

Chapter: 1247

When the last ten seconds were left, he was a lot older all of a sudden, as if God drew only a few lifespans from him.

“three.”

“two.”

“One.”

“One minute has passed, Chu Guodong, how are you thinking about it.”

Meng Hao looked at Chu Guodong jokingly, his eyes full of threats, as long as Chu Guodong did not cooperate, he would start to kill!

Chu Guodong clenched his fists, he now had his last breath left, and made a huge decision. He looked up at Meng Hao, “Meng Hao, my house can sell for tens of millions and transfer it to You are here. Also, if I buy insurance, as long as I die accidentally, I can still get 100 million compensation. This is the last money my Chu family can use, and I will give it to you. Please be merciful and let us go. One horse, okay?”

It can be said that Chu Guodong has let go of all his dignity, all his integrity, and endless pleading, hoping that Meng Hao will show mercy once and let them go.

However, this point of his plea was worthless to Meng Hao, and it made Meng Hao furious. He slammed the coffee table and made a loud bang. The red sandalwood coffee table worth hundreds of thousands of dollars. , Was shot to pieces by him, a majestic aura radiated from him, “Chu Guodong! You are not dead, so courageous, you dare to disobey Lao Tzu’s orders! If that’s the case, then you Chu Guodong! Home, just die for me!!!”

His patience has been completely consumed. In his opinion, Chu Guodong still does not see the Yellow River without tears. It seems that he has to kill a few Chu family members to force Chu Guodong and tell the whereabouts of Chu Fei. .

“Come on, start killing the youngest of the Chu family for me! I want to see it, I don’t want to say anything about this old man!” Meng Hao waved his hand and issued an order.

Suddenly, the Chu family panicked and hugged the Chu family children tightly in their arms, howled and begged Meng Hao to let them go.

This scene is really miserable. As long as a normal person sees this scene, they will feel sympathy.

Lin Ziming, who had just arrived, just saw this scene, and his heart was already filled with anger, which was enough to destroy the world! ! !

Boom!

Boom boom boom!

Boom boom boom boom boom! !

At this time, the ground began to vibrate, becoming more and more rushing,

and the movement became louder and louder. It was an earthquake. Everyone in the house was frightened, and Meng Hao's subordinates also panicked. If this is an earthquake and the house collapses, they will definitely be smashed to death.

As for the Chu family, they were all hugged together now. They were completely desperate. At this moment, no one would come to rescue them. Meng Hao also frowned. This is obviously not an earthquake zone. How could an earthquake occur? And the shaking was so regular, not like a naturally occurring earthquake, but more like human footsteps...

But, what kind of person can create an earthquake of this scale!

At this moment, the earthquake suddenly stopped. There was a child in the Chu family. Suddenly he looked in one direction and called out, "Uncle, it's uncle! Uncle is back!"
