

Chapter: 1264

The man reacted fiercely, his whole body shook, and the soles of his feet slipped and fell into the water.

His behavior shocked everyone else.

Immediately afterwards, other people reacted to what they were saying, and their bodies were shocked, revealing expressions of horror and horror.

One of them bit his tongue directly and screamed, particularly embarrassed.

They also frightened the young girls present at this appearance, and found it very unbelievable.

You know, these people present are all big people who are either rich or noble. They are powerful, and stomping their feet at random can shake Hwaseong. But now, they are chaotic and there is still incomparable fear on their faces, as if Saw the scariest thing in the world!

“Old Hu! What did you just say? You made it clear to me!”

“Yeah, old Hu, don’t scare us, Lin Ziming is so dead that he can’t die anymore, how could he be back!”

“Old Hu, this can’t be a joke!”

Each of these big guys felt a sense of enjoyment, and said very solemnly. At the same time, when they mentioned Lin Ziming, there was still unavoidable fear in their eyes.

The three words Lin Ziming are too heavy, even if half a month has passed, they would still feel scared instinctively when they mentioned it.

Lao Hu stood up from the hot spring, his face was much paler, and his pupils couldn’t hide the panic and fear, “Really, Lin Ziming is dead, he is back, now we are going to die!”

Hearing this, the other big guys were stunned, their scalp was numb, and they swallowed heavily!

After a while, someone said, “Lao Hu, are you sure about this message? Lin Ziming, but he has been confirmed by an Innate Realm expert, he is already broken.”

Old Hu nodded hard, his face full of bitterness and regret, “Really, it is true, Lin Ziming has hidden his whereabouts, and many people have seen him. Moreover, his return this time seems to be more than before. The earth is strong!”

“Hiss...” The others started to gasp. At this moment, all of them felt a sense of enjoyment. They were all in a panic. They picked up their mobile phones to verify the authenticity of this message. Sex.

After a while, when they verified the information through their own channels, they only felt cold and panic to the extreme.

This message is devastating for them. In the past half month, they have all united and cannibalized Lin Ziming’s industry. Within half a month, they

have eroded Lin Ziming's industry. Now Lin Ziming I'm back, knowing this message, I will definitely not let them go! How can we keep them from panic?

They are already Liushen Wuzhu. Someone said tentatively: "Or, let's go to Lin Dong to apologize. I believe that with Lin Dong's tolerance, we will not be as knowledgeable as we are."

"You are dreaming! We not only cannibalized Lin Ziming's property, but also tortured everyone around Lin Ziming. It is already a deep hatred. Do you think that with Lin Ziming's character, he will let us go!"

"Old Chen is right, there is no turning back at the bow. Lin Ziming is back now, and he will definitely not let us off easily. Even if he goes to Lin Ziming to make amends, he is just throwing himself into the net!"

"Then what do we do, should we just sit and wait for death! This damn Lin Ziming, how can he be so hard on his life? It's not going to die like this, there is no reason for it!"

"We don't have to worry, we can definitely get through the difficulties. This time, it is not just us, but also other bigwigs who are eroding Lin Ziming's industry. I believe that we will hug the team. No matter how great Lin Ziming is, we can't do anything to us.!"

"Yes, yes, all of Lin Ziming's properties now belong to us. No matter how fierce he is, he is also a paper tiger. How can he fail us?"

They discussed briefly and left in a hurry.
