

## Chapter: 2317

Fortunately, the eldest lady just shook her head and said: “I have nothing wrong with him, he doesn’t show any disrespect to me, it’s just...”

“It’s just what?” When the bodyguards heard this, they immediately became nervous again.

The eldest lady blushed and said, “It’s just that he suddenly appeared in the room and... ugly!”

After hearing this sentence, the bodyguards showed weird expressions on their faces.

They don’t know yet, the feeling is that the eldest lady of her own has seen the body of the master just now!

It’s just that, no matter what they don’t understand, why such a master suddenly appeared in the eldest lady’s room, and still in this state, what is this picture?

If it is really bad for the eldest lady, with the strength of that master, she can directly capture the eldest lady, but the other party did not do this, but instead let them go, just let them borrow one. Set of clothes?

Weird, it’s so weird!

They have grown up so old, and they have never seen such a thing.

However, looking at it right now, the eldest lady had not been violated in any way, she was just shocked, and she was lucky in misfortune.

After Lin Ziming took the clothes and changed them quickly in the bathroom, he finally breathed a sigh of relief when he saw his suit and leather shoes in the mirror. He was finally normal.

Otherwise, it would be too embarrassing to look like just now.

Fortunately, he didn’t send it directly to the street, otherwise he would really be ‘famous’!

After changing his clothes, Lin Ziming adjusted his mentality and began to come out.

In the room, several of them are still there, including the eldest lady, who is also now dressed.

I have to say that this eldest lady’s appearance is still very high, she should be still in college, and she has a youthful breath.

As for the bodyguards, they were still staring at him, looking at him with fear.

Lin Ziming smiled slightly and said, “What has just disturbed me, thank you for your clothes. I have the opportunity to visit Mr. Chen Wu again next day.”

After saying this, Lin Ziming left directly.

After he left, there was still silence in the room for a short time. After a while, a bodyguard suddenly patted his head and said excitedly: “Damn! I remember who the other party is. It’s up!!!”

He was very excited by what he said, and his expression was also very excited.

Suddenly everyone was startled. The bodyguard said dissatisfiedly, "It's a fuss, it scared the eldest lady, can you bear it!"

Others stared at him too.

But he disagreed, and said excitedly: "Have you all forgotten? That person was Lin Ziming just now, Lin Ziming!"
