

## Chapter: 2287

Even a master of the innate realm can hardly bear it.

However, for Lin Ziming, that is not a matter at all, and there is no impact at all.

There was still a faint smile on Lin Ziming's face. He was clearly fighting Xiaoyao King in full swing, but he looked relaxed, as if he was a different person.

His change caused so many people watching the live broadcast on the earth to be stunned.

"I'm not mistaken, right? How does this Lin Ziming seem to be a different person? Can he be equal to Xiaoyao King?"

"That's not right! Didn't Lin Ziming have been injured just now? Why can he still fight Xiaoyao King so hard to part with."

"Yeah, what the hell is this Lin Ziming! Could it be that he didn't use all his strength in the first fight just now?"

"This is impossible! The opponent is Xiaoyao King! No matter how big Lin Ziming is, it is impossible to be waterproof! Or, Lin Ziming's strength is really higher than that of Xiaoyao King!"

In the forum of the live broadcast website, there is now another intense discussion, one by one.

Although they could not see the fierce battle between them through the live broadcast, they are both strong, and it can be seen that Lin Ziming is now in a stalemate with King Xiaoyao, and there is no fight like before. Embarrassed, even faintly gaining the upper hand.

This is incredible!

All kinds of discussions were violently speaking for a while.

Especially those strong men in the world, who have been overwhelmed by the sects, are now all beaten up with blood, and they are starting to fight back frantically.

"Hoho, didn't you just say that King Xiaoyao is very powerful? What's the situation now, I think King Xiaoyao has been suppressed by Lin Ziming, ho ho, is this the so-called number one strongman among your sects? It's nothing but that!"

"Hahaha, isn't it? Just now they said that Instructor Lin was dead. Even if Instructor Lin let King Xiaoyao get his hand, Xiaoyao was not an opponent of Instructor Lin. Tsk."

"Yes, instructor Lin deliberately received a punch from King Xiaoyao, and he was still able to suppress King Xiaoyao. It's really relieved."

"Hey, why don't you guys in the martial art scream? Didn't you scream so much just now, but now you call another one to show me..."

For a time, the counterattack from the world was very strong, and everyone in the martial arts was speechless, especially those strong in China. Now it is

like a chicken blood. Excited!

They were too uncomfortable just now, but now that they have found an opportunity, how can they not fight back?

In the highest conference room of China, a bunch of high-level officials were watching the battle. Many people couldn't bear to watch it. However, when they saw that Lin Ziming had seized the upper hand and was able to suppress King Xiaoyao, they were obviously stunned. After a while, I was very excited! !
