Gabriel's POV

I was curious as to why my father made me come back to the Palace so quick. I had been on a business trip to Houston for almost 2 weeks. I was quite concerned when he called me and said I needed to come back ASAP. He also mentioned my mother was arriving the same day. What could it be...

I walked in my home and suddenly an amazing scent hit me... Citrus and Honey.

"Mate"- My wolf Alexander said.

I stood there glued to my spot... after waiting 7 years I finally heard the word I have waited so long to hear.

"Gabriel you stupid idiot walk! Go find our mate"-Alexander said.

I quickly followed the scent it led me towards our living room. I gave the doors a hard push, you could've tell I was in a rush to find my mate.

As soon as I stepped in my eyes landed in a beautiful girl sitting next to my mother. She had long beautiful silver hair, her skin was pale. She had a sculpted figure like an hour glass, her black blouse perfectly attached like a second skin, her skirt tight around her waist and long toned legs.

Captivating so pink lips, a small button nose. Her eyes were a perfect yet dangerous shade of gray, just like silver. I felt like I had seen those beautiful eyes before.

My mate was the definition of perfect, and she's all mine.

"Gabriel?"-My mother said confused.

"Mate"-The words rolled out of my mouth so easily. I saw my mother's eyes widen and she gasped.

Suddenly someone jumped into my arms and hugged me tight.

"Gabriel you're back!"-Olivia said.

I felt a powerful aura around me. It almost made me want to submit, I snapped my head towards my mate and saw her eyes glowing like silver.

What the fuck!

"If you will excuse me"- She said in a deadly tone and stormed out of the living room.

"Get this skank off of us now!"-Alexander growled.

"Olivia what do you think you're doing?!"- I snapped at her pushing her hard on me.

"Gabriel why are you acting like this?"- Olivia asked confused.

"Son, did you say mate?"-My mother asked in shock.

"Yes mother she's my mate."- I said anxiously trying to get a word in but my mother wouldn't let me pass.

"WHAT?! THIS CAN'T BE"- Olivia said.

"Oh my goddess it all makes sense now!"-My mother said

"What are you talking about mother?"- I asked confused.

"Olivia leave now"- My mother ordered.

"But Gabriel we are..."

"Nothing we are Nothing and you know that! I always told you that... Now leave"- I said and she left fuming.

She meant nothing to me. I won't lie and say we didn't spend time together ever now and then but I never promised her anything.

"Gabriel she is Alexandra Silver"- My mother said and I felt like I had just been struck by lightning.

"No mother that can't be"- I said in shock.

"She survived Gabriel, this is why your father made us come back. Oh goddess and she's your mate! It makes sense son. Do you remember how you would always want to be close to her? How you would cry when your father or anyone tried to take her away from you when she was a baby? and how she would cry when you stopped holding her? Gabriel that was the bond between both of you. A sweet innocent bond that started since she was born. She was always meant to be yours and I never realized it!"- She said and I stood there dumbfounded. It does make sense now, how I felt around her and how possessive of her I was since she was a baby. Deep down I always thought about this but I never believed in Crescent mates... until now.

"I need to find her mother, now!"

"She's in the third floor Gabriel, East wing now go! I will find your father I need to tell him the news"- She said excited.

I ran as fast as I could up the stairs towards her room. Following her scent and it led me to a room but there was another scent and it made Alexander growl angrily.

I kicked the door open so hard that it broke. My mate was unconscious in the bed. What the fuck happened here.

"Who are you?!"- A man pushed me trying to get me out. I punched him.

"Who the fuck are you and what did you do to my mate"- I growled.

"Kill him"-Alexander said

"What the fuck! Did you say mate?"- The guy said holding his jaw.

"Yes, now who are you before I snap your neck!"- I growled.

"Relax I'm her Gamma"

"Gamma?"- I asked stupidly confused.

"Yes she's my Alpha. I have orders to not let anyone in here. You need to leave."- He snapped.

My mate is an Alpha? What? How?

"Her aura, it was more powerful than an Alpha. She's more than that!"- Alexander said.

"I am not leaving! What happened to her?"- I snarled.

"I had to inject her with some herbs and wolfsbane"- He said and that angered me more. I grabbed him by the neck and slammed him to the wall.

"Are you fucking serious!?"

"It's the only way to control her wolf. You don't know anything about her. Wolfsbane does nothing to her but weakens her wolf! She is literally immortal not even silver affects her!"

"What?!"- I asked even more confused letting him go.

"This is not my story to tell, now please get out of here before she wakes up and kills us both"- He said. Was he scared of my mate?

"I will leave... for now. But once she wakes up you will find me and inform me, that's an order."

"You're not my Alpha"- He snapped at me.

"No... I'm your next King"- I said and his eyes widened in shock. I left the room and headed to my father's office.

"Father are you in your office?"

"Yes Gabriel. Get her now, there's something we need to talk about Alexandra"

"On my way"

I found my mate... I finally found her.

"And her name is Alexandra"-Alexander sighed like a love sick puppy."how perfect and crazy is that! She is definitely ours. Fix this problem your skank caused I told you not to mess with her you stupid imbecile"

"Shut up Alexander"

I entered my father's office. My mother was standing next to him.

"Sit Gabriel."

"Your mother told me that Alexandra is your mate"-He said.

"She is"

"Wonderful! Gabriel, have you heard about the last descendant of Selene? The second and only female silver wolf?"-My father asked.

"I have father"

"Alexandra is that last descendant son. The last female silver wolf. The Alpha of Alphas and if she is indeed your mate she won't only be Alpha of Alphas she will be the Queen of Alphas, her power over our reign will match yours or she will even be more powerful than you. She is like a goddess on earth."

"Are you serious?"- I asked in shock.

"Yes son, and by what your mother told me what happened with Olivia... I would be scared if I was you. She's not just a powerful wolf she possesses Selene's powers. We don't know what they are but since she arrived it has been raining non-stop."

He was right that doesn't happen this time of the season, my mate is the most powerful wolf.

I'm fucked.

"Let me go James"- An animalistic powerful voice could be heard through the castle.

The doors of my father's office burst open, and there she was. My beautiful mate, her eyes were glowing like pure silver.

"Ayla please don't"- Her Gamma said standing in front of her.

"Ayla, how beautiful"- Alexander purred. He fucking purred!

"I will fucking kill her for touching what's mine! Tell me where is that fucking whore!?"-She roared pushing her Gamma sending him flying to the wall. Her aura was impressive and... scary.

Her head snapped towards me.

"You!" She snarled.

Oh no...
