

The Almighty Dragon General Chapter 7401

The Almighty Dragon General Chapter 7401-Carefully sensing his surroundings, James realized he could no longer feel the presence of the Light Heavenly Path.

He knew it was half of Thea.

Without this half, she would forever remain herself and could never merge into the Yin governor.

Alternatively, if the Light Heavenly Path had already merged with Thea to form the true Yin governor, it would signify that the Leere Tribulation was imminent.

Exchanging a glance, James' two main selves instantly understood each other and quickly merged into one.

In the next moment, the merged James' body radiated dazzling black, white, purple, and golden light.

His entire being underwent a transformation, subjected to a mysterious and intense purification.

Having absorbed all the power of the Caeloros God of Garuda, James had ascended from the third to the fifth level of the Limitless Body.

He could now disregard any prohibitions or formations and was impervious to tribulations.

He had transcended the control of Daoism and possessed the Supreme Path Body.

However, there was still a gap before he could truly achieve the Consummation Ultimate Serenity.

Slowly raising his hands, James looked at his rejuvenated self.

Besides feeling his power surge, he also felt an overwhelming urge to fight.

"Xanthakos Qadeer, you're going down!" James walked out of the black-and white gas and immediately saw Quintus and Morgott sitting outside the black, white, and purple-golden gas.

Startled, he sensed something was wrong and immediately inspected his newly formed formation.

He discovered that besides the restored formation, there were two sealed beings within it.

At that moment, a scroll emitting a golden light flew out of Morgott's body and landed in front of James.

The scroll unfurled and revealed a message written in blood.

"James, by the time you see this scroll, Taiyi and I will have already perished.

Do not be sad or seek revenge.

This is our fate as overseers of Haleth Realm.

"We were originally the Alcide beings, tasked with overseeing Haleth Realm created by Waitara Path.

However, we failed in our duty, causing Daoism to struggle in the realm.

This crime is unforgivable.

"with the Caeloros Supreme absent, Haleth Realm and Xanadu Realm are in turmoil.

We have done everything we could and sealed Xanthakos within your formation.

"According to our predictions, given Xanthakos' power and fury, our seal can last at most ten thousand entrapochs.

When he is unsealed, he will be even more ferocious, violent, and evil than now.

"Do not think about breaking the seal to kill him.

This is the last significant matter we could resolve for you, and it serves as your final trump card.

"The Light Heavenly Path is with Xanthakos.

Both were sealed by us.

Without the emergence of the Yin governor, the return of Waitara Bath's Soremsia will be difficult, and the Leere Tribulation will be delayed.

"You must quickly seize Wuia Palace and the forty-nine cauldrons during this time.

Comprehend them, and swiftly take control of Haleth Realm.

Seal the gods and restore natural providence to the realm.

This will increase your chances of resisting the Leere Tribulation.

“also, the sealed Xanthakos is our last significant act for you.

It served as your ultimate weapon against the Leere Tribulation.

You must comprehend it well.” After reading these words, James slowly clenched his fists.

It seemed that the two Xanadu Divine Beings, Taiyi and Emperor Tapia, had perished.

However, the things they left behind imparted immense pressure on him.

“James!” At that moment, Morgott, who was beside him, suddenly stood up.

His eyes were blood-red and his red hair was flowing.

James quickly turned around and stared at him suspiciously.
