

## Mates with Alpha Maddox Chapter 14

Jayda's POV

I have never felt so happy and relaxed. After our love confession we quickly fell asleep, we were both emotionally drained by all the Ellie and Kyle drama. I then woke up to a delicious breakfast in bed that Maddox made me.

"Another one? I thought it was finally over" Maddox whines when another episode of 'America's next top model' starts. We have been cuddling in bed for hours watching Tv.

"Its called a marathon for a reason babe" I say rolling my eyes.

He kisses the top of my head "Can we change the channel though? This is jeopardizing my manliness. I already now what a smize is" I can hear the pout in his voice.

I turn my face towards him and kiss his pout. I start channel surfing and see that 'Man vs wild' is on.

"Oh my god! Lets watch this" I say excitedly.

He chuckles "You like survival shows?" He asks me.

I nod "I used to watch this with my mom" I say, remembering how we would watch Bear Grylls survive different dangerous places.

Maddox nods and kisses my knuckles.

"Oh, shit. I forgot to tell you" he says suddenly making me mute the tv and turn towards him.

"What is it?" I ask.

"We are going to visit a neighboring pack in two days" he tells me.

"Ummm why?" I ask.

"I need to do some work over there and also they are making a BBQ in honor of me finding my mate" he says with a smile.

"Really? Can Ellie and Nikki come?" I ask hopefully.

Maddox shrugs "If you want, then they can come"

"Really?"

“Yeah, I might be a little busy at first and I don’t want you to get bored” he says making me smile.

“Thanks, I am going to tell Nikki and Ellie to come to the mall with me later today so we can buy some clothes for the trip” I tell him.

“Yeah okay, but don’t take too long since its already 4pm and I don’t want you guys being in town when its late. I’ve already told you how rogues are” he reminds me.

He is so perfect, I mean in the short time I have known him, he has been taking care of me and giving me love and being the best mate I could have ever asked for.

“I love you so much Maddox, I don’t think I have ever loved someone as much as you. I loved my mom a lot but when I am with you I feel complete and when I am far from you it hurts” I say looking into his eyes.

“I love you more Jayda, I am so fucking lucky I have you as a mate and I am so sorry I have been such a shitty mate but I promise I will make it up to you” he says, pressing his lips to mine. This kiss, unlike the other kissed is soft. It shows our love for each other and it makes my heart flutter.

My phone rings, making me jump and accidentally bite hard on Maddox bottom lip.

He hisses pulling away. He presses his thumb against his bottom lip then looks at it and sees that there is blood on it.

“Wow Jayda, I didn’t know you liked it aggressive” he says bursting out laughing and I groan in embarrassment.

The phone keeps ringing and I pick it up. “What?” I snap, pissed because who ever called made me embarrass myself in front of Maddox.

“Omg! Jay don’t tell me I interrupted you guys having sex!! I thought you were saving you were staying a Virgin for ever. Not that I am judging of course, cause Kyle and I had sex as soon as we were alone but I am me and you are you” Ellie rambles making my eyes widen.

“Ellie, what the hell! No I did not have sex and please I don’t want to know if you and Kyle had sex” I say rubbing my temple.

“Well then, but I do want to know when You and Maddox have sex” she says excitedly making me roll my eyes and Maddox’s eyes widen.

“What the hell!, when we have sex she will not know about it” Maddox says, obviously having heard what Ellie said through the phone.

I blush deep red. “Ellie tell me what the hell do you want or I will hang up” I threaten, she may be my best friend but she is annoying as fuck.

“I wanted to know if you wanted to hang out” she says.

“Okay, sure. I was going to call you and Nikki to come with me to the mall so lets go now. Let me call Nikki and I will meet you outside” i say and hang up.

“Ellie is crazy” I say as soon as I hung up.

He nods “yes she is, thats why I don’t want her to know anything about our sexual life, I know she will make it weird”

“I wont tell her” I say pecking his lips and standing up to get dressed.

(A/N first outfit on the side—)

When I am finally ready I walk back towards the room.

“I am leaving now” I say, walking towards where he was putting on his shoes and giving him a kiss.

“Okay, I am going to head to Beta Leonardo’s house to do some work. Love you baby” he says.

“Love you way more babe” I say exiting the house only to be tackled to the floor by Ellie.

“Ellie, get off me” I say in between laughs. She rolls off me.

“Looks like Nikki is not here yet” Ellie says frowning and my eyes widen.

“Uh, I forgot to call Nikki” I say sheepishly.

Ellie gives me a ‘really’ look and I nod.

She sighs “lets go tell her now then” she says and Starts walking rowards Nikki’s house.

When we get to Nicole’s house Ellie bangs on the door.

“Dude! You will make a scene” I scold Ellie while pulling her backwards making her stumble slightly

She shrugs “Who cares? You are now Luna which is technically a free pass to do what ever you want” Ellie says.

I scowl at her “I would never use my tittle to get away with things”

She sighs dramatically “fine”

Nikki opens the door. “Whats with all the noise you assholes” She says with a scowl on her face.

I smile sheepishly at her. “We are going to the mall, I forgot to call you and Ellie was banging on your door because she has no manners what so ever”

“I’ll get my purse” Nikki mutters and goes back inside.

When She comes back, we make our way towards the mall.
