

## Chapter: 1246

Until now, Meng Hao finally revealed his fox tail.

During this period of time, he had used his own means to cannibalize the Chu family, and he had already investigated the situation of the Chu family clearly, and he did not know that the Chu family was at the end of the road. Don't say 650 million, even 600,000 Chu family can't get it out.

So Meng Hao came today, the main purpose is to come to Chu Fei.

He has long heard of Chu Fei's name, the first beauty in Hwaseong City, and Lin Ziming's wife. She is a perfect man. Wife, if Chu Fei can be held under her body, it would be unprecedented for him. achievement!

He hates Lin Ziming. Now that Lin Ziming is dead, he will naturally not let go of the opportunity to ravage Lin Ziming's wife.

In fact, during this period of time, he also looked for Chu Fei, but Chu Fei disappeared very suddenly, with his energy, for a while, he could not find it out.

However, he did not believe that the Chu family would not know Chu Fei's whereabouts.

At that time, he got Chu Fei, how happy would it be?

When Chu Guodong heard this, his pupils suddenly shrank. At this point, he couldn't see wherever he was. Meng Hao came to Chu Fei! Just now, Meng Hao was humiliating him. At the beginning of the fight, Meng Hao never thought of letting them go!

"Meng Hao! You have no plans to let go of our Chu family, you just want Feifei!" Chu Guodong cursed angrily.

"You still have a bit of foresight." Meng Hao said with a smile: "Since everything is up to this point, I don't bother to betray you. Hand over Chu Fei, and I will let you Chu family."

The other Chu family members are already mad, and they have never seen someone so shameless and without a bottom line!

"Impossible! Feifei is painful enough, I can't give her to you!" Chu Guodong rebuffed. He used to be very mean to Chu Fei, but during this period of time, Chu Fei's contribution, he just looked at In my eyes, if it weren't for Chu Fei, their Chu family would never be so beautiful! And seeing people's hearts for a long time, he has thoroughly understood that Chu Fei is the most promising person in the Chu family and the person who has helped the Chu family the most. People's hearts are all made of flesh. No matter how bad Chu Guodong is, it is impossible to treat his granddaughter. sell!

He had done such a thing once. At that time, the Chu family was in crisis, and he arranged Chu Fei to Wang Shougui, and he regretted it for a long time.

Moreover, Lin Ziming has only been away for a month, and the bones are still cold. As Lin Ziming's wife, Chu Fei is already painful enough at this time. No matter how cold-blooded he is, it is impossible to betray Chu Fei. Meng Hao's eyes immediately cooled down, and the scene was frozen, "Chu Guodong, you are a wise man, and you are also very old. I advise you not to toast or not to drink fine wine. Chu Fei, I am in force. Sure, if you don't hand her over, I will let your Chu family die."

Chu Guodong shuddered. From Meng Hao's eyes, he felt the icy murderous intent. There was no doubt that if he didn't cooperate, Meng Hao would really kill the Chu family.

But can he betray Chu Fei?

He really can't do it.

The Chu family young and old behind them were panicking and suffering incomparably now, but even at this moment, no one of them came forward and actively betrayed Chu Fei.

"Chu Guodong, my patience is limited. I will give you one minute to think about it. If you don't tell me Chu Fei's whereabouts, don't blame me for being cruel." Meng Hao adjusted the countdown on his mobile phone and placed it under the table. Seconds were lost, and they were hit hard on the hearts of all the Chu family members.

For Chu Guodong, this was an incomparable suffering. On the one hand, the Chu family's young and old, and on the other hand, Chu Fei, who was kind to them, was also his granddaughter!

This minute passed, as if he had passed his life through, boundless suffering and pain!
