

Chapter: 2324

After a while, Lin Ziming reacted and said: “Birth father? What do you mean! Isn’t Feifei’s biological father Chu Huaxiong?”

When he said that, he turned his head and glanced at Chu Huaxiong.

In the end, what he saw was a sad scene of Chu Huaxiong.

Suddenly, he realized that a lot of things really happened during his absence.

Moreover, Chu Fei really concealed a lot of things from him!

Tao Sanniang said on the phone, “Ziming, this is a long story, and I can’t make it clear on the phone. I think if I find a chance, everyone sit down and talk together.”

Even now, Tao Sanniang knew that Lin Ziming couldn’t hide this matter, and it would be better to tell Lin Ziming one to five to ten.

Lin Ziming thought for a while, nodded, and agreed.

Later, he asked his mother-in-law and found out that it had been a day since Chu Fei had been taken away.

One day, there is only one day...

After Lin Ziming heard it, he felt even more regretful!

If he knew that he was in the secret realm, he should hurry up and return as soon as possible. As long as he came back a day earlier, Chu Fei would not be taken away!

However, what makes him very puzzled is that the person who took Chu Fei away turned out to be his biological father?

What does this mean? Could it be that Chu Fei is not a member of the Chu family, but has another identity?

Regarding this point, it was really surprising, Lin Ziming had never thought about it.

Next, he continued to call his mother Qin Huayue, and in the same way, Qin Huayue got a similar response. It seemed that they had all colluded, just to hide him together.

There is only one possibility for them to do this together, and that is that Chu Fei’s biological father is very powerful, and when he is so powerful that it makes them desperate, he will do such a thing.

Lin Ziming returned to his room and saw the wedding photo of him and Chu Fei hanging on the wall when he entered the door.

In the wedding photos, in fact, both of them are unnatural, especially Chu Fei’s expression, which is obviously impatient and even disgusting.

That was the wedding photo he took when he first entered the Chu family.

At that time, Chu Fei really didn’t want to see him, and he was also at the most desolate time in his life. In desperation, he entered the Chu family, became a wasteful, dormant.

And unknowingly, this has been in the past for many years.

He looked at this wedding photo, scenes after scenes appeared in his mind,

like playing a movie, scenes that had happened before, were constantly reappearing.

At that time, he was really a waste of money. Who would have thought that after a few years, he would be transformed into what he is now?

And the relationship between him and Chu Fei, from the breakdown of the year, slowly turned into a stronger love than Jin Jian.

Things are wrong.
