

Chapter: 1255

“Donor, please stay! Inside is the shaved ceremony of the ‘forgetting’ uncle!”

The two little nuns were so anxious that they hurried to catch up.

The movement here shocked all the other nuns in Miaoxuan Temple, and immediately a few older nuns walked out and saw Lin Ziming a big man coming in, and they all frowned. He said displeasedly: “This donor, Miaoxuan Temple is a pure Buddhist monastery, please leave the donor!”

These two nuns were actually still at the peak of the acquired cultivation base. Before Lin Ziming came, he really hadn’t thought that there were so many masters hidden in the small nun nunnery like Miaoxuan Temple.

But soon, Lin Ziming discovered that although these nuns are not low-level, their combat power is very average, that is to say, they have a cultivation base in space, but they don’t fight hard.

It’s normal to think about it. As the nuns in the Miaoxuan Temple, they practice Buddhism. They have nothing to do with the world. It is common sense to have a state of emptiness. If they are all full of murderous aura, then it is not normal.

Lin Ziming folded his hands together and said politely again: “Hello, dear teachers, my name is Lin Ziming, and I am a layman in the red dust. Because of some special reasons, something happened to me some time ago, which caused my wife to suffer. Fei, thinking I was dead, she couldn’t accept the fact for a while. She passed out on the spot. After waking up, due to excessive sadness, her brain selectively forgot me. Eight days ago, her wife came to Miaoxuan Temple and wanted to escape. Kongmen, now I’m back, I’ll personally pick up the insider home, and ask all the teachers to be perfect!”

These words, Lin Ziming’s words were touching, and the true feelings were revealed. The nuns fell silent after listening.

Obviously, they knew who Lin Ziming’s wife was.

After a while, one of the teachers said: “Donor, you have come and go, and the “forget” younger brother has made all preparations. She has already started to shave. So, please come back to the donor.”

“What?!” Lin Ziming’s pupils suddenly shrank, and Chu Fei had already begun to shave?

His heart was suddenly messed up, he stopped wrangling, and immediately walked to the temple in stride. He had already seen that in the temple, many nuns were performing the ordination ceremony!

His actions caused these nuns to change their expressions greatly, and became a little angry, and said loudly: “Donor! Please stay! This is a Buddhist pure land, men are not allowed to enter!”

These nuns are the pinnacle masters of the day after tomorrow. Although their combat power is not good enough, their physical fitness is there, and they are very fast. They immediately blocked Lin Ziming and prevented Lin Ziming from getting in and making trouble.

“Master, you are offended!”

Lin Ziming said in a deep voice, and then his figure flashed, he directly bypassed these masters and rushed towards the temple at an even faster speed.

These teachers were so shocked that they thought Lin Ziming was just an ordinary person, and it was easy for them to stop Lin Ziming together, but they didn't expect that Lin Ziming was so fast that they felt that Lin Ziming would disappear if they saw a flower in front of them. Ming figured out.

“Oops! He went in!”

“The ritual of Forgetting Junior Brother's ordination is about to be destroyed!”

“This person is so skillful, I can't feel his movements at all.”

In the blink of an eye, Lin Ziming had already walked into the temple.

In the temple, he first saw a gilded statue in the middle of the temple, and the smell of incense, and more than a dozen nuns stood there.

And in front of the Faxiang, there was a beautiful figure kneeling, wearing a simple Taoist suit, and her figure was very thin. Even if she just looked at her back, she knew she was a beauty who was all over the country.

Her black hair was falling down like a waterfall. There was an elderly aunt who was shaving for her. It could be seen that it had just been done. Next to her, a strand of blue silk had just fallen...

When Lin Ziming saw this figure, his brain exploded, and he couldn't think of anything!

Even if he just turned his back to him, he recognized it at a glance. The woman in front of him was the beloved wife he was thinking of day and night, Chu Fei! !
