

Chapter: 1224

Boom!

Hearing this voice, Tao Sanniang's mind suddenly exploded!

This is Lin Ziming's voice! ! !

She was stunned.

This voice, so gentle, she doesn't know how many times she has recalled, nor how many dreams she has had...

As a result, as soon as she heard it, she knew it, it was Lin Ziming, it was Lin Ziming!

She was instantly ecstatic, and her whole heart was filled.

She was about to stand up, but immediately, she denied the idea again.

It's a fake, it's definitely fake. Ziming clearly has it. This is absolutely true information. Everyone is rumored like this, and it has been so long now. Ziming has never appeared before, and How is it possible to come back from the dead?

She must have missed Ziming too much, which caused her hallucinations again!

Yes, during this period of time, she rarely heard Lin Ziming's voice, but it was all hallucinations, just her tortured thoughts.

However, this sound is really real. If it is real, how good would it be?

Her tears were surging again.

In the eyes of everyone, a figure suddenly appeared on the stage, standing next to Tao Sanniang, looking at Tao Sanniang with full of affection, tenderness, and distress.

Everyone didn't see how this person suddenly appeared on it. Even Lan Feng, who was next to him, didn't realize it. When he heard the sound, he was taken aback.

This person is naturally Lin Ziming. With his current strength of the Dzogchen in the Innate Realm, the distance of tens of meters is almost negligible to him.

He did come very early, but he didn't come out hastily.

Now, the time has come, it's time for him to appear.

He saw everything just now, and in his heart, he was already angry!

But he was not in a hurry. Whether it was the Yuntian Pavilion or the Profound Pill Sect, in his eyes they were nothing but ants, and some were tortured by means.

When Lin Ziming saw Tao Sanniang squatting on the ground, he had already heard his voice, and couldn't believe it. He was really distressed because of the self-denial!

At the same time, she was very angry. This shows how much wronged Tao Sanniang has been and how much pain she has suffered during this period of

time.

He had let go of the Yuntian Pavilion before, and he thought that the Yuntian Pavilion was not only not grateful, but also dared to make things worse. In this case, there is no need for the Yuntian Pavilion to exist!

In the audience, many people finally saw Lin Ziming. At the moment, more than half of them were shocked.

Because they all recognized it, the person in front of him was Lin Ziming.

This face is so profound that anyone who has seen Lin Ziming will never forget it!
