Alex's POV

I spent the most restless night of my life... There is something about this place that sets o my senses, I can't quite put my finger on it yet.

I slept total of 3 hours! It's 5:30 am. As an Alpha this is the time I have to wake up every day, I always whine about it but now that I can sleep in my brain decides to pull an all nighter. Sue me!

"James..." No response.

"JAMES!"

"Ouw what the hell Alex!"

"Im sorry to wake you up..."

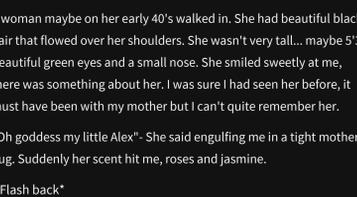

"What do you need? It's 5:30 Alex go to sleep!"-James whined.

"I can't James... I have this feeling I can't shake o "

"Im sure you're just homesick. Calm down. I'll see you later."- He said and blocked me.

What a helpful Gamma I have. Either way I got up and took a nice hot bath. By the time I got out at was already 6 am. I took my dryer and straightener from my bag and proceeded to style my hair. A er I applied a little bit of makeup to cover up my under eye bags. Once I was done I picked an outfit for today. My hands kept shaking so much it was driving me crazy.

I quickly changed and and slipped on my tight high black boots.

Knock. Knock.

"Come in?"

A woman maybe on her early 40's walked in. She had beautiful black hair that flowed over her shoulders. She wasn't very tall... maybe 5'3. Beautiful green eyes and a small nose. She smiled sweetly at me, there was something about her. I was sure I had seen her before, it must have been with my mother but I can't quite remember her.

"Oh goddess my little Alex"- She said engulfing me in a tight motherly hug. Suddenly her scent hit me, roses and jasmine.

\* Flash back\*

"Alex hurry up, your aunty Stella will arrive any minute now!"-My mother said.

"Mama I don't want to wear that dress, I don't like dresses. Why can't I just stay in pajamas?"- I whined

"Alex come on... it's not the time for tantrums. Are you not excited to see Aunty Stella, Uncle Ste an and Gabriel?"

"Yeah"

"Then come on let's get this dress on you and I'll let you pick a bow. Deal?"

"Deal!"- I said smiling, and she quickly undressed me and slipped on a beautiful blue dress with butterflies. I quickly picked a blue glittery bow and walked out of my room towards our living room.

"Oh Evie, I missed you so much!"-Aunty Stella said hugging my mama.

"I did too Stell!"

"Oh Alex you are so big! Stefan come and see Alex look at how beautiful she is!"

"Oh definitely. You are a very pretty little girl Alex."

"Thank you"- I said shyly hiding behind my mama's dress.

"Gabriel come here"- Uncle Stefan said and a little boy around 10 years old hopped from my daddy's lap.

"Yes father?"- Gabriel said.

"Alex meet Gabriel. You guys have met before but I'm sure you don't remember him, you were still a baby. Gabriel remembers you"-Uncle Stefan said and Gabriel smiled and turned to look at me. His eyes were beautiful, one was green and the other a beautiful tone of hazel

"Evie remember how he would sneak into Alex nursery and would cry when we tried to take him out"-Aunt Stella said and Gabriel blushed

"Mother"-He said embarrassed.

"Mama why are his eyes like that?"- I asked curiously and they chuckled.

"It's called Heterochromia bebe, they are very unique aren't they?"

"I like them"- I said staring at him.

"Okay now go find Nana and ask her to take Gabriel and you for a walk in the garden"-My mama said.

"Come on let's go Alex"- Gabriel said pulling me from behind my mama and I stared at them shocked but she only gave me a sweet smile.

\*End of flashback\*

"You look just like Evie... Goddess you are beautiful. I can't believe your alive."-She pulled away and got hold of both of my hands.

"Do you remember me?"-She asked.

"I do... Aunt Stell"-I said with a small smile.

"Oh my God I thought for a moment you didn't. You don't know how happy it makes me to have you here. It's like having a little piece of your mother and father."- She looked at me with loving eyes. "When Stefan told me I swear I almost fainted!"

"I didn't quite understand at first but now I remember a few things."

"Im just happy you are alive my little Alex. Now come on let's go have breakfast, I want to hear everything that has happened to you. A er I can give you a tour around the Palace. Gabriel is arriving later, I'm sure he will be happy to see you again. He was pretty depressed when he heard about what happened. But he doesn't know you're here yet."-Aunt Stella said.

"Now let's get going! I have alot to hear and alot to show you"- She pulled my hand and walked out the room.

"Can you give me a minute? I need to check on my Gamma"-I said.

"Gamma?"-She asked confused.

"Yes Aunt. I'm an Alpha"- She gasped and her eyes went wide.

"Alex are you..?"

"Yes, I'm the second female Silver wolf. The Alpha of Alphas"

"Oh my goddess"-She looked at me in shock." You know your mother mentioned the possibility of you being a silver wolf, but I never believed her. Alex you are in so much danger"

"I can take care of myself very well Aunt Stell. My pack is the second biggest pack in the entire US. I'll be fine."- I gave her a genuine smile and knocked on James door but no one answered.

"Where are you?"- I mind-linked him.

"Oh Alex I'm sorry. I came down for breakfast and stumbled with the next Beta. He o ered me a tour and I accepted. I tried to mindlink you but our link was blocked."

"That's fine have fun and be careful. Do not mention you are a hybrid you never know"-I said.

"Yes mother!"-James said and I snorted.

"He went out. We can go now."

"Perfect let's go"-She said.

We meet with Uncle Stefan for breakfast and I told them everything that happened since my parents died up to this day today. Let me tell you they weren't very happy but I convinced them I had already taken care of everything. Uncle Stefan still promised me to throw Archer to the dungeons if he ever had the chance to meet him.

It was already 4 pm, I had spend almost all day around the Palace, to say I was extremely tired is the least. Every one was very nice and kind towards me.

Aunt Stella was showing me a picture of Gabriel holding me as a baby, he was crying because Uncle Stefan tried to take me away.

There was another one when I was like 6 years old and I was kissing his cheek. How embarrassing!

Suddenly the doors of the Palace opened... then a mouthwatering strong scent hit me... fresh rain and pine cones.

"Mate"- Ayla screamed.

No no no! Not now Moon Goddess this is not the time.

The doors of the living room opened abruptly... and there he stood. The most perfect man my eyes had seen. He was easily 6'5. His hair perfectly styled back, he was wearing a black v neck shirt and ripped blue jeans. His muscular arms were covered in tattoos. His jaw was perfectly shaped and he had a beard, definitely bad boy vibes...plump juicy lips and his eyes...

My eyes went wide when I saw his eyes!

"Gabriel?"-Aunt Stella said.

" Mate"-Gabriel said in a strong husky voice, Aunt Stella's eyes matched mine.

He started walking towards me.

A beautiful red head ran in the living room and went straight to Gabriel jumping in his arms.

"Gabriel you're back!"-The bitch said clinging to him like a monkey.

I felt my anger rise. My aura coming o me in dangerous waves. I was sure my eyes were glowing silver. Aunt Stella flinched and Gabriel's eyes were wide in shock.

"Let me fucking rip her throat out!"- Ayla growled dangerously. I was trying hard to control her from shi ing.

"If you will excuse me"- I stood up and ran to my room.

"James I need the potion now! Where are you?!"-I yelled through our mindlink. I was shaking violently in anger.

"My room Alex hurry I'll have it ready!"

By the time the time I got to him my canines and claws were out. I was on the verge of shi ing, I was losing control really fast. I kicked James door open and he quickly injected me with the potion.

"Alex what happened?"- James asked.

"Don't let anyone in here James, that's an order"- I said in my Alpha tone.

I felt Ayla growling and shaking, getting weaker by the minute. Everything started to get blurry.

"Alex no no no, please stay with me."- I could hear James faintly.

"We are cursed Alex"- Ayla whimpered.

Everything went black....

Qoooh this was a juicyyyyy one hehe@
