

Chapter: 1319

Lin Ziming had already sensed the appearance of these dozen or so people, so he was not surprised at all. What he was surprised was that the person who wanted to see him was actually a god of war.

He had already heard of the military god. He was the head of the three armies and the patron saint of the Chinese nation. His identity could be said to be extremely detached. Lin Ziming guessed that the military god's cultivation level must have broken through to the point that King Kong was not broken.

However, in any case, the military god will send someone to invite him instead of arresting him, which is already showing his attitude.

He's not the kind of person who doesn't know what is good or what is wrong. Legends like the military god have given him face, naturally he will not hold it, and immediately smiled and said: "Since it is the invitation of the military god, then Lin will definitely not refuse. But, Mr. Cao, ordered me not to leave, and grab me personally..."

When he stopped here, the meaning of his expression was already obvious.

At the moment Cao Jun's face paled after hearing this, and his feet were trembling with fright. This is a great power that allows the military god to send someone to invite him. How can a small person like him be offended.

The captain didn't know what Lin Ziming meant. He also saw Cao Jun's actions just now. He kicked Cao Jun and cursed: "Cao Jun! You are so brave, even Instructor Lin dare to offend him. I think you are living impatiently! Instructor Lin is a strong man of Dzogchen in the congenital realm. If he breathes out, you will be wiped out! I dare not confess your mistakes to Instructor Lin quickly!"

"What? Congenital Realm Great Perfection..." Cao Jun was really scared when he heard this. He was rude to such a pinnacle power just now. Isn't this looking for death!

Where did he have any dignity now, he ran over quickly, bowed his head and apologized to Lin Ziming, begging for Lin Ziming's forgiveness.

Lin Ziming originally didn't want to be familiar with such a small person, and with the presence of Cao Jun's superior, he did not look at the monk's face but also at the Buddha's face, so he waved his hand.

Then he glanced at Han Ruxin one last time and left with them directly.

After they were gone, the whole audience was silent, and no one could speak...

After a long time, Cao Jun determined that Lin Ziming and the others had left, then turned around and scolded Han Ruxin furiously, "The surname Han, you are so courageous, you dare to be rude to Instructor Lin, and I almost got caught You are tired!"

Han Ruxin trembled, Cao Jun's majesty was like a mountain, which made

her pale and shivered, "I, I don't know him..."

Cao Jun interrupted him and said threateningly: "I warn you, instructor Lin is a big figure among the big men. Even the Lord Military God will send a lieutenant to invite him. You can weigh it yourself! I advise you to find an opportunity and ask instructor Lin obediently. Admit your mistakes and apologize, otherwise, instructor Lin just breathe out and you will be wiped out!"

After saying this, Cao Jun also left in strides.

Han Ruxin was left there, her face pale, and she couldn't panic. But more, she is full of doubts and incomprehension, Lin Ziming, isn't she down? Why can I change my body and become a super man!

Not only him, but Dai Xinghuai and the others were all panic. They didn't humiliate Lin Ziming. If Lin Ziming really wanted to teach them, then they would be finished.

Some courageous people even cried out of fright.
