

Chapter: 2340

Chen Xuejuan on the side watched him silent, but didn't know what he was thinking, only thinking that he really admired Lin Ziming, or was shocked by Lin Ziming's earth-shaking methods.

"Situ Jing, now you know how good Senior Lin is? Let me tell you this. I have an unusual relationship with Senior Lin. The person I really like is a super big person like Senior Lin. I have no feelings for you. , So don't worry, don't pester me anymore, you know." Chen Xuejuan said unceremoniously. After Situ Jing heard these words, his teeth clenched. Chen Xuejuan's words really humiliated him!

However, he didn't refute like before, but nodded silently, smiled, and said, "Okay, I know, I won't bother you anymore."

Chen Xuejuan was overjoyed and said, "That's good, that's good, Situ Jing, it seems that you are very self-aware. As long as you stop telling my father about marriage, we can still be friends in the future."

The smile on Situ Jing's face became more intense, and he nodded and said, "Okay, no problem. But Xuejuan, I also admire Senior Lin very much. Since you are so familiar with Senior Lin, I don't know if you can find it. I have a chance to invite Senior Lin out for a meal. I would like to ask Senior Lin carefully."

"This one....."

Chen Xuejuan became a little embarrassed. She said that she was familiar with Lin Ziming just now. That was all a lie. In fact, Senior Lin simply ignored her.

However, what has been said just now, if you deny it now, it would be too shameful.

Situ Jing saw her embarrassment and said, "Why, can't you make an appointment with Senior Lin?"

Chen Xuejuan was aroused by him, and immediately snorted: "Of course I can make an appointment! It's just that Senior Lin is a fairy and he has everything to do. Generally, it's not an important matter. I still don't want to disturb Senior Lin."

She felt witty for her words.

But soon, Situ Jing said again: "It won't take him much time. You just have to ask him out and have a meal. Besides, don't you really want to see Senior Lin again?"

Under Situ Jing's continuous instigation and agitation, Chen Xuejuan finally made a decision and nodded in agreement.

Although she didn't have Lin Ziming's contact information, if her father came forward, she would definitely be able to make an appointment with Senior Lin.

On Lin Ziming's side, he didn't know that Situ Jing, a junior, had such a

courage to make his mind.

However, in terms of his character, even if he knew it, he might not take it to heart.

Because for him now, half a step through the gods, it is already an ant-like existence, and he will not be regarded by him at all.

Don't say it is a half-step through the gods, even if it is an ordinary gods, in front of him, it is just a punch.

Just like the Whampoa Road that he had always admired and looked up to, now in front of him, he is definitely not an opponent.

When he saw Whampoa Road again, Lin Ziming immediately scored. Now he can defeat Whampoa Road with only three strokes.

As for Tuoba Liang next to Whampoa Road, there is nothing to say, just one move.

When the three of them met, Huangpu Dao and Tuoba Liang also felt the power of Lin Ziming for the first time. That kind of powerful and terrifying aura was something they had never seen before!

Brother Huangpudao and Tuoba Liang looked at each other, and then, without any ink marks, they directly attacked Lin Ziming!

For this situation, Lin Ziming only smiled faintly, without any surprise or anger.
