

## Chapter: 1496

Lin Ziming followed everyone's eyes and immediately spotted Qin Long, realizing that this man with extraordinary aura was obviously a suitor of Shangguan Shuyao.

Qin Long stared at Lin Ziming and said, "What is your name and how did you know Shu Yao?"

He speaks with a lofty attitude, even with some questions in his tone, very arrogant.

Lin Ziming frowned slightly. He didn't like Qin Long's posture. Although Qin Long's age was not much different from him, Lin Ziming could tell at a glance that Qin Long was only born with a distinguished background, and he didn't have a wife. Great ability, otherwise he wouldn't be at this age, only the cultivation base of the third stage of the Innate Realm, compared with him, was several levels worse.

However, Shangguan Shuyao made things happen today, and he didn't bother to take care of Qin Long's arrogance, and said lightly: "My name is Lin Ziming. I met Shangguan Shuyao in Yandu, that's all."

"Lin Ziming?" Qin Long murmured twice when he heard the name. It seemed a bit familiar. He had heard it before, but he couldn't think of it for a while.

He was quite satisfied with Lin Ziming's attitude, and he could see that Lin Ziming was just a small person. Based on his understanding of Shangguan Shuyao, he probably wouldn't like such an ordinary person. Because he knows how high Shangguan Shuyao's vision is. Even among people like Qin Long, Longfeng, it is difficult for him to enter Shangguan Shuyao's eyes, let alone a small figure in Huacheng.

Seeing Qin Long's reaction, Lin Ziming also realized that the other party probably didn't know him yet, and was about to turn around and leave.

He didn't want to get involved in things like this, because it had no meaning at all. Don't look at his age now, he is less than 30 years old, but his temperament, his vision, and his city are far beyond this age. He is jealous of this kind of rivalry between men and women. It can be said to be a little bit jealous. There is no interest.

However, just when he was about to turn around and leave, Shangguan Shuyao spoke again, "Ziming, what are you afraid of! You didn't tell me, you will love me forever, and I belong to you all my life! Now I handed myself over to you, just a little Qin Long, did you persuade you! You don't love me at all, you are lying to me from beginning to end!"

Shangguan Shuyao's words were very excited, almost crying. When Lin Ziming heard these words, he suddenly slammed in his heart and realized it was not good. He underestimated Shangguan Shuyao's shamelessness and willfulness, and even slandered him like this! To be honest, Lin Ziming's

mentality of being as stable as Mount Tai is also a bit annoyed. Shangguan Shuyao is too much, he is used as a shield, and he has not discussed with him, so he just insisted. Fortunately, he was worried about Shangguan Shuyao just now.

It is conceivable that the lethality of her words is extremely huge, and it is even more inciting emotions to match her tearful face now.

Sure enough, everyone in the audience was instigated by her painful appearance, and they all turned to Lin Ziming's same enemy.

Especially Qin Long, his face turned black into charcoal, and his body was shaking with anger, "Lin, you are looking for death!!"

He almost said this sentence from between his teeth, full of anger and anger, especially the sentence of Shangguan Shuyao just now, which caused him a huge impact!

Shangguan Shuyao actually handed over his body to this guy, and this guy not only lied to him, but also abandoned him, he absolutely couldn't bear it!

As soon as Lin Ziming saw this situation, he knew it was over. Shangguan Shuyao directly killed him. No matter how he explained it, the other party could not believe it. For a while, he was also annoyed. Of course, this annoyed. It was aimed at Shangguan Shuyao.
