Chapter Seventy-Three: Intimate Reassurance

Phera POV:

Damon pulled back slightly, his eyes locking with mine.

"Let us show you," he whispered, his voice filled with tenderness and desire. "Let us show you how much we love you."

His lips met mine in an intimate kiss, the passion between us igniting like a fire. As he pulled back, he gently turned me towards Zane. Zane's hands were warm and firm on my shoulders as he drew me close, his lips capturing mine with a fervour that made my heart race.

Axel moved behind me, his hands trailing gently down my sides before he began to kiss the sensitive skin of my neck making my breath hitch giving Zane the opening to plunge his tongue straight into my mouth as our tongues danced for dominance. Damon, meanwhile, showered my scars with tender kisses, unhooking my bra with deft fingers.

"You're so beautiful," Axel murmured against my skin. "Every part of you."

"We love you," Damon added, his lips pressing softly to my shoulder.

Zane's kisses grew more intense, his hands exploring my body with reverence. He lifted me gently, his strength making the movement effortless. My heart pounded in my chest as he laid me down on the bed, his eyes filled with

nothing but love and admiration.

His fingers transforming into claws as he swiftly tore through the middle of my dress leaving me bare for my mates eyes. The groans that resonated around the room made my pussy clench with anticipation. Zane's hands moved to my hips, his touch both firm and gentle. He leaned down, placing soft kisses along each scar, whispering words of love and affirmation with each one.

"You're perfect," he said softly. "Every inch of you is perfect."

My breath hitched as his kisses moved lower, his lips leaving a trail of warmth and desire. His fingers brushed against my breast, my nipples were rock hard begging to be sucked as my pussy grew more waiting for its alphas cock, a shiver of anticipation ran through me.

He took his time, his movements slow and deliberate. His hands caressed my thighs, fondled my breast. Grabbing them and squeezing them together for Demon to lean down and suckle on them. My back arch in response, moans coming out of me that I didn't know I was capable of making. His touch sends waves of pleasure through my body. As he continued, the world around us seemed to fade away, leaving just the two of us in a cocoon of love and desire.

Axel watched, his eyes dark with desire and love. His moved closer, their hands joining Zane's in exploring my body, each touching a reaffirmation of their love and devotion. The room was filled with soft whispers and tender caresses, each moment bringing us closer together. It was a dance of love and passion, a testament to the bond we shared.

As Zane's touch grew more intimate, my body responded with a need I had never felt before. It was as if every nerve ending was alive with sensation, every touch igniting a fire within me.

"We're here for you," Zane whispered, his voice filled with emotion. "Always."

With that, Zane began to shower me with kisses, starting with my lips, then my neck, and finally my earlobes. I could feel myself getting lost in the moment, my body responding to his touch. He trailed his fingers down my body, cupping my breasts and teasing my nipples, making me gasp with pleasure.

As he continued to kiss and touch me, I could feel his hands moving lower, reaching for my soaked pussy and his eyes locked onto mine, seeking permission. I nodded, my heart racing with anticipation.

I felt vulnerable but also excited, knowing that soon, we would be one. Zane's hands moved down to my hips, hooking his fingers into the waistband of my panties. He looked up at me, a mischievous glint in his eyes.

"Are you ready for this, sunflower?" he asked, his voice low and husky.

I nodded, my breath catching in my throat.

"Yes, Alpha. I'm ready."

His eyes flashed black and growled. With that, he pulled my panties down, revealing my most intimate area. I felt a mixture of excitement and nervousness, knowing that this was a moment I would never forget. Zane knelt between my legs, his eyes locked onto my pussy, and he gently

spread my lips apart.

I couldn't believe how gentle he was being, given how much I knew he wanted me. He leaned down, his breath hot against my skin, and he began to lick me. I let out a soft moan, my body trembling with pleasure.

"Does that feel good, sunflower?" Zane asked, his voice barely audible.

"Yes, alpha," I whispered. "It feels so good."

He continued to lick me, his tongue teasing my clit and sliding inside me. I could feel the tension building in my body, my muscles tightening with pleasure. I reached down, my hands tangling in his hair, pulling him closer to me.

"Zane," I gasped, my voice breathless. "I want you inside me. I want to feel you."

Zane looked up at me, his eyes dark with desire. He nodded, his hand reaching for his cock, stroking it until it was fully erect. He positioned himself at my entrance, his eyes locked onto mine.

"Are you sure, Phera?" he asked, his voice barely above a whisper.

I nodded, my heart racing with excitement.

"Yes, Zane. I'm ready."

With that, Zane slowly pushed himself inside me, his eyes never leaving mine. I let out a soft moan, my body adjusting to the feeling of him inside me. He moved slowly at first, his eyes locked onto mine, as if he was savoring every moment as he broke through my

maidenhood.

As he continued to thrust inside me, I could feel the pleasure building, my body responding to his touch. I wrapped my legs around his waist, pulling him closer to me, wanting to feel him deeper inside me.

"Harder, Zane," I gasped, my voice breathless. "I want to feel you."

Zane nodded, his eyes dark with desire. He began to thrust harder, his hips moving in rhythm with mine. I could feel the pleasure building, my body trembling with desire. I reached up, my hands tangling in his hair, pulling him closer to me.

"Zane," I gasped, my voice breathless. "I'm going to cum."

Zane nodded, his eyes locked onto mine.

"Fuck! Yes, Cum for me, sunflower. Let go. Cum on your alpha's cock"

With that, I let go, my body trembling with pleasure as I came, my pussy clenching around his cock. Zane continued to thrust inside me, his eyes never leaving mine, as he found his own release, his cock pulsing inside me just as he bit down on the junction of his neck and me on his sealing our bond.

A jolt of electricity passed and as if our souls connected like a lock and key fit into place.

As we lay there, panting and breathless, I felt a warmth spread through my body, knowing that I had just shared something special with the man I loved. And as I looked over at Damon and Axel, who had been watching from the sidelines as their brother claimed me, I couldn't help

but feel a sense of belonging.

"Thank you sunflower. Thank you for trusting me. For loving me, for choosing me and most importantly for being you. There is no me without Luna, remember that."

I had no words but pulled him down so my kiss to convey how I felt.

"My alpha! My mate. I love you" I whispered next to his ear.

He slowly pulled out making me hiss and instantly my other two mates were beside me soothing me, praising me, loving me.

My eyes zoomed on their massive hard cocks dripping with pre-cum. The swollen head calling out to me to suck and take down my throat. My eyes locked with Axel and he smirked and exchanged places with Zane.
