

## Chapter: 2386

“He is a stinky yellow-haired boy who dares to be so arrogant. He simply doesn’t put many schools of thought in my eyes!!”

Another strong man couldn’t help but uttered his voice, gritted his teeth, his pupils were actually blue, and it seemed that there was a blue flame shining in his eyes, which was terrifying.

He is also a big power in the martial art world, and his strength has reached the second-grade pass god realm, which is no less powerful.

He is eighty years old this year, but he looks like he is in his early forties, very vigorous, and obviously still at the peak of his life.

This is the benefit brought by the God-passing Realm, not only the strength is much stronger, but the life span will be increased a lot.

Apart from him, it can be said that there is not one who is weak.

But they all have nothing to do with Lin Ziming.

“Lin Ziming must be killed! Don’t let him stop like this!”

Another strong person said that the skin of this person’s whole body is red, and it looks like a ball of flame, but he is looking at him, as if looking at the sun, making the whole body burn.

At this time, another voice said: “How to kill him? His current strength has obviously reached the third-grade power level, and he has grown up and is difficult to deal with.”

Hearing this sentence, many people present also fell silent. Although they did not want to admit it, this is indeed a fact. Now Lin Ziming is no longer the unknown kid back then. He has grown up. .

“Huh! Anyway, this Lin Ziming must die!”

At this moment, a big man who was two meters tall stood up.

When he stood up, everyone present at the scene was invisibly short.

Moreover, the momentum on his body is extremely magnificent, obviously overwhelming the others present.

And he is surprisingly Bu Jingyun’s master, Qing Yuntian

Hearing what he said, the old man at the beginning said: “Qing Yuntian, what do you think, you can talk about it.”

Everyone began to look at the two-meter-high man.

Qing Yuntian said: “Lin Ziming dared to attack my disciple. This hatred is not shared. Since he is going to beheaded, then I will do what he wants. I will also give him a beheading to see if he can stop it. live!”

After he finished saying this sentence, he had already left in strides.

“Ziming, you have to be careful in your future actions. In my opinion, you’d better not go out recently, and find a place to meditate.”

In Yandu of China, Huangpu Road said to Lin Ziming.

Lin Ziming smiled and said, “Why, does Senior Huangpu have confidence in me?”

Huangpu Road said seriously: “It is not that you have confidence in you, but that a gentleman does not stand under a dangerous wall. You carried out this beheading operation, shocking the world, and the scenery is beautiful. However, the martial world must have already regarded you. For the first enemy! There are at least five strong people who want to kill you! One of them must be Qingyuntian.”

Lin Ziming naturally knew what Huangpu Dao meant. In fact, he had already made such preparations when he decided to beheaded.

He dared to carry out beheading operations, and he would definitely become the target of others’ beheading operations.

It can be said that this is cause and effect, and it is also retribution, but all the premises are based on their own strength.
