A LIFE UPSIDE DOWN

Chapter: 2474

After saying these words, Lin Ziming was very gentle and put down Chu Fei carefully.

Obviously Chu Fei's body was already stiff, but under the caress of Lin Ziming's palm, Chu Fei's body began to soften.

Lying flat on the ground, his expression just looked like he was asleep.

After finishing this, Lin Ziming turned around and looked at Tian Jue, his expression turned cold, and said faintly: "You killed Feifei, you, damn it."

Then, his gaze swept across everyone, and he said a sentence that made everyone afraid, "You all, damn it!"

After Tian Jue heard these words, his face suddenly became gloomy and murderous.

He still doesn't understand where he has been, all his life's hard work has been wasted on Lin Ziming!

The moment Chu Fei became old and lost all his vitality, he knew that his plan had failed!

The fruits of my life's labor have been taken away by the beast in front of me!

In an instant, his anger and hatred burned all over, making his face become hideous, and he let out a howling roar: "Lin Ziming!!! I want you to die! Life is better than death!!!"

Not only him, but the high-level people of the Heaven-killing Sect next to him, now looking at Lin Ziming's eyes, they are also full of hatred and anger, and they want to split Lin Ziming in half.

There are too many elite powerhouses who died in the hands of Lin Ziming. It can be said that Lin Ziming is the greatest enemy in the history of the entire martial world. There has never been a single person who can kill all quarters in the martial world. This is the entire martial world. Shame!

If Lin Ziming had fallen to death, that would be fine. Now Lin Ziming is still alive, how can they accept this?

At the moment, everyone was murderous, gritted their teeth, full of hatred and murderous intent, and Lin Ziming must be killed, moreover, by the most cruel means.

Kunlun gave an order: "All the children of Killing Tianzong follow the order!"

"The disciple is here!"

"Use all your cruel methods to kill this child!"

"Yes!"

All the people of the Heaven-killing Sect were united at this moment, and launched the strongest murder and hatred against Lin Ziming. They wanted to kill Lin Ziming with the most cruel and cruel means!

Then, there are other schools.

"Ask all the disciples of Tianzong to take orders! Do whatever it takes to kill Lin Ziming!"

"All the Leiyin Hall..."

"All Luo Tianpai..."

"All Mo Rizong..."

There was a loud roar, and for a time, thousands of people gathered. It can be said that the top power in the entire martial world is here. Together, they tightly surrounded Lin Ziming, and the water was blocked. In this case, Even if Lin Ziming could fly, he couldn't break through.

At the same time, many planes appeared in the air. They were people from the secular world. After so many days, they finally knew that Lin Ziming had fallen into the hands of Heaven Killer and sent planes over.

However, they did not dare to rescue, because they saw that the powerhouses of the entire martial world had gathered here.

Under such a huge force, if they dare to come down, they will die.

Even when they appeared, they were discovered by some strong men in the martial world, and the fighter plane was shot down.

The threat posed by the masters of the gods is too great, even if they are driving fighters, they dare not approach.

For one thing, it is impossible for their shells to hit a master of the God-passing realm, but a master of the God-passing realm can easily use their weapons to shoot them down.
