

Alex's POV

I let the cold water fall down my body. Gabriel makes me feel something I can't even describe. The power he has over my body drives Ayla and me crazy, one touch and I feel like I'm floating. The matebond between us is so strong. I'm starting to become addicted to the way I feel when I'm around him and it scares me. a

"It scares me to Alex. You know his wolf has tried to communicate with me but I'm scared. I don't want to get hurt."-Ayla whimpered.

"You never told me that Ayla."

"I know..."

"Do you want to talk to him? Maybe I can ask Gabriel to give his wolf control and I'll let you take over." a

"That doesn't sound bad"

"Okay, let me finish showering real quick and I'll go look for him."

I quickly washed my hair and body and got out. Dried my body and hair. Slipped my undergarments, a pair of grey sweats, white long sleeve shirt and my white converse.

I followed his scent and it took me the same direction where is o ice was but di erent door... It must be his room.

I knocked twice and he opened the door not long a er making my jaw drop. He was shirtless, I could see al of his muscles and tattoos on full display.

"You're drooling"-Ayla said and made me snap out of my gawking session.

I li ed my gaze to meet his and he was smirking. BUSTED. I got caught. I knew my faced matched the color of a tomato.

"It's okay you can look all you want"-He said and winked at me. a

"Okay one last look"-Ayla said. Horny wolf. a

"Gabriel... I came... Jeez go put a damn shirt on! My brain is useless when you're half naked."-I snapped at him and he chuckled. a

"Fine. Come in"-He said walking into another room, that must be his closet. As soon as I stepped in his scent hit me from every direction possible. It made me feel weird.

"Okay all covered. You were saying?"

"I was wondering..."

"You were wondering what?"

"If we can let Ayla, my wolf and your wolf meet."-I asked nervously.

"You want to go out and shi ?"-He asked.

"No no, not now it's already late and I don't have the energy to shi . I was thinking maybe we can let them take over for a while and let them know each other."

"Are you sure?"-He asked raising a brow. a

"Yeah... under one condition. No monkey business will be done while we aren't in control. Can you tell him that?"-I saw his eyes cloud.

"cock blocker"-Ayla said. a

"clouded."

"Deal. Come sit on the bed."-Gabriel said.

I followed him and took my shoes o before I got on his bed sitting with my legs crossed. a

"Ready?"- He asked and I nodded.

His eyes started glowing and I pushed Ayla forward.

"Hello mate"-He said. His voice sounded thicker.

"Hi"-Ayla said shyly. a

" Since when are you shy crazy wolf?"-I said making fun of her.

"I will block you!" a

"I finally get to meet you"-He said seductively.

"What's your're name?" a

"Do you really want to know?"-He asked a

"Of course I want to know the name of my mate!"

"Alexander, my name is Alexander."

"You've got to be shitting me"-Ayla said placing a hand over her eyes in disbelief.

" Haaa, Would you look at that"-I said.

"Is there a problem mate?"

"Yes! I have to deal with an Alexandra and now an Alexander! What kind of sorcery is this?"-Ayla said sarcastically and Alexander chuckled. a

"You're amazing, beautiful"-He said looking at us with adoration. I felt how our heart started beating rapidly. a

He leaned forward and she kissed him. I couldn't really feel because I wasn't in control but boy was she enjoying it...

Suddenly he pulled her towards him and she was straddling him.

" Ayla no monkey business!"

She ignored me. He started kissing our neck and I'm sure he was leaving hickies. Ayla kept moaning. a

" I swear I will mindlink James, Ayla. Control yourself."

She pushed him back to make him stop.

"We-e need to stop before we do something our humans are not ready for..."-She said

"Gabriel wants to take over... I hope we can shi together soon and o icially meet each other"-Alexander said.

"I would love to"-She said and gave me back control. Alexander was still in control.

"Hello Alex 2.O. I love that we have the same name. "-I said smiling while stroking his so hair. I was still awkwardly straddling him.

"Hello little mate. I loved it since the moment I knew your name as well, I guess we were really ment to be. Thanks for giving me a chance to meet Ayla. I will let Gabriel take control now"-He said giving me a quick peck. a

"That was... interesting."- Gabriel said chuckling.

"Right"- I said looking at his beautiful green/hazel eyes.

I tried to get o of him but he wrapped his arms around me and and rested his head between my neck and shoulder. I could feel his breath on my marking spot, it was making me shiver.

"My mark will go right her"-He said seductively kissing my neck. a

"Gabriel"-I whispered.

"Yes?"- He said

"W-We shouldn't-t."

"I know love. I would never do anything you don't want me to do. I just love the why your body reacts to my touch"-He said sliding his hands down on my arms making me shiver. a

"I need to ask you something?"-I said trying to distract myself.

"What is it love?" a

"Is it okay if we leave tomorrow around 12 pm? I need to inform my Beta what time he should pick us up from the airport"-I said.

"That's perfect babe. I will mindlink my Beta to get everything ready for tomorrow"

"Perfect... I should get going."

"Stay with me Alexandra"- The way he said my name almost made me moan. I blame the bond!

"Gabriel I don-"

"We will just cuddle, maybe watch a movie and sleep. That's it, I just want to hold you a little longer." a

"Okay"

We laid down and he let me pick a movie... I decided to go for titanic, he whined about it but I didn't care. a

Once it finished I realized it was past 1 am.

"She could have let him get on the thing she was on, maybe he wouldn't have died"-Gabriel said seriously. He really thought she was selfish and that made me laugh. a

"It wouldn't have been able to hold both of them"-I said.

"She didn't even gave him a chance to try!"

"I would have pushed you o to you know... survival skills and all that"-I said joking and he gasped. a

"You wouldn't"-I couldn't hold my laugh any longer and I bursted out.

"Of course not. I would have rather froze to death with you"

"You're perfect"- He said kissing my forehead.

"I think we should sleep now"

"Definitely"-He wrapped his arms around me and pulled me closer. My head was resting on his hard chest and my arm over his stomach. a

I wonder what everyone's reaction will be once they meet Gabriel... a
