

## Chapter: 1294

Even so, Huangpu Dao felt extremely shocked in his heart. The 28-year-old man was born with great perfection. What does this mean?

Can no longer be described as a genius, this is an evil evildoer against the sky!

However, he is also the god of war in China. He has experienced strong winds and waves, and he can be called legendary. He is so firm that it is naturally not an ordinary person to compare. He calmed down immediately, still shocked in his heart, but no longer lost his temper. He stared directly at Shangguan Wei An and said: “Brother Shangguan, are you kidding? The twenty-eight-year-old congenital perfection. This is an absolute evildoer!”

Shangguan Wei’an nodded vigorously and said, “Brother Huangpu, when did you think I lied to you? His name is Lin Ziming, a native of Huacheng, G province. And, you might be even more disbelief. Only two years ago, he broke through to the innate realm. In just two years, he has grown from an ordinary person at the peak of the acquired to a great consummation in the innate realm!”

The Whampoa Road was even more shocked. As the god of war in China, he couldn’t imagine what kind of person, talent and opportunity he was, he would break through to the innate in just two years. Great Perfection!

If the person who told him this message was not Shangguan Weian, he would not believe it, because it was beyond his understanding.

Not only the Whampoa Road, but the more than 30 masters of the Innate Realm present were shocked after listening to them, and they were even embarrassed. This difference is really too big.

After a long silence, Huangpu Dao sighed heavily and said, “It seems that my pattern is not big enough. I underestimated the people of the world. The twenty-eight-year-old man of Innate Realm has reached perfection. Before he was forty years old, As long as you don’t die, you will definitely be able to break through to the point where King Kong is not bad. I don’t think that our country of China also has such an enchanting evildoer. This is the blessing of our country!”

The military god Huangpu Dao immediately realized this and said: “Such a peerless genius, must not let him be conquered by foreign forces, this will be a fatal blow to our country!”

Shangguan Wei’an said bitterly: “It’s not enough to be conquered by foreign forces. I have investigated this person. He has a strong national concept, and even killed many foreigners for the sake of his compatriots.”

Huangpudao said: “This is a good thing, such a genius, no matter what method is used, it must be recruited to serve the country.”

This is a matter of course. The above-mentioned official’s stalwart character, he would definitely do this, but now he is silent abnormally, his expression

is unspeakable helplessness and bitterness, Huangpu Road caught his anomaly and immediately asked: “Shangguan Brother, did this genius make a mistake?”

Shangguan Wei’an nodded and said: “Brother Huangpu, let’s not tell you, this genius joined Xuanyuan 3rd place some time ago, became an instructor, and performed tasks for the organization. Unfortunately, he made a mistake.”

Huangpudao raised his brows and said, “Brother Shangguan, don’t make any mistakes. You will come to me. This shows that this genius is not committing treason, but there is still a chance for reform.”

Shangguan Wei’an was not at risk, and he nodded directly: “Yes, this young man participated in the task of robbing the colorful origin fruit a while ago, but he got the first one, but he took it privately, and he didn’t hand it over to the organization. This is disobedience. I believe that he can break through from the fourth stage of the innate realm to the Dzogchen in such a short period of time because he swallowed the colorful origin fruit. This young man is a genius, but also Because he is too genius, too self-righteous, and doesn’t put the majesty of the country in his eyes.

After listening to Whampoa Road, he fell into silence.

He frowned slightly, tapped the back of his hand lightly, thinking.
