

Chapter: 1552

Lin Ziming squinted his eyes, and he immediately thought that this foreigner master must have been the superiors of Jack and Tom who had been subdued by him a while ago.

Now that he dares to trouble him, it seems that he has a lot of confidence in himself.

“You are the superior of Jack and Tom,” Lin Ziming said directly.

Some surprises flashed in the other person’s eyes. Obviously, he didn’t think that Lin Ziming was so accurate, so he guessed his identity all at once.

“What is your name?”

He is the leader of Jack and Tom, this time specifically for Lin Ziming.

Ever since he learned that Jack and Tom were defeated by a master from China that day, he became interested in Lin Ziming.

Although he is on the territory of China, he is not afraid of Lin Ziming at all.

This is due to his strength and national self-confidence.

He is a 5s-level superpower, and his country is the most powerful country in the world today. This is his innate pride and self-confidence, so there is no need to put a mere Chinese expert on In the eyes.

Even this time the Kung Fu Cup, the champion is in his pocket. He wants to take the championship trophy back openly and declare to the world that in terms of martial arts, their beautiful country is also the world’s largest country!

In just an instant, Lin Ziming felt the confidence in him and squinted his eyes slightly.

This is a bit interesting. He still has no trouble finding these foreigners, but the other party has found him first. It’s really arrogant.

It can be seen from this that in the past few years, China has really been in a state of failure, and that’s why these foreign forces have dared to be so presumptuous with such arrogance.

Those passers-by who were originally passing by saw that a foreigner came out, and they all showed a surprised expression. They didn’t realize that there was really a person hiding in the dark, and they didn’t even see it. And still a foreigner.

Especially the temperament of this foreigner is so terrifying that they can’t help but become frightened.

Over the years, the strength of foreigners has been deeply impressed by many Chinese people. Now that foreigners are seen, they can’t help being afraid.

And looking at this situation, it seems that this foreigner is still a bit contradictory with Lin Ziming, so it seems that Lin Ziming is going to threaten and offend the foreigner...

In this case, they didn’t dare to stay, for fear that they might be harmed by

Chiyu, they walked away quickly.

Seeing this situation, Lin Ziming shook his head slightly, still feeling helpless.

A great master said that what Huaguo lacks is not the economy, but the national self-confidence.

There is still a long way to go to achieve national self-confidence!

However, Lin Ziming believes that no matter how difficult the road ahead is, the Chinese can still get out of their low self-esteem and regain self-confidence! He has always believed that Chinese people are no worse than any race in the world!

“Lin Ziming, the chief instructor of the third place of Hua Guoxuanyuan.”

Lin Ziming didn't have to hide his identity, so it was necessary.

The leader nodded lightly when he heard his name, and said, “You injured two of my men a while ago, and you also caused my two men to lose a lot of money. There is no such thing.”

He said this sentence completely in a questioning tone, with a high posture.
