

14

Alex's POV

time skip to the meeting with the king

"Alex are you ready?"-James asked for the millionth time.

"James if you ask me one more time I swear I will find you and kick your hybrid ass!"

"Alex we shouldn't be late! This is the King we are talking about!"-He insisted.

"James our flight isn't until 2 more hours! You sound like a desperate mother on her first contraction trying to rush to the hospital."

"You did not just say that!"-James said.

"Yes I did now shut it and let me get ready before I make you run around the training fields for interrupting my make-up session"

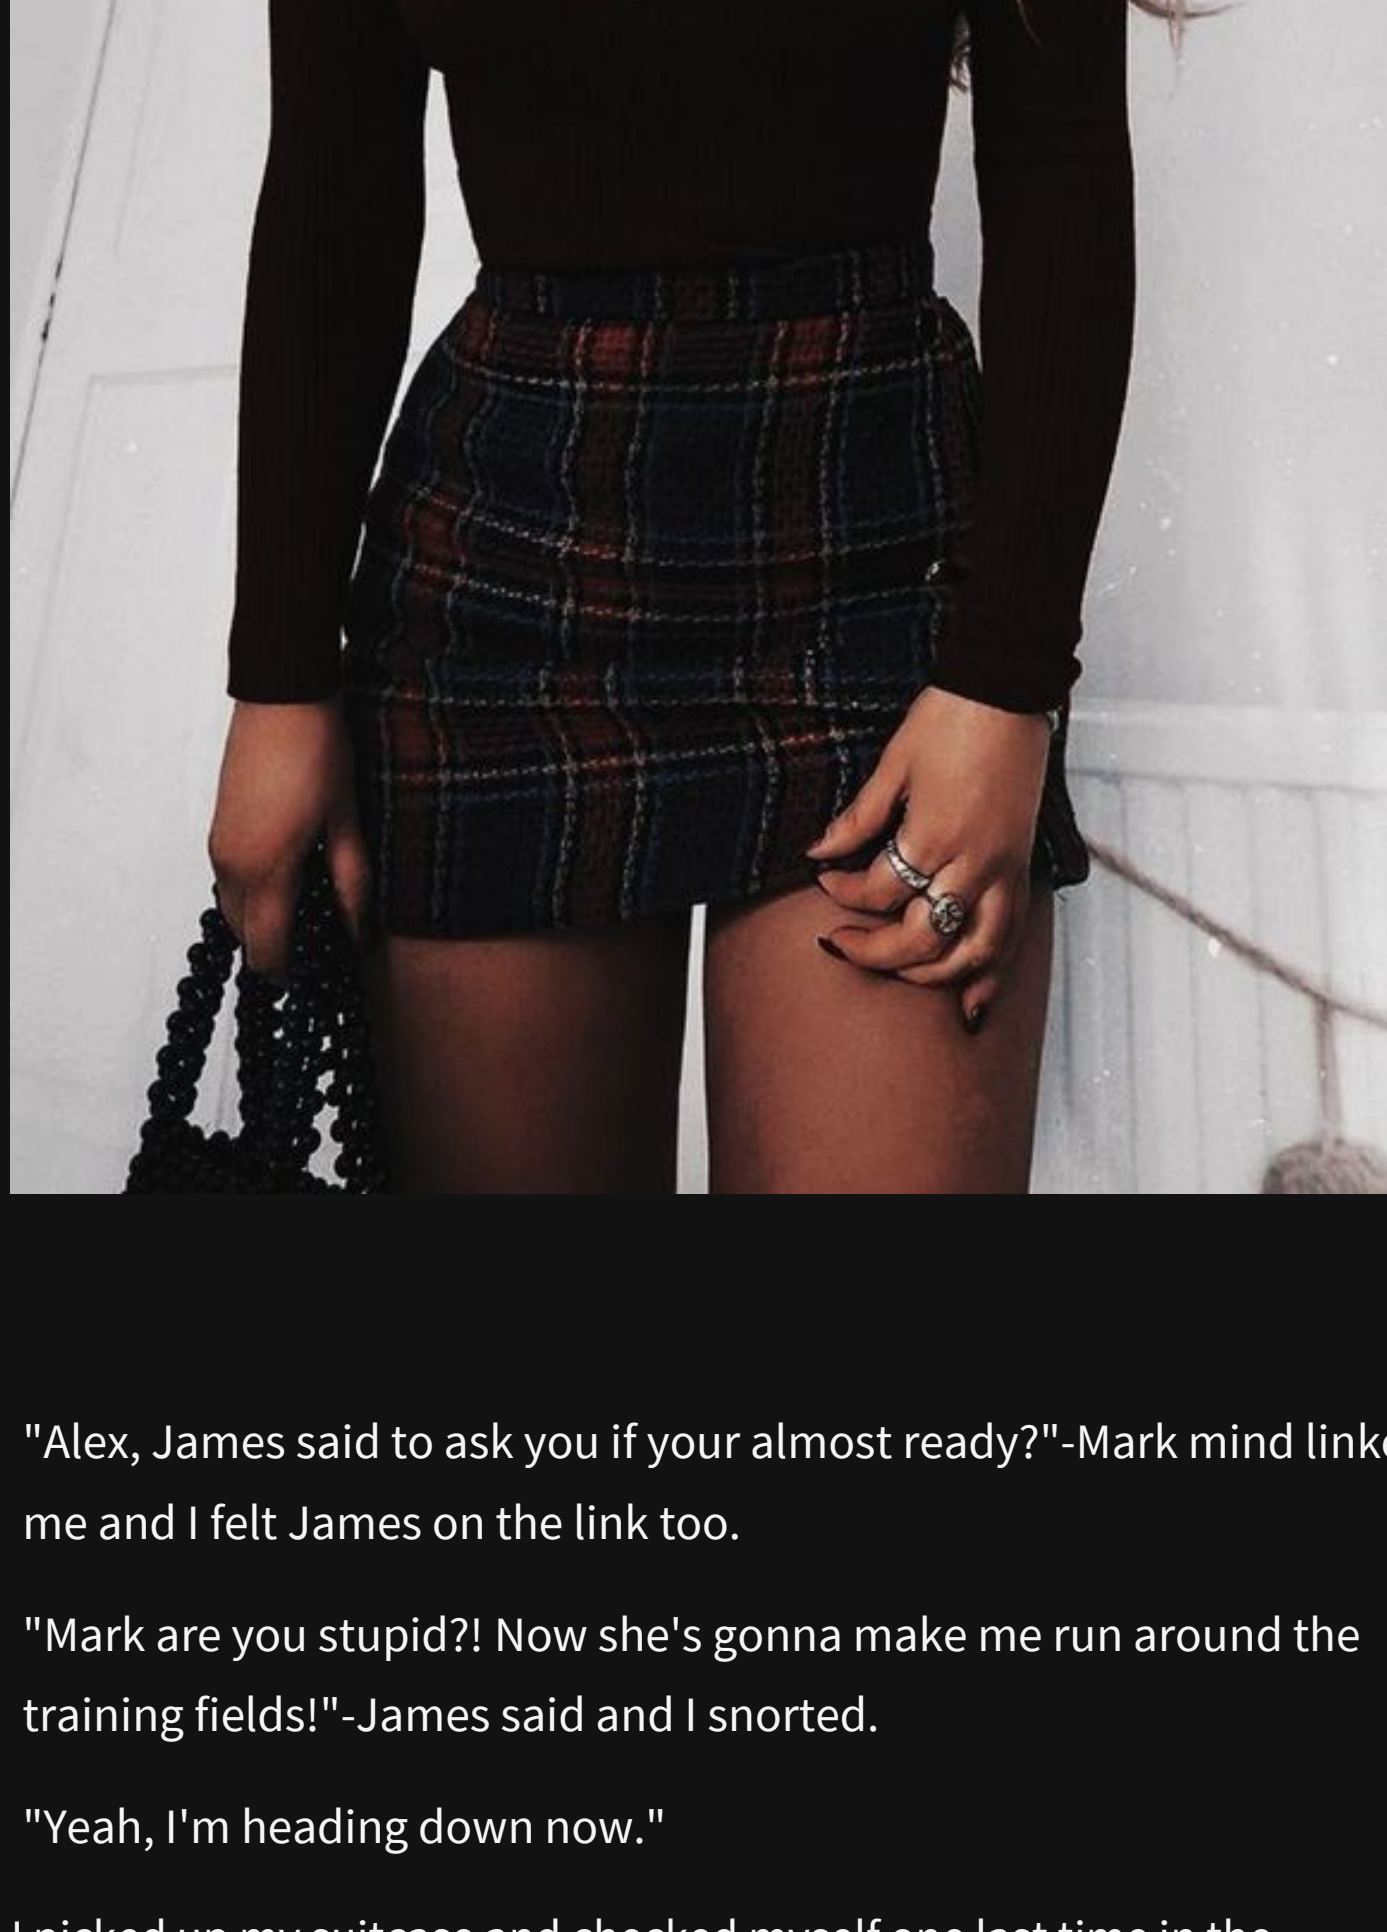

"I hope your eyebrows end up crooked! James said and quickly blocked me.

Bitch.

The King is really looking forward to this meeting, he even sent his own private jet. I can't say the same, I honestly still want to be human. I can't ignore the feeling I have, it's like a constant reminder that something is going to happen. Ayla's been completely quiet, I know she feels it too.

I tried my best to ignore it and finished doing my make-up and hair. I stood up from my vanity and walked to my closet to pick an outfit. A er I was content with what I picked I quickly changed and slipped on my favorite black tight high boots.

a/n: This is how I imagine her outfit. But feel free to imagine her your way!

"Alex, James said to ask you if your almost ready?"-Mark mind linked me and I felt James on the link too.

"Mark are you stupid?! Now she's gonna make me run around the training fields!"-James said and I snorted.

"Yeah, I'm heading down now."

I picked up my suitcase and checked myself one last time in the mirror. I walked towards the main room and everyone was there to say goodbye.

"Do I really have to stay Alex?"-Mark whined.

"Yes, Mark you're my second in command. I need you here to take my place and watch over the pack while I'm gone"

"James can do that too!"

"I need James and his witchy witch magic. You will be fine Mark stop whining, you have Steph and Les to help you. It's one for 7 days, you'll live."

"Fine! But you owe me dinner!"-He said.

"Deal"

"Trying to give the king a heart attack with that outfit I see"-Steph said smiling mischievously.

"Nope, my love department is closed. Plus what if he's like very old, I am not looking for a sugar."-I said and they laughed.

"Okay let's go, we don't want to be late"- James said.

"Yes, mother."-I rolled my eyes. We said our goodbyes and Mark drove us to the airport.

Once we arrived at the airport the jet was ready to take o .

"If anything happens please call me, I will take the first flight to you guys. James, please keep her safe"-Mark said and James nodded.

"Okay, mom and dad. Kiss goodbye and let's get going"-I said and they laughed.

"Take care Alex and please no cursing and watch what you say, that's the King you're going to meet"-Marks said.

"Mark I swear you are going to be one annoying father! You gave me this speech every day! I will behave. Now let's go"-I gave him one last hug and walked towards the jet. I was insanely nervous, I had never been on a plane or jet before.

"Alpha, Gamma"-the flight attendant vowed." My name is Lillian, it's a pleasure to assist you today. We will be flying to Michigan. Please take a seat and put your seat belt on. I will signal you when it's safe to take them o nce the jet takes o ."-Lillian said and smiles sweetly.

We did as she said and soon the jet took o . I was shaking like a leaf! Ayla kept whining in my head. A er a while, I relaxed and took a small nap. I never took my seat belt o though, if I had to die I was going to die secured in my seat.

"Alex, Alex wake up you snoring log! We have already landed you slept the whole flight here!"- James said shoving me lightly.

"I'm up, I'm up."

"It was a pleasure meeting you Alpha and Gamma. There is someone from the royal palace waiting for you. When your ready please exit the jet. Your luggage has been loaded to the royal SUV."

"Thanks, Lili"-I said and we exited the plane. Just like she said there was already a man in a black suit standing beside a black Cadillac. He was maybe in his late 30's.

"Good evening Alpha Silver, Gamma. My name is Josh and I will be your driver today."- He said and opened the passenger door for us.

The ride to the royal palace felt short, my nerves were eating me alive. The feeling that I had intensified and it only made everything worst.

"Ayla please calm down, I can feel your anxiety"

"I don't know Alex I don't like this feeling. I want to go back home"

"We can't do that Ayla. Everything will be fine trust me."

The driver opened the door for us.

"Welcome to the Royal Palace, I hope you enjoy your visit"- My jaw dropped to the floor as soon as I stepped down and saw the Palace. It

"Alex calm down. I can feel your aura"- James said and I snapped my head towards him. His eyes were glowing which meant his wolf was reacting to my aura. I quickly closed my eyes and focus on controlling it.

"Welcome to the Royal Palace. Please follow me the King is already waiting for you in his o ice. I will send a servant to pick up your luggage and place it in your bedrooms"- The butler said and walk us inside the Palace and I could believe how elegant and expensive everything looked.

"Don't touch anything, one vase here is worth all your fortune"- James said.

"You're an idiot!"-I snorted.

We soon arrived at two large wooden doors. The butler knocked twice, and I felt my heart speed. James was shi ing on his feet nervously.

"Come in"- A strong powerful voice said. The butler opened the large doors.

"My King, Alpha Silver, and her Gamma have arrived."

"Please let them in"- He said and the butler moved to the side and we walked in.

"Alexandra Silver..."-He said.

He looked around his early 40's. He's a very handsome man though. His beard was perfectly cut, dark brown eyes, brown-greyish hair styled to perfection. Everything about him screamed dominance.

"Your highness"- James and I vowed.

"Call me Stefan"

"I'm not su-"

"I insist, Please take a seat. I have heard so much about you, I was shocked when Gerard called me the day of the council meeting. I thought you had died the night of the attack on your pack. I sent my warriors as soon as I got the news, but when they arrived it was too late. You know, your father was a good friend of mine. I don't think you remember me, the last time we visited your pack you were just 6 years old"- I couldn't even react to what he was saying. My brain was trying hard to absorb the information.

"You knew my parents?"-I asked shocked.

"Of course I did little one, your mother and my Queen were best friends. She was devastated when she got the news about your pack and your parents. She will be more than happy to see you when she arrives tomorrow. My son will arrive tomorrow as well"

I stood there speechless, I didn't know what to say. How come I don't remember him or the queen?

"Alex say something!"-James said.

"I don't know what to say!!!"

"I believe you are both very tired. Thomas will escort you to your rooms. I will have a servant deliver dinner to your bedroom door, and we will continue this conversation tomorrow once Stella arrives. I have so many things to show you little one. I hope you enjoy your first night here."-Stefan said.

"Thank you sir"

Soon the butler arrived and took us to our bedroom. My jaw dropped once we entered, James had the same expression as me. Everything was so luxurious! The room was white and royal blue-themed. It was twice bigger than my room, it had a huge walk-in closet and a big bathroom.

James le to his bedroom that was just across the hall from mine. I took a quick shower to calm my nerves. The shower made me feel very sleepy. I walked out of the bathroom and got in bed.

Let's see how many surprises tomorrow brings...

Hello everyone!

What do you think about this chapter?

What do you think will happen in the next one? *wiggling brows*

I hope you guys enjoyed it!

Thanks for reading!
