

Chapter: 2298

And sure enough, after Tian Jue heard these words, his expression became wonderful. It can be said that this is the first time he has come here and his expression is out of control!

He didn't know Lin Ziming, on the contrary, he was very familiar during this period of time, and he heard the name almost every day!

However, what he didn't even think about was that his daughter, who had not seen each other for so many years, had been living in the world, and he was married to Lin Ziming? This is known as the biggest enemy in the entire martial world at present? !

Especially, this fellow Lin Ziming, in the secret realm, beat his other son, Gong Chunqiu, to death! ! !

Although Gong Chunqiu was born to another wife of his, not Chu Fei's brother, but...

To be honest, at this moment, his mood fluctuated greatly, and even his expression could not be controlled, and he convulsed frantically.

Before coming, he only knew Chu Fei's location, and he did not investigate where his biological daughter, who had not seen him for many years, lived, who is now adopted by him, and what is his status in society? If there is a marriage, it is not that he does not have the energy to investigate, but that he does not care about it at all!

For him, in the entire world, there is no one that can be put in his eyes. The world is so big that there is no place he can't come to.

But now, after hearing this message, he still couldn't help but lose control. Then, he was a surging anger, which suddenly emerged from the dantian, directly covering his whole person!

He has countless counts, but he can't count it. His biological daughter, Nangong Wuxia, is actually married to Lin Ziming!

And after seeing his reaction, Chu Fei had a heartbeat, and quickly stood up and explained: "There is something! Father, please don't listen to this woman's nonsense! I don't have a marriage at all, and I don't know Lin Zi. This person Ming! Father, since you have already come, then my daughter will go with you. Please don't embarrass these three ordinary women!"

With that, Chu Fei knelt down towards Tian Jue. Although she hadn't seen her father for many years, she probably knew her father's character based on her memory. If she didn't stop it in time, then her father was very It is possible to kill the three of Tao Sanniang!

And this is not something she can accept!

However, Tian Jue didn't say anything. He was cold, looking terrified, and staring at Chu Fei fiercely. Then, he began to say, "Nangong Wuxia, you are so brave and private. Get married in the world, and also married a beast like Lin Ziming?!"

When he said the last sentence, his anger and majesty almost flooded the entire room, causing the four people present to tremble, especially for Chu Fei. Horror and scared, and she was also anxious.

Now she regrets it very much. If she knew this way, she shouldn't continue to be nostalgic. She should have left on her own a few days ago, so that she would not hurt Tao Sanniang and others, and Lin Ziming!

She couldn't blame Tao Sanniang either. Although she had told Tao Sanniang before that, she must not reveal Lin Ziming's identity. However, in the situation just now, Tao Sanniang tried to keep her. It was normal for her to say those words in a hurry.

Now, she can only use all means to protect the people around her!
