

Chapter: 1278

At this moment, Ma Kaiyu was full of pride, his waist was straight, and his momentum was like a rainbow. He felt that he had reached the peak of his life at this moment, and he had a sense of accomplishment even more than he founded the Kunlun Group and became a master!

Lin Ziming is an absolute great demon king. In the past two years, it has been a mountain on everyone's head. Especially in these two days, knowing that Lin Ziming is back, it will be like a year for him, and he has never had it. Such torture has been.

Now he can finally stand up to face Lin Ziming, his mood can be described as extremely agitated.

He looked at Lin Ziming, no longer in awe, even full of presumptuous and contempt. He is now confident and thinks that Lin Ziming has come to an end, and today is Lin Ziming's death date!

He especially looked forward to seeing Lin Ziming's desperate look. It would be wonderful, he must take it and appreciate it, hahaha.

I have to say that Ma Kaiyu's current posture is very scary, and if he changes to another person, he will indeed be scared.

It's a pity that the person he met was Lin Ziming, a peerless fierce who had achieved great perfection in his innate realm, so what Ma Kaiyu did was just like a clown in front of Lin Ziming.

Ma Kaiyu saw that Lin Ziming was still unmoved, and the dead pig was not afraid of boiling water. He was inexplicably afraid, but soon, he thought of Zhong Tao's four masters here, so he was not afraid of anything.

"Lin Ziming! It's not your time now, you dare to come back, just looking for death!"

"Yes! Lin Ziming, you dare to challenge us, do you really think you are invincible in the world? Today is your death date!"

"Lin Ziming, you obediently, just kneel down and beg us for mercy, maybe we are happy, you can let you die, hahaha..."

Other big guys also started clamoring to Lin Ziming. They were somewhat nervous at first, but immediately, they saw clearly behind Lin Ziming, there were more than 20 people. Compared with them, they were not even squeezed between their teeth. They immediately calmed down. Now, Lin Ziming is set.

What's more, their backer, but Zhong Tao and other four masters, is enough to crush Lin Ziming into slag!

They kept approaching Lin Ziming, like locusts, trying to swallow Lin Ziming over twenty people.

Wang Shougui couldn't help it anymore, and he stood up and scolded loudly: "Ma Kaiyu, nonsense, Chen Xiao! You are so brave, you dare to be disrespectful to Lin Dong, I think you are living impatiently! I really believe

it. With you ants, can you wrestle with Lin Dong?!”

Han Jinlong also cursed loudly: “You are looking for your own death at this time. Lin Dong asked you to come over tonight. He originally wanted to give you a chance. You were shameless. Do you really think Lin Dong is a soft persimmon? !”

The two of them tried to restrain the fear in their hearts, and now Lin Ziming didn't speak, they had to speak for Lin Ziming to boost their morale.

“Hahahaha...” Ma Kaiyu burst into laughter immediately, his face full of joking, “I said Wang Shougui, Han Jinlong, you two lackeys, can you not tremble when you are arrogant? I'm sorry for you all! I'm so scared that I'm so scared, and I'm still standing there, hahaha.”

Others laughed too, and now Wang Shougui and Han Jinlong looked particularly funny.

Nonsense ridiculed: “Wang Shougui, Han Jinlong, you two are also big bosses at any rate. You actually worked for Lin Ziming, the yellow-haired boy, to be running dogs. You don't feel ashamed, I am ashamed for you!”
