

Chapter 0013

"Do you mean to tell me that Luna Zelayah is moon blessed as well as a pureblooded alpha and this fool is about to throw her away? He is dumber than I thought. Did either of you pay attention to the werewolf history class? Of course not, because if you did, we wouldn't be having this conversation. He is an aloha, He is supposed to know what that birthmark means. We shouldn't be able to fool him like this. It is impossible for a wolf that is not fated to a moon-blessed wolf to touch her intimately. Her wolf would kill any who tried. How does he not know this?" Alpha Richard says shaking his head.

I see Tima is shaking from anger. I can tell that he is losing respect for his alpha. This conversation proves that either Kosta is ignorant of werewolf history or purposefully trying to throw me away. Either way, it's not a good look for an alpha.

"Does it really matter Alpha Richard as long as we both get what we want?" Khalis asked.

"It does change things a lot. I will not be able to take her and force-mate her as I planned. Her wolf would kill me. You will have to get her to reject Kosta or Kosta to reject her. We need to weaken her." Alpha Richard said.

"They are both so dead," I said.

"Well, that was always the plan. One thing I know about Zell is that she will never forgive a cheater. Once we show him the pictures and let him question your warriors and you put the cherry on the top with the description of her birthmark, he will be easy pickings. I plan to seduce him on the car ride home. Zell will feel all of it. It is going to be like taking candy from a baby. I convinced him to stop sleeping with her over a month ago, so I know he is already on edge. His pain and lack of sex will make him cave like a house of cards." Khalis says.

"You are just evil. Are you sure she does not suspect anything? Not that it matters at this point. I am so close to having her finally. Once the rejection happens, she will be weak. I will be able to take her. Once I mark her, the bond will form, and she will protect me from her family." Alpha Richard said. 

He clearly does not know me or my family. There is nothing that will save him from my family. Bond or no bond, I would watch him die a painful death.

"Alpha Richard, I can guarantee you that she will reject him after feeling the betrayal pains. Especially after him denying her this last month and letting me run loose around the pack. No woman would be able to get past that." Khalis says.

"One more thing, Khalis. You need to convince him to vanish her. I need her weak and alone so I can take her before she gets to her family. I'll also help you with Kosta. I'll video

myself taking her. Kosta will not know I'm taking her by force. Oh and Khalis, don't fuck this up. It is a death sentence if we get caught. Trust me, if I go down, I will be dragging you down with me." Alpha Richard said.

"Are you threatening me, alpha?" Khalis huffs.

"No, not threatening. Promising and reminding you what's at stake." Alpha Richard said.

"What ever Alpha Richard. I am less than 24 hours away from getting everything I want. I no longer have to pretend to like or be nice to the perfect princess. Being her friend over the years opened a lot of doors for me, but I know what I want, so now I need to move her out of the way. She is no longer useful to me," Khalis said.

"Just do your part. I have to go gather my men and tell them what to say." Alpha Richard says and ended the call.
