wait until I clear the road leading to the Forladtt Land. You guys can leave by then.”

Upon hearing that, Xzavion stood forward immediately. "I haven't been fighting alongside you for a long time. Although my current ability isn't enough, I'm confident."

James smiled. "In the world where the strong consumes the weak, your confidence needs to be backed up by strength."

Xzavion was at a loss for words.

James turned around and looked at Yrian and Hador. "What do you think?"

Since I helped with Ying World's affairs, you guys should help me with mine."

Hador and Yrian exchanged glances. They smiled and nodded.

"It has been decided then." James looked at his friends. "Before you guys reach the Seven-Star Combat Power, don't leave Yin's Void. At the same time, you guys need to help me search for other potential living beings from the Dark World. You guys are the main forces for the battle."

After hearing James' words, Xzavion and the others nodded in response.

"It's time to go." With a smile, James said, "I'll be waiting for you guys in Genesis World."

Then, before he could take a few steps, he was stopped by a disharmonious voice. "James, take me with you."

James was taken aback. He turned around and saw that Queena had stood forward. She was beautiful, yet she was still arrogant and unreasonable.

The Almighty Dragon General Chapter 6494-"You don't have the qualifications." James shook his head.

Queenena was taken aback. She didn't want to give up, so she shouted, "I-I can be your pet." "I said, you don't have the qualifications," James repeated.

"You..." Queenena was enraged. "I know that I have offended you before, but "Queenena, don't be reckless!" shouted Yrian immediately.

Angrily, Queena rushed to James. "Based on your previous words, I'm already a Seven-Star Combat Power powerhouse. I can go out of Ying World."

James was stunned. He realized that she was waiting for that.

At this time, Hador smiled and said, "James, take her with you. It's time for her to see the world." "He's right." Yrian came forward to mediate the situation. "She isn't on the list of contracts we signed with Tai Chi. After you go out of here, you can have an additional helper."

The two powerhouses from Ying World had tried to convince James for Queena. If James still didn't agree, it wouldn't be right.

Thus, he looked at Queena. His eyes moved. Two rays of black-and-white light shot toward Queena's eyes.

In that instant, Queena shuddered. The light flashed and turned into a beautiful peacock. She changed back into her bestial form.

Then, Queena turned into a ray of light and entered James' body.

As they watched it happen, all the living beings present were stunned. A Seven-Star Combat Power powerhouse had become a pet under the circumstance that James didn't even move. It was terrifying.

"Alright, everyone." James bowed at everyone present. "We'll meet again next time. No one needs to send US off. otherwise, we will face trouble."

After that, James' body flashed and turned into three rays of light. They shot out of Yrian Hall.

At that instant, all the living beings in Yrian Hall took a sharp breath.

"When he returns, bloodshed will happen in the entire Genesis World," said Yrian to Hador with a chuckle.

"He isn't Franciscus nor is he Clayton." Hador put his hands behind his back and took a deep breath. "He's James. His intelligence and strength are above the other two. He has a longer, wider, and greater future too."

Then, he became serious. He looked at Xzavion and the other living beings present.

“You guys are all the Path’s Chosen One’s friends who have gone through life and death with him. Since he asked me to take care of you guys, I will teach you guys all kinds of Supernatural Powers of the Marcials Combat Form as well as the secret to the Marcials Combat Form Power.

“Remember. I don’t care how many stars are you. I only care about who wins. Anyone who loses will be doomed in the battle.

“If you guys die in the battle, I will let you guys reincarnate and start over. However, If any of you cheat, even if you have gone through life and death with the Path’s Chosen One, I will annihilate you. You will never reincarnate again.” “Now, I’ll create an otherworld battlefield. Go and fight now. I will only recruit ten disciples, and that’s it.” After that, Hador waved his hand. The Marciais Combat Form Power gathered and became an energy ball exuding black light.

The Almighty Dragon General Chapter 6495-In the next second, Hador waved his hand again. He threw Xzavion and the others into the black energy ball.

Upon seeing this scene, Yrian was anxious. “Sir Hador, if you do this, the Path’s Chosen One-” “Although James places great importance on friendship, he’s a pragmatist.” Hador cut off Yrian. “To be his friend, having a righteous spirit isn’t enough. One must have the courage to risk his life and the ability to sweep out an army.”

Yrian was at a loss for words.

After James turned into three rays of light in gray, black, and white and went out of Jaert Region, he turned into his main self immediately.

Glancing at the entrance of Ying World in Jaert Region, he shot out another power of gray, black, and white. He instantly activated the Chaos Hongrome Formation again.

It was the last life-saving treasure of Ying World. With his power of the Fifth Xaeclon Rank, the defense and might were stronger. Even a powerhouse in the Seventh Xaeclon would find it hard to come in.

At the same time, James used the Terrastride Step to shoot up to the sky. He went to the cultivation-suppressing formation in Ying World and proceeded to strengthen it. However, getting rid of the restriction of suppressing cultivation lifted the curse of the Yuraeceon Xaelm Rank's First Tribulation for all the living beings from the Dark World.

When he reached the border of the Dark World's entrance, he activated his Supernatural Power and strengthened the formation that protected the Dark World. Not only did he increase its defense power, but he also planted countless Historial Great Curses and mysterious restrictions.

Once the formation was attacked, while carrying out defense, it would activate the curses and mysterious restrictions. It would attack the attacker critically.

After doing all that, James turned into a handsome middle-aged man. He stepped out of the formation and appeared in the Demon Dungeon under Skynet's control.

Meanwhile, in the Demon Dungeon, Quattro and the others were no longer there. They were replaced by all kinds of living beings who cultivated the Genesis Power.

When James used his Zen to scan the place, he realized that dozens of sects had been established here. There were millions of disciples under them.

Everything remained the same, but the people had changed.

Looking at the familiar environment, James found it unfamiliar.

When he stepped into this place in the past, he relied on Truett's status. He obtained a place to stay for the living beings who walked out of the Dark World.

Now, this place was a part of Genesis World.

James thought that Tai Chi would take revenge against Skynet, but he didn't expect him to take revenge entirely.

“Who are you?” At this time, an unfriendly voice came from behind.

James was taken aback. He turned around and saw a middle-aged living being in a blue robe carrying a longsword. The man was staring at him.

Behind him were dozens of living beings in the same outfit. They were all around the Yuraeceon Daelm Rank’s Ninth Tribulation.

With a smile, James said, “I came here by accident. I don’t know where I am.” “By accident?” The middle-aged living being snorted and said, “You’re a demon from the Dark World, aren’t you?” When he heard that, James was upset. “Why do you guys hate the Dark World so much?” “So, you are a demon from the Dark World.” The middle-aged man waved his hand immediately. The living beings behind him flew and surrounded James.
