

Chapter: 369

Now she began to understand why Xiao Cheng was so shocked and terrified when he heard Lin Ziming's expression when he was able to book a box with a Tianzi size.

She feels the same now...

However, besides that, she also had another doubt. Is this the Lin Ziming she knew? You are actually eligible to enjoy the treatment of the Tianzi box at Tingfeng Pavilion? Moreover, the high-level people who just listened to Fengting were so respectful to Lin Ziming...that kind of posture is not like facing the guests, but more, like facing...the host!

After getting this idea, Chu Fei was messed up.

After half an hour, the popular star really came, and his attitude towards her was surprisingly respectful and humble, not as cold as what was said on TV. The secretary also came back. She sat next to Chu Fei and watched the popular singer singing hard in front of her. Now she was dumbfounded, and she admired Lin Ziming to the extreme!

Chu Fei originally didn't want to stay in the Fengting Pavilion for long. Originally, she planned to talk to Xiao Cheng about this cooperation and immediately return to Chu's house, but now, in the Tianzi box, she doesn't want to leave...

In the end, she and the secretary stayed in the Tianzi box for nearly half a day. For more than four hours, she saw the awesomeness of Tingfengting and the dignity of the Tianzi box. She reluctantly received a call from the company. go away.

In these four hours, Lin Ziming never came back, making Chu Fei especially disappointed in waiting.

There is an emotion in her heart now, that is regret...

Is it a wrong thing to divorce Lin Ziming?

At the same time, she was also very curious about who Lin Ziming was and what identity.

Where did Lin Ziming go?

He got out of Lin Feng's call.

"Second Young Master."

After Lin Feng saw Lin Ziming, he bowed in a humble manner.

"Yeah." Lin Ziming nodded lightly, as a response.

"Second Young Master, are you going back to Lin's house this time?" Lin Feng asked softly.

Tingfeng Pavilion was founded by grandfather Lin Changtian. In fact, it doesn't have much to do with the Lin family. For a long time, Lin Shanhe and Lin Zihao wanted to get involved, but because of the unique existence of Tingfeng Pavilion, it led to Lin Shanhe and Lin Zihao couldn't take it down.

However, this was Lin Changtian's property anyway, and it was only a matter of time before the Lin family took it back.

Lin Ziming nodded and said, "It's not entirely, but I will go back to Lin's house temporarily to get me back what belongs to me."

Lin Feng said, fell into silence for a while, and then he hesitated for a while and said, "Second Young Master, now the Young Master is also back. When he comes back, he threatens to deal with you. You have returned to the Lin Family. what?"

"Well, I know it in my heart."

Lin Ziming smiled and nodded, patted Lin Feng's shoulder, just about to ask something. At this moment, there was a loud noise from the front. Then, a group of people kicked the door open and broke in.
