

## The Almighty Dragon General Chapter 7307

The Almighty Dragon General Chapter 7307 -“But what I admire most is what you experienced and accomplished when you were Wyrmsstead’s Dragon King on Earth.

“Back then, you were full of vigor. Not only were you domineering, but you were also decisive and protected the whole world with your strength.” James fell silent, unable to remember what he had done and who he had been when he was the Dragon King. ‘Is this what she meant by going too far and forgetting why he set out in the first place?’ Frona said emotionally, “Is being carefree and wasting your days what you really want? You’re strong, but who do you seek to be mighty for? If you only want to be Thea’s hero, you shouldn’t have embarked on the path of cultivation. You should’ve stayed on Earth as the Dragon King. After a hundred years, you will return to dust, and everything you lived for will also be gone.”

Frona turned around and looked directly at James. “But since you’ve come this far, you have an obligation and responsibility. With great strength comes great responsibility. You can’t only prioritize your wife but must also consider other lives.

Pointing at James, she asked, “Who are you right now? Are you only Thea’s husband? Aren’t you also the Mortal Emperor, respected by the Greater Realm’s living beings? You’re the holder of their Spiritual Providence. Didn’t Emperor Yarden entrust the Great Historical Land to you? Did you forget you’re the Great Historical Land’s ruler as well?

“Think about the group of comrades who have supported and followed you throughout everything. There’s Henry, Langston, Sophie, Taran, Lady Wikolia, Quattro, Xzavion, Truett, Yegor, Xitlaly, Rebella, and so many others.

“Do you think they’ve been following you just to help find your wife so that you could live happily ever after with your family?” “No, no!” James roared, “I never...” “Yes, you did! Though you never thought of it that way, you’ve subconsciously been doing it until this day!” Frona raised her voice.

“You despise Zymurgy’s gods for taking away the will of the Greater Realms’ living beings. You hate the unfair laws and rules, condemn the Waitara Path’s Daoism, and even the Forty-Nine Daoisms we created for the Haleth Realm.

“Yet, you don’t have the determination to make a change. Instead, you face Zymurgy’s gods with the mentality of saving your wife and eliminating her troubles.” James stared at Frona with parted lips but found himself at a loss for words.

The leader of the Nine Caeloros Gods of Nothingness had great insight. She saw through the surface and exposed the truth before him.

Frona sighed and reasoned, “The fact that Emperor Jabari and Franciscus were Xanthakos’ Soremsia was the last straw for you. You began to suspect whether the

people around you were Soremsias of powerful gods. You doubted everything, and your mental fortitude gradually crumbled.”

James slowly closed his eyes. Frona was capable of seeing through everything, rendering him unable to retort.

Frona stared at James and stated, “Of course, what really triggered your Inner Demons was the seed planted in your heart by the Waitara Path’s soul spirit. However, it was precisely because your mental fortitude was weakened that your Inner Demons were awakened while you were trying to integrate the Five Spirits, ultimately being used as a pawn against you.” t James’ body trembled at her words.

Frona said emotionally, “If a ruler doubts his minister, he will execute him. If a minister doubts his ruler, he will rebel if the ruler doubts his minister but does not execute him; the minister will eventually rebel. If the minister doubts his ruler but does not rebel, he will eventually be executed. Suspicion can lead to a cycle of fear and preemptive actions, resulting in chaos and instability.

“I’ve said so much not to convince you to respect our Daoism but to help you become firm in your Daoism.

“A hero to one person is not a real hero. Love for one person is not truly great love. Only by protecting all living beings in the Greater Realms and transforming the Haleth Realm can you be considered a hero that embodies love.” As soon as Frona said this, a brilliant red-gold light suddenly burst out from James and immediately illuminated the vast space within the tower.

The Almighty Dragon General Chapter 7308-Looking at the red-gold light filling the sky, Frona’s solemn expression gradually relaxed and was replaced by excitement. She understood that the Inner Demons in the black and white bubbles in the void were merely manifestations.

The real Inner Demon stemmed from James’ lack of a firm Cultivation Heart and his indecisiveness about what he truly wanted.

After Frona provoked him with the truth, James’ greatest Inner Demon was finally released.

“Seeking Daoism, preaching scriptures, and expounding on the true essence of cultivation requires one to be firm without suspicion or jealousy, steadfast in the Cultivation Heart. By doing so, one can integrate the Five Spirits and gain transcendent power.” After reciting the passage, Frona suddenly stretched out her hand and thrust it

at James.

Instantly, a wave of Nothingness Aura enveloped James and slowly lifted him into the void. His body gradually emitted a faint purple-gold light, and a shiny pearl suddenly appeared, followed by another and another, until there were five floating around him.

These five pearls slowly rotated around James, and a purple-gold light shot from his body to string them together.

“The Xurraeus, Historial, Hongrome, and Bloodshade. From Essence to Aura, to the mind, and to nothingness. The Three Treasures are achieved.” While speaking, Frona shot Nothingness Aura at James.

The next moment, she soared into the void and pushed her palms forward, sending two streams of Nothingness Aura to James.

James sat down, and a huge lotus emerged to support him. As it slowly rotated, 81 jade lotuses, 49 gold lotuses, and 9 purple-gold lotuses emerged above his head. They slowly rotated, gradually creating three colorful cyclones.

“His Three Treasures are a beautiful sight,” Frona said with envy, then poured more Nothingness Aura toward James.

“To not hear, listen, move, or speak. Thousands of tribulations amount to the Five Spirits. The limitless body and ultimate serenity. All Paths converge to one and to one’s original state.” As Frona continuously supplied James with Nothingness Aura, the pearls around him released shining lights.

Instantly, with the Nothingness Aura shot by Frona the five magic beads around James burst into shining light. The Xyloria Tai Chi Pearl and Xyloriak Tirta Pearl, located on the left and right of James, poured two streams of colorful lights into his body and flowed toward his arms.

The Xyloria Taihshi Pearls released a black-and-white light mixed with purple and gold into James’ head, covering his face with light. The Taishi and Taiyi Pearls simultaneously emitted black and white lights, enveloping James’ legs.

Suddenly, James raised his head and screamed as the blinding lights engulfed his entire body. A huge golden body surrounded by purple and gold light materialized behind him. It twisted in pain, baring its teeth and claws like a furious beast.

The next moment, five or so light rays burst out from his huge body. Hemera, fehneq, Taotie, and even the Path emperors and Chosen One, who were imprisoned, appeared from the light rays. After retiring to the physical realm, they stared at James’ golden body with pale faces.

Frona shouted, “Break!” Shortly after, the massive golden body collapsed and filled the void with fragments, shattering the other Inner Demons imprisoned in bubbles.

“Open,” Frona commanded, then unleashed another wave of Nothingness aura at James already destroyed golden body. From within the explosion she grabbed a skeleton that emitted black and white lights. She remarked with satisfaction, “It’s indeed golden bones that have been reborn numerous times. It’s a valuable boon. It’ll do the trick.” After speaking, Frona summoned a pair of spectral hands, grabbed the golden bones, and sent them into the lights enveloping James.

The Almighty Dragon General Chapter 7309-Wrapped in dazzling lights, James screamed as he endured excruciating pain.

“The Limitless Body and Ultimate Serenity. All Paths converge to one and to one’s original state,” Frona murmured, then unleashed millions of streams of Nothingness Auras into the light enveloping James.

The 81 jade lotuses, 49 gold lotuses, and 9 purple-gold lotuses circling James each produced a black-and-white pearl. With a buzzing sound, the lotuses submerged into the dazzling light ball around James. Even the massive lotus beneath James vanished into the light ball.

Suddenly, the light ball exploded, revealing a handsome man. James had been reborn once again. His appearance did not change much, but the aura and air around him had transformed significantly. His gaze was sharp, his facial

features sculpted, and he emitted a very sacred temperament.

Previously, James would have been considered a Historical being with a mortal body. Now that he had integrated the Three Treasures and Five Spirits, he had achieved a Limitless Body and was invulnerable.

After seeing James succeed, Frona collapsed into the black-and-white cloud, drained of all energy.

“Master has finally achieved a Limitless Body!” Hemera exclaimed excitedly from a distance.

Fennec rejoiced, “He has integrated the Three Treasures and Five Spirits! He has converged all paths into one and returned to his original state!” The Chosen Ones and Emperors who had been forced out of James’ space watched in horror. Faced with James’ potent aura, their hearts pounded, and their souls trembled. They instantly knelt, afraid to meet his gaze or even breathe.

Frona, on the other hand, panicked. “Why isn’t he moving? Is something wrong?” Suddenly, James spread his hand, and Waltraud Power spread to the surroundings.

Hemera shouted anxiously, “Stop, Master! We can’t bear this!” Fennec quickly grabbed Hemera and rushed to the Wuia Demon-Slayer Sword in the distance. Shortly after the

space where James' Waltraud Power passed exploded. The ' Emperor and Chosen Ones, still kneeling, were instantly reduced to ashes. Frona slapped herself and grumbled, "He is still lacking a Cultivation Heart! I can only help him strengthen it, but there isn't enough time..." After taking a deep breath, Frona closed her eyes and mumbled, "Perhaps it's really time to hand over the Destiny Sect. Since things have already come to this point, I'll do whatever it takes to protect James." Frona urged all her strength and transformed to Nothingness Aura. She turned her body into a Cultivation Heart and darted into James' body. The purple-gold light surrounding James grew brighter and replaced the Waltraud Power.

James slowly opened his eyes and surroundings. Frona! Are you still here, Frona?

The Almighty Dragon General Chapter 7310-There was no response. The space within the tower had fallen into a dead silence.

James scanned the area puzzledly. He was immediately overwhelmed with shock when he found that his Inner Demons had disappeared.

"Master!" Two voices called out simultaneously from behind him.

James turned around and saw the Wuia Demon-Slayer Sword approaching him.

Two light rays emerged from it, then transformed into Hemera and Fennec.

"Why did you two come out?" James frowned.

Hemera and Fennec quickly explained everything that had happened.

James was shocked beyond compare after listening to their descriptions of the events. He spread his arms, and a purple-gold Waltraud Power emerged,

emitting a potent force.

"The Limitless Body and Ultimate Serenity!"

James suddenly recalled Lesia's words. Once he integrated the Three Treasures and Five Spirits, he would achieve the Limitless Body and Ultimate Serenity. He would be immune to all kinds of Path Powers and could overcome any tribulation. He would be able to dominate the Greater Realms and would be near invincible.

Despite his achievements, James was more concerned about Frona's whereabouts, trying to find out what had happened to her.

James looked at Hemera and Fennec.

“Did you see a beautiful goddess here? Where did she go?” Hemera and Fennec looked at each other, then shook their heads simultaneously.

“When you unleashed Waltraud Power just now, we sought refuge within the Wuia Demon-Slayer Sword.” “Yeah. We’re not sure what happened after.” James fell silent, then slowly sat cross-legged and closed his eyes. He began feeling everything within the tower’s space. However, the process was slow because of how vast the space was. While James had successfully integrated his five Spirits and achieved a limitless Body with Frona’s help, the Waitara Path’s soul spirit had escaped to the thirty-third Heaven. In a temple subtended by dazzling lights; a black-and-white mist suddenly appeared, and the Waitara Path’s soul spirit emerged from it.

Puff! The Waitara Path’s soul spirit spat out a mouthful of blood, then collapsed to the ground with a loud thud. “Damn it! James, Frona, Taiyi, and Yasmina! Just wait! I’ll definitely make you four suffer miserably. I’ll make your lives a living hell that you’d rather be dead!” After the outburst, the Waitara Path’s soul spirit clutched his chest and coughed up another mouthful of blood.

The next moment, a purple-gold light flashed beside him, and a beautiful woman materialized.

Thea, who was forcefully dragged to the Thirty-Third Heaven, glared at him and sneered, “How does defeat taste?” The Waitara Path’s soul spirit raised his head and glared ferociously at Thea.

“Though I’m in this state, you won’t be able to escape.” Thea shrugged in response, then walked over to a chair and sat down.

‘Escape? After seeing through your little tricks, I’ve never thought of escaping.’ Her goal was to stall the Waitara Path’s soul spirit as long as possible while Frona helped James integrate his Five Spirits. After that, he could open the Wuia Palace and eliminate Xanthakos.

Thea felt it was the best way to help James, even if it meant putting her life at risk.

The Waitara Path’s soul spirit was surprised by her actions. He slowly got up from the ground and said, “Something’s amiss. You shouldn’t be reacting like this.” Thea asked smilingly, “Is that so? How should I react? Am I supposed to cry, pull my hair, or challenge you to a brawl?”
