

## Chapter: 1273

Originally, his state of mind was quite complete, and it seemed that he had touched the threshold of the Great Perfection of the Innate Realm in a faint, but the words of Ma Kaiyu suddenly made his state of mind chaotic again!

Ma Kaiyu said bitterly: "It's true. Instructor Zhong, it's not a secret. Just half an hour ago, Lin Ziming appeared in Ziqiong Media and tortured my brother severely. We announce that he is back..."

Next, Ma Kaiyu told Zhong Tao all the messages he received in the past two days!

Originally, he didn't believe that Lin Ziming would come back from the dead, so even if Lin Ziming appeared in Yuancheng and Huacheng in the past two days, he didn't hear anything about it. Until just now, he learned from his younger brother Ma Kainian. After knowing the information of Lin Ziming's return, I hurried to inquire about it, only to realize that Lin Ziming had really come back, and many people knew about it.

And after Zhong Tao listened, his expression now is extremely wonderful, full of shock, panic, doubt, regret...

After a long time, he said: "I know, I will go back soon."

After hanging up the phone, Zhong Tao could no longer sit still.

Now his pupils contracted and he scratched his head. He couldn't understand why Lin Ziming could come back in the situation that day? This is totally unscientific!

"It's a fate, you can't die!" Zhong Tao couldn't help but yell, then he rolled his eyes and snorted heavily and said, "Lin Ziming, you short-lived ghost, even if you come back, How is it? Do you think that if you can hide from the sword, you can still avoid the military trial! You have swallowed the colorful origin fruit this time, you have made a big mistake, you are dead!"

When Zhong Tao thought of this, he also became more and more calm, because he knew that Lin Ziming would definitely not forgive Lin Ziming for his mistake this time. If Lin Ziming died on Qilian Mountain, the death penalty would be avoided, but once Lin Ziming returns now, what awaits Lin Ziming is the military trial. He does not believe that Lin Ziming can have this ability to fight against the country!

"Lin Ziming must have eaten the Seven-Colored Origin Fruit in the middle, and his strength has greatly increased before he can escape in Jian Rushuang's hands!" Zhong Tao thought that Lin Ziming's current cultivation base might have risen a lot, so he was particularly jealous and angry. You have to grit your teeth.

At the same time, in the meeting room at Xuanyuan No. 3, a group of high-level officials were having an important meeting.

However, at this moment, Deputy Director Sun Liang turned on the phone

and saw a piece of information. His reaction was great, he stood up abruptly, and shouted: "Damn!"

His reaction immediately frightened the others. Director Peng frowned and said displeasently: "Director Sun, please pay attention to your image!"

Others also looked at Sun Liang a little displeased. You must know that they are really discussing major issues. Now foreign forces have become more rampant, reaching deeper, and even some serious frictions have occurred. The environment is grim.

In addition to Lin Ziming's incident a while ago, everyone felt very heavy, and they were all in a bad mood. Sun Liang's behavior was just adding fuel to the fire.

If he changed the usual times, Sun Liang would definitely realize that he had made a mistake and immediately apologized and corrected him. But now, his face was extremely excited, "Big thing! Big thing!"

When the other people saw him like this, they couldn't help but froze, because they all knew Sun Liang, and knew that Sun Liang was a prudent person, even if they encountered major incidents, they wouldn't lose their stance like this.

Now they are a little curious, what caused Sun Liang to lose his attitude like this.
