He raised his fist, which was a third larger than Lin Ziming's fist. It looked like a sand bowl, and he struck Lin Ziming's head heavily. Once he hits it, it will be Lin Ziming. His head is made of steel, and he will blow it out with a punch!

But how could Lin Ziming get hit by him?

However, Lin Ziming did not dodge, so he continued to choose and fight Hannibal recklessly, without any bells and whistles, that is, fight Hannibal.

"Horror, it's so scary, if we hit it casually, we will die on the spot!"

"It turns out that people can still cultivate to this level? It's really more popular than people!"

"Compared with these two perverts, we really can't make it to the stage with this ability..."
