Alex's POV

"Hello?"- I said holding the phone to my ear.

"Alex?"

"Yes"

"I know I am the last person you want to hear a er umm... what happened."

"Yeah, what do you need Archer?"

"I wanted to know if I could see you Al."

"No"

"Let me talk"-Archer snapped. "I want to meet up with you to accept your rejection"

"Did she talk to you too?"-I asked

"How do you know?"-Archer asked confused.

"Because she came to me to Archer"

"She explained a few things... I guess it's time to completely break the bond"-Archer said.

"Meet me in 2 hrs. Same place as umm last time"

"Okay"-He said and finished the call.

My life is a complete mess. It's painful. I didn't ask for any of this, sometimes I wish I could be a simple human. They have it easy, they get to marry who they want, they aren't stuck with mate bonds like us. Lucky creatures.

knock. knock.

"Come in"

"Hey Alex. Can we talk?"-Carlos said peeking his head.

"Of course. Have you taken a decision?"

"Yes"-He said lowering his head.

"Hey look at me. What ever it is Carlos, you fully have my support"

"I'm... I'm going to move to Golden Moon with Ethan. I am sorry Alex, he is Gamma and he can't leave his position to come and be a Delta"

"Did he say that?"

"No no no Alex he didn't don't get me wrong. What I ment to say is, his position is important to him, just as much as being a Delta is for me. But his position is higher, a pack rarely has Deltas Alex but they do need a Gamma."

"I understand Carlos I really do. I hope you live a happy life, I hope he loves you and cherishes the amazing person you are. If he doesn't you call me and I'll strike him with a lightning."- I said and he giggled.

"Moonlight will always be your home, you will always be welcomed here."- I saw his eyes starting to tear.

"Thank you Alex. Thank you for everything you did for me. For giving me a home, a place to stay, for feeding me when I had nothing, for trusting a stinky rouge, and mostly for loving me and being the family I needed"- He said and I ran to hug him with teary eyes.

"Are you ready?"-I asked and he nodded.

"Carlos Wilson, you are no longer Delta or member of Moonlight Pack. I, Alpha Alexandra Silver proclaim you as a rouge"- I felt our connection disappear.

"I will miss all of you"-He said crying.

"We will all miss your vegetarian ass too. Now go get your man"- He hugged me one last time and said goodbye.

I walked towards my bedroom and took a quick shower. I dried my hair and slipped on some clothes and shoes.

I le my room and walked toward my garage. I got on my Jeep and drove o to the border.

"Are you okay?"-I asked Ayla.

"Not entirely but I will"-Ayla said sadly.

A er 20 minutes I arrived, Archer was already there. I got o my jeep and walked towards him.

"Before I accept your rejection. I want to say a few words. Can I?"

"Go ahead"

"Im sorry I had to be the reason for you to leave Golden Moon, I'm sorry that my pack failed you. I know this was ment to happen, we weren't actually ment to be soul mates. I hope you find someone some day Alex, I hope they love you and cherish you the way you deserve. Any one who ends up being your mate will be one lucky bastard. You are strong, powerful, independent and very smart. You deserve the best, don't settle for less."-Archer said sincerely.

"Thank you Archer, I hope the same for you"-I just want all of this over already.

"I, Alpha Archer Williams accept your rejection Alpha Alexandra Silver"- I closed my eyes waiting for the excruciating pain but it never came. I felt our bond completely disappear. I opened my eyes to see if it was true and I didn't feel the pull towards him anymore.

"Good bye Alpha Moon"- Archer said turning back and walking towards his car.

"Good bye"- I said as I walked towards mine.

The drive back home felt peaceful.

For the first time in years I felt free. My soul felt free.

I decided to go somewhere else instead of going home. I hate cemeteries but I needed to see my parents.

"Hello mom and dad. I never thanked you for the beautiful moments you gave me. How you held me each night when I had nightmares. How you kissed me goodnight every day. I will remember both of you each day that I live. It was a privilege to have you as parents, I'll forever cherish those 10 years of life I shared with both of you. You will forever live will in my heart"-I said sobbing.

"I hope that were ever you are, you are both proud of the woman I have become"-The wind blew harder around me and I knew it was them letting me know they are watching over me.

"They would have been as proud as we all are"-Mark said walking from behind me, scaring me.

"You fucking scared me! We're you following me?"-I said wiping my tears with my sleeve.

"Of course I was... I am your Beta, my duty is to protect you."

"How much did you see?"- I said li ing a brow.

"From Williams pathetic speech till your speech to your parents grave"-Mark said.

"Creepy"- I said and he laughed.

"I come here o en you know..."-Mark said

"You do?"

"Yeah, once or twice a week."-Hw said shrugging.

"We've lived a crazy life so far and we are bearyl in our twenties. I hope it doesn't get worse"

"How are you feeling?"-Mark asked.

"I feel free ya know, I feel in peace... for now"

"Do you want to talk about it?"-Mark asked.

I told him everything that happened a er I blacked out.

"Close your mouth"-I said chuckling.

"Holy shit Alex... I think your cursed"- He said and I burst out laughing.

"I thought the same thing belive me."

"Your life is like... weird"- I gave him my are you serious look.

"Thank you that helps alot"

"I'm glad I'm not a silver wolf"-He said laughing.

"Lucky bitch"

"Ready for that meeting with the king at the royal palace?"

"Yeah... I won't be surprised if things get worse"

"You're so negative"- He said sarcastically.

"I feel sorry for you"

"For me? Why?"- He asked confused.

"You will take my place once I leave"- I said while running towards my Jeep.

"I QUIT! I WANT TO BE A ROUGE!"- I could hear him screaming while I drove o .
