It was like 5 in the morning, I was amazingly asleep when Gabriel's

"You will not take her"-He growled in his sleep. "Gabriel babe wake up it's just a nightmare, I'm right here okay everything is fine"-I said caressing his face to calm him down.
"I'm sorry I woke you up love" "You were having a nightmare, are you okay?"-I asked worriedly.
"I'm fine" "Do you want to talk about it?"-I asked
"It was about you Alex. I had this dream of you been taken away, I could feel your pain, your emotions. You were scared in a dark room and I saw someone walking towards you, but I couldn't do anything it was like I was invisible" "I'm right here with you. Nothing will happen okay. I can protect
myself, I always have and now I have you."-I said wrapping my arms around him to make him relax. "I won't ever let anything happen to you. I promise, even if I die trying."
"Don't say that"- I smacked his arm and he kissed my forehead. "I have to go get my things ready"-I said and tried to get up but he pulled me back.
"Gabriel you're squishing me."-He chuckled. He inhaled my scent one last time and released me. I quickly got o the bed before he changed his mind. "I'll pack and go look for you."-He said.
"Okay"-I walked out of his room and made it to mine. When I got there James was already at my door. "Don't ever leave without telling me where you're going!? Where were you?"-He said and I snorted. "With Gabriel"
"Alex, the Beta told me what happened with that girl Olivia!"-He sounded mad. "Are you mad about it?" "Yes!"
"Why?"-Here comes the lecture "Because I didn't get to see!"-He said throwing his arms up and I laughed. "Get your things ready we are leaving at 12"
"I know the Beta informed me. I was wondering if Amie could come with us for a few days? I really want her to meet Stephanie"-He said "Of course she can James, the pack would be happy to receive her" "Thank you"-He said happily and hugged me."I'll go find her and pack
my things" I went inside my room and picked an outfit and placed it on the bed. I packed my suitcase and walked to the bathroom to take a quick shower, I wanted to say goodbye to Aunt Stell and Uncle Stefan.
I quickly showered and as I stepped out I remembered I forgot my clothes on the bed. "how smart Alex"-I mumbled to myself wrapping a towel around my body.
I walked out and Gabriel was sitting on the sofa beside my bed. His head snapped towards me and his eyes turned black. He stood up and gave 2 steps towards me. My heart started beating fast. "Stop there big boy"- I said while holding my arm in front of me to
stop him. But he didn't stop. I started walking backward until my back hit the bathroom door. "How am I supposed to stop when you look like this"-He said in a
husky thick voice. Pressing his body against mine, he placed his hands on each side of my head. "Oh, dear Moon goddess"-Ayla moaned.
"Gabriel calm down."- I said trying to control my breathing. "I'm trying"-He was definitely not! Knock. Knock.
'Open the door for me"-I said. I pushed Gabriel and grabbed my clothes from the bed and ran to the
bathroom closing the door behind me. "Oh Jesus Christ"-I mumbled. I quickly changed and combed my hair to untangle it.

I walked out of the bathroom and James was now here.

"Gabriel do you think anyone in their right state of mind would even look at me with you around me? Definitely not. Now let's go, I want to say goodbye to your mom and dad."-I said grabbing his hand. "Do you know where they are?"-I asked.

Aunt Stella had tears rolling down her face the whole time and it made me feel guilty. She said she was scared of never seeing me again but Gabriel promised her he was going to protect me and bring me back safe. I didn't protest, I knew they cared about me. We walked outside of the Palace, James and Amie were already by the SUV with the same guy who saved the whore from my attempt to kill her. "I didn't know you were going with us Amie"-Gabriel said.
