

Chapter: 1644

Not only him, but the other people present were also dumbfounded now, all of a sudden, their expressions were shocked, as if they were short-circuited.

Yang Guiying exclaimed excitedly, "Wow, Master is invincible!"

Ouyang Yanran also had bright eyes, staring at Lin Ziming closely. Lin Ziming like this was so attractive and completely captured her heart.

Liu Xu reacted first. He couldn't accept the matter at all. He immediately attacked Lin Ziming and kicked Lin Ziming's leg directly. This time he was faster and he used 100% of his strength to even hear it. Sonic boom!

If this kick hits, he doesn't believe that Lin Ziming can be safe, even a steel pipe will be kicked off by him!

However, Lin Ziming's subsequent movements surpassed his cognition.

Lin Ziming didn't even dodge at all. He stood there and watched Liu Xu kick over.

There was a bang, as if it had been kicked just in an instant!

But next, what came was a scream, not from Lin Ziming, but from Liu Xu.

"what!!!"

A painful expression appeared on Liu Xu's face. He couldn't stand anymore. He fell to the ground, covered his right leg, and screamed constantly.

Lin Ziming was embarrassed and let him go. Instead, he looked at Yang Guiying with a bad gaze, "Yang Guiying, you don't put me in your eyes, right? Do you really think I dare not treat you?!"

Lin Ziming became angry now, his majesty was still great, and Yang Guiying was shocked right now, showing a frightened expression.

It was as if he had met her grandfather and got angry.

No, Lin Ziming is now more majestic, even more powerful than her. She immediately panicked and said aggrieved: "Who makes you reluctant to teach me? Is this my apprentice for nothing?"

After speaking, her eyes were red, and she looked like she was about to cry.

Lin Ziming couldn't help but feel a headache when seeing her like this. He was most afraid that a woman would cry.

And speaking of it, he was indeed wrong. He had already agreed to accept Yang Guiying as a disciple, but unfortunately he had never taught Yang Guiying a trick.

Mainly he doesn't have the idea of accepting apprentices now, and Yang Guiying is too naughty, and his aptitude is also very average, not suitable for martial arts training.

"Cough cough." Lin Ziming coughed twice and said, "Well, you are almost enough. The Kung Fu Cup is not something you can participate in, so quickly dispel this idea."

Now that no one dares to ignore Lin Ziming's words, everyone can see that Lin Ziming is not an ordinary person at all, but an absolute master!

Even a master like Liu Xu is like a kid in front of him. They can't imagine how strong Lin Ziming is.

At this time, Liu Xu raised his head and said with great shock and unwillingness: "How can you be so strong, who are you and why don't I know you? What stage is your cultivation level!"

Others also looked at him closely, eager to get his answer.

Lin Ziming also had no concealment, and said directly: "Innate Realm Great Perfection."

Hearing this, Liu Xu's body was shocked, revealing an expression of subversive cognition!
